

AFSBn-Bliss Multifunctional Devices
17 March 2026

PART 1

GENERAL INFORMATION

1. **GENERAL:** This is a non-personnel service contract under which the personnel rendering the services are not subject, either by the contract's terms or by the manner of its administration, to the supervision and control usually prevailing in relationships between the Government and its employees. The United States (U.S.) Government shall not exercise supervision or control over the Contractor's employees performing the tasks herein. Such contract employees shall be accountable solely to the Contractor who, in turn shall be responsible to the U.S. Government.

1.1 **Description of Services/Introduction:** This contract is for Multifunctional Devices (MFDs) that meet the minimum salient characteristics listed in the attached document to include color printing, copy/scan functionality, CAC Smartcard enabled, and standard finishing capability. Each MFD will include a Full-Service Maintenance Agreement for service and supplies to include print, toner, developer, dry ink, cleaning rollers, fillers, staples, and HD removal. The Army (Receiving Unit) will maintain ownership of the hard drive(s) at the end of the final POP and/or when the device is replaced. The Contractor must provide non-personal services to furnish all labor, tools, equipment, transportation, materials, testing and supervision in order to provide an operating lease to the AFSBn-Bliss HQ, of Fort Bliss, Texas. The MFDs must remain in inventory for the duration of the awarded delivery orders unless otherwise replaced by a new device of equal or better capabilities at no additional cost to the Government.

1.2 **Background:** AFSBn-Bliss is requesting a leased copier agreement which will provide 36 new multifunctional devices to replace the current fleet of ageing and disparate devices.

1.3 **Objectives:** AFSBn-Bliss HQ, of Fort Bliss, Texas, requests a firm-fixed-priced delivery order as a one-time leased agreement, consisting of 36 devices (6 different models),

1.4 **Scope:** The contractor must provide non-personnel services for Multifunction Devices, including a Full-Service Maintenance Agreement that covers all service and supplies such as print consumables, toner, developer, dry ink, cleaning rollers, filters, staples, and hard-drive removal.

1.5 **Period of Performance:** This Requirement is for a 30-day phase-in, a twelve (12) month base and twelve (12) month option period as listed below.

Base Year: 01 May 2026 – 30 April 2027 (First 30 Days include Phase- In)

Option 1: 01 May 2027 – 30 April 2028 (Last 30 Days include Phase- Out)

1.6 **General Information:**

1.6.1 **Quality Control Plan (QCP):** Reserved

1.6.1.1 The contractor shall develop and implement procedures to identify, prevent, and ensure non-recurrence of defective services. The QCP shall be submitted within thirty (30) days of contract award. After acceptance of the QCP, the contractor shall receive the contracting officer's (KO) acceptance in writing of proposed changes to the QC procedures. The contractor shall submit QCP changes within five (5) days to the KO and Contracting Officer's Representative (COR) for review and approval prior to implementation.

1.6.1.2 The Quality Control Plan shall address as a minimum as stated above.

1.6.1.2.1 **Inspection Program.** Included shall be a quality control inspection program covering all general and specific tasks included in the contract scope of work. It shall specify tasks or areas to be inspected on a scheduled or unscheduled basis, the manner in which inspections are to be conducted, the titles of the individuals who will

perform the inspections, and the percentage of the work that will be inspected on a recurring basis. In developing this inspection program, the Contractor shall identify the key activities and associated characteristics in each process that have a significant influence on specific services and provide for methods for evaluation of the selected characteristics.

1.6.1.2.2 Deficiency Identification. The QCP shall include a method of identifying deficiencies in the quality of services performed before the level of performance becomes unacceptable as defined in the PRS. This shall contain processes for corrective action without dependence upon Government direction.

1.6.1.2.3 Deficiency Correction. The program shall contain process control and process performance measurement procedures that shall include how the Contractor shall implement preventive corrective actions. The Contractor shall demonstrate that it has designed quality into the delivery of services thereby mitigating the risk(s) associated with delivery of deficient or nonconforming services.

1.6.1.2.4 Documentation and Enforcement. The QCP shall include a method of documenting and enforcing quality control operations of both prime contractor and subcontractor work; including inspection and testing.

1.6.1.2.5 Trend Analysis. The QCP shall include a method of performing trend analysis and assessments through the use of metrics.

1.6.1.2.6 Surveillance Methods. The QCP shall contain specific surveillance techniques for all contract services. The surveillance methods shall be comprehensive and adaptable to the reporting system of the plan.

