STATEMENT OF WORK (SOW)

CLOSED-CIRCUIT TELEVISION (CCTV)

MONITORING SYSTEM - INSTALLATION

1. BACKGROUND

The current monitoring system in Naval Criminal Investigative Service's (NCIS') Northeast Field Office (NEFO) located at Naval Station Newport, RI (NAVSTA) facility needs expansion as it does not cover the stairwell in the front and rear of the building. Proper monitoring of the stairwell is needed as the building hosts not only NCIS employees but also contractors, FedEx deliveries and other visitors and walk-ins and the stairwell is accessible to all at any time.

2. SCOPE

The Contractor shall install a closed-circuit television (CCTV) video monitoring system that includes cameras, video recorder, monitor, beacons and wall activation switches. The Contractor shall furnish all labor, supervision, materials, supplies, tools, connections, equipment, and expertise necessary for this video monitoring system expansion, installation, testing, training, and continued system support. The video monitoring system includes cameras, active monitoring, recorder capability, and alerting beacons.

3. REQUIREMENTS

NCIS requires an addition to the current video camera network with video installation of two (2) cameras, one (1) monitor for live viewing, two (2) beacons and two (2) wall activation switches to monitor the second-floor hallway and stairwell in the front of the building and to alert personnel within the NCIS space of uncleared visitors.

3.1 The Contractor shall provide all labor, equipment, delivery, materials, and tools necessary to perform the installation and testing. This includes all cabling jumpers, power injectors for operation of devices, programming of devices and viewing monitor, hands-on training for one (1) hour, testing and commissioning and warranty.

3.2 The Contractor shall develop a tailored initial design plan (**DEL01**) which will be approved by the government and shall build to the final approved design plan (**DEL02**).

3.3 The Contractor shall provide a detailed Bill of Materials (BOM) for all equipment (**DEL03**)

3.4 The Contractor shall provide the Letter of Warranty detailing all manufacturer and contractor warranties and its terms and conditions (**DEL04**).

3.5 Training: The Contractor shall provide one (1) hour of hands-on-training after the successful system installation. The training shall be clear, effective instructions to users to understand and control the expanded system. Training shall include the basic details required to understand the intended system's workflow, equipping the user to confidently operate the primary functions of the expanded system.

3.6 Installation Warranty: The Contractor shall warrant the system from all defects in materials or workmanship for a warranty period of one (1) year from installation completion for parts and sixty (60) days for labor. Specifics must be included with quote for review and inclusion in the contract after acceptance by the Contracting Officer and Government Technical Point of Contact (TPOC).

3.7 The Contractor will provide all low voltage cabling required for system operation while NCIS will provide 120 Volt Alternating Current (VAC) outlets where required.

4. TASKS

CAMERA INSTALLATION:

4.1 Install one (1) camera within the second-floor hallway outside of the NCIS space to monitor the entry door of Room 200.

4.2 Install one (1) camera on the second-floor stairwell landing to monitor personnel coming up the stairs and entering the second-floor hallway.

BEACON AND ACTIVATION SWITCH INSTALLATION:

4.3 Install one (1) beacon within Room 200, installed in the ceiling brace/beam.

4.4 Install one (1) activation switch directly inside of the NCIS main door on the wall for the beacon on section 4.3.

4.5 Install one (1) beacon at the top of the inner door frame in the hallway near Room 205.

4.6 Install one (1) activation switch within the hallway next to the present light switch for the beacon on section 4.4.

MONITOR AND VIDEO RECORDER INSTALLATION:

4.7 Install one (1) monitor on the wall within Room 200, to the right of the entry door inside the NCIS space.

4.8 Install one (1) video recorder with the viewing monitor.

OTHER - TASK:

