

PERFORMANCE WORK STATEMENT (PWS)
Shuttle Service Drivers
GENERAL LEONARD WOOD COMMUNITY HOSPITAL (GLWCH)

PART 1
GENERAL INFORMATION

1 General: This is a non-personal services contract to provide shuttle service drivers for ambulatory and non-ambulatory patients and staff at the General Leonard Wood Community Hospital (GLWCH). The contractor shall perform to the standards specified in this Performance Work Statement (PWS). The contract service providers shall be accountable Soley to the Contractor who, in turn is responsible to the Government. The Government will not exercise any supervision or control over the contract service providers (CSP).

1.1 Description of Services/Introduction: The Contractor shall provide all personnel to operate Four (4) Government Owned Contractor Operated (GOKO) shuttles for ambulatory/non-ambulatory patients and staff for General Leonard Wood Community Hospital (GLWCH) at Ft. Leonard Wood, Missouri. These positions are a key component of the hospital's customer service and customer convenience program and will serve as an ambassador for positive public relations and patient safety.

The period of performance is as follows:

Base: 06/26/2026 – 06/25/2027

Option Year 1: 06/26/2027 – 06/25/2028

Option Year 2: 06/26/2028 – 06/25/2029

1.2 Background: Fort Leonard Wood is in Pulaski County, Missouri. This is a new requirement, and the newly constructed GLWCH is far from existing parking. To better serve the community, the Government will solicit a shuttle service, to provide drivers to help patients and staff move between distant parking areas and GLWCH entrances. Additional information about GLWCH and the surrounding community can be found at <https://leonard-wood.tricare.mil>, <https://home.army.mil/wood>, and www.midmissouritourism.org

1.3 Scope: The Contractor shall provide all personnel to drive the GLWCH shuttle service as described in this PWS and associated contract documents. The contractor shall be responsible for adequately staffing drivers to meet the scheduling parameters within this document. Drivers will be the first point of contact for hospital patients and visitors and shall conduct themselves in a manner that reflects highly on GLWCH.

1.4 Objective(s): The objective of this contract is to provide qualified contract personnel to fulfill the required shifts while maintaining a turnover rate that shall not exceed 20% in any 12-month period, provide customer convenience by keeping them out of inclement weather as much as possible, and to provide a timely, positive, personalized experience that meets or

exceeds customer expectations, and that builds loyalty and promotes positive customer relations.

1.5 General Information

1.5.1 Quality Control Plan (QCP): This acquisition is for commercial services and will be performed using FAR Part 12. The Contractor's existing quality assurance system shall be utilized in accordance with FAR 12.208.

The Contractor's Proposed QCP shall be submitted to the Contracting Officer (KO) through the Contracting Officer's Representative (COR) for review within 30 calendar days after date of contract award.

The Government will review and either notify the Contractor in writing of acceptance of the plan or return their comments to the Contractor within seven (7) calendar days. If the Government has provided comments, the Contractor shall then have seven (7) calendar days to submit a Final QCP. After receiving receipt of the Final QCP, the Contractor may receive the KO's acceptance in writing. Any proposed changes to the accepted QCP are required to be resubmitted for acceptance by the KO no later than seven (7) calendar days prior to the anticipated change and before implementation by the Contractor. The timeline noted above will apply for review and acceptance of proposed changes. At a minimum, the QCP must include and answer the following to be acceptable:

(a) A chart showing the organizational structure and lines of authority, the names, qualifications, duties, responsibilities, and classification of each member of the Contractor's Quality Control Team.

(b) How the Contractor will monitor work to ensure performance complies with all deliverables (*e.g., timelines, deadlines, and goals*).

(c) How the Contractor will monitor work to ensure performance complies with all specifications and requirements of the contract, including the contract's clauses.

(d) How the Contractor will monitor and ensure staff qualifications remain current and valid including Department of Defense (DoD) Contractor Personnel Office (DOCPER) processes/approvals throughout contract performance.

(e) How the Contractor will ensure all keys issued will remain controlled items (Paragraph 1.7 Key Control).

(f) How the Contractor will inventory and track maintenance of all Government Provided Equipment/Materials.

(g) How the Contractor will identify, investigate, and correct any non-conforming performance and prevent similar deficiencies in the future; and

(h) How the Contractor will file and save all Quality Control related documents for the life of the contract plus five (5) years.

1.5.1.1 The Contractor shall inform the COR of issues (or potential issues) that might affect the performance within 24 Hours of identifying those issues. Verbal reports shall be followed by written reports within seven (7) calendar days.

1.5.2 Quality Assurance: The Government will evaluate the Contractor's performance under this contract in accordance with the Quality Assurance Surveillance Plan (QASP). This plan is primarily focused on what the Government must do to ensure that the Contractor has performed in accordance with the performance standards. It defines how the performance standards will be applied, the frequency of surveillance, and the acceptable quality levels (performance thresholds).

1.5.3 Recognized Holidays: The following provides information on recognized holidays for the purpose of the PWS. If submittal of any documentation (e.g., deliverables, submittals, etc.) deadlines fall on a holiday, the closest workday prior to the holiday will apply as the deadline for submittal.

1.5.3.1 U.S. Holidays: Shuttle services shall **NOT** be performed on U.S. federally recognized holidays occurring during the normal work week, unless otherwise directed by the KO. When a U.S. federally recognized holiday occurs on a Saturday or a Sunday, the holiday is observed on the preceding Friday or following Monday, respectively. Any holidays that are declared by Presidential Executive Order shall be observed in the same manner as the holidays listed below. Closures of the installation due to inclement weather or other such acts of God shall be handled in the same manner, as well.

New Year's Day, January 1st
Martin Luther King, Jr.'s Birthday, 3rd Monday in January
President's Day, 3rd Monday in February
Memorial Day, Last Monday in May
Juneteenth, June 19th
Independence Day, July 4th
Labor Day, 1st Monday in September
Columbus Day, 2nd Monday in October
Veteran's Day, November 11th
Thanksgiving Day, 4th Thursday in November
Christmas Day, December 25th

1.5.4 Operating Hours: The Government facility office hours, facility operating hours, and the Contractor support hour requirements often coincide, however, they may differ. Please refer to the following.

1.5.4.1 Government Facility Office Hours: The Government facility office hours are 0700 to 1600, Monday through Friday except for U.S. Holidays identified in paragraph 1.5.3.1 above,

or when the Government facility is closed due to local or national emergencies, administrative closings, or similar Government directed facility closings.

1.5.4.2 Government Facility Operating Hours: The Government facility operating hours are from 0001 to 2400, Sunday through Saturday (i.e., 24 hours per day, 7 days per week). The Government facility is open for recognized U.S. Holidays identified in paragraph 1.5.3.1 above, and to essential personnel during national emergencies, administrative closings, or similar Government directed facility closings, unless otherwise communicated by the KO or COR to the Contractor.

1.5.4.3 Contractor Support Hours: The Contractor shall provide support Monday through Friday from 0600-1700 daily except holidays. The Contractor shall establish a schedule for CSPs to perform services on various shifts, which range from 8-12 hours. Unplanned or unannounced schedule changes may occur, based on necessity, and in concurrence of the Contractor. The schedule shall be provided to the COR and/or designated Government personnel, at the beginning of the schedule and any time the schedule changes.