1.6.1.2.7 Operations Security (OPSEC) SOP/Plan Requirements. The Contractor shall implement and maintain an OPSEC program for preventing the disclosure of critical information or sensitive information which could jeopardize the Government's ability to execute its mission or to adequately protect its personnel and/or equipment. The Contractor shall develop an OPSEC Standing Operating Procedure (SOP)/plan within 90 calendar days of contract award to the Contracting Officer Representative (COR) or Contracting Officer (KO) to be reviewed and approved by the Government OPSEC Officer on the supporting installation. The SOP must contain a training plan that includes an initial OPSEC brief, continuous awareness, and annual OPSEC training. Awareness/training includes, but not limited to information disclosure via letters, conversations, photographs, resumes, electronic mail (e-mail), Social media/networking sites, dissemination of information and documents disposal. OPSEC Program shall fully comply with the provisions of AR 530-1, Operations Security.

1.6.2 Quality Assurance (QA): The government shall evaluate the contractor's performance under this contract in accordance with (IAW) the Quality Assurance Surveillance Plan. This plan is primarily focused on what the Government must do to ensure that the contractor has performed IAW the performance standards and contract quality requirements are met. Contract quality requirements" means the technical requirements in the contract relating to the quality of the product or service and those contract clauses prescribing inspection, and other quality controls incumbent on the contractor, to ensure the product or service conforms to the contractual requirements. It defines how the performance standards will be applied, the frequency of surveillance, the performance threshold, and deductions, if applicable.

1.6.3 Recognized Holidays: The contractor is not required to perform services on holidays unless directly specified by the government due to operational requirements.

New Year's Day	Labor Day
Martin Luther King Jr.'s Birthday	Columbus Day
President's Day	Veteran's Day
Memorial Day	Thanksgiving Day
Independence Day	Christmas Day
Juneteenth	

1.6.4 Hours of Operation: The contractor is responsible for conducting business between the hours of 8:00am to 5:00pm. Monday through Friday, except federal holidays or when the government facility is closed due to local or national emergencies, administrative closings, or similar Government directed facility closings. For other than firm fixed price contracts, the contractor will not be reimbursed when the government facility is closed for the above

reasons. The Contractor must, at all times, maintain an adequate workforce for the uninterrupted performance of all tasks defined within this PWS when the Government facility is not closed for the above reasons.

1.6.5 Place of Performance: The work to be performed under this contract will be performed at Fort Bliss, Texas.

1.6.6 Type of Contract: AFSBn-Bliss requests a firm-fixed-priced delivery order of a 6-month operating lease, consisting of 12-month period for maintenance/supplies. The Government anticipates the award of a non-personal services type contract. This is a non-personal services type contract.

1.6.7 Security Requirements:

1.6.7.1 Access and general protection/security policy and procedures: Contractor and all associated subcontractor employees shall provide all information required for background checks to meet installation access requirements to be accomplished by installation Provost Marshal Office, Director of Emergency Services or Security Office. Contractor workforce must comply with all personal identity verification requirements (FAR clause 52.204-9, Personal Identity Verification of Contractor Personnel) as directed by DOD, HQDA and/or local policy. In addition to the changes otherwise authorized by the changes clause of this contract, should the Force Protection Condition (FPCON) at any individual facility or installation change, the Government may require changes in contractor security matters or processes.

1.6.7.2 Physical Security: AFSBn-Bliss shall be responsible for safeguarding all government equipment, information, and property provided for contractor use.

1.6.7.3 Escorts: The Contractor and all associated sub-contractor employees performing services under this contract shall be always escorted by host nation security personnel or by an individual designated by the Contracting Officer Representative (COR) while accessing U.S. facilities or activities.

1.6.7.4 Personnel Security Clearance Requirements: N/A

1.6.7.4.1 The contractor shall follow DOD Federal Acquisition Regulation Supplement (DFARS) clause 252.223-7004, Drug-free Work Force. The contractor shall conduct drug tests, ensuring all top secret cleared contractor employees are tested at least once per year, each year of the contract, as well as when there is a reasonable suspicion that an employee uses illegal drugs. The drug testing shall be at the contractor's expense. Positive drug test results shall be made available to both the KO and COR within 24 hours of known test results. Records of drug testing shall be made available to the COR.