4.9 The contractor shall install all necessary low voltage cables for proper system operation.

4.10 The contractor shall install all listed equipment on section 9 of the SOW.

4.11 The contractor shall perform all final adjustment and system tests.

5. DELIVERABLES

DELIVERABLE NUMBER	DESCRIPTION	PWS PARAGRAPH	DUE DATE
DEL01	Initial Design Plan	3.2	One week after the award
DEL02	Final Design Plan	3.2	Three (3) days after the submission of DEL01

DEL03	Bill of Materials (BOM)	3.3	One week after the award
DEL04	Letter of Warranty	3.4	One week after the award

6. PLACE OF PERFORMANCE.

NCIS-Northeast Field Office, Second Floor
344 Meyerkord Avenue
Newport, RI 02841 USA

7. PERIOD OF PERFORMANCE.

20 May 2026 - 19 June 2026

8. POINT OF CONTACTS.

Claudia Zimmerman, Management Program Analyst Email: claudia.zimmerman@ncis.navy.mil
Kristina Richards, Field Office Operations Support Officer Email: kristina.richards@ncis.navy.mil

9. BILL OF MATERIALS (BOM)

All supplies listed below have to be Trade Agreement Act (TAA) compliant.

Part Number	Description	OEM	Specifications
3T943	Red strobe warning light	Federal Signal	Surface mount 120 VAC red strobe warning light. Indoor use. Surface mount, 12 Volt Direct Current (VDC), Light Mounted Bracket Model 2 (LWMB2) mounting kit - wall mount
CM-34AL + RS115-2W + PJ1-W	Wall switch for strobe light and surface mount box	Camden Hubbel Leviton	Camden single-gang surface mount box heavy duty cast aluminum, CM-34AL, surface mount box for Camden (CM)-1000) series key switches. 3.5" depth, 2.5" height. Equal brand as long as it meets specifications. Switch to operate beacon.
IP08-01T-GML	Exacq G-Series recorder 1TB	ExacqVision	Live video to be viewed directly, with High Definition (HD) simultaneous stream, 1Terrabyte (TB) storage size. Include mount kit, mouse and keyboard, and exacqVision Video Management System (VMS) software with 3-year Software Subscription Agreement (SSA) and 3-year Return Merchandise Authorization (RMA) hardware warranty. Internet Protocol (IP) Desktop Micro G-Series exacqVision Network Video Recorder (NVR) with 8 IP licenses.

02374-001	Axis M3086-V Dome camera	Axis Communications	Fixed 4Multi Position (MP) mini dome camera with deep learning. Wide Dynamic Range (WDR) and Lightfinder. Built in microphone. Complementary Metal Oxide Semiconductor (CMOS) image sensor. Local storage memory card slot. Digital pan, tilt, zoom
5026-204	Poe injector	Axis Communications	15 Watt (W) 1-Port Power Over Ethernet Midspan for security systems. Used to power PoE enabled network video products. Supplies 15.4W of maximum power
TC-P582006V2	HDMI to DP cable	Tripp Lite	DisplayPort 1.2 to High-Definition Multimedia Interface (HDMI) adapter cable, 4K, 6 ft. Converts a DisplayPort v1.2 audio/video signal for display on an HDMI monitor, projector, or television. Connections - DisplayPort (MALE), HDMI (MALE) Used to display video camera monitoring on TV monitor.
27RDHY	27" Monitor	Orion Images Corp	27" full HD Light Emitting Diode (LED)-backlit surveillance monitor. HDMI input. Monitors the feeds from CCTV cameras. Monitor must allow for swivel and maneuvering and have split screen capability to simultaneously view both cameras. Maximum resolution of 1920 x 1080, 16:9 aspect ratio.
A34100	Monitor wall Mount	Crimson AV Mounting Solution	Wall mount for 27" viewing monitor to be mounted to a wall. Mount must be able to be pulled back from wall, tilt, and swivel for different viewing angles.
CAT6-WHT 18-04P WHT	Cable	Windy City Wire	18 American Wire Gauge (AWG) 4 conductor non-shielded plenum white jacket cable. Underwriters Laboratories (UL) listed. Jacket color - white. Color Code: black/white/red/green. For Audio Visual (AV) installation to control hardware.
2KXD7	Wire connectors and hangers	NVent Caddy	Cat High Performance (HP) J-hook with multi-function clip. Provides support for data cable. Quick attachment to threaded rod or wire. Fully adjustable to accommodate changes once installed.
Not Applicable	Miscellaneous materials (Connectors, screws, tape, crimps, cable ties)	N/A	N/A

