

Project 561A4-23-103 Water Piping Survey

This document is associated with 36C24226Q0127 Amendment 0001 and is to provide an answer to a previously submitted question.

Question: *After reviewing the details provided for this project, we were wondering if the scope of the project is to survey water lines internal to buildings, or is it related to exterior site water lines?*

Answer: *The statement of work is focused on surveying the water lines internal to the buildings, specifically patient buildings.*

SF330s remain due on December 15, 2025, at 12:00pm EST.

All other terms and conditions of the original submission remain unchanged.