The Government reserves the right to review and validate hours of service performed by contract personnel, which may include the implementation of sign-in/sign-out procedures, which shall be maintained within the designated area. These attendance logs are for the sole use of the Government to ensure compliance with hours claimed in service of this contract and shall not be provided to the Contractor for any reason or purpose. Under no circumstances shall the Government sign a Contractor's timesheet. Only actual hours worked on-site shall be claimed by the Contractor for compensation.

1.5.5 Place of Performance: The work to be performed under this contract will be performed at GLWCH, a government facility located at Ft. General Leonard Wood, Missouri. All services provided are at the Medical Treatment Facility (MTF) located at:
4234 Illinois Ave. (bldg. 351)
Fort Leonard Wood, Mo 65473.

1.6 Security Requirements: The following information is provided on security related matters.

1.6.1 Security Program: The Contractor shall have an active background check at the Tier 1 level at proposal submission and shall maintain this level of security for the life of the contract. The Tier 1 Investigation (T1), formerly National Agency Check and Inquiries (NACI), is the basic and minimum investigation required on all new Federal employees and many contractors. It consists of a national agency check with written inquiries and searches of records covering specific areas of an individual's background within the previous five (5) years of submission. These inquiries are sent to current and past employers, schools attended, references, and local law enforcement authorities.

1.6.2 Contract Personnel Security Requirements: CSP's performing services under this contract must have an active T1 with child background check prior to the commencement of services and must maintain this level of security for the life of the contract. **1.6.2.1** The T1

Investigation is the minimum-security requirement and reviews an individual's background by contacting former employers, schools, references and local law enforcement.

1.6.2.2 The child background investigation is required for all personnel who will have regular contact with minors. This check is renewed every five years and includes a review of installation records, law enforcement databases and state criminal history.

1.6.2.3 The Contractor shall coordinate and schedule all security requirements and appointments with the COR before CSPs can provide services. The COR shall provide the Contractor with all required Security documentation, review all Security documentation submitted by the Contractor, and initiate the request for the CSP security action with the Security Manager. The Contractor is responsible for monitoring the coordination and completion of all Security requirements with the COR. The contract employee may not begin services until a favorable adjudication of their record has been completed and the COR notified.

1.6.3 Installation Access: Access to U.S. installations, buildings and controlled areas is limited to personnel who meet security criteria and are authorized. Failure to submit required information/data and obtain required documentation or clearances will be grounds for denying access to U.S. installations, buildings, and controlled areas. The Contractor shall ensure that any subcontract personnel used in performance of this contract complies with these requirements and that all contract personnel, of both the Contractor and any subcontractor utilized by the Contractor, are made aware of and comply with these requirements.

The Contractor shall be aware of and comply with the requirements associated with Installation Access Control. The Government is not liable for any costs associated with performance delays due solely to a firm's failure to comply with Installation Access Control System (IACS) processing requirements.

The Contractor shall return installation passes to the issuing IACS office or the COR when the contract is completed or when a contract employee no longer requires access.

1.6.3.1 Individual Termination or Expiration of Employment: The Contract employee shall relinquish all outstanding installation access passes and Common Access Cards (CACs) the same day employment has expired or has been terminated to the COR. If relinquishment cannot be made to the COR, the Contractor must provide them to the COR within seven (7) calendar days.

1.6.3.2 Contract Termination or Cancellation: Upon termination or cancellation of this contract, the Contractor shall ensure all outstanding installation access passes and CACs are relinquished to the COR or returned within seven (7) calendar days. Contract personnel that have agreed to continue providing services under a succeeding Contractor are exempted.

1.6.3.3 An Identification (ID) badge and the vehicle registration will not be issued until the Contract employee has been given an Interim Suitability determination. Upon award of the contract, the Contractor will immediately contact the COR for processing procedures to meet

the security requirements, for information needed to access the installation/MTF initially, as well as in-processing forms. If a background investigation results in an unfavorable finding, the KO or COR will notify the Contractor and the contract employee will not be granted access to the facility, will not be able to perform services at the facility, and must return all IDs, CAC cards, and other items previously issued by the Government directly to the COR within 24 hours.

1.6.3.4 Contract personnel that work with or have contact with youth under the age of 18 years are subject to U.S. background checks. The Requiring Activity Manager will determine the extent of background checks required. Contract personnel may begin performance of the contract after receiving a favorable Interim background check. The Contractor shall replace any contract personnel should results of the background check, if required, be unfavorable as determined by the Requiring Activity Manager. The Contractor's replacement of contract personnel with the unfavorable background check shall be provided within 30 calendar days. The Contractor shall also replace contract personnel whose background check, during their tenure of employment, renders them with an unfavorable local or state background check, as determined by the Requiring Activity Manager. The Contractor shall forward a copy to the KO and COR of each favorable and unfavorable background check annually, along with the associated contract number and position type.

1.6.4 Personal Appearance / Work Attire: The Contractor shall ensure all CSPs wear distinctive uniforms while performing duties in accordance with Paragraph 4.7 of the PWS. Contract personnel working under this contract shall maintain a clean, neat, and professional appearance upon entering the MTF. CSPs shall not wear clothing made of see-through material, cutoffs, tank tops, torn/ripped clothing, or clothing that displays offensive slogans or images. CSPs shall not wear athletic or athletic style clothing (e.g. shorts, jogging suits, sweat suits, leggings, or t-shirts). In all cases, contract personnel clothing shall provide a professional appearance in keeping with the normally accepted standards of dress and not present an unfavorable appearance upon the Government.

1.6.5 Physical Security: The Contractor shall safeguard all Government equipment, information, and property provided for contract personnel use. At the close of each work period, Government facilities, equipment, and materials shall be secured IAW the DHA Physical Security Program (DHA-AI 003)

1.6.6 Operations Security (OPSEC) Requirements: Contract personnel shall adhere to facility security policies and restrictions. Contract personnel shall immediately report suspicious activities to security personnel. Government issued access badges shall not be worn outside designated facilities where visible to the public.

1. **The OPSEC Plan and User Agreement:** The OPSEC Plan and User Agreement will be available for Contractors to review through the Installation OPSEC Officer. The Contracting Officer's Representative (COR) will ensure the Contractor is aware of the Installation's OPSEC Plan and is in compliance with the Installation's OPSEC Plan during contract performance.

2. For contracts that require an OPSEC Standard Operating Procedure/Plan:

Contractor shall develop and submit an OPSEC SOP that is in compliance with AR 530-1 within 90 calendar days of contract award to be reviewed and approved by the responsible Government OPSEC Officer. This SOP/Plan will include Government's critical information, why it needs to be protected, where it is located, who is responsible for it, and how to protect it. In addition, Contractor shall identify an individual who will be an OPSEC Coordinator and is OPSEC Level II certified.

OPSEC Training: Pursuant to AR 530-1, all Contractor personnel must complete initial Level I OPSEC training within 30 calendar days of beginning performance on this contract. For contracts that cross fiscal years, or for contracts with option years, all contractor personnel shall complete annual OPSEC awareness training, to be provided by the Installation OPSEC Office or a certified Level II trained OPSEC Officer. Contact information for this Government employee will be provided at the kick-off meeting.