1.6.7.5 Background Checks: The Contractor shall ensure contractor employees and subcontractor employees performing services under this contract have passed a security check conducted by the State Police Department of their U.S. residence. Security checks that have been completed as part of a personnel security clearance background investigation, or a previous background check that was a condition of employment, meet this requirement. Documentation of these checks will be made available to the KO or COR upon request. The Government retains the right to exclude any employee from performance of duties under this contract if a background security check reveals an employee is a security risk. The exclusion of an employee for security reasons will not relieve the Contractor from performance of services required under this contract. If the Government determines additional background checks are required, at a minimum, and upon request from the Government, the Contractor shall provide to the KO or COR, the following information on any contractor or subcontractor employee performing services under this contract:

- Full birth name
- Married name (if applicable)
- SSN or local equivalent (ID card number)
- Date of birth
- Place of birth (city, country)

1.6.7.5.1 Background Check Notification Requirements: If a background check on any employee or subcontractor employee performing services under this contract, whether the check was conducted as a condition of employment or as part of the contract with the Government, reveals any information from any source (including host country law

enforcement) of criminal activity by Contractor employees, subcontractors, or subcontractor employees, the Contractor shall **immediately** notify the KO and COR of that information. The Contractor shall make notification of:

(1) Traffic violations, other than parking, will be reported to the KO or COR only if the contract is for drivers for the Government;

(2) Any suspicious activity by Contractor employees, subcontractors, or subcontractor employees the Contractor believes may pose a risk to U.S. or host nation national security or imminent risk of deadly bodily harm to any person; and

(3) Any actions taken against Contractor employees, subcontractors, or subcontractor employees pursuant to this requirement.

1.6.7.5.2 Remedies. In addition to other remedies available to the Government, the Contractor's failure to comply with the requirements of this paragraph may result in requiring the Contractor to remove a contractor employee or employees from the performance of the contract.

1.6.7.5.3 Subcontracts. The Contractor shall include the substance of this paragraph and the preceding paragraph in all subcontracts.

1.6.7.6 Uncleared Contractor Common Access Card (CAC) Credentialing and Access Procedures. N/A

1.6.7.6.1 Contractor Common Access Card (CAC) Eligible Requirements: Before CAC issuance, the Contractor employee requires, at a minimum, a favorably adjudicated National Agency Check with Inquiries (NACI) or an equivalent or higher investigation in accordance with Army Directive 2014-05. The Contractor employee will be issued a CAC only if duties involve one of the following: (1) Both physical access to a DOD facility and access, via logon, to DOD networks on-site or remotely; (2) Remote access, via logon, to a DOD network using DOD-approved remote access procedures; or (3) Physical access to multiple DOD facilities or multiple non-DOD federally controlled facilities on behalf of the DOD on a recurring basis for a period of 6 months or more. At the discretion of the sponsoring activity, an initial CAC may be issued based on a favorable review of the FBI fingerprint check and a successfully scheduled NACI at the Office of Personnel Management. Contractor personnel shall return CAC to appropriate U.S. Government authorities within five (5) days of the end of their contractual duties.

1.6.7.6.1.1 Federal Installation/Facility Access: Contractor and all associated sub-contractor employees shall comply with applicable installation, facility and area commander installation/facility access and local security policies and procedures (provided by government representative). The employee performing services under this contract shall also provide all information required for background checks to meet installation access requirements to be accomplished by installation Provost Marshal Office, Director of Emergency Services, Security Office or the host nation equivalent.

1.6.7.6.2. Contractor Non CAC Eligible Requirements for DOD Facility and Installation Access: Contractor and all associated sub-contractors employees shall comply with adjudication standards and procedures using the National Crime Information Center Interstate Identification Index (NCIC-III) and Terrorist Screening Database (TSDB) (Army Directive 2014-05/AR 190-13), applicable installation, facility and area commander installation/facility access and local security policies and procedures (provided by government representative), or, at OCONUS locations, in accordance with status of forces agreements and other theater regulations.

1.6.7.7 Access to Government Information Systems: All Contractor employees and subcontractor employees performing services under this contract who have access to a government information system must be registered in the JKO (Joint Knowledge Online) at commencement of services and must successfully complete the DoD Information Assurance Awareness training prior to access to the information system and **then annually thereafter**.

