These software and maintenance services are needed to enhance the Pentagon Force Protection Agency (PFPA) Investigations & Intelligence Division / Counterintelligence (IID/CI) capabilities to effectively investigate, analyze, and respond to foreign adversarial threats.

However, all responsible sources that feel they can provide comparable Cellebrite software in support of PFPA are encouraged to submit a capability statement displaying their company's unique capabilities. The Government will not be responsible for any cost incurred in preparation of any submitted material to the sources sought. A determination by the Government not to compete this proposed contract based upon responses to this notice is solely within the discretion of the Government. Information received will be considered solely for determining whether to conduct a subsequent competitive procurement. This notice of intent is NOT a request for proposals or quotations. A determination by the Government not to complete this proposed action based upon responses to this notice lies solely within the discretion of the Government. Please address questions to whs.pentagon.ad.mbx.essd-security@mail.mil by 21 May 2026 at 10:00 A.M. EST.