The Installation OPSEC Office, or a certified Level II trained OPSEC Officer, will provide Level I OPSEC training on Fort Leonard Wood for Contractor personnel working on this installation. The COR will coordinate this training at the time of task order modification or award.

Contractor shall provide a list of personnel trained to the COR within five (5) business days of completion of training.

Contractor personnel working at installations other than FLW shall coordinate with the COR and local OPSEC Office to obtain training applicable to that installation.

1.7 Key Control: The Contractor shall establish and implement methods of making sure all keys issued to contract personnel by the Government are not lost or misplaced and are not used by unauthorized persons. NOTE - All references to keys include key cards. No keys issued to contract personnel by the Government shall be duplicated. The Contractor shall develop procedures covering key control that shall be included in the Contractor's Quality Control Program (QCP) as identified in paragraph 1.5.1 above. Such procedures shall include turning in any issued keys by personnel who no longer require access to locked areas. The Contractor shall immediately report any incidents of lost or duplicate keys to the COR. In the event any keys, other than Master keys, are lost or duplicated the Contractor shall, upon direction of the KO, re-key or replace the affected lock or locks; however, the Government, at its option, may replace the affected lock or locks or perform re-keying. When the replacement of locks or re-keying is performed by the Government, the total cost of re-keying or the replacement of lock or locks shall be deducted from payment due to the Contractor. In the event a Master key is lost or duplicated, all locks and keys for that system shall be replaced by the Government and the total cost deducted from the payment due to the Contractor. The Contractor shall prohibit the use of Government issued keys by any persons other than the contract personnel. The Contractor shall prohibit the opening of locked areas by contract personnel to permit entrance of persons other than contract personnel engaged in the performance of assigned work in those areas, or personnel authorized entrance by the COR. The Contractor shall establish and implement methods of ensuring that all lock combinations are not revealed to unauthorized persons. The Contractor shall ensure that lock combinations

are changed when personnel having access to the combinations no longer have a need to know such combinations. These procedures shall be included in the QCP.

1.8 Post-Award Conference/Periodic Progress Meetings: The Contractor shall attend any post-award conference convened by the contracting activity or contract administration office in accordance with FAR Subpart 42.5. The KO, COR, and other Government personnel, as appropriate, shall meet, at a minimum, quarterly with the Contractor to review the Contractor's performance. At these meetings, the KO will appraise the Contractor of how the Government views their performance and the Contractor shall appraise the Government of any problems experienced, if any. Appropriate action shall be taken to resolve outstanding issues. These meetings shall be at no additional cost to the Government. The Contractor shall not make unplanned visits to the MTF without prior approval from either the KO or COR.

1.9 Contracting Officer's Representative (COR): Refer to Part 2 of this PWS for the definition of a COR. As determined by the KO, a COR will be appointed and identified by letter of designation, a copy of which will be provided to the Contractor by the KO. The designation letter states the responsibilities and limitations of the COR, especially regarding changes in cost or price, estimates, or changes in delivery dates. The COR is not authorized to change any of the terms and conditions of the resulting order. The COR monitors all technical aspects of the contract and assists in contract administration. The COR is not authorized to obligate the Government. If the work is not written in the contract, the COR is not authorized to request new work. The COR is authorized to perform the following functions: assure that the Contractor performs the technical requirements of the contract, perform inspections necessary in connection with contract performance, maintain written and oral communications with the Contractor concerning technical aspects of the contract, issue written interpretations of technical requirements, including Government drawings, designs, specifications, monitor Contractor's performance and notifies both the KO and Contractor of any deficiencies, coordinate availability of Government property, and coordinate site entry of contract personnel.

1.10 Professionalism: Contract personnel must exercise a positive, helpful demeanor, display courtesy and tact frequently under stressful conditions.

Contract personnel shall possess sufficient initiative, interpersonal relationship skills and social sensitivity such that he/she can relate constructively to a variety of patients from diverse backgrounds.

Contract personnel shall be prohibited from receiving compensation of any kind from patients except under the terms and conditions of this contract. Contract personnel shall not, while performing services under this contract, advise, recommend or in any way suggest to people eligible to receive medical care at Government expense that such persons should receive care at any place other than the MTF.

1.11 Contractor Employees:

1.11.1 U.S. Citizen: U.S. Citizenship (copy of birth certificate or naturalization papers required). Contract personnel performing under this contract must be U.S. citizens. In addition, if any contract personnel fail to meet the citizenship requirements stated herein the Contractor shall not hold the government liable for not allowing performance under this contract.

1.11.2. Key Personnel. Contractor shall submit an organization chart identifying key personnel indicating hierarchy. Submit organization chart (to include contact info) with proposal and replacements within 5 business days to the KO. The Program Manager and any individuals designated as key personnel (program manager, supervisor,) shall be able to understand, speak, read, and write the English language.

1.11.2.1. The Contractor shall provide a Program Manager who is responsible for the performance of the work. The Program Manager shall have full authority to act for the Contractor on all contract matters relating to daily operation of the contract. The name of the Program Manager shall be provided by the Contractor to the KO. The Program Manager shall be available between 0700 - 1600 hours, Monday through Friday except Federal holidays or when the Government facility is closed for administrative reasons. Contractor personnel performing work under this contract are required to have a favorable background check at the T1 level.

1.11.2.2. Supervision. The Contractor shall provide a Supervisor(s) who is responsible for overseeing the performance of the work.

1.11.2.3. All Contractor employees shall be legal U.S. residents. The Contractor shall immediately remove any employee that is not a legal U.S. resident. The Contractor personnel shall be able to communicate clearly in the English language.

1.12 Contractor Identification Badges: The Government MTF shall provide identification Badges to CSPs for specific door access. CSPs shall wear the MTF-issued Badges on their outermost garment while providing services at the MTF, unless directed otherwise by protocol. The CSP shall turn in all ID Badges to the COR upon completion of the contract or termination of the CSP.

1.13 Protection of Government & Contract Information: Per Public Use Notice of Limitations stated by Defense imagery Management operations Center and contained at www.dimoc.mil/resources/limitations/, the Contractor shall not cite any information (e.g., contract information, pictures, locations, etc.) obtained through this contract on any hard copy or digital marketing tools to include its company website.

1.14 Non-Disclosure Requirements: Performance under this contract may require contract personnel to access data and information that is proprietary to a government agency, another Government Contractor, or of such nature that its dissemination or use other than as specified in this PWS would be averse to the interests of the Government or others. The Contractor and contract personnel shall not divulge, or release data or information developed or obtained under the performance of this PWS, except to authorized Government personnel or upon written approval of the KO. The Contractor shall not use, disclose, or reproduce proprietary

data, which bears a restrictive legend, other than as specified in this PWS. All documentation showing individual names or other personal information shall be controlled and protected under the provisions of the Privacy Act of 1974, Public Law 93-579, 5 United States Code (U.S.C.) Section 552a.

1.15 Non-Disclosure Statements: The Contractor shall provide a signed non-disclosure agreement to the Government within seven (7) days prior to commencement of services under this contract. Any unauthorized disclosure of information by contract personnel may result in the individual being removed from the contract. Standard non-disclosure statements shall be provided, as required, for personnel who may have access to Government data in the course of their duties.

