DESCRIPTION

General Scope of Work: This specification herein describes a construction project SOW. This project will Connect Emergency Generators to Campus Grid for our hospital. Requirements are needed to engineer construction of these generators with as little downtime as possible.

Period of Performance is 180-Days after NTP.

The facility location: VISN 15/Leavenworth, Marion VAMC, 2401 West Main Street, Marion, IL. 62959.

Pursuant to 38 USC 8127(d) and in accordance with Public Law 109-461, the Veterans Benefits, Healthcare and Information Technology Act of 2006, this procurement is **set-aside for Service-Disabled Veteran-Owned Small Businesses (SDVOSB)**.

The estimated cost magnitude is between \$1,000,000.00 and \$5,000,000.00. The North American Industry **Classification Code (NAICS) for this procurement is 238210**

Electrical Contractors and Other Wiring Installation Contractors with a small **business size standard \$19.0** million. The duration of the project is estimated **to be 180-calendar days** after receipt of notice to proceed. This completion period includes final inspection and clean-up. Award will be made utilizing the Lowest Price Technically Acceptable Source Selection Process in accordance with Federal Acquisition Regulation Part 15.101-2. The successful prime contractor must perform **no less than 25 percent of** the Electrical Contractors labor for NAICS Code 238210. Proposal submission instructions will be included in the solicitation package. The government plans to award without discussions but reserves the right to hold discussions if necessary. The offeror is responsible for monitoring and downloading any amendments from the Beta SAM Business Opportunities website: <https://beta.sam.gov/>, which may be issued to this pre-solicitation.

In accordance with VAAR 852.219-75(a)(1)(ii), in the case of a contract for general construction, the contractor will not pay more than 85% of the amount paid by the government to it to firms that are not certified SDVOSBs listed in the SBA certification database as set forth in VAAR 852.219-73 or certified VOSBs listed in the SBA certification database as set forth in VAAR 852.219-74. Any work that a similarly situated certified SDBOSB/VOSB subcontractor further subcontracts will count towards the 85% subcontract amount that cannot be exceeded. Cost of materials is excluded and not considered to be subcontracted.

In accordance with FAR 52.204-7, registration in SAM is required and in accordance with FAR 2.101, prospective contractors must be registered in SAM (System of Award Management) under the applicable NAICS. Additionally, in accordance with the Veterans Affairs Acquisition Regulation (VAAR) 802.101, VIP Registration prospective (SDVOSB) and (VOSB) contractors must be registered in the VIP database which is now the Veteran Small Business Certification (VetCert) under the applicable NAICS. Firms may obtain SAM- information at <http://www.SAM.gov> and VIP information at Veteran Small Business Certification (sba.gov). The