1.6.7.8 Key Control: Reserved

1.6.7.9 Lock Combinations: Reserved

1.6.8 Post Award Conference/Contract Periodic Progress Meetings: The Contractor shall attend the post award conference convened by the contracting activity or contract administration office IAW Federal Acquisition Regulation (FAR) Subpart 42.5. The KO, COR, with other Government personnel, as appropriate, may meet periodically with the Contractor to review the Contractor's performance. At these meetings the KO will apprise the contractor of how the government views the Contractor's performance and the Contractor will apprise the Government of problems, if any, being experienced. Appropriate action shall be taken to resolve outstanding issues. These meetings shall be at no additional cost to the government.

1.6.9 Contracting Officer Representative (COR): The COR will be identified by separate letter. The COR monitors all technical aspects of the contract and assists in contract administration. The COR is authorized to perform the following functions: ensure the Contractor performs the technical requirements of the contract; perform inspections necessary in connection with contract performance; maintain written and oral communications with the Contractor concerning technical aspects of the contract; issue written interpretations of technical requirements, including Government drawings, designs, specifications; monitor Contractor's performance and notifies both the KO and Contractor of any deficiencies; coordinate availability of government furnished property; and provide site entry of Contractor personnel. A letter of designation issued to the COR, a copy of which is sent to the Contractor, states the responsibilities and limitations of the COR, especially with regard to changes in cost or price, estimates, or changes in delivery dates. The COR is not authorized to change any of the terms and conditions of the resulting order.

1.6.10 Key Personnel: The Contractor shall provide a contract manager who shall be responsible for the performance of the work. The name of this person and an alternate, who shall act for the Contractor when the manager is absent, shall be designated in writing to the Contracting Officer prior to start of contract performance. The Contract Manager and alternate shall have full authority to act for the contractor on all contract matters relating to daily operation of this contract.

1.6.11 IA/IT Training Certification: All Contractor employees and subcontractor employees supporting IA/IT functions must be certified upon contract award as directed in DoD 8570.01-M, DFARS 252.239.7001, and AR 25-2. Baseline certification as stipulated in DoD 8570.01-M must be completed upon contract award.

1.6.12 Identification of Contractor Employees: Contractor employees shall identify themselves as Contractor personnel and shall avoid representing themselves as Government employees. This identification includes meeting attendance, answering Government telephones, email communications, and working in other situations where Contractor status is not obvious. Contractor personnel identification shall be easily identifiable through the display of badges, name tags, lanyards, etc.

1.6.12.1 Badging of Contractor Employees: If required by the Government, contract personnel and all associated subcontractors' employees accessing U.S. facilities or activities, shall present a valid picture ID provided by the Government while accessing Government owned or contracted facilities and shall adhere to facility security policies and restrictions. If applicable, Government issued access badges will not be worn outside designated facility where visible to the public. Contractor personnel shall return all U.S. Government issued identification to appropriate U.S. Government authorities within five (5) days of the end of their contractual duties.

1.6.12.2 Uniform: Reserved

1.6.13 Contractor Travel: Reserved

1.6.14 Other Direct Costs (ODC): Reserved

1.6.15 Data Rights: Reserved

1.6.16. Non-Disclosure Requirements: Performance under this contract may require the Contractor to access data and information proprietary to a government agency, another Government Contractor, or of such nature that its dissemination or use other than as specified in this work statement would be adverse to the interests of the Government or others. Neither the Contractor, nor Contractor personnel, shall divulge, nor release data or

information developed, or obtained under performance of this work statement, except to authorize Government personnel or upon written approval of the KO. The Contractor shall not use, disclose, or reproduce proprietary data, which bears a restrictive legend, other than as specified in this PWS. All documentation showing individual names or other personal information shall apply and shall be controlled and protected under the provisions of the Privacy Act of 1974, Public Law 93-579, 5 United States Code (U.S.C.) Section 552a.

1.6.16.1 Non-Disclosure Statements: Reserved

1.6.16.2 Advertisement and social media: The Contractor shall NOT post information to public websites or social media locations, personal or professional, that in any way disclose names, locations, hotel data, participants, discussions, pictures, etc. before, during or after the contract period of performance without the express consent of the Government. The use of propaganda violates DOD Commercial Use of Imagery Guidelines stated at (<http://www.defenseimagery.mil/products/DODimagery/commercialuse.html>). The Contractor shall not cite any information (e.g., contract information, pictures, locations, etc.) obtained through this contract on any marketing tools to include its company website.

