

Sole Source Notice

The Uniformed Services University of the Health Sciences (USU) is the Nation's federal health sciences university and is committed to excellence in military medicine and public health during peace and war. We provide the Nation with health professionals dedicated to career service in the Department of Defense and the United States Public Health Service and with scientists who serve the common good. We serve the uniformed services and the Nation as an outstanding academic health sciences center with a worldwide perspective for education, research, service, and consultation; we are unique in relating these activities to military medicine, disaster medicine, and military medical readiness. USU is located in Bethesda, MD on the grounds of the Naval Support Activity Bethesda.

The mission of the USU is to provide the highest quality education programs in the health sciences to those selected individuals who demonstrate dedication to a health profession career in the Uniformed Services.

Intent to Sole-Source: USU intends to award a sole-source, firm-fixed-price commercial contract for a fully integrated RoboCount LAB/50 Automatic Sample Changer system, paired with our high-performance Mirion N-Type Coaxial HPGe Detector GR4020. This proposed solution is designed to support AFRRI's mission-critical work in radiobiology, radiation safety, and nuclear event response through enhanced gamma spectrometry capabilities.

Intended Recipient: Mirion Technologies (Canberra), Inc., 800 Research PKWY
Meriden, Connecticut 06450-7127 United States

Sole Source Justification: Mirion Technologies (Canberra), Inc. is the sole manufacturer of the RoboCount LAB/50 Automatic Sample Changer system. Moreover, the customization required makes this equipment impractical for a competitive acquisition through an authorized distributor.