6. SECURITY

Naval Station Newport, RI has adopted the Defense Biometric Identification System (DBIDS) as a standardized process for granting unescorted access privileges to vendors, contractors, suppliers and service providers. DBIDS is specifically for those vendors and contractors not otherwise entitled to the issuance of a Personal Identity Verification card (PIV). Vendors, contractors, suppliers and service providers who seek routine, unescorted access to Naval installations and can provide appropriate justification may obtain reusable credentials under DBIDS.

DBIDS credentials are issued free of charge. Visiting vendors may continue to obtain daily passes directly from the individual Naval installations by submitting identification credentials for verification and undergoing a criminal screening/ background check. Alternatively, a vendor may choose to obtain long-term DBIDS credentials at each installation's respective Visitor Control Center by enrollment, registration, background vetting, screening, issuance of credentials, and electronic validation of credentials.

Contractor personnel are required to maintain installation access for the life of the contract. Additionally, the contractor must comply with all Naval Station (NAVSTA) Newport Security and Administrative policy and procedures in effect during the term of the contract. When access to a base, facility or activity is required the PM will coordinate with NCIS prior to arrival.

The contractor is responsible for obtaining and maintaining DBIDS access for access to NAVSTA Newport.

The CCTV installation will be coordinated with local NCIS personnel.

7. SITE VISIT

A site visit is available to allow the contractor to verify the space to ensure design of the dimensions of their product line and plans are correct. Contractor shall provide at **least 5 working days' notice** for scheduling a site visit. Attendees are required to submit a request for base access at least five working days prior to the intended site visit date. Attendees are required to complete SECNAV form 5512/1 to request access and should provide the completed form to NCIS MPA Claudia Zimmerman. All attendees are required to get visitor's passes and must be **U.S. citizens**.

Attendees are to go to the **Visitor Control Center (VCC) located at 1377 Cloyne Court, Newport, RI 02841** to get the visitor pass before entering the Naval station the day of the site visit. It is required to bring the following items with you to obtain access: Passport or Driver's License, vehicle paperwork (registration and proof of insurance), and sponsor command contact information and point of contact.

To arrange for site visit, contact **Claudia Zimmerman** claudia.zimmerman@ncis.navy.mil, and copy **Kristina Richards**, kristina.richards@ncis.navy.mil.

252.232-7006 Wide Area WorkFlow Payment Instructions. (Jan 2023)

As prescribed in 232.7004(b), use the following clause:

WIDE AREA WORKFLOW PAYMENT INSTRUCTIONS (JAN 2023)

(a) *Definitions.* As used in this clause-

"Department of Defense Activity Address Code (DoDAAC)" is a six position code that uniquely identifies a unit, activity, or organization.

"Document type" means the type of payment request or receiving report available for creation in Wide Area WorkFlow (WAWF).

"Local processing office (LPO)" is the office responsible for payment certification when payment certification is done external to the entitlement system.

"Payment request" and "receiving report" are defined in the clause at 252.232-7003, Electronic Submission of Payment Requests and Receiving Reports.

(b) *Electronic invoicing.* The WAWF system provides the method to electronically process vendor payment requests and receiving reports, as authorized by Defense Federal Acquisition Regulation Supplement (DFARS) 252.232-7003, Electronic Submission of Payment Requests and Receiving Reports.

(c) *WAWF access.* To access WAWF, the Contractor shall-

- (1) Have a designated electronic business point of contact in the System for Award Management at <https://www.sam.gov>; and
- (2) Be registered to use WAWF at <https://wawf.eb.mil/> following the step-by-step procedures for self-registration available at this web site.

