**BASIS FOR AWARD**

1. The proposed task order will be awarded to the responsible offeror offering the best value to the Government. For this order, the best value is expected to result from selection of the proposal with the lowest evaluated price. To make a determination of best value, the Government shall evaluate each offeror on price only.
2. Submittal Requirements and Basis of Evaluation:
  - a. Offeror shall submit the following:
    - Cover Page to include:
      - RFP Number, RFP Title, Prime Contractor Name, Employer Identification Number (EIN), Address, Phone Number, Fax Number, DUNS and Cage Code, Point of Contact – Name, Phone Number and Email
    - Completed and Signed Price Proposal Form (ATTACHMENT H)

    - Bid guarantee
    - Copy of current VETS 4212 Registration

Note: The costs for preparation of task order proposals shall be the responsibility of the offeror and not directly reimbursable.

- b. Basis of Evaluation: The Government will evaluate price based on the lump sum price. No provision is made for economic price adjustment. The lump sum price shall be deemed to include all costs required for the specified work, completed in accordance with the drawings and specifications, including all labor, materials, equipment, tools, management, supervision, disposal, and related items.

Analysis will be performed by one or more of the following techniques:

- Comparison of proposed prices received in response to the RFP.
- Comparison of proposed prices with the IGE.
- Comparison of proposed prices with available historical information.
- Comparison of market survey results.

A price, which is found to be unreasonably high or unbalanced in relation to the proposed work and/or Government Estimate may negatively impact the offeror's evaluation and may result in the proposal not being eligible for award. A proposal that fails to submit pricing as required will be considered unresponsive and will not be evaluated or considered for award.

**EVALUATION**

reserves the right to conduct discussions if the Contracting Officer later determines them to be necessary.

3. Offers for supplies or services other than those specified will not be considered unless authorized by the RFP.
