

SYNOPSIS OF PROPOSED CONTRACT ACTION - Notice of Intent to Award a Sole Source procurement for Fuels Preventative and Corrective Maintenance Services within the South Atlantic Division in support of the Air Force (SAD-AF2)

The Defense Logistics Agency, through USACE CEHNC, has a continued requirement for fuel systems preventative and corrective maintenance services within the South Atlantic Division in support of the Air Force. CEHNC executes system maintenance in accordance with (IAW) United Facilities Manual (UFM) 3-460-03 which outlines maintenance of petroleum fuel system procedures and standards. This maintenance is critical for maintaining operational fuel systems for the Air Force across the USACE South Atlantic Division area of responsibility (AOR). The contractor is required to provide vital preventative maintenance and corrective maintenance repair services to sustain robust fueling capability in support of Defense Logistics Agency – Energy (DLA-E) capitalized federal petroleum facilities and petroleum systems. The work to be performed is structured around performance-based outcomes.

- Preventative maintenance - The work entails the maintenance of federal petroleum facilities and petroleum systems ensuring these systems are in compliance with codes, criteria, regulations, and laws of the United States and its outlying areas in order to meet several preventative and corrective maintenance requirements. In addition to a well-maintained system or facility, the preventative maintenance portion of the work will include written reports detailing evaluated systems.
- Corrective maintenance - The work entails service orders for minor repairs of deficiencies to petroleum facilities, petroleum systems, and supporting DLA-E capitalized facilities as well as emergency response capability to ensure the safe and reliable accomplishment of the applicable Fuels delivery mission. Repairs may be requested by each of the DLA Capitalized Sites for components, equipment, or systems in support of the Fuels delivery mission.

The scope of services required shall be strictly limited to those actions essential for maintaining operational readiness and preventing mission degradation during the 10-week period of performance. The requirements are outlined in the Performance Work Statement. Specifically, the work includes:

- a) The performance of scheduled, mission-essential preventative maintenance;
- b) Necessary corrective maintenance to address system and equipment failures; and
- c) Response to any emergent, unforeseen service requirements critical to sustaining the mission.

This notice of intent is NOT a REQUEST FOR QUOTE, nor does it restrict the Government as to the ultimate acquisition approach. Additionally, this announcement does not obligate the Government to award a contract. The Government is not responsible for any costs incurred by responding to this notice.

This notice of intent is not a request for competitive quotations; however, all responses received within the closing date for this notice will be considered by the government. A determination by

the government not to compete this proposed contract based upon responses to this notice is solely within the discretion of the government. Information received will be considered solely for the purpose of determining whether to conduct a competitive procurement.

The most applicable North American Industrial Classification System (NAICS) code is 561210 - Facilities Support Services. The business size standard for this NAICS code is \$47M.

Responses should appear on company letterhead and include, at minimum, affirmation of active registration in the System for Award Management (SAM), your Unique Entity Identifier (UEI) number, any applicable processed credentials and qualifications, and any applicable pricing data or information. All responses should include a point of contact, telephone number, and electronic mail address. Additionally, respondents should indicate whether they are a large business, small business, small disadvantaged business, 8(a) concern, women-owned small business, HUBZone, service disabled veteran-owned small business, or qualify as socially or economically disadvantaged and whether they are U.S. or foreign owned.

Responses should be furnished electronically to the contacts listed below no later than 2:00 p.m. CST, Wednesday, 13 May 2026. Phone calls will not be accepted.
