REQUEST FOR INTEREST

Potential Use of the Outer Mole Pier at Truman Annex Naval Air Station Key West, Monroe County, Florida

Naval Facilities Engineering Systems Command Southeast

May 6, 2026

I. SUMMARY

1. **DESCRIPTION.** The Naval Facilities Engineering Systems Command Southeast, in support of the Department of the Navy (“DON” or “Government”), is seeking input from the general public for maximizing the potential use of underutilized space on the Outer Mole Pier at Truman Annex, Key West, Florida. Experience in port operations and management is desirable. The DON will offer an Industry Forum, including a site visit to the Outer Mole Pier, on May 20, 2026. Interested respondents must complete and submit a Request for Interest (“RFI”) response in support of their proposed project concepts for the site no later than 5:00 PM EST on **June 3, 2026**. The DON intends to use the RFI responses to further evaluate its best courses of action.
2. **THIS IS A REQUEST FOR INTEREST ONLY.** This RFI is a market research tool issued to determine the availability and adequacy of potential business ideas for the DON’s information and planning purposes. This is not a Request for Proposals (“RFP”) or a promise to issue a solicitation in the future. This RFI does not obligate the Government to offer the property or to purchase services from any respondent, and the DON reserves the right to cancel this RFI at any time. Further, the DON is not at this time seeking proposals. By participating in the RFI process, all agree to hold the United States of America, its officers, employees, and advisors harmless from all claims, liabilities, and costs related to all aspects of this RFI. Under no circumstances shall the United States of America be liable for any costs, real estate brokerage commissions, finder’s fees, or other forms of compensation related in any way to activities undertaken by any person as a result of, in preparation to respond to, or in response of this RFI; all costs incurred with responding to this RFI will be solely at the interested party’s expense. Not responding to this RFI does not preclude participation in any future solicitation or RFP, in the event one is issued.
3. Respondents with questions about this RFI must submit all questions in writing on an Inquiry Form. A copy of the Inquiry Form is included as Attachment A. Inquiries must be submitted on the Form via e-mail to the Real Estate Contracting Officer’s (“RECO”) representatives at the following addresses: elizabeth.c.parker18.civ@us.navy.mil and heath.adams2.civ@us.navy.mil. Inquiries will not be accepted **after 5:00 PM EST on May 27, 2026**. The Government will respond to properly submitted inquiries on the SAM.gov website once each week, no later than close of business Thursdays.

II. BACKGROUND

1. **PROJECT OBJECTIVES.** The DON seeks to ascertain information regarding possible uses of the Outer Mole Pier at Truman Annex, Key West, Florida. The Outer Mole Pier has one berth which is approximately 800 feet in length with a minimum water depth of 36 feet. There is currently a non-exclusive lease between the DON and the City of Key West that can be terminated with a ninety (90) day written notice period. Responses should not impact current or future DON missions, operations, or training; the DON does not anticipate approving commercial development on the Mole Pier.

The DON's objective for a new long-term lease agreement is to receive payment (consideration) in the form of in-kind consideration (IKC), instead of cash. The types of IKC the DON can accept are detailed in 10 U.S.C. § 2667(c).

2. **SITE LOCATION.** The Outer Mole Pier is located at Truman Annex, Naval Air Station Key West, Florida as shown on Attachment B.

