DESCRIPTION

As the organic Lead Systems Integrator® (oLSI®) for the Naval Air Warfare Center Aircraft Division (NAWCAD), Webster Outlying Field (WOLF) operates under a product-based business model whereby NAWCAD WOLF civilians lead and manage the execution of the requirements for defense weapon systems programs with combined Government-Industry teams. Using this oLSI® approach, the Government maintains control of intellectual property and data rights, enabling WOLF to rapidly adapt solutions to the dynamic needs of the warfighter.

The NAWCAD WOLF Engineering & Prototyping (EP) Operations provides rapid organic engineering, prototyping, reverse-engineering, environmental testing, antenna repairs/life cycle extensions, and production capabilities in support of NAWCAD, Naval Air Systems Command (NAVAIR), and the NAWCAD WOLF Divisions. The EP Operations, operating under the oLSI® model, has requirements to provide engineering support, systems engineering support, fabrication support, and compliance support to include product and part design engineering; production engineering; drafting; Computer Aided Design (CAD); Computer Aided Manufacturing (CAM); Modeling and Simulation (M&S); machining; sheet-metal design, layout, and fabrication; welding; assembly; composite repairs and fabrication of composite components and structures; woodworking; painting, including preparation and application of corrosion control coatings and powder coating; management of a stockroom (e.g., tooling, hand tools, and fasteners), facilities and personnel safety management and preparedness to include Hazardous Materials (HAZMAT).

This procurement is a follow-on to task order N0042124F0690, under the Single Award IDIQ Contract N00421D0014, competitively awarded to Altus Technical Solutions, LLC. The

existing task order has Cost-Plus-Fixed-Fee (CPFF) Contract Line Item Numbers (CLINs) for Labor, cost reimbursable CLINs for Other Direct Costs (e.g. Travel, Material, and Field Services) and Not Separately Priced (NSP) CLINs for Data and Contractor Acquired Property and has a period of performance from 08 July 2024 to 07 July 2029.

The attached draft SOW/PWS provides additional information about the required tasking. If your company has any questions about the structure of the SOW/PWS, or areas that may need further definition, please also identify those in the response.

Place of Performance: Contractor Site (22%), Government Site (78% Webster Field, St. Inigoes, MD, NAS Patuxent River, MD and selected travel sites listed in SOW/PWS Paragraph 3.1.5.1).

ADDITIONAL INFORMATION

A DD Form 254 Contract Security Classification Specification shall apply to this requirement, and the prime contractor shall have or demonstrate ability to obtain a “Secret” Facility Clearance under this contract.

The follow-on procurement is anticipated to be a competitively awarded Seaport MAC Task Order (TO) under FAR 16.505 with a combination of Performance Based work and LOE hours with a base year and four (4) option years.
