Agenda

-
- Purpose
 - Disclaimers
 - TMEP Scope
 - TMEP High Level Requirements
 - Solicitation Process
 - Small Business Goals
 - Award Timeline
 - TMEP – A Deep Dive

Purpose

- This industry forum is intended for market research purposes to help the government better define requirements and engage with industry regarding its capabilities.
 - Each one-on-one is an opportunity for a back-and-forth discussion about the requirements and your feedback.
 - Use this time to educate our team so that we can provide the best service possible to our beneficiaries.
- This approach is authorized under FAR Part 10 – Market Research, specifically with regards to FAR 10.002(b)(2):
 - (1) Contacting knowledgeable individuals in Government and industry regarding market capabilities to meet requirements
 - (v) Participating in interactive, on-line communication among industry, acquisition personnel, and customers
 - (vii) Conducting interchange meetings or holding pre-solicitation conferences to involved offerors early in the acquisition process

Disclaimers

- Any acquisition and technical information shared here today is considered pre-decisional and is subject to change before issuance of the final solicitation.
 - Discussions this week do not restrict DHA to a particular acquisition approach.
- When the final solicitation is issued, all information contained within the final solicitation supersedes any draft solicitation documents and this industry forum.
- This briefing and the attendee roster will be shared with industry through sam.gov.

TMEP Scope

- Claims processing and associated customer support services for claims submitted by and on behalf of Military Health System (MHS) beneficiaries.
- The Contractor shall:
 - Provide the expertise of health care claims processing and its support services by incorporating the best practices of the private sector in support of the TRICARE Program.
 - Fulfill the objectives of the contract while complying with requirements identified herein and in the applicable chapters and sections in the TRICARE Manuals.
 - Deliver all services in a manner that supports the TRICARE fully integrated health care delivery and financing system for all MHS beneficiaries.

TMEP High Level Requirements

- Claims Processing
- Customer Service
- Management Functions
 - Quality Management and Quality Improvement
 - Preventing fraud and abuse
- Transition Activities

Solicitation Process

- The final solicitation will be posted on sam.gov (anticipated Q2 CY26).
 - Pre-solicitation notice will be posted to sam.gov at least 15 days prior to initial issuance of the solicitation.
- Interested parties may register at sam.gov to receive notifications and updates/amendments.
- All instructions for submission will be included in the solicitation.

DHA Small Business Goals

- DHA is committed to promoting and maximizing DHA prime contract and subcontracting opportunities.

Subcontracting Goals	FY25*
Small Business	45.50%
HUBZone	3%
Service-Disabled Veteran Owned Small Business	5%
Small Disadvantaged Business	5%
Women Owned Small Business	5%

*Subcontracting goals will be issued within the final solicitation

Proposal Due	Q3 CY26	Q3 CY26
Contract Award	Q2 CY27	Q2 CY27

TRICARE Medicare Eligible Program 2nd Generation (TMEP-2): A Deep Dive

Ms. Vonda Lawson, TMEP Contracting Officer Representative

TMEP Purpose

- To administer claims processing and customer support for dual-eligible beneficiaries in the U.S. and its territories.
- Support TRICARE's integrated health care delivery and financing system by delivering services that mirror private sector best practices.
- This includes supporting Medicare coordination in the continental U.S. and U.S. territories (Puerto Rico, Guam, U.S. Virgin Islands, American Samoa, and Northern Mariana Islands).
- It applies to dual-eligible Active-Duty family members, retirees, reservists, and their survivors.

Program Overview

- Generally, enrollment in Medicare Part B is required to maintain TRICARE eligibility.
- Medicare is primary to TRICARE in most cases.
- Beneficiary Impact:
 - In most cases, no out-of-pocket costs when services are covered by both programs.
 - TRICARE is primary for TRICARE benefits that are not covered by Medicare or if Medicare benefits have been exhausted.
 - No enrollment required and no enrollment fees for TRICARE for Life.
 - Prime Enrollment fees are waived for dual-eligible beneficiaries with Medicare Part B.

Contract History

- TMEP Contract History
 - 4th iteration of the Dual Eligible Contracts
 - Contract Awarded: April 30, 2021
 - Base Period + 6 one-year options (contract ends April 30, 2028)
 - Population: 2.7 million TRICARE/Medicare Dual Eligible Beneficiaries
 - Historical Volumes by Calendar Year:

Net Claim Receipts

2023	57,843,976
2024	60,462,293
2025	61,985,392

Telephone Calls Received

2023	2,399,823
2024	2,435,204
2025	2,410,802

Routine Correspondence Receipts

2023	572,658
2024	675,997
2025	762,891

Key Contract Objectives

- There are four main objectives outlined in the Performance Work Statement (PWS):
 1. Accurate and cost-effective claims processing
 2. High-quality, beneficiary-focused customer service
 3. Effective management and quality oversight
 4. Smooth transition planning for continuity of service

Claims Processing Requirements

- The contractor shall:
 - Use DEERS data to verify eligibility
 - Process claims in compliance with TRICARE and Medicare coordination rules
 - Validate provider authorization status before payment, when TRICARE is primary payer
 - Ensure claims data is accurate, secure, and timely

Customer Service Requirements

- Toll-free telephone inquiry system with customer service representative between 6:00am – 11:00pm EST.
- Contractor shall implement an Interactive Voice Response (IVR) unit that supports claim inquiries, eligibility, and benefits information.
- The contractor is also responsible for proactive beneficiary and provider education.

Management & Oversight

- Contractor systems shall:
 - Provide read-only access to claims data to the Government.
 - Maintain data accessibility that reflects updates within the last 24 hours.
 - Implement a comprehensive Quality Management (QM) and Quality Improvement (QI) program.
 - The Contractor shall implement a personnel security program which meets the TRICARE Systems Manual (TSM) requirements.

High-Level Transition Activities

- Ensure seamless operation at the start of Option Period 1.
- Coordinate with Centers for Medicare & Medicaid Services (CMS) for claims crossover processes.
- Send introductory letters to affected beneficiaries no later than 10 days prior to service start.
- Collaborate with DHA and the successor contractor during transition.

A Few Updates

- A revised TRICARE Operations Manual (TOM) 2021 edition, Chapter 20, will be included with the final solicitation.
- Recommendations related to Call Centers, Customer Service, and Beneficiary Portals will be reviewed.
- Integrated Product Team (IPT) participation requirement.

We look forward to learning from you!
