

MEMORANDUM FOR CESAJ-CT-C

SUBJECT: W912EP26BA005, U.S. Naval Station Mayport Maintenance Dredging,
Duval County, Florida
Pre-Bid Site Visit

1. A pre-bid site visit for subject project was conducted on 19 March 2026, from 1000 to 1100 hours. The contractor and USACE participants are included on the roster attachment to this memorandum.
2. The participants met at the NS Mayport Pass & ID Office where it was verified that all participants had base access. The group proceeded on base to the Small Boat Basin where the Resident Engineer, John Rossi, gave an overview of the project and pointed out key areas from the plans. Project Engineer, Jen Tyler, highlighted several key project requirements from the specifications, as outlined in the attached "Pre-Bid Site Visit" agenda.
3. Contractors in attendance were informed of the Pre-Bid Teleconference scheduled for 20 March 2026 at 1000 hrs.
4. Questions from the participants that were not answered on site were directed to the Contracting Officer through PROJNET/Dr. Checks.
5. If you have any questions or require additional information regarding this matter, please contact the undersigned at (561) 379-2854.

Jennifer L. Tyler
Project Engineer
