

Single Source Justification (Simplified Acquisition)

Section A: General Contract Information

Contracting Activity: 22nd Contracting Squadron (22 CONS)

Project/Program Name: Fire Truck lease

Purchase Request/Identification Number: F2Z3C86113A001

Estimated Contract Cost (including Options): [REDACTED]

Section B: Description of the Supplies/Services Required

This is a request for a new firm-fixed-price contract for the single-source, short-term lease of a non-GSA T-3000 firefighting vehicle. The requested service is a short-term lease for three (3) months of a T-3000 firefighting vehicle. The contract must include the vehicle lease and all round-trip shipping and transportation costs to and from McConnell AFB, KS.

Section C: Justification for Soliciting from a Single Source or Brand Name

Authority: FAR 13.106-1(b)(1), Soliciting from a single source (For purchases not exceeding the Simplified Acquisition Threshold) / Only One Responsible Source.

Rationale: The flight requires a T-3000 firefighting vehicle to maintain mandatory emergency response capabilities IAW DODI 6055.06 and AFI 32-2001. Currently, Company 2 (Co.2) out of South Carolina is the only known source capable of providing the specific T-3000 vehicle within the required time frame. Procuring a vehicle outside of the T-3000 specifications or enduring extended delays for availability would directly degrade the installation's fire emergency services and airfield operational capabilities.

Section D: Efforts to Obtain Competition

Market research was conducted by soliciting quotes from three commercial vendors capable of leasing Aircraft Rescue and Firefighting (ARFF) vehicles. The results demonstrated that Company 2 (Co.2) is the only vendor capable of meeting the Government's requirement:

- Vendor 1: Company 2 (Co.2) (South Carolina) - SELECTED
 - *Result:* Met all requirements. They have the required T-3000 vehicle available for immediate lease.
- Vendor 2: Firetrucks Unlimited (Las Vegas, NV) - UNACCEPTABLE
 - *Result:* Failed to meet requirements due to lack of inventory. The vendor stated they currently have zero firefighting vehicles available for lease.
- Vendor 3: Global ARFF Services (Texas) - UNACCEPTABLE
 - *Result:* Failed to meet specifications and cost parameters. The vendor did not have a T-3000; they only had a larger 4,500-gallon vehicle available. This exceeds the flight's operational footprint requirements and incurs an unacceptable additional cost of [REDACTED] per month over the Government's estimate and the required baseline.

Section E: Steps to Preclude Future Single Source or Brand Name Awards

The anticipated cost to the Government is expected to be fair and reasonable. This is based on the competitive market research conducted above, which shows that up-sizing to the next available vehicle class (Vendor 3) would incur a minimum of [REDACTED] per month in additional, unnecessary costs.

Single Source Justification (Simplified Acquisition)

Section F: Contracting Officer's Determination

I have determined, in accordance with [FAR 13.106-1\(b\)\(1\)](#), that the circumstances of this contract action deem only a single source is reasonably available.