(d) *WAWF training.* The Contractor should follow the training instructions of the WAWF Web-Based Training Course and use the Practice Training Site before submitting payment requests through WAWF. Both can be accessed by selecting the "Web Based Training" link on the WAWF home page at <https://wawf.eb.mil/>

(e) *WAWF methods of document submission.* Document submissions may be via web entry, Electronic Data Interchange, or File Transfer Protocol.

(f) *WAWF payment instructions.* The Contractor shall use the following information when submitting payment requests and receiving reports in WAWF for this contract or task or delivery order:

- (1) *Document type.* The Contractor shall submit payment requests using the following document type(s):
 - (i) For cost-type line items, including labor-hour or time-and-materials, submit a cost voucher.

(ii) For fixed price line items-

(A) That require shipment of a deliverable, submit the invoice and receiving report specified by the Contracting Officer.

(B) For services that do not require shipment of a deliverable, submit either the Invoice 2in1, which meets the requirements for the invoice and receiving report, or the applicable invoice and receiving report, as specified by the Contracting Officer.

Invoice2in1

(iii) For customary progress payments based on costs incurred, submit a progress payment request.

(iv) For performance based payments, submit a performance based payment request.

(v) For commercial financing, submit a commercial financing request.

(2)) Fast Pay requests are only permitted when Federal Acquisition Regulation (FAR) 52.213-1 is included in the contract.

[Note: The Contractor may use a WAWF "combo" document type to create some combinations of invoice and receiving report in one step.]

(3) *Document routing.* The Contractor shall use the information in the Routing Data Table below only to fill in applicable fields in WAWF when creating payment requests and receiving reports in the system.

Routing Data Table*

<i>Field Name in WAWF</i>	<i>Data to be entered in WAWF</i>
Pay Official DoDAAC	N50082
Issue By DoDAAC	<u>N63285</u>
Admin DoDAAC	<u>N63285</u>
Inspect By DoDAAC	<u>N63285</u>
Ship To Code	<u>N63285</u>
Ship From Code	==
Mark For Code	==
Service Approver (DoDAAC)	<u>N63285</u>

Service Acceptor (DoDAAC)	<u>N63285</u>
Accept at Other DoDAAC	==
LPO DoDAAC	<u>N63285</u>
DCAA Auditor DoDAAC	==
Other DoDAAC(s)	==

(4) *Payment request.* The Contractor shall ensure a payment request includes documentation appropriate to the type of payment request in accordance with the payment clause, contract financing clause, or Federal Acquisition Regulation 52.216-7, Allowable Cost and Payment, as applicable.

(5) *Receiving report.* The Contractor shall ensure a receiving report meets the requirements of DFARS Appendix F.

(g) *WAWF point of contact.*

(1) The Contractor may obtain clarification regarding invoicing in WAWF from the following contracting activity's WAWF point of contact.

NCIS_COMPROLLER@NCIS.NAVY.MIL

(FOR ALL INVOICING QUESTIONS OR CONCERNS)

(2) Contact the WAWF helpdesk at 866-618-5988, if assistance is needed.

52.204-24 Representation Regarding Certain Telecommunications and Video Surveillance Services or Equipment. (Nov 2021)

REPRESENTATION REGARDING CERTAIN TELECOMMUNICATIONS AND VIDEO SURVEILLANCE SERVICES OR EQUIPMENT (NOV 2021)

The Offeror shall not complete the representation at paragraph (d)(1) of this provision if the Offeror has represented that it "does not provide covered telecommunications equipment or services as a part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument" in paragraph (c)(1) in the provision at 52.204-26, Covered Telecommunications Equipment or Services-Representation, or in paragraph (v)(2)(i) of the provision at 52.212-3, Offeror Representations and Certifications-Commercial Products or Commercial Services. The Offeror shall not complete the representation in paragraph (d)(2) of this provision if the Offeror has represented that it "does not use covered telecommunications equipment or services, or any equipment, system, or service that uses covered telecommunications equipment or services" in paragraph (c)(2) of the provision at 52.204-26, or in paragraph (v)(2)(ii) of the provision at 52.212-3.

