Section A - Solicitation/Contract Form

SILENCER EXHAUST

Additional Regulation or Supplemental Clauses Incorporated by Full Text

FLCPS SRF 001 FLCPS_SRF_NOTICE_TO_OFFERORS

(Aug 2025)

**This Solicitation is a
BRAND NAME REQUIREMENT
for
GT EXHAUST SYSTEMS INCORPORATED**

1. NOTICE TO ALL OFFERORS: The Government anticipates awarding a firm, fixed price contract in accordance with FAR Part 12 and 13 in response to quotes/proposals received in response to this solicitation. A firm, fixed price contract places the maximum risk and full responsibility for all costs and resulting profit or loss on the contractor, offerors are advised to consider these risks when pricing their quotes/proposals.
2. See block 8 on page 1 of the solicitation for the closing date and time.
3. The deadline for submission of questions regarding the solicitation's terms, conditions, specifications, and/or the statement of work (SOW) / performance work statement (PWS) is 1 day prior to the solicitation's closing date. Submit via email, to the Contracting Official 2 days prior to solicitation closing date:

Name: Taura Helms

Email: taura.s.helms.civ@us.navy.mil

4. **FOR COMPETITIVE REQUIREMENTS** - In accordance with FAR 13.106, the Government will select the most advantageous offer based on the following evaluation factors: technical including *delivery date*, price, and past performance in no order of relative importance
5. "EXCEPTIONS: All quoters MUST note all exceptions from the solicitation's terms, conditions, specifications, and/or the statement of work / performance work statement, if any. It will be assumed that any quote without mention of any exceptions will take no exception from all specifications, terms and conditions, clauses, or provisions within the solicitation."
6. **SINGLE AWARD FOR ALL ITEMS:** Due to the interrelationship of supplies and/or services to be provided hereunder, the Government reserves the right to make a single award to the quoter whose quote is considered in the best interest of the government, price and other factors considered. Therefore, quoters who quote less than the entire effort specified herein may be determined to be unacceptable.

7. **BRAND NAME STATEMENT:** This acquisition will be negotiated on a **BRAND NAME** basis with Original Equipment Manufacturer **GT EXHAUST SYSTEMS INCORPORATED** or **AUTHORIZED DISTRIBUTORS** per FAR 11. Interested **AUTHORIZED DISTRIBUTORS** may identify their interest and capability to respond to the requirement or submit proposals prior to offer due date.

8. Submission of invoices will be via WAWF; see Clause 252.232-7006.

Section C - Description/Specifications/Statement of Work

Requirements

Silencer

Section D - Packaging and Marking

Additional Regulation or Supplemental Clauses Incorporated by Full Text

FLCPS SRF 007 FLCPS_SRF_DELIVERY

(Aug 2025)

PREPARATION FOR DELIVERY (COMMERCIALY PACKAGED ITEMS)

- (a) Preservation, packaging, and packing shall be in accordance with ASTM-D-3951 (most current edition), "Standard for Commercial Packing." The unit pack quantity that applies to items under this contract is "Industry Standard".
- (b) Prohibited Packing Materials. The use of asbestos, excelsior, loose fill polystyrene, newspaper or shredded paper (all types including waxed paper, computer paper and similar hydroscopic or non-neutral material) is prohibited.
- (c) Non-Manufactured Wood Packing. All non-manufactured wood utilized in wood pallets and wood containers shall be heat treated to a minimum core temperature of 56 degrees centigrade for 30 minutes and certified by an accredited agency recognized by the American Lumber Standards Committee (ALSC). Refer to <https://www.aphis.usda.gov/aphis/ourfocus/planthealth/import-information/wood-packaging-material> for wood packing policy, enforcement regulations and accredited agencies. Non-coniferous (hardwood) and manufactured wood, such as particleboard and plywood, are exempt from this requirement.
- (d) Manufactured wood, such as particleboard and plywood, are exempt from this requirement.
- (e) Packing must be sufficient to ensure safe delivery to the final destination without the need for additional repackaging or repair.
- (f) All materials shall be packed to withstand multiple modes of transport (truck, rail, sea, or air) and handling by forklifts or cranes.
- (g) Heavy items must be crated or skid-mounted to distribute weight evenly and ensure lifting point are accessible and marked.
- (h) Packages must be stable, not exceed safe stacking limits, and be secured against movement in transit.