1.16 Phase-In / Phase-Out Period: To minimize decreases in productivity and to prevent possible negative impacts on additional services, the Contractor shall have personnel on board, during the (30)-day phase-in/phase-out periods. During the phase-in period, the Contractor shall become familiar with performance requirements to commence full performance of services on the contract start date.

1.17 Removal of Contract Personnel: During the performance of this contract, the Government reserves the right to immediately require the temporary removal of any contractor personnel whose actions or impaired state raises reasonable suspicion that clear and present danger of harm exists to either patients, MTF personnel or themselves. This provision is intended for emergency situations only, and not for the purpose of bringing performance issues or other non-urgent concerns to the attention of the Contractor. Upon removal, the Contractor will be provided notification within 24 hours, and request a formal meeting with the KO, COR, and/or Department to discuss further action. The KO will make the final decision as to whether the temporary removal of any contract personnel should become permanent. The permanent removal of contract personnel does not relieve the Contractor of any performance requirement.

1.18 Required Training

1.18.1 Anti-Terrorism (AT) Level I Training: All contractor and sub-contractor employees requiring access to Army installations, facilities and controlled access areas shall complete AT Level I awareness training within 30 calendar days after contract start date or effective date of incorporation of this requirement into the contract, whichever applies, or within 30 calendar days after employment of new personnel. IAW AR 525-13, 3 DEC 19, AT Level I Awareness training will be conducted by a certified Level II trained ATO. For contracts that cross fiscal years, or for contracts with option years, all contractor personnel shall complete annual AT Level I awareness training. The Installation AT Office or a certified Level II trained ATO on the installation will provide the training. Contact information for this Government employee will be provided at the kick-off meeting.

The Installation AT Office or a certified Level II trained ATO will provide a one-hour training session conducted on FLW for Contractor personnel working on this installation. The COR will coordinate this training at the time of task order modification or award. Contractor personnel

working at installations other than FLW shall coordinate with the COR and local AT Offices to obtain training applicable to that installation.

Contractor shall provide a list of personnel trained to the COR within five (5) business days of completion of training. Contract personnel shall complete refresher training every 12 months except AOR specific AT Level I Training which shall be completed as required by local AT policies. Verification of the refresher training shall be provided to the COR within five (5) business days after completion of the training.

1.18.2 Operations Security (OPSEC) Training: All contract personnel, including subcontract personnel, shall complete Level I OPSEC training Per DHA-AI 5200.03 Operations Security (OPSEC) Program, within 30 calendar days of employment under this contract (A.010). Verification of the training shall be provided to the COR within seven (7) calendar days after completion of the training. OPSEC Level I Training is available at <http://www.cdse.edu/catalog/elearning/GS130.html>. Contract personnel must complete refresher training every 12 months. Verification of the refresher training shall be provided to the COR within seven (7) calendar days after completion of the training.

If training cannot be conducted on the website, the Contractor shall coordinate with the COR, who will contact the local OPSEC Officer at their assigned location for classroom training. Contract personnel completing training in the classroom will receive a certificate or the training attendance roster signed by the OPSEC Officer. Verification of the training shall be provided to the COR within seven (7) calendar days after completion of the training.

1.18.3 iWATCH Training: Within 10 calendar days of contract award and within 10 calendar days of new Contractor employees commencing work on this contract, all Contractor and subcontractor employees shall review the FLW Directorate of Emergency Services (DES) web link for iWatch training located at <https://home.army.mil/wood/Garrison/DES/iwatch>. This locally developed training will inform employees of the types of behavior to watch for and how to report suspicious activity. Suspicious activity shall be reported to the COR or KO.

1.18.4 Protected Health Information (PHI): Contract personnel, including subcontract personnel, performing services under this contract with access to PHI and Government information shall complete "HIPAA & Privacy Act Training" per DoDI 5400.11-R, before the issuance of network access. Contract personnel must complete refresher training every 12 months. Verification of the refresher training shall be provided to the COR within seven (7) calendar days after completion of the training. Training is available at <https://jkodirect.jten.mil>.

1.18.5 New Employee Orientation (NEO): Newly in-processed contract personnel shall be required to complete New Employee Orientation (NEO) training provided by MTF. Thereafter, all contract personnel shall be required to complete mandatory training to meet competency requirements. Orientation and annual training requirements are a condition of employment. All contract personnel shall also participate in orientation to their work area and maintain a competency assessment file (CAF) at the worksite in accordance with TJC standards. The CAF folder is maintained by the COR.

1.18.6 Access and General Protection/Security Policy Procedures: FLW Automated Installation Entry (AIE) Pass Transition. The included instructions/form for requesting a Ft. Leonard Wood AIE pass supersede those previously communicated. The AIE pass form (see attached) has been revised for applicants to provide citizenship status, Foreign Nationals Alien Registration/Passport number and Country of Birth information. An electronic copy of the spreadsheet will be sent via email for your use. As with the previous version, all information must be typed; handwritten and incomplete requests will not be processed. Once completed, submit the form to your sponsor via email or US mail.

Your sponsor will add the FPCON level, days, and times for entry and will forward it to the Visitor Control Center (VCC) for background screening and pass processing. The sponsor will send it via encrypted email to this address: usarmy.leonardwood.usag.list.des-physec-vcc@army.mil. VCC personnel will notify sponsors when background screenings are completed, and passes are ready for pickup. Sponsors will then notify you that your pass is ready for pick up at the VCC. You will need bring a valid picture ID and turn in Mobilisa passes, as they will no longer be authorized.

As a reminder, the Mobilisa pass application portal is no longer used. Regardless of the expiration date of an existing Mobilisa pass, ALL pass holders are required to get the new AIE pass. Person(s) that do not submit for the new AIE pass may experience delays entering FLW.

If a retiree, or DOD ID card holder, wishes to gain employment on the installation as a contractor, then that person's "status" will change to a contract employee, which triggers the requirement for an employment background check and an NCIC-III check for access to the installation.

Beginning 1 June 2023, Ft. Leonard Wood will no longer accept, for access purposes, the state issued driver licenses (DL), or state issued IDs that do not meet the Real ID Act of 2005 standards. Person(s) requesting access with a non-compliant state DL or ID will need to present along with the non-compliant DL/ID one of the documents below to prove identity to be issued a pass or given access to Ft. Leonard Wood.

- US passport or passport card
- Certified birth certificate (not a photocopy)
- Social Security Card (not a photocopy)
- School identification card with photograph (high school and college age students)
- US military or draft record (DD Form 214)
- US Coast Guard Merchant Mariner Card
- Transportation Worker Identification Card (TWIC)
- US Native American tribal document
- NEW VA health card

1.19 Sexual Assault Prevention & Response Program (SAPR)

1.19.1 The DoD's goal is to provide a culture free of sexual assault through an environment of prevention, education, training, response capability, victim support, reporting procedures, and appropriate accountability that enhances the safety and well-being of all persons covered by the DoD Directive. The DHA is one (1) of the agencies of the DoD, and as such follows the directives, instructions, and guidance of the DoD.