III. RFI RESPONSE CONSIDERATIONS

1. **RFI REQUIREMENT.** The DON requests each respondent to prepare an RFI response addressing potential utilization ideas for the area shown on Attachment B.
2. **ADDITIONAL FACTORS.** These factors should be considered in the RFI response:
 - i. There shall be no fee transfer of property. Ownership of the premises will remain with the U.S. Government.
 - ii. Access and availability of utilities on the pier is limited. All utilities must be metered and reimbursed where utilities are available. Navy mission need for utilities will take precedent.
 - iii. Use of Truman Harbor is restricted per 33 C.F.R. 334.610.
 - iv. The Government retains priority use of the premises for mission and berthing needs.
 - v. Advanced coordination with NAS Key West is required for all use of the Outer Mole Pier.
 - vi. DoW security requirements must be followed for access to the installation.
3. **INDUSTRY FORUM SITE VISIT.** Respondents are encouraged to attend the Industry Forum and site visit of the Outer Mole Pier on May 20, 2026, in Key West, Florida. The Industry Forum will provide an opportunity for the DON and industry to meet for a question-and-answer session and site visit to the premises. The site visit will allow potential respondents to walk and visually inspect the premises. Individuals planning to attend the site visit or Industry Forum must submit an e-mail to elizabeth.c.parker18.civ@us.navy.mil and heath.adams2.civ@us.navy.mil by May 13,

2026. You will receive an email confirmation that includes the meeting locations and times.

- a. **SECURITY REQUIREMENTS.** All attendees must be able to obtain base access which includes passing a security background check prior to accessing NAS Key West Property. Attached SECNAV 5512 Form (Attachment C) must be submitted to Jim Hale, james.a.hale96.civ@us.navy.mil and Jenna Sullivan, jenna.e.sullivan.civ@us.navy.mil **on or before May 13, 2026.**

IV. SUBMISSION OF RFI RESPONSE

1. **RFI RESPONSE** Respondents are invited to prepare an RFI response in Microsoft Word or PDF compatible format **due no later than 5:00 PM EST on June 3, 2026.** All costs associated with any RFI response shall be at the respondent's sole expense and shall not be reimbursed by the DON. Please be advised that all submissions become Government property and will not be returned. Responses may be submitted via e-mail to elizabeth.c.parker18.civ@us.navy.mil and heath.adams2.civ@us.navy.mil. Responses submitted by email are limited to 7MB in size. If your response will exceed 7MB, please submit an email to elizabeth.c.parker18.civ@us.navy.mil and heath.adams2.civ@us.navy.mil requesting a DoD Safe link.
2. **PROPRIETARY INFORMATION.** Proprietary information included in the RFI response, if any, should be minimized and **MUST BE CLEARLY MARKED.** To aid the Government, please segregate proprietary information.
3. **RFI RESPONSE.**
 - a. **PART I.** Part I of the RFI response shall provide the respondent's administrative information:
 - i. Name of entity
 - ii. Name of designated point of contact
 - iii. Mailing address
 - iv. Overnight delivery address (if different from mailing address)
 - v. Phone number
 - vi. E-mail of designated point of contact
 - b. **PART II.** Part II of the RFI response shall address the requirements set out in the above Section III – RFI RESPONSE CONSIDERATIONS and include the respondent's ability to meet DON's Additional Factors.

V. STATEMENT OF LIMITATIONS

1. **LIMITATIONS.** The Government represents that this RFI, submissions from respondents to this RFI, and any relationship between the Government and

respondents arising from or connected or related to this RFI, are subject to the specific limitations and representations expressed below, as well as the terms and conditions contained elsewhere in this RFI. By submitting a response to this RFI and without the need for any further documentation, the respondents acknowledge and agree to the Government's rights and all other terms and conditions as set forth in the RFI, including the Statement of Limitations.

2. **DEEMED ACCURATE.** To the best of the Government's knowledge, the information provided herein is accurate. However, the Government makes no representations or warranties whatsoever with respect to this RFI or the property, including representations and warranties as to the accuracy of any information or assumptions contained in this RFI or otherwise furnished to respondents by the Government, site and environmental conditions on the property or the suitability of the property, or any portion thereof, for any specific uses or development. Respondents should undertake appropriate investigation in preparation for submitting a response.
3. **DISCUSSIONS.** The Government may request clarifying discussions with any or all of the respondents on an individual or group basis. Submission of a response does not guarantee the opportunity to participate in such discussions, if any.