MARKING OF SHIPMENTS (COMMERCIALY PACKAGED ITEMS)

- (i) Marking shall be in accordance with ASTM-D-3951 (most current edition) and with the information set forth in paragraph (ii) below. Unless specified elsewhere in this contract/order, bar coding is not required.
- (ii) All unit and exterior containers/packs shall, as a minimum, be marked as follows:
1. National stock number (NSN), when available, or Federal stock number (FSN), when NSN is not available, or part number when neither NSN or FSN are available.
 2. Noun nomenclature cited on contract or order.
 3. Quantity and unit of issue.
 4. Contract, or order number.
 5. From: _____
(Contractor's Name)
 6. To: (See delivery address on page 3-4 or in Section F)

(Address)
- (iii) Markings may be applied by any means which provide legibility.

TRACEABLE FREIGHT

The Contractor shall assume all responsibility for shipment to the specified destination. Shipment must be via a fully traceable commercial freight method. Traceable freight means that the shipment is registered upon shipment with an identifying number. The number is for location of the shipment at any point in transit, including final destination, and verifies shipment arrival at the specified destination. If a shipping method does not provide traceability as defined above, it shall not be used.

INSPECTION AND ACCEPTANCE (DESTINATION)

Inspection and acceptance of the supplies or services to be furnished hereunder shall be made at destination by the receiving activity.

PROOF OF DELIVERY

If United Parcel Service (UPS) or Federal Express services are used for transportation, each package must have a unique package identification number. The Government will not consider the manifest as proof of delivery unless each package can be uniquely identified. Acceptance will occur only after the Government can verify actual receipt of the contract items--packaged, marked and labeled as required elsewhere in this contract.

Additional Regulation or Supplemental Clauses Incorporated by Full Text

FLCPS SRF 006 FLCPS_SRF_SHIPPING

(Aug 2025)

I. INTRODUCTION

For this FOB Origin procurement, the Government will arrange for transportation and pay all associated transportation costs through the NAVSUP WSS Shipment Processing (SP) office (aka NAVSUP GLS, NAVSUP LOC or NOLSC). NAVSUP WSS will process shipments of materials from within the United States to CONUS (Continental United States)/OCONUS (Outside Continental United States) consignees with delivery terms Free On-Board (FOB) Origin.

Contractors/vendors shall complete the Naval Supply Systems Command automated Ready-to-Ship (RTS) web form by accessing the link provided below in Section II. By completing the form on line, the NAVSUP WSS at Norfolk, VA will receive an email of the shipment request immediately and will act on it as soon as possible during their normal working hours of 7:30 AM to 6:00 PM Eastern Time Monday through Friday. In response, NAVSUP WSS will provide MANDATORY USE shipping labels to the contractor/vendor. The contractor/vendor will arrange for shipment with the NAVSUP WSS designated carrier IMMEDIATELY upon receipt of the shipping labels. If the NAVSUP WSS provided shipping labels are not used, the contractor/vendor will experience delays and additional work to reconcile the transportation payment under the NAVSUP WSS tracking number and possible additional costs not covered under the contract or NAVSUP WSS Transportation. If the contractor/vendor turns an ordered vehicle away and a vehicle furnished not used charge is incurred the contractor/vendor is responsible for payment. If the contractor/vendor detains the vehicle and incurs a detention charge the contractor/vendor is responsible for payment. International small parcel shipment documents are invalid after five business days. If the vendor incurs any extra costs with the carrier outside of the CBL/GBL it is the vendors responsibility for payment. NAVSUP WSS does not accept hazardous or explosive shipments.