(a) *Definitions.* As used in this provision-

Backhaul, covered telecommunications equipment or services, critical technology, interconnection arrangements, reasonable inquiry, roaming, and substantial or essential component have the meanings provided in the clause 52.204-25, Prohibition on Contracting for Certain Telecommunications and Video Surveillance Services or Equipment.

(b) *Prohibition.*

(1) Section 889(a)(1)(A) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232) prohibits the head of an executive agency on or after August 13, 2019, from procuring or obtaining, or extending or renewing a contract to procure or obtain, any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. Nothing in the prohibition shall be construed to-

(i) Prohibit the head of an executive agency from procuring with an entity to provide a service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or

(ii) Cover telecommunications equipment that cannot route or redirect user data traffic or cannot permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(2) Section 889(a)(1)(B) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232) prohibits the head of an executive agency on or after August 13, 2020, from entering into a contract or extending or renewing a contract with an entity that uses any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. This prohibition applies to the use of covered telecommunications equipment or services, regardless of whether that use is in performance of work under a Federal contract. Nothing in the prohibition shall be construed to-

(i) Prohibit the head of an executive agency from procuring with an entity to provide a service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or

(ii) Cover telecommunications equipment that cannot route or redirect user data traffic or cannot permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(c) *Procedures.* The Offeror shall review the list of excluded parties in the System for Award Management (SAM) (<https://www.sam.gov>) for entities excluded from receiving federal awards for "covered telecommunications equipment or services".

(d) *Representation.* The Offeror represents that-

(1) ☐ will, ☐ will not provide covered telecommunications equipment or services to the Government in the performance of any contract, subcontract or other contractual instrument resulting from this solicitation. The Offeror shall provide the additional disclosure information required at paragraph (e)(1) of this section if the Offeror responds "will" in paragraph (d)(1) of this section; and

(2) After conducting a reasonable inquiry, for purposes of this representation, the Offeror represents that-

It ☐ does, ☐ does not use covered telecommunications equipment or services, or use any equipment, system, or service that uses covered telecommunications equipment or services. The Offeror shall provide the additional disclosure information required at paragraph (e)(2) of this section if the Offeror responds "does" in paragraph (d)(2) of this section.

(e) *Disclosures.*

(1) Disclosure for the representation in paragraph (d)(1) of this provision. If the Offeror has responded "will" in the representation in paragraph (d)(1) of this provision, the Offeror shall provide the following information as part of the offer:

(i) For covered equipment-

(A) The entity that produced the covered telecommunications equipment (include entity name, unique entity identifier, CAGE code, and whether the entity was the original equipment manufacturer (OEM) or a distributor, if known);

(B) A description of all covered telecommunications equipment offered (include brand; model number, such as OEM number, manufacturer part number, or wholesaler number; and item description, as applicable); and

(C) Explanation of the proposed use of covered telecommunications equipment and any factors relevant to determining if such use would be permissible under the prohibition in paragraph (b)(1) of this provision.

(ii) For covered services-

(A) If the service is related to item maintenance: A description of all covered telecommunications services offered (include on the item being maintained: Brand; model number, such as OEM number, manufacturer part number, or wholesaler number; and item description, as applicable); or

(B) If not associated with maintenance, the Product Service Code (PSC) of the service being provided; and explanation of the proposed use of covered telecommunications services and any factors relevant to determining if such use would be permissible under the prohibition in paragraph (b)(1) of this provision.