PART 2

DEFINITIONS & ACRONYMS

2 Definitions & Acronyms

2.1 Definitions: Although not inclusive of every term used within this PWS, the following provides a list of definitions used throughout this PWS and commonly used in the acquisition field.

Ambulatory - able to walk or move independently

Backup Personnel – Pre-approved contract personnel designated to move into the position of the primary contract personnel to perform required services for the duration of his/her absence.

Beneficiaries of the Military Healthcare System – Those individuals entitled to care at the MTF in accordance with AR 40-3.

Contracting Officer (KO) – A person with the authority to enter, administer, and/or terminate contracts and make related determinations and findings on behalf of the Government. NOTE - The only individual who can legally bind the Government.

Contracting Officer's Representative (COR) – As defined in DFARS 202.101, means an individual designated and authorized in writing by the Contracting Officer to perform specific technical or administrative functions. DoD Instruction (DoDI) 5000.72, Part II Definitions states the following when defining a COR: "Defined in subpart 202.101 of Reference (f). Any individual delegated responsibilities pursuant to subpart 1.602-2 of Reference (e), regardless of local terminology, must be certified in accordance with this instruction. For example, local terminology can be COR, Contracting Officer's Technical Representative (COTR), technical point of contact, technical representative, alternate COR, administrative COR, assistant COR, line-item manager, task order manager, quality assurance personnel, quality assurance evaluator, or COR management." In addition, Army Regulation 70-13, Chapter 2, paragraph 2-2g, states, in part, the following when providing other surveillance support personnel to assist the COR when needed, "...These other surveillance support personnel may serve as on-site representatives of the COR in performance of actual contract surveillance if they meet all COR requirements and have been appointed by the KO as alternate CORs."

Contractor – Supplier or vendor awarded a contract to provide specific supplies or service to the Government. The term used in this contract refers to the prime.

Contract Personnel – Individuals employed by the Contractor to perform services.

Contractor-acquired Property – Property acquired, fabricated, or otherwise provided by the Contractor for performing a contract and to which the Government has title.

Day – Unless otherwise specified, refers to a calendar day.

Defective Service – Service output that does not meet the standard of performance associated with the PWS.

Deliverable – Anything that can be physically delivered but may include non-manufactured things such as meeting minutes or reports.

Facilities – Building, equipment and supplies necessary for the implementation of service by personnel.

Full-Time Equivalent (FTE) – The Contractor is required to provide 1,912 Regular Hours, which averages 159 Regular Hours per month or 40 Regular Hours per Work Week, for each FTE over a 12-month period. The following FTE determination can be used as a general reference:

- 1.00 FTE = Averages 40 Regular Hours per Work Week
- 0.75 FTE = Averages 30 Regular Hours per Work Week
- 0.50 FTE = Averages 20 Regular Hours per Work Week
- 0.25 FTE = Averages 10 Regular Hours per Work Week

Government-Furnished Property – As reflected in FAR 52.245-1, Government-furnished Property “means property in the possession of, or directly acquired by, the Government and subsequently furnished to contract personnel for performance of a contract. Government-furnished property includes, but is not limited to, spares and property furnished for repair, maintenance, overhaul, or modification. Government-furnished property also includes Contractor-acquired property if the Contractor-acquired property is a deliverable under a cost contract when accepted by the Government for continued use under the contract.

Government Property – All property owned or leased by the Government. Government property includes both Government-furnished and Contractor-acquired property. Government property includes material, equipment, special tooling, special test equipment, and real property. Government property does not include intellectual property and software.

Holiday Hours – Hours of service provided during Federal Holidays by contract personnel.

License: A grant of permission by an official agency of a State, the District of Columbia, or a Commonwealth, territory, or possession of the United States to drive a motor vehicle

Military Time – On a 24-hour clock, will read as follows:

- 8:00 am = 0800
- 9:10 am = 0910
- Noon = 1200
- 9:10 pm = 2110
- Midnight = 2400
- 12:01 am = 0001

Non-Ambulatory - unable to walk or move independently, often requiring wheelchairs, walkers, or assistance for mobility due to injury, illness, or disability.

Overtime (OT) – Hours of service provided in excess of 40 Regular Hours within a Work Week by contract personnel.

Physical Security – Part of security that is concerned with physical measures designed to safeguard personnel; to prevent unauthorized access to equipment, installations, material, and documents; and to safeguard against espionage, sabotage, damage, and theft.

Preventative Maintenance Checks and Services (PMCS) - It is a systematic, required process where operators check, service, and maintain equipment before, during, and after operation. These checks are outlined in the service manual and are operator level checks. These checks include but are not limited to; is there enough oil in the engine, is there enough fuel, do the lights work, does the horn work, etc.

Property Administrator – An authorized representative of the KO appointed in accordance with agency procedures, responsible for administering the contract requirements and obligations relating to Government property in the possession of contract personnel.

Quality Assessment & Improvement – Those actions taken by the Government to check services to determine if they meet the requirements of The Joint Commission (TJC), U.S. Army Medical Command, quality assurance and risk management program, and ensure that the contract personnel comply with the terms and conditions of the contract.

Quality Assurance – The various functions, including inspection, performed by the Government to determine whether a Contractor has fulfilled the contract obligations pertaining to quality and quantity.

Quality Assurance Surveillance Plan (QASP) – The key Government-developed surveillance process document and is applied to Performance-Based Service Contracting (PBSC). The QASP is used for managing Contractor performance assessment by ensuring that systematic quality assurance methods validate that Contractor quality control efforts are timely, effective, and are delivering the results specified in the contract or task order. The QASP directly corresponds to the performance objectives and standards (i.e., quality, quantity, timeliness) specified in the PWS. It provides specific details on how the Government will survey, observe, test, sample, evaluate, and document Contractor performance results to determine if the Contractor has met the required standards for each objective in the PWS. The QASP, with very few if any exceptions, is an internal Government document.

Quality Control – All necessary measures taken by the Contractor to assure that the quality of a product or service shall meet contract requirements.

Regular Hours – Up to 40 hours of service provided within a Work Week by contract personnel. Regular Hours do not include Federal Holidays worked.

Replacement Personnel – Contract personnel selected to fill a position for the duration of the contract period that was previously occupied by another contractor personnel.

Scheduled Absence – A prearranged absence from performance of contractual services by contract personnel. These absences are scheduled/arranged in advance.

Shuttle- Any Government Owned Contractor Operated Vehicle for the purpose of moving patients and staff from the parking area to the hospital or the hospital to the parking area. This vehicle could be as small as a golf cart or as large as a 22-passenger vehicle.

Subcontractor – One that enters a contract with a prime Contractor. The Government does not have a contract with the subcontractor.

Subcontract Personnel – Individuals employed by the Subcontractor to perform services.

Unscheduled Absence – Absences from performance of contractual services by contract personnel that are not scheduled/arrange in advance, regardless of whether the absences are caused by illness or for other reasons.

Workday – Hours of service provided in a single day by contract personnel.

Work Week – Sunday through Saturday, unless otherwise specified.

2.2 Acronyms: Although not inclusive of every term used within this PWS, or that may be included in an acquisition, the following provides a list of acronyms commonly used in the acquisition field.

