

DEPARTMENT OF VETERANS AFFAIRS

Justification for Restricting Competition IAW RFO FAR 12.102(a) For Over Micro-Purchase Threshold but Not Exceeding the Simplified Acquisition Threshold

Acquisition Plan Action ID:36C263-26-AP-2889

1. **Contracting Activity:** Department of Veterans Affairs, VISN 23, Iowa City VA HCS, Pathology and Laboratory Department. 636-26-4-4154-0204

2. **Brief Description of Supplies/ Services required and the intended use/Estimated Amount:** Estimated amount: [REDACTED]

The Iowa City VA Health Care System requests the procurement of three (3) MassLynx Acquisition PCs with Windows 11 upgrade kits for the use with the existing Waters Corporation LCMS instruments.

3. **Unique characteristics that limit availability to only one source, with the reason no other supplies or services can be used:**

The Iowa City VA currently runs Waters Corporation LCMS instruments for drug confirmation testing providing patient care testing nationwide. The Waters Corporation LCMS instruments, currently in use, require MassLynx software to operate. This software is installed on the Waters Corporation computer. The current operating system is Windows 7 and is no longer supported and no longer allowed on VA network. If a new PC were to be purchased from another location the required MassLynx would not be installed and need to be purchased again. The initial purchase of the MassLynx computer and software was \$32,300. Upgrading the software alone allows the VA to extend the useful life of the existing system at a substantially lower cost.

4. **Description of market research conducted and results or statement why it was not conducted:**

Waters Technologies Corporation is the only vendor capable of upgrading the current system in use at Iowa City VA HCS Laboratory.

5. **Contracting Officer's Certification:** *Purchase is approved in accordance with FAR 12.102(a). I certify that the foregoing justification is accurate and complete to the best of my knowledge and belief.*