1.6.16.3 INFORMATION ASSURANCE: At no time will the Contractor or associated sub-contractor employees transmit government documents or information over using methods that do not meet the security requirements specified in the National Institute of Standards and Technology (NIST) Special Publication (SP) 800-171, "Protecting Controlled Unclassified Information in Nonfederal Information Systems and Organizations" such as personal electronic mail accounts, public digital data storage sites (cloud storage), social media platforms or instant messaging. Approved government sites such as U.S. Army Aviation and Missile Research Development and Engineering Center (ARMDEC) Safe Exchange at <https://safe.amrdec.army.mil/SAFE/About.aspx>, or All Partners Access Network (APAN) at <https://community.apan.org/>, or other transmission means determined by the government must be used.

1.6.17 Organizational Conflict of Interest (OCI): Contractor and subcontractor personnel performing work under this contract may receive, have access to, or participate in the development of proprietary or source selection information (e.g., cost or pricing information, budget information or analyses, specifications or work statements, etc.) or perform evaluation services which may create a current or subsequent Organizational Conflict of Interests (OCI) as defined in FAR Subpart 9.5. The Contractor shall notify the KO immediately whenever it becomes aware that such access or participation may result in any actual or potential OCI and shall promptly submit a plan to the KO to avoid or mitigate any such OCI. The Contractor's mitigation plan will be determined to be acceptable solely at the discretion of the KO and in the event the KO unilaterally determines that any such OCI cannot be satisfactorily avoided or mitigated, the KO may affect other remedies as he or she deems necessary, including prohibiting the Contractor from participation in subsequent contracted requirements which may be affected by the OCI.

1.6.18 Phase-in/Phase-Out (PIPO) Period: To minimize any decreases in productivity and to prevent possible negative impacts on additional services, the Contractor shall have personnel on board, during the thirty (30) day phase in/ phase out periods. During the phase in period, the Contractor shall become familiar with performance requirements in order to commence full performance of services at the end of the phase-in period.

1.6.19 General Training Requirements:

1.6.19.1 Anti-Terrorism (AT) Level I Training: The Contractor shall complete AT Level I Training within 30 calendar days after contract start date or effective date of incorporation of this requirement into the contract, whichever applies, or 30 calendar days after employment of new personnel, all Contractor employees, including subcontractor employees, who are employed under the contract shall complete AT Level I awareness training within 30 calendar days after contract start date or effective date of incorporation of this requirement into the contract, whichever applies. The contractor shall submit certificates of completion for each affected Contractor employee and subcontractor employee to the COR or KO within ten (10) calendar days after completion of training by all employees and subcontractor personnel. For Common Access Card (CAC) holders, AT Level I awareness training is available at <https://jkodirect.jten.mil>, course number "JS-US007-14". For non-CAC holders, AT Level I awareness training is available at <http://jko.jten.mil/courses/at1/launch.html> (this standalone version is intended for non-CAC users without a JKO account only). Training must have been completed within the last 12 months and

maintained yearly thereafter. If training cannot be conducted on the website, the Contractor will coordinate with the local AT Officer at their assigned location for classroom training by a Level 2 trained AT Officer and a copy of either the training certificate or the training attendance roster signed by the AT Officer will be maintained by the Contractor. Verification of the training will be provided to the COR or KO within ten (10) calendar days after completion of the training.

1.6.19.2 OPSEC Awareness: If the Contractor, or a subcontractor, or employees of either disclose any information that disrupts or harms the Government's operations or activities, then the Government retains the right to exclude any employee from performance of duties under this contract. The exclusion of an employee for security reasons will not relieve the Contractor from performance of services required under this contract. By way of example, personnel shall not sketch or take photos of government facilities or activities, unless related to service to be provided. All government paper products and removable digital storage material that is received, generated, or stored during the contract will be destroyed completely when no longer needed to preclude recognition of information.

1.6.19.3 Information Assurance (IA) Training: Contractor employees, including subcontractors, requiring access to Government information systems shall complete the DOD IA Cyber Awareness Training. All employees working information technology (IT)/IA functions must comply with DOD and Army training requirements per DOD Directive (DODD) 8570.01, Information Assurance Training Certification and Workforce Management, DOD 8570.01-M, Information Assurance Workforce Improvement Program, and AR 25-2, Information Assurance, within 30 days of employment. Training is available at <https://ia.signal.army.mil/DODIAA/default.asp>.

1.6.19.4 Information Assurance (IA)/Information Technology (IT) Training: All Contractor employees and subcontractor employees requiring access to Government information systems must complete the DoD IA awareness training before issuance of network access and annually thereafter. All employees working IA/IT functions must comply with DoD and Army training requirements in Per DoD 8570.01, DOD 8570.01-M, and AR 25-2, within 30 days of employment. Training is available at <https://ia.signal.army.mil/DoDIAA/default.asp>.