AFARS	Army Federal Acquisition Regulation Supplement
AHA	American Heart Association
ALMS	Army Learning Management System
AQL	Acceptable Quality Level
AOR	Area of Responsibility
AR	Army Regulation
AT	Anti-Terrorism
BI	Background Investigation
BLS	Basic Life Support
CAC	Common Access Card
CFR	Code of Federal Regulations
CLIN	Contract Line-Item Number
COR	Contracting Officer's Representative
COTR	Contracting Officer's Technical Representative
DA	Department of the Army
DFARS	Defense Federal Acquisition Regulation Supplement
DHA	Defense Health Agency
DOCPER	Department of Defense Contractor Personnel Office
DOD	Department of Defense

DODD	Department of Defense Directive
DODI	Department of Defense Instruction
EFT	Electronic Funds Transfer
FAR	Federal Acquisition Regulation
FBI	Federal Bureau of Investigation
FM	Fleet Manager
FOIA	Freedom of Information Act
FOUO	For Official Use Only
FPCON	Force Protection Condition
FTE	Full-Time Equivalent
GLWCH	General Leonard Wood Community Hospital
GP	Government Property
GOKO	Government Owned Contractor Operated
HB	Hepatitis Type B
HCP	Health Care Provider
HHS	Health and Human Services
HIPAA	Health Insurance Portability & Accountability Act of 1996
HIV	Human Immunodeficiency Virus
HLO	High Level Objective
IACO	Installation Access Control Office
IACS	Installation Access Control System
IAW	In Accordance With
ID	Identification
IGCE	Independent Government Cost Estimate
IMD	Information Management Division
JPAS	Joint Personnel Adjudication System
KO	Contracting Officer
LEIE	List of Excluded Individuals and Entities
LOSS	Lines of Sight Supervision
MEDCOM	Medical Command
MHS	Military Health System
MMR	Measles, Mumps and Rubella
MTF	Medical Treatment Facility
NACI	National Agency Check with Inquiries
NACLC	National Agency Credit and Law Check
NCOIC	Noncommissioned Officer in Charge
NEO	New Employee Orientation
OCI	Organizational Conflict of Interest
OIG	Office of Inspector General
OPSEC	Operations Security
OSHA	Occupational Safety & Health Administration
OT	Overtime
PA	Property Administrator
PBSC	Performance-Based Service Contracting

QCP	Quality Control Program
RA	Requiring Activity
RFP	Request for Proposal
SAPR	Sexual Assault and Response Program
SAM	System for Award Management
SF	Standard Form
SOP	Standard Operating Procedure
SORN	System of Records Notice
SOW	Statement of Work
T1	Tier 1 Investigation
TA	Trusted Agent
TASS	Trusted Associate Sponsorship System
TFMC	Tobacco Free Medical Campus
TE	Technical Exhibit
TJC	The Joint Commission
TTP's	Tactics, Techniques & Procedures
OUM	Unit of Measure
USC	United States Code
WAWF	Wide Area Workflow

PART 3

INCIDENTAL GOVERNMENT PROPERTY & SERVICES

3 Incidental Government Property & Services

3.1 Services: The Contractor shall only use the property provided for performing work contained in this PWS. Modifications or alterations of property shall be prohibited. The Contractor shall be prohibited from cannibalizing property. In the event property is received by the Contractor in a condition not suitable for its intended use, the Contractor shall immediately notify the COR. The Contractor shall have a process to enable prompt recognition, investigation, disclosure and reporting of loss of incidental property (meaning unintended, unforeseen or accidental loss, damage, or destruction of Government property that reduces the Government's expected economic benefits of the property). The Contractor shall include the control of incidental property in their Quality Control Plan.

The Contractor shall investigate and report to the Government COR all incidents of property loss with-in 2 hours. This process shall include the corrective actions necessary to prevent recurrence. Such reports shall, at a minimum, contain the following information:

- (i) Date of incident (if known)
- (ii) Cause of incident
- (iii) Nomenclature
- (iv) NSN / Part number
- (v) Quantity
- (vi) Serial Number
- (vii) Copies of all supporting documentation
- (viii) Last known location

If damage or loss occurs to incidental property during performance which is a direct result of Contractor negligence, the Contractor's invoice shall be reduced by the amount of damage/loss resulting from their negligent action/inaction as directed by the Contracting Officer. In addition, a negative performance assessment will be considered.

The USG is responsible for the maintenance and/or repair costs of GP annotated on Tab A of the Incidental Property attachment. Contractor is responsible for the maintenance and/or repair costs of GP annotated on Tab B of the Incidental Property attachment.

The Contractor is required to conduct a physical inventory of all incidental property quarterly and shall submit a quarterly report of incidental property in their possession.

3.2 Facilities: The Government will provide use of available MTF facilities, as required for contract performance (except as designated in the contract). Contract personnel shall keep government-furnished work areas in a safe, orderly, and clean condition. Any space utilized by contract personnel for the performance of this contract may be used for other purposes during their absence. Items of clothing, personal effects, or equipment may not be able to be secured

at all locations. The government will not incur any liability for theft, damage to, or loss of such personal items.

3.3 Utilities: The Government will provide use of available MTF utilities, as required for contract performance (except as designated in the contract). The Government will furnish heat, air conditioning, electricity, water, and sewer services. The Contractor shall instruct contract personnel in utilities conservation practices. The Contractor shall operate under conditions that preclude the waste of utilities, which include turning off the water faucets or valves, light switches, etc. after using the required amount to accomplish tasks requiring the use of the utilities.

3.4 Equipment: The Government will provide use of all available MTF equipment required for contract performance (except as designated in the contract). Contract personnel shall keep government-furnished equipment undamaged and in working condition. Contract personnel shall notify the Government whenever maintenance of equipment is required. The Government will provide telephones, computers, scanners, fax machines, printers when required.

3.4.1 Shuttles: The Government will provide the use of shuttles by the contract employee for the purpose of shuttling patients and staff between the parking lots and the Hospital.

3.4.2 Communication: The Government will provide the use of communication devices for the purpose of communicating with security or designated personnel. The communication devices will be used for reporting health related emergencies and security issues.

3.5 Materials: The Government will provide any available Standard Operating Procedures (SOPs), Local Instructions, and Policies as required for contract performance (except as designated in the contract). Contract personnel shall be responsible for safeguarding all government property provided for use. Neither the Contractor nor any of the contract personnel shall disclose or cause to be disseminated any information concerning the operation of the MTF that could result in or increase the likelihood of the possibility of breach of security or interrupt the continuity of operations or which breach the requirements of the Federal Privacy Act of 1974.

3.6 Driver Training: The Government will provide all required driver training and vehicle use authorization for any vehicles to be used for contract performance. At the completion of training, the Fleet Manager (FM) will provide an OF 346 Motor Vehicle Operator's Identification Card indicating which vehicle(s) the contract employee is authorized to operate. The contract employees continued employment under this contract is contingent on passing the training and obtaining the OF 346. The Fleet Manager (FM) will provide all SOPs, training and documentation required for vehicle operation.

3.6.1 Training will include vehicle dispatch, PMCS, fueling, turn-in procedures and GOCO property issuance procedures.

3.7 Vehicle Issuance: The Government will issue all required vehicles, logbooks, vehicle dispatches and safety equipment required to operate the Government vehicle. The

Government will be required to re-issue the logbooks, dispatches and safety equipment at designated intervals as deemed necessary by local SOP and the FM.

