PSC: Z1PA – MAINTENANCE OF RECREATION FACILITIES (NON-BUILDING)

NAICS: 238990 – All Other Specialty Trade Contractors

Size Standard: \$19.0 M

Set-Aside: Total Small business set-aside

Contract Type: Firm-Fixed-Price

Acquisition Method: FAR Part 15

Place Of Performance: Riverside Rd, Helena, MT 59602

Period Of Performance: 101 days from NTP

Wage Determination: Construction Wage Rate Requirements (Davis-Bacon) will apply; current WD will be included in the solicitation.

Bonds: Performance and Payment Bonds required per FAR 28.102.

Description:

The Bureau of Reclamation Montana Area Office (MTAO) has a need for redeveloping the existing Canyon Ferry, Riverside Campground to meet accessible requirements. Major components of the work include:

1. Remove and dispose of existing sidewalk material.
2. Grade subgrade to allow for installation of typical section of concrete slabs and sidewalks to meet the finished grades on the Site Grading Plan.
3. Install Cast-in-Place Concrete slabs and sidewalks to meet the finished grades on the Site Grading Plan.

Work is located downstream of Canyon Ferry Dam approximately 17 miles east of Helena, Montana in Lewis and Clark County.

It is anticipated that this will be a total small business set-aside acquisition.

Evaluation:

Offers will be evaluated per FAR Part 15. Factors may include price, technical capability, past performance, and schedule.

Points Of Contact: Contracting Officer, Terra Warren, terra_warren@ios.doi.gov

This notice is issued under FAR 36.101-4 (RFO) and FAR Subpart 5.2 (RFO). **It is not a request for proposals.** The complete solicitation will be posted exclusively on SAM.gov and will not be distributed via mail, fax, or in hard copy. Anticipated post date is around the first part of May 2026. All qualified and responsible sources are invited to submit proposals during the solicitation phase, and each submission will receive full consideration by the agency. Offerors must be registered in SAM.gov with valid UEI.