CONTRACTORS/VENDORS ARE NOT AUTHORIZED TO ARRANGE FOR TRANSPORTATION OR PAY TRANSPORTATION COSTS FOR SHIPMENT OF FOB ORIGIN PROCUREMENT.

II. PROCEDURES FOR CONTRACTORS TO REQUEST READY-TO-SHIP (RTS) NOTICES

When the cargo is ready for shipment, the contractor/vendor will submit their shipping request to NAVSUP WSS using the following procedures: Click on the link at [https://mynavsup-public.nag.navy.mil/public/ops\\$mailer.ready_to_ship_form](https://mynavsup-public.nag.navy.mil/public/ops$mailer.ready_to_ship_form) to open the NAVSUP WSS RTS Web Form. The contractor/vendor is required to fill in all data fields marked with a red asterisk under the headings "Vendor Information" and "Package Information." The fields not marked with a red asterisk and the heading "Additional Notes" are optional fields to be filled in at the contractor's/vendor's discretion. Click on the blue question mark at the right of each data field to access "On-line Data Element Help" which explains the data required in that field. If shipping labels are being requested for multiple packages, enter the data for the first package under "Package Information" then click the "Store Pkg Info" button. Repeat this procedure for each package. When all data has been entered on the electronic form, click the "Submit" button. Container Shipments: containers take longer to book and arrange for loading. If you can provide reliable dimensions and weight estimates for the cargo, send the initial shipping request THREE WEEKS before your requested container load date.

If you have any questions regarding the web form, contact NAVSUP WSS Transportation directly at (757) 443-5449 or usn.norfolk.navsupwssnorf.mbx.navsup-nfmgt1@us.navy.mil

NOTE: Incomplete or missing information will significantly delay the process of arranging transportation.

III. CONTRACTING OFFICER SHALL PROVIDE THE FOLLOWING INFORMATION:

***Information provided at time of Award.**

Section G - Contract Administration Data

DFARS Clauses Incorporated by Reference

Number	Title	Effective Date	Alternate/ Deviation	Variation Effective Date
252.232-7003	Electronic Submission of Payment Requests and Receiving Reports.	Dec 2018		

DFARS Clauses Incorporated by Full Text

252.232-7006 **Wide Area WorkFlow Payment Instructions.** (Jan 2023)

252.232-7006 WIDE AREA WORKFLOW PAYMENT INSTRUCTIONS (DEC 2018)

(a) Definitions. As used in this clause--

"Department of Defense Activity Address Code (DoDAAC)" is a six position code that uniquely identifies a unit, activity, or organization.

"Document type" means the type of payment request or receiving report available for creation in Wide Area WorkFlow (WAWF).

"Local processing office (LPO)" is the office responsible for payment certification when payment certification is done external to the entitlement system.

"Payment request" and "receiving report" are defined in the clause at 252.232-7003, Electronic Submission of Payment Requests and Receiving Reports.

(b) Electronic invoicing. The WAWF system provides the method to electronically process vendor payment requests and receiving reports, as authorized by Defense Federal Acquisition Regulation Supplement (DFARS) 252.232-7003, Electronic Submission of Payment Requests and Receiving Reports.

(c) WAWF access. To access WAWF, the Contractor shall--

(1) Have a designated electronic business point of contact in the System for Award Management at <https://www.sam.gov>; and

(2) Be registered to use WAWF at <https://wawf.eb.mil/> following the step-by-step procedures for self-registration available at this web site.

(d) WAWF training. The Contractor should follow the training instructions of the WAWF Web-Based Training Course and use the Practice Training Site before submitting payment requests through WAWF. Both can be accessed by selecting the "Web Based Training" link on the WAWF home page at <https://wawf.eb.mil/>.