3.8 Background Checks: The Government will provide the services required to obtain and maintain the required background checks for up to eight (8) personnel at a time to operate the 4 shuttles. The contractor can submit other personnel to begin the background check process as long as the total number does not exceed 8 personnel.

PART 4 CONTRACTOR FURNISHED ITEMS & SERVICES

4 Contractor Furnished Property & Services

4.1 General: The Contractor shall provide all contract personnel necessary to perform services as described in the PWS and associated contract documents, except for those items specified in Part 3.

4.2 Background Checks: The Contractor shall provide Background Checks requirements in accordance with this PWS section 1.6.2.3 and as determined by the Government.

4.2.1 The contractor will not exceed eight (8) personnel with active background checks or submissions for background checks.

4.3 Health & Immunization Requirements

4.3.1 All contract personnel performing services under this contract shall receive a general physical examination prior to commencement of services and as a condition of employment. The Contractor shall provide the COR, 10 calendar days before beginning services under this contract, a physical examination certificate for all contract personnel who will provide services. The certification shall state the date on which the physical examination was completed and the name of the physician who performed the examination. The physician performing the examination shall sign this certification. For the purposes of this paragraph, a physical examination administered more than 45 days prior to performance of the contract will not be considered adequate. The physical examination shall include the following as a condition of employment:

(b) A history to show that contract personnel have completed a primary series of immunization with tetanus and diphtheria toxoids and that a booster dose is current (within the past 10 years). A test for immunity to the hepatitis (Type B) virus with documentation of the results. A profile shall be established to show immune status to hepatitis. Non-immune Healthcare Workers (lacking anti-HB(c) or anti-HB(s)) shall be required to complete an immunization series with a Hepatitis-B vaccine (e.g., Recombivax, Engerix).

(c) Serologic evidence of immunity to measles and rubella or documentation of immunization with measles, mumps, and rubella (MMR) vaccine using the following guidelines:

(i) Employees born before 1957 without documentation of previous vaccination with MMR should receive one (1) dose.

(ii) Employees born in or after 1957 who have received one (1) dose of MMR previously shall receive one (1) booster dose.

(iii) Employees born in or after 1957 without documentation of any previous vaccination with MMR should receive two (2) doses of vaccine, separated by no less than one (1) month.

(iv) Serologic evidence of immunity to varicella or documented history of illness or immunization.

(v) For personnel who do not have proof of having completed a primary series, completion with enhanced potency inactivated poliovirus vaccine (eIPV) is recommended. Reliable history of spending early childhood and attending elementary schools in the United States since may suffice as clinical history of polio immunization but requires physician documentation in the record of the history and examination.

(vi) Contract personnel shall be screened before employment and annually for tuberculosis by a tuberculin skin test using the Mantoux technique (TINE test is disallowed as a substitute). A skin test result of 10 mm of indurations or more shall be required to have a chest roentgenogram and an evaluation performed. A tuberculin skin test of 10 mm of indurations or more will require documentation providing an assessment of the patient (status of infection- active, inactive; need for preventive treatment or not as determined by age, history of BCG (Bacillus Calmette-Guerin) vaccination; duration of skin test positivity, etc.).

(vii) If all the immunizations, medical clearance, fit testing, and tests set forth in the preceding paragraphs have not been completed, the Contractor shall issue a certificate providing evidence of immunizations and tests that have been completed or started and shall provide a schedule for the completion of unfinished immunizations and lab tests. After the schedule is completed, the Contractor must provide an updated and complete certificate. Failure to complete the immunizations as scheduled may be grounds for the KO, upon the advice of the MTF commander or his clinical staff, to determine that such contract personnel is not an acceptable individual to perform services under this contract.

(viii) The KO, with the explicit case-by-case approval of the MTF commander, is empowered to make exceptions to these requirements, for example, in the event

of vaccine shortage or bona fide religious exceptions, but nothing herein shall be construed as an imperative or directive upon the KO to make such exceptions.

4.3.2 All contract personnel performing services under this contract, who experience a parenteral (e.g., needle-stick or cut) or mucous membrane exposure (e.g., splash to the eye or mouth) to blood or bloody body fluids, shall receive prompt treatment. The MTF will evaluate the source of exposure for risk of Hepatitis-B, Hepatitis-C, and Human Immunodeficiency Virus (HIV) and will provide a report of the findings to the Contractor and affected contract personnel. It shall be the Contractor's responsibility to provide appropriate treatment as needed to include Tetanus-Diphtheria booster, Immune Globulin, Hepatitis-B vaccine booster, or Hepatitis-B Immune Globulin. The Contractor shall be responsible for providing the contract personnel with initial testing. If the source of exposure was unknown, positive, or considered an elevated risk for HIV infection, follow-up testing shall be conducted three (3), six (6), and 12 months after exposure. In the event of a confirmed or highly suspected parenteral exposure to HIV, the Contractor shall insure that the contract personnel receive appropriate counseling and are referred immediately to a private infectious disease specialist for consideration of any post exposure prophylaxis (e.g., AZT). The Government may require the Contractor to provide evidence of the status of treatment and testing of the individual contract personnel under the contract.

4.3.3 Contract personnel shall receive the current influenza immunization annually as a condition of employment. The annual influenza vaccine may be provided by the Government, if available, as determined by the MTF. If available and contract personnel choose to be immunized by the Government, the contract personnel shall sign a waiver releasing the Government from legal liability in accordance with local procedures and policies. If not available, contract personnel, at no cost to the Government, shall provide proof of vaccination to the Government of influenza vaccine no later than December 1st of each year along with the legal liability waiver allowing the Government to maintain the information according to the Government Flu Vaccine Program requirements. The proof of vaccine must include name of vaccine, lot number and expiration date. Medical or religious exemptions to the influenza mandate must be submitted to the COR in accordance with local procedures and policies no later than November 1st of each year.

4.3.4 Failure to meet the requirements stated herein, or when test results determine that contract personnel have a contagious disease, the KO may, upon the advice of the MTF commander or clinical staff, determine that such contract personnel is not an acceptable individual to perform services under this contract.

4.3.5 Contract personnel performing services under this contract shall comply with the health and immunization requirements as stated herein at the beginning of employment and annually thereafter. The expense for all physical examinations to comply with the health requirements shall be borne by the Contractor at no additional cost to the Government.

4.3.6 Compliance with health and immunization requirements contained herein are a condition of employment and not suitable for exemption to policy without commander and KO approval.

4.4 Uniforms: The Contractor shall provide and ensure contract personnel wear distinctive color/design uniforms that includes the company and employee name to distinguish from all other MTF staff when performing duties in the performance location. At a minimum, this uniform will consist of a reflective vest with the company name on it. The reflective vest will be worn any time the shuttle is being utilized.

4.5 Contractor Reports

4.5.1 Monthly Reports: The contractor shall provide a monthly report to the COR within the first seven (7) calendar days of each month that identifies the following: reporting month in reference, Contract and/or Task Order number, awarded number of FTEs on contract, total number of FTEs filled, total number of FTEs unfilled, total number of FTEs that are currently on-boarding. Monthly Reports shall also include the consolidated status of contract candidates' on-boarding packets (e.g., number of packets submitted, packets pending approval, accepted packets, rejected packets, etc.).