(2) Disclosure for the representation in paragraph (d)(2) of this provision. If the Offeror has responded "does" in the representation in paragraph (d)(2) of this provision, the Offeror shall provide the following information as part of the offer:

(i) For covered equipment-

(A) The entity that produced the covered telecommunications equipment (include entity name, unique entity identifier, CAGE code, and whether the entity was the OEM or a distributor, if known);

(B) A description of all covered telecommunications equipment offered (include brand; model number, such as OEM number, manufacturer part number, or wholesaler number; and item description, as applicable); and

(C) Explanation of the proposed use of covered telecommunications equipment and any factors relevant to determining if such use would be permissible under the prohibition in paragraph (b)(2) of this provision.

(ii) For covered services-

(A) If the service is related to item maintenance: A description of all covered telecommunications services offered (include on the item being maintained: Brand; model number, such as OEM number, manufacturer part number, or wholesaler number; and item description, as applicable); or

(B) If not associated with maintenance, the PSC of the service being provided; and explanation of the proposed use of covered telecommunications services and any factors relevant to determining if such use would be permissible under the prohibition in paragraph (b)(2) of this provision.

252.204-7016 Covered Defense Telecommunications Equipment or Services-Representation.

(Dec 2019)

COVERED DEFENSE TELECOMMUNICATIONS EQUIPMENT OR SERVICES-REPRESENTATION (DEC 2019)

(a) *Definitions.* As used in this provision, "covered defense telecommunications equipment or services" has the meaning provided in the clause 252.204-7018, Prohibition on the Acquisition of Covered Defense Telecommunications Equipment or Services.

(b) *Procedures.* The Offeror shall review the list of excluded parties in the System for Award Management (SAM) (<https://www.sam.gov>) for entities excluded from receiving federal awards for "covered defense telecommunications equipment or services".

(c) *Representation.* The Offeror represents that it ☐ does, ☐ does not provide covered defense telecommunications equipment or services as a part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument.

(End of provision)

Addendum to 52.212-1, Instructions to Offerors - Commercial Products and Commercial Services

This is a combined synopsis/solicitation (N6328526QS058) for commercial service prepared in accordance with the format in Federal Acquisition Regulation (FAR) Subpart 12.2 - Solicitation, Evaluation, Award as supplemented with additional information included in this notice. This announcement constitutes the only solicitation.

The Naval Criminal Investigative Service (NCIS) has a requirement to install closed circuit television (CCTV) monitoring system. In accordance with FAR Part 12, NCIS is issuing the solicitation for the requested service. A Statement of Work (SOW) is attached on the solicitation.

This solicitation document and incorporated provisions and clauses are those in effect through Federal Acquisition Circular (FAC) **2026-01**, effective **03/13/2026** and Defense Federal Regulation Supplement (DFARS) Change **11/10/2025**. It is the responsibility of the contractor to be familiar with the applicable provisions and clauses, which can be accessed in full text at www.acquisition.gov

QUOTE DUE DATE: WEDNESDAY, 13 MAY 2026, AT 11:00 AM EASTERN DAYLIGHT TIME (EDT)

FAR 52.212-1 ADDENDUM - INSTRUCTIONS TO QUOTERS

RFQ Title:	CCTV Monitoring System
RFQ Number:	N63285-25-Q-S058
Set Aside:	Yes, 100% Small Business Set-aside
Authority:	FAR Part 12 - Open Market
Justification and Approval (J&A)	No
NAICS Code:	334512 - Building services monitoring controls, automatic, manufacturing
Basis for Award:	Lowest Price Technically Acceptable (LPTA)
NCIS POCs:	Pravin Upadhyay, pravin.upadhyay@ncis.navy.mil Judith M. Campbell, judith.campbell@ncis.navy.mil

--	--

SUBMISSION OF QUOTES:

1. COMPANY NAME, ADDRESS, CAGE, UEI, SMALL BUSINESS STATUS
2. PERIOD OF PERFORMANCE (IF DIFFERENT FROM WHAT IS REQUESTED)
3. TOTAL PRICE

Please submit a **stand-alone quote** along with the **signed RFQ** form SF1449 via **Email** to both NCIS POCs named above. Block 17a should be completed with company name, address, POC's email and phone number, CAGE Code, UEI Number, TIN number. The Schedule of Products and Pricing with Unit Price shall be filled in. Failure to follow directions will cause the quote to be unacceptable and deemed non-responsive. No other form of quotation will be accepted.