(e) WAWF methods of document submission. Document submissions may be via web entry, Electronic Data Interchange, or File Transfer Protocol.

(f) WAWF payment instructions. The Contractor shall use the following information when submitting payment requests and receiving reports in WAWF for this contract or task or delivery order:

(1) Document type. The Contractor shall submit payment requests using the following document type(s):

(i) For cost-type line items, including labor-hour or time-and-materials, submit a cost voucher.

(ii) For fixed price line items--

For Supplies:

(A) That require shipment of a deliverable, submit the invoice and receiving report specified by the Contracting Officer.

COMBO

(iii) For customary progress payments based on costs incurred, submit a progress payment request.

(iv) For performance based payments, submit a performance based payment request.

(v) For commercial item financing, submit a commercial item financing request.

(2) Fast Pay requests are only permitted when Federal Acquisition Regulation (FAR) 52.232.90 is included in the contract.

[Note: The Contractor may use a WAWF "combo" document type to create some combinations of invoice and receiving report in one step.]

(3) Document routing. The Contractor shall use the information in the Routing Data Table below only to fill in applicable fields in WAWF when creating payment requests and receiving reports in the system.

Routing Data Table

TO BE PROVIDED AT TIME OF AWARD

(4) Payment request. The Contractor shall ensure a payment request includes documentation appropriate to the type of payment request in accordance with the payment clause, contract financing clause, or Federal Acquisition Regulation 52.216-7, Allowable Cost and Payment, as applicable.

(5) Receiving report. The Contractor shall ensure a receiving report meets the requirements of DFARS Appendix F.

(g) WAWF point of contact.

(1) The Contractor may obtain clarification regarding invoicing in WAWF from the following contracting activity's WAWF point of contact.

(2) Contact the WAWF helpdesk at 866-618-5988, if assistance is needed.

(End of clause)

DFARS Clauses Incorporated by Full Text

252.211-7003 Item Unique Identification and Valuation.

(Jan 2023)

As prescribed in 211.274-5(a), use the following clause:

ITEM UNIQUE IDENTIFICATION AND VALUATION (JAN 2023)

(a) *Definitions.* As used in this clause-

"Automatic identification device" means a device, such as a reader or interrogator, used to retrieve data encoded on machine-readable media.

"Concatenated unique item identifier" means-

(1) For items that are serialized within the enterprise identifier, the linking together of the unique identifier data elements in order of the issuing agency code, enterprise identifier, and unique serial number within the enterprise identifier; or

(2) For items that are serialized within the original part, lot, or batch number, the linking together of the unique identifier data elements in order of the issuing agency code; enterprise identifier; original part, lot, or batch number; and serial number within the original part, lot, or batch number.

"Data matrix" means a two-dimensional matrix symbology, which is made up of square or, in some cases, round modules arranged within a perimeter finder pattern and uses the Error Checking and Correction 200 (ECC200) specification found within International Standards Organization (ISO)/International Electrotechnical Commission (IEC) 16022.

"Data qualifier" means a specified character (or string of characters) that immediately precedes a data field that defines the general category or intended use of the data that follows.

"DoD recognized unique identification equivalent" means a unique identification method that is in commercial use and has been recognized by DoD. All DoD recognized unique identification equivalents are listed at <https://www.acq.osd.mil/asda/dpc/ce/ds/unique-id.html>.

"DoD item unique identification" means a system of marking items delivered to DoD with unique item identifiers that have machine-readable data elements to distinguish an item from all other like and unlike items. For items that are serialized within the enterprise identifier, the unique item identifier shall include the data elements of the enterprise identifier and a unique serial number. For items that are serialized within the part, lot, or batch number within the enterprise identifier, the unique item identifier shall include the data elements of the enterprise identifier; the original part, lot, or batch number; and the serial number.

"Enterprise" means the entity (e.g., a manufacturer or vendor) responsible for assigning unique item identifiers to items.