4.5.2 Quarterly Reports: The contractor shall provide a quarterly report (3-months) to the COR within the first seven (7) calendar days of the month immediately following the end of the fiscal quarter (i.e., January, April, July, October) that identifies the following requirements: inventory of all incidental property, each contract personnel's compliance with annual, mandatory and/or unique training, health and immunizations, fit testing, licensure, certifications, and life support training. Quarterly reports shall also include expirations for the applicable items listed above.

4.6 Monthly Invoicing: The contractor shall submit monthly, in arrears, itemized invoices in accordance with DFARS 252.232-7003, for services rendered under this contract. Information regarding WAWF-RA is available on the Internet at <https://wawf.eb.mil/>.

PART 5 SPECIFIC TASKS

5.1 Basic Services: This is a non-personal services contract to provide shuttle service drivers for ambulatory and non-ambulatory patients and staff at the General Leonard Wood Community Hospital (GLWCH). The contractor shall perform to the standards specified in this Performance Work Statement (PWS). The contract service providers shall be accountable Soley to the Contractor who, in turn is responsible to the Government. The Government will not exercise any supervision or control over the contract service providers (CSP).

5.2 Tasks: The Contractor Shuttle Driver shall perform, in strict compliance with Department of Defense, Defense Health Agency, and Local Policy, the following tasks as required:

5.3 Shuttle Driver Requirements: The Contractor shall place qualified candidates at the required places of performance. To place candidates, the Contractor shall: verify candidate qualifications against subsequent Government minimum requirements, submit qualifying documentation meeting Government minimum requirements on all contract workers; and place all contract workers at the performance location. The contractor shall not exceed eight (8) personnel staffing the 4 shuttle driver positions.

5.3.1 Qualify/Screen Workers. After recruiting candidates or when replacing or substituting contract workers, the Contractor shall: conduct competency-based screening against preliminary Government minimum requirements (see definition) and submit qualifying documentation (see definition) on candidates. All replacement candidates shall meet the same requirements for employment. Preliminary Government minimum requirements consist of:

- **Education.** High School Diploma.
- **Experience.** Six (6) months' driving experience.
- **License.** Current Missouri Class E (For Hire) Driver's License.

5.3.2 Vehicular and General Public Liability Insurance: In accordance with FAR 52.228-8, 52.228-5, 52.228-10, the contractor shall carry automobile liability insurance written on the comprehensive form of policy. The policy shall provide for bodily injury and property damage liability covering the operation of all automobiles used in connection with performing the contract.

5.3.2.1 Bodily injury of not less than \$200,000.00 for each person and \$500,000.00 for each occurrence

5.3.2.2 Property damage of not less than \$20,000.00 for each occurrence.

5.3.2.3 For any incident resulting in loss of Government Owned Contractor Operated Property, the contractor is required to cooperate with investigators and/or provide testimony as deemed appropriate by the KO.

5.3.3 Basic Life Support (BLS) and Other Required Certifications: Contract workers shall maintain current certification in BLS from the American Heart Association or the American Red Cross. Certification cards must display the American Heart Association, the American Red Cross or other approved certifying body emblem. The Contractor will not bill the Government for contractor time to attend BLS certification training.

5.3.4. The shuttle driver shall not, within 5 years prior to employment:

- Have his/her driving privileges limited, suspended, or revoked.
- Had a DUI conviction.

5.3.5 The contractor shall ensure that all CSPs shall speak and write English well enough to effectively communicate with all shuttle patrons and GLWCH points of contact.

5.3.6 The contractor shall provide proof the contract employee has passed a standard drug screening test prior to employment and at any time deemed necessary by the KO/COR. Standard drug screening will be required within 24 hours of any vehicle accident involving the operation of a government vehicle. The standard drug screen test will be conducted at no additional cost to the Government.

PART 6 APPLICABLE PUBLICATIONS

6.1 Applicable Publications (Current Editions): The following publications, manuals, regulations, etc. are mentioned in this PWS and are listed below.

Public Law:

- Public Law 91-596 Occupational Safety and Health Act of 1970
- Public Law 104-191 Health Insurance Portability and Accountability Act of 1996

Accreditation Manuals:

- The Joint Commission (TJC) Manual (Current Edition)

DRAFT

7.2 TECHNICAL EXHIBIT B DELIVERABLES SCHEDULE

<u>Deliverable</u>	<u>Frequency</u>	<u># Of Copies</u>	<u>Medium/Format</u>	<u>Submit To</u>
Quality Control Plan (Paragraph 1.5.1)	Within 30 calendar days after award	One (1) copy to the COR	Electronic delivery via email using Microsoft Office.	To the KO through the COR
Report of Potential Issues (Paragraph 1.5.1.1)	Verbal report within 24 hours of identifying issues, followed by a written report within seven (7) calendar days	One (1) copy to the COR	Written report delivered electronically via Microsoft Word	To the KO through the COR
Individual Termination or Expiration of Employment (Paragraph 1.6.3.1)	Within seven (7) calendar days of an individual's termination of expiration	One (1) for each affected individual to the COR	Hard Copy	To the COR
Contract Termination or Cancellation (Paragraph 1.6.3.2)	Within seven (7) calendar days of contract termination of expiration	One (1) for each affected individual to the COR	Hard Copy	To the COR
Favorable & Unfavorable Background Check (Paragraph 1.6.3.4)	Within the first seven (7) calendar days of each month	One (1) copy to both the KO and COR	Electronic delivery via email using Microsoft Office	To the KO and to the COR
Contractor Identification Badges (Paragraph 1.12)	Prior to contract performance, and when personnel changes occur	One (1) copy of each to the COR	Electronic delivery via email using Microsoft Office	To the COR
Signed Non-Disclosure Agreement (Paragraph 1.15)	Within seven (7) days prior to commencement of services	One (1) copy of each to the COR	Electronic delivery via email using Microsoft Office	To the COR
AT Level 1 Training Certificates (Paragraph 1.18.1)	Both Initial & refresher within seven (7) calendar days after completion of training	One (1) copy of each to the COR	Electronic delivery via email using Microsoft Office	To the COR

<u>Deliverable</u>	<u>Frequency</u>	<u># Of Copies</u>	<u>Medium/Format</u>	<u>Submit To</u>
OPSEC Training Certificates (Paragraph 1.18.2)	Both Initial & refresher within seven (7) calendar days after completion of training	One (1) copy of each to the COR	Electronic delivery via email using Microsoft Office	To the COR
iWATCH Training Completion (Paragraph 1.18.3)	Within 30 calendar days after award, and when new personnel are recruited	One (1) copy to the COR	Electronic delivery via email using Microsoft Office	To the COR
Protected Health Information (Paragraph 1.18.4)	Initial prior to commencement of services, and Refresher within seven (7) calendar days after completion of training, which is required every 12 months	One (1) copy of each to the COR	Electronic delivery via email using Microsoft Office	To the COR
Physical Examination Certificate (Paragraph 4.3.1)	10 calendar days before commencement of services	One (1) copy to the COR	Electronic delivery via email using Microsoft Office	To the COR
