

Single Source Justification (Simplified Acquisition)

Section A: General Contract Information

Is this a Bridge Action as defined in the [AF Bridge Action Reduction Plan](#)?☐ Yes☒ No

Contracting Activity: AFTAC/709 SAG/USAF CIL

Project/Program Name: AFTAC CIL Radioactive Calibration Sources

Purchase Request / Local ID Number: FA252126QB069

Estimated Contract Cost (including Options): [REDACTED]

Section B: Description of the Supplies/Services Required

Procurement of 6 certified National Institute of Standards and Technology (NIST)-traceable radioactive reference standards for calibration of Mass Spectrometry Flight's (LOS) radiation measurement instrumentation.

Items included:

Part Number Configuration/System Details Qty Price Extended Price

1. 8401-GF-RASA (4.00 uCi) 2 EA [REDACTED]

2. 8403-EG-SDLD (2.10 uCi) 1 EA [REDACTED]

3. 8403-GF-FP (2.80 uCi) 1 EA [REDACTED]

4. 8403-GF-FP (4.00 uCi) 1 EA [REDACTED]

5. 8409-EG-SD (5.00 uCi) 1 EA [REDACTED]

6. 8409-EG-SD (1.00 uCi) 1 EA [REDACTED]

7. Hazardous material shipping 1 EA [REDACTED]

Section C: Justification for Soliciting from a Single Source or Brand Name

Eckert & Ziegler is the only company that manufactures and sells certified NIST-traceable radioactive reference standards in customer supplied geometries. To properly calibrate instrumentation, LOS requires radioactive standards in the same physical geometry as samples that LOS measures.

The accuracy of these reference standards serve as the foundation upon which USAF CIL guarantees the accuracy of its results. It is necessary that this reference material be trusted as accurate. In the United States, NIST is the organization that provides the master reference standard. Therefore, LOS requires that the accuracy of the activity all of its calibration sources to be traceable to NIST.

Section D: Efforts to Obtain Competition

A sources sought was issued resulting in two vendors responding, however, neither vendor met the requirement set forth in the salient characteristics and the attached Statement of Objective (SOO)/Technical Requirement Package.

In addition, three other vendors were contacted that resulted in negative replies for availability and one no response.

Eckert & Ziegler is the only vendor to fulfill all requirements listed in this purchase request. An exhaustive effort was conducted to determine viable vendors.

Section E: Steps to Preclude Future Single Source or Brand Name Awards

Will continue to research other chemical-based companies to accomplish the mission w/minimal resources and solicit other sources that produce NIST type requirements.

Single Source Justification (Simplified Acquisition)

Section F: Contracting Officer's Determination

I have determined, in accordance with [FAR 13.106-1\(b\)\(1\)](#), that the circumstances of this contract action deem only a single source is reasonably available.