"Enterprise identifier" means a code that is uniquely assigned to an enterprise by an issuing agency.

"Government's unit acquisition cost" means-

(1) For fixed-price type line, subline, or exhibit line items, the unit price identified in the contract at the time of delivery;

(2) For cost-type or undefinitized line, subline, or exhibit line items, the Contractor's estimated fully burdened unit cost to the Government at the time of delivery; and

(3) For items produced under a time-and-materials contract, the Contractor's estimated fully burdened unit cost to the Government at the time of delivery.

"Issuing agency" means an organization responsible for assigning a globally unique identifier to an enterprise, as indicated in the Register of Issuing Agency Codes for ISO/IEC 15459, located at http://www.aimglobal.org/?Reg_Authority15459.

"Issuing agency code" means a code that designates the registration (or controlling) authority for the enterprise identifier.

"Item" means a single hardware article or a single unit formed by a grouping of subassemblies, components, or constituent parts.

"Lot or batch number" means an identifying number assigned by the enterprise to a designated group of items, usually referred to as either a lot or a batch, all of which were manufactured under identical conditions.

"Machine-readable" means an automatic identification technology media, such as bar codes, contact memory buttons, radio frequency identification, or optical memory cards.

"Original part number" means a combination of numbers or letters assigned by the enterprise at item creation to a class of items with the same form, fit, function, and interface.

"Parent item" means the item assembly, intermediate component, or subassembly that has an embedded item with a unique item identifier or DoD recognized unique identification equivalent.

"Serial number within the enterprise identifier" means a combination of numbers, letters, or symbols assigned by the enterprise to an item that provides for the differentiation of that item from any other like and unlike item and is never used again within the enterprise.

"Serial number within the part, lot, or batch number" means a combination of numbers or letters assigned by the enterprise to an item that provides for the differentiation of that item from any other like item within a part, lot, or batch number assignment.

"Serialization within the enterprise identifier" means each item produced is assigned a serial number that is unique among all the tangible items produced by the enterprise and is never used again. The enterprise is responsible for ensuring unique serialization within the enterprise identifier.

"Serialization within the part, lot, or batch number" means each item of a particular part, lot, or batch number is assigned a unique serial number within that part, lot, or batch number assignment. The enterprise is responsible for ensuring unique serialization within the part, lot, or batch number within the enterprise identifier.

"Type designation" means a combination of letters and numerals assigned by the Government to a major end item, assembly or subassembly, as appropriate, to provide a convenient means of differentiating between items having the same basic name and to indicate modifications and changes thereto.

"Unique item identifier" means a set of data elements marked on items that is globally unique and unambiguous. The term includes a concatenated unique item identifier or a DoD recognized unique identification equivalent.

"Unique item identifier type" means a designator to indicate which method of uniquely identifying a part has been used. The current list of accepted unique item identifier types is maintained at <https://www.acq.osd.mil/asda/dpc/ce/ds/unique-id.html>.

(b) The Contractor shall deliver all items under a contract line, subline, or exhibit line item.

(c) *Unique item identifier.*

(1) The Contractor shall provide a unique item identifier for the following:

(i) Delivered items for which the Government's unit acquisition cost is \$5,000 or more, except for the following line items:

Contract Line, Subline, or

Exhibit Line Item Number	Item Description
--------------------------	------------------

=====	=====
=====	=====
=====	=====

(ii) Items for which the Government's unit acquisition cost is less than \$5,000 that are identified in the Schedule or the following table:

Contract Line, Subline, or

Exhibit Line Item Number	Item Description
--------------------------	------------------

=====	=====
=====	=====
=====	=====

(If items are identified in the Schedule, insert "See Schedule in this table.")

(iii) Subassemblies, components, and parts embedded within delivered items, items with warranty requirements, DoD serially managed reparables and DoD serially managed nonreparables as specified in Attachment Number ____.

