I. INTRODUCTION:

THIS IS A PRE-SOLICITATION NON-COMPETITIVE (NOTICE OF INTENT) SYNOPSIS TO AWARD A CONTRACT WITHOUT PROVIDING FOR FULL OR OPEN COMPETITION (INCLUDING BRAND-NAME).

The National Institute of Health Hospital Laboratory Support Service (NIHHLS) intends to negotiate and award a purchase order without providing for full and open competition to 10x Genomics. The purpose of this acquisition will be to provide the National Institute on Aging (NIA) with maintenance and repair services for the Xenium Single Cell Imager (Serial Number XETG00175) to ensure continued full function and continuity of NIA research data. The microscope is currently in use by the NIA – Center for Alzheimer's and Related Dementias (CARD)

II. NORTH AMERICAN INDUSTRY CLASSIFICATION SYSTEM (NAICS) CODE and SET ASIDE STATUS

NAICS code 811210 - Electronic and Precision Equipment Repair and Maintenance with a business size standard classification of \$34 M. This acquisition is NOT set aside for small businesses.

III. REGULATORY AUTHORITY

The resultant contract will include all applicable provisions and clauses in effect through the Federal Acquisition Circular (FAC) 2024-07 dated 08-29-2024.

This acquisition is conducted under the procedures as prescribed in FAR subpart 13.5—Simplified Procedures for Certain Commercial Items and FAR subpart 12—Acquisition of Commercial Items at an amount exceeding the SAT and not exceeding \$7 million.

IV. STATUTORY AUTHORITY

This acquisition is for a commercial item or service and is conducted under the

authority of the FAR Subpart 13.5—Simplified Procedures for Certain Commercial Items and the statutory authority of [specify the applicable authority: (1) FAR 6.302-1—Only one responsible source and no other supplies or services will satisfy agency requirements 41 U.S.C. 3304 (a)(1).

V. DESCRIPTION OF REQUIREMENT:

A. PURPOSE AND OBJECTIVES:

The purpose of this requirement is to provide the NIA-CARD with an acquisition of a maintenance service contract to support the operation of a Single Cell Imaging Instrument. This specialized instrument characterizes RNA, protein, and cells in their native tissue environment allowing for a more thorough multiome analysis.

B. PERIOD OF PERFORMANCE:

NIHHLS anticipates a firm fixed price purchase order. This requirement shall consist of a 12-month base period beginning April 06, 2026 to April 05, 2027.

C. PROJECT REQUIREMENTS:

The Contractor shall be responsible for preventative maintenance and on-demand repair services for the Xenium Single Cell Imager. The service may only be completed by an authorized service provider for the Single Cell Imaging Instrument.

Independently and not as an agent of the Government, the Contractor shall furnish all the necessary services, qualified personnel, material, equipment, and facilities, not otherwise provided by the Government as needed to perform the Statement of Work below:

The Contactor shall provide:

1. Diagnostic Service and On-Site Field Service as needed by a 10X Genomic certified technician qualified to perform maintenance on the NIA-CARD's Xenium Single Cell Imager
2. Onsite preventative maintenance planned and scheduled at least once per period of performance. Such preventive maintenance shall be in accordance with the manufacturer's recommendations and shall be equal to maintenance provided to commercial customers for the same models. Service calls shall not replace the necessity for scheduled Annual Maintenance.
3. Telephone support and remote troubleshooting.
4. Software upgrades for 10x Genomics proprietary licenses.
5. Train staff when there are new features during software upgrades.
6. Equipment Repair and Replacement parts, as needed.
7. Emergency assessment and repair, as needed.
8. The Contractor shall schedule and perform onsite preventive maintenance from 8:00 am – 5:00 pm Monday through Friday, excluding Federal holidays.
9. The Contractor shall notify the COR in advance of making preventive maintenance inspections.

SPECIFIC REQUIREMENTS:

1. Preventive Maintenance: The Contractor shall provide:
 - a. Preventive maintenance to the Microscope System once per year.
 - b. All visits shall include labor and travel with no additional cost to the government.
 - c. Assessment and evaluation of overall functionality of the imager, and system re-calibration
 - d. Preventive Replacement of working parts as necessary, to prevent future failures
2. Repair services for all parts of the equipment, which includes the following:
 - a. The contractor must have either an adequate supply of parts in stock and readily available to the service technicians or be able to obtain any required part within 48 hours of the service technician assessment
 - b. The service technicians need to be OEM trained and qualified
 - c. All service is to be warranted for 6 months and any replacement part must have at least a 12-month warranty

Contractor shall have access to proprietary parts and test instrumentation for effective repair in case of malfunction. Technical performance requirements include system coverage on the subject equipment by Original Equipment Manufacturer (OEM) factory-trained, authorized technicians and providers of any required parts and software or proprietary diagnostic software and software enhancements must be OEM certified (new or like-new) and compatible with the subject equipment.

Contractor shall be required to provide written documentation in achieving this statement of work during the period of performance. The original documentation shall be provided by the vendor to show they completed service.

Service shall include labor and parts coverage, extended coverage hours, on-site labor response, technical telephone response (call-back to schedule), and planned maintenance, diagnostics software license and service documentation, and preferred labor rate.

VI. CONTRACTING WITHOUT PROVIDING FOR FULL OR OPEN COMPETITION (INCLUDING BRAND-NAME) DETERMINATION

The determination by the Government to award a contract without providing for full and open competition is based upon the market research conducted. Specifically, 10X Genomics is the only vendor in the marketplace that can provide the services required by NIHHL. The equipment and software upgrades are proprietary to its manufacturer, 10x Genomics., and this company is the sole provider of maintenance for this equipment.

In accordance with FAR part 10, extensive market research was conducted to reach this determination. Additionally, contacts with knowledgeable individuals both in industry and Government, as well as reviews of available product literature, revealed no other sources. Finally, a review of the GSA Advantage, Dynamic Small Business Search, and previous government acquisitions returned no results that meet all of the requirements. Therefore, only 10x Genomics. is capable of meeting the needs of this requirement.

The intended source is:
10X Genomics, Inc.
6230 Stoneridge Mall Road
Pleasanton, California, 94588-3260
United States of America

VII. CLOSING STATEMENT

THIS SYNOPSIS IS NOT A REQUEST FOR COMPETITIVE PROPOSALS. However, interested parties may identify their interest and capability to respond to this notice.

A determination by the Government not to compete this proposed contract based upon responses to this notice is solely within the discretion of the Government. All responsible sources may submit a capability statement, proposal, or quotation which shall be considered by the agency. The information received will normally be considered solely for the purposes of determining whether to proceed on a non-competitive basis or to conduct a competitive procurement. This notice does not obligate the Government to award a contract or otherwise pay for the information provided in response.

Responses to this notice shall contain sufficient information to establish the interested parties' bona-fide capabilities for fulfilling the requirement and include: unit price, list price, shipping and handling costs, the delivery period after contract award, the prompt payment discount terms, the F.O.B. Point (Destination or Origin), the Dun & Bradstreet Number (DUNS), the Taxpayer Identification Number (TIN), and the certification of business size. All offerors must have an active registration in the System for Award Management (SAM) www.sam.gov.

All responses must be received by the closing date and time of this announcement and must reference the solicitation number, **PCA-NIA-01081**. Responses must be submitted electronically to Elaine Estrella, Contract Specialist at elaine.estrella@nih.gov or Brian Lind, Contract Specialist at brian.lind@nih.gov .