The Quoter is responsible for ensuring their quote has been received **via Email** by both NCIS POCs by the date and time specified above. Delivery delays that cause a quote to be late are not the responsibility of the Government agency.

Quoters that fail to furnish required representation or technical information as required by Federal Acquisition Regulation provisions 52.212-1, Instructions to Quoters or reject the terms and conditions of this solicitation shall be excluded from consideration.

52.212-2 ADDENDUM: EVALUATION--COMMERCIAL ITEMS

EVALUATION: The Government intends to establish a single-award firm-fixed price (FFP) **Purchase Order** to the vendor who is found to be responsive and provides an acceptable quote to the Government, by virtue of being deemed **Lowest Price, Technically Acceptable (LPTA) on CLIN 0001**.

Vendors are to quote on **entire scope of the requested services**. The vendor's quoted item descriptions shall reflect the characteristics and level of quality that will satisfy the Government's need as described in the **Statement of Work (SOW)**. Quotes determined to have passed the technical capability requirements will then be evaluated for a fair and reasonable price determination. Quotes shall be evaluated for technical acceptability (only) on an acceptable/unacceptable basis.

The Government intends to evaluate quotes and award without exchanges with vendors. Therefore, the vendor's initial quote should contain the vendor's best terms from a price and technical standpoint. However, the Government reserves the right to conduct discussions with the vendor if the Contracting Officer later determines them to be necessary.

TECHNICAL: To ensure technical compliance, the Government will evaluate quotes as follows:

a. The quoter must clearly demonstrate that the quoted solution meets the solicitation requirements. A mere statement that the quoter will meet the Government's requirement is NOT sufficient.

The following ratings/definitions will be utilized for Technical Compliance:

--	--

RATING	DEFINITION
Acceptable	Quote meets the requirements of the solicitation
Unacceptable	Quote does not meet the requirement of the solicitation

PRICE: The price quote should avoid ambiguities of inclusion, exclusion, or content.

The Government will evaluate Quoter's quoted prices, but this factor will not be given an adjectival rating. Quotes will be evaluated on completeness, accuracy, and reasonableness. Evaluation of the quoted prices for the supplies/services will be based on a comparison of quoted prices received in response to the solicitation and may also be based on a comparison to the Independent Government Estimate (IGE) along with any other relevant price analysis techniques deemed appropriate.

Reasonableness. For the price to be reasonable in its nature and amount, it should not exceed that which would be incurred by a prudent person in the conduct of a competitive business. Reasonableness takes into account the context of a given evaluation, including current market conditions, general economic conditions, and other factors that affect the ability of a Quoter to perform the contract requirements.

Normally, adequate price competition establishes a fair and reasonable price.

Completeness and Accuracy. The Government will review the pricing for completeness and accuracy. The quote will be checked for mathematical correctness to include the following:

- 1) Checking arithmetic in all computations; and
- 2) Ensuring all prices are summarized correctly.

52.252-1 Solicitation Provisions Incorporated by Reference. (Feb 1998)

As prescribed in 52.107(a), insert the following provision:

Solicitation Provisions Incorporated by Reference (Feb 1998)

This solicitation incorporates one or more solicitation provisions by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. The offeror is cautioned that the listed provisions may include blocks that must be completed by the offeror and submitted with its quotation or offer. In lieu of submitting the full text of those provisions, the offeror may identify the provision by paragraph identifier and provide the appropriate information with its quotation or offer. Also, the full text of a solicitation provision may be accessed electronically at this/these address(es): WWW.ACQUISITION.GOV