(iv) Any item of special tooling or special test equipment as defined in FAR 2.101 that have been designated for preservation and storage for a Major Defense Acquisition Program as specified in Attachment Number ____.

(v) Any item not included in (i), (ii), (iii), or (iv) for which the contractor creates and marks a unique item identifier for traceability.

(2) The unique item identifier assignment and its component data element combination shall not be duplicated on any other item marked or registered in the DoD Item Unique Identification Registry by the contractor.

(3) The unique item identifier component data elements shall be marked on an item using two dimensional data matrix symbology that complies with ISO/IEC International Standard 16022, Information technology - International symbology specification - Data matrix; ECC200 data matrix specification.

(4) *Data syntax and semantics of unique item identifiers.* The Contractor shall ensure that-

(i) The data elements (except issuing agency code) of the unique item identifier are encoded within the data matrix symbol that is marked on the item using one of the following three types of data qualifiers, as determined by the Contractor:

(A) Application Identifiers (AIs) (Format Indicator 05 of ISO/IEC International Standard 15434), in accordance with ISO/IEC International Standard 15418, Information Technology - EAN/UCC Application Identifiers and Fact Data Identifiers and Maintenance and ANSI MH 10.8.2 Data Identifier and Application Identifier Standard.

(B) Data Identifiers (DIs) (Format Indicator 06 of ISO/IEC International Standard 15434), in accordance with ISO/IEC International Standard 15418, Information Technology - EAN/UCC Application Identifiers and Fact Data Identifiers and Maintenance and ANSI MH 10.8.2 Data Identifier and Application Identifier Standard.

(C) Text Element Identifiers (TEIs) (Format Indicator 12 of ISO/IEC International Standard 15434), in accordance with the Air Transport Association Common Support Data Dictionary; and

(ii) The encoded data elements of the unique item identifier conform to the transfer structure, syntax, and coding of messages and data formats specified for Format Indicators 05, 06, and 12 in ISO/IEC International Standard 15434, Information Technology - Transfer Syntax for High Capacity Automatic Data Capture Media.

(5) *Unique item identifier.*

(i) The Contractor shall-

(A) Determine whether to-

(1) Serialize within the enterprise identifier;

(2) Serialize within the part, lot, or batch number; or

(3) Use a DoD recognized unique identification equivalent (e.g. Vehicle Identification Number); and

(B) Place the data elements of the unique item identifier (enterprise identifier; serial number; DoD recognized unique identification equivalent; and for serialization within the part, lot, or batch number only: original part, lot, or batch number) on items requiring marking by paragraph (c)(1) of this clause, based on the criteria provided in MIL-STD-130, Identification Marking of U.S. Military Property, latest version;

(C) Label shipments, storage containers and packages that contain uniquely identified items in accordance with the requirements of MIL-STD-129, Military Marking for Shipment and Storage, latest version; and

(D) Verify that the marks on items and labels on shipments, storage containers, and packages are machine readable and conform to the applicable standards. The contractor shall use an automatic identification technology device for this verification that has been programmed to the requirements of Appendix A, MIL-STD-130, latest version.

(ii) The issuing agency code-

(A) Shall not be placed on the item; and

(B) Shall be derived from the data qualifier for the enterprise identifier.

(d) For each item that requires item unique identification under paragraph (c)(1)(i), (ii), or (iv) of this clause or when item unique identification is provided under paragraph (c)(1)(v), in addition to the information provided as part of the Material Inspection and Receiving Report specified elsewhere in this contract, the Contractor shall report at the time of delivery, as part of the Material Inspection and Receiving Report, the following information:

(1) Unique item identifier.

(2) Unique item identifier type.

(3) Issuing agency code (if concatenated unique item identifier is used).

(4) Enterprise identifier (if concatenated unique item identifier is used).

- (5) Original part number (if there is serialization within the original part number).
- (6) Lot or batch number (if there is serialization within the lot or batch number).
- (7) Current part number (optional and only if not the same as the original part number).
- (8) Current part number effective date (optional and only if current part number is used).
- (9) Serial number (if concatenated unique item identifier is used).
- (10) Government's unit acquisition cost.
- (11) Unit of measure.
- (12) Type designation of the item as specified in the contract schedule, if any.
- (13) Whether the item is an item of Special Tooling or Special Test Equipment.
- (14) Whether the item is covered by a warranty.

(e) For embedded subassemblies, components, and parts that require DoD item unique identification under paragraph (c)(1)(iii) of this clause or when item unique identification is provided under paragraph (c)(1)(v), the Contractor shall report as part of the Material Inspection and Receiving Report specified elsewhere in this contract, the following information:

(1) Unique item identifier of the parent item under paragraph (c)(1) of this clause that contains the embedded subassembly, component, or part.

(2) Unique item identifier of the embedded subassembly, component, or part.

(3) Unique item identifier type.**

(4) Issuing agency code (if concatenated unique item identifier is used).**

(5) Enterprise identifier (if concatenated unique item identifier is used).**

(6) Original part number (if there is serialization within the original part number).**

(7) Lot or batch number (if there is serialization within the lot or batch number).**

(8) Current part number (optional and only if not the same as the original part number).**

(9) Current part number effective date (optional and only if current part number is used).**

(10) Serial number (if concatenated unique item identifier is used).**

(11) Description.

** Once per item.

(f) The Contractor shall submit the information required by paragraphs (d) and (e) of this clause as follows:

(1) End items shall be reported using the receiving report capability in Wide Area WorkFlow (WAWF) in accordance with the clause at 252.232-7003. If WAWF is not required by this contract, and the contractor is not using WAWF, follow the procedures at <http://dodprocurementtoolbox.com/site/uidregistry/>.

(2) Embedded items shall be reported by one of the following methods-

(i) Use of the embedded items capability in WAWF;

(ii) Direct data submission to the IUID Registry following the procedures and formats at <http://dodprocurementtoolbox.com/site/uidregistry/>; or

(iii) Via WAWF as a deliverable attachment for exhibit line item number (fill in) _____, Unique Item Identifier Report for Embedded Items, Contract Data Requirements List, DD Form 1423.

(g) *Subcontracts.* If the Contractor acquires by subcontract, any item(s) for which item unique identification is required in accordance with paragraph (c)(1) of this clause, the Contractor shall include this clause, including this paragraph (g), in the applicable subcontract(s), including subcontracts for commercial products or commercial services.

(End of clause)

52.252-1 Solicitation Provisions Incorporated by Reference. (Feb 1998)

Solicitation Provisions Incorporated by Reference (Feb 1998)

This solicitation incorporates one or more solicitation provisions by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. The offeror is cautioned that the listed provisions may include blocks that must be completed by the offeror and submitted with its quotation or offer. In lieu of submitting the full text of those provisions, the offeror may identify the provision by paragraph identifier and provide the appropriate information with its quotation or offer. Also, the full text of a solicitation provision may be accessed electronically at this/these address(es):

Section M - Evaluation Factors for Award

FAR Clauses Incorporated by Full Text

52.212-2 Evaluation-Commercial Products and Commercial Services. (Deviation)

(Feb 2026)

EVALUATION-COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES (FEB 2026) (DEVIATION)

(a) Evaluation factors. The Government will award a contract resulting from this solicitation to the responsible Offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors will be used to evaluate offers:

[Insert evaluation factors in the relative order of importance. For requests for proposals, state: Evaluation factors other than price when combined are [significantly more important than price/approximately equal to price/significantly less important] than price. For invitations for bids, list only price and price-related factors.]

=====

=====

=====

=====

(b) *Options (if applicable)*. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. The evaluation of options does not obligate the Government to exercise the option(s).

(c) *Notice of award*. A written notice of award or acceptance of an offer furnished to the successful Offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.