1.6.19.5 Threat Awareness Reporting Program (TARP Training): Within 30 calendar days after contract start date or effective date of incorporation of this requirement into the contract, whichever applies, or 30 calendar days after employment of new personnel, all Contractor employees, including subcontractor employees, who are employed under the contract and require a security clearance, shall complete TARP training within 30 calendar days after contract start date or effective date of incorporation of this requirement into the contract, whichever applies. The Contractor shall submit certificates of completion for each affected Contractor employee and subcontractor employee to the COR within ten (10) calendar days after completion of training by all employees and subcontractor personnel. TARP training is available at the Army Learning Management System (ALMS) <https://www.lms.army.mil/>. Training must have been completed within the last 12 months and **maintained yearly thereafter.** If training cannot be conducted on the website, the Contractor will coordinate with the local Counterintelligence (CI) Officer at their assigned location for classroom training and a copy of either the training certificate or the training attendance roster signed by the CI Officer will be maintained by the Contractor. Verification of the training will be provided to the Contracting Officer (KO) or Contracting Officer Representative (COR) within ten (10) calendar days after completion of the training.

1.6.19.6 iWatch Training: The Contractor will ensure that all Contractor employees and sub-contractor employees perform services under this contract have been briefed on the iWatch Program, or equivalent for their supporting DoD Agency, within 30 days of employment under the contract. The Contractor will coordinate with the supporting DoD Agency AT Officer through the COR or KO for the briefing. This training will be updated as required by the supporting installation AT policies. A copy of the training attendance will be maintained by the Contractor and made available to the COR or KO upon request.

1.6.19.7 OPSEC Training: All Contractor employees and sub-Contractor employees performing services under this contract will complete Level I OPSEC training within 30 calendar days of employment under this contract. OPSEC Level I training is available at <https://jkodirect.jten.mil>, course number "EUC-ECJ6-110-N-LB". Training must have been completed within the last 12 months and maintained yearly thereafter. If training cannot be conducted on the website, the Contractor will coordinate with the local OPSEC Officer at their assigned location for classroom training by a Level 2 trained OPSEC Officer and a copy of either the training certificate or the training attendance

roster signed by the OPSEC Officer will be maintained by the Contractor. Verification of the training will be provided to the COR or KO upon request.

PART 2
DEFINITIONS & ACRONYMS

2. DEFINITIONS AND ACRONYMS:

2.1. Definitions:

2.1.1. Contractor. The total contractor organization or a separate entity of it, such as an affiliate, division, or plant that performs its own purchasing.

2.1.2. Contracting officer (KO). A person with the authority to enter, administer, and/or terminate contracts and make related determinations and findings.

2.1.3. Contracting Officer's Representative (COR). An individual designated and authorized in writing by the contracting officer to perform specific technical or administrative functions.

2.1.4. Defective Service. A service output that does not meet the standard of performance associated with the Performance Work Statement.

2.1.5. Deliverable. Anything that can be physically delivered but may include non-manufactured things such as meeting minutes or reports.

2.1.6. Key Personnel. Contractor personnel that are evaluated in a source selection process and that may be required to be used in the performance of a contract by the Key Personnel listed in the PWS. When key personnel are used as an evaluation factor in best value procurement, an offer can be rejected if it does not have a firm commitment from the persons that are listed in the proposal.

2.1.7. Performance Work Statement (PWS). A statement of work for performance-based acquisitions that describes the required results in clear, specific, and objective terms with measurable outcomes.

2.1.8. Physical Security. Protection of the perimeter area, government property, and assets that prevent the loss or damage of Government property.

2.1.9. Quality Assurance. The various functions, including inspection, performed by the government to determine whether a Contractor has fulfilled the contract obligations pertaining to quality and quantity.

2.1.10. Quality Assurance Surveillance Plan (QASP). A plan describing how the agency will survey, observe, test, sample, evaluate and document the Contractor's performance in meeting critical performance standards identified in the contract.

2.1.11. Quality Control (QC). Tasks performed by the Contractor to improve the quality of the organization's output.

2.1.12. Shall. An imperative command: has a duty to or is required to. Denotes that a regulation must be followed unless the contracting officer has obtained a deviation.

2.1.13. Subcontractor. Any supplier, distributor, vendor, or firm that furnishes supplies or services to or for a prime contractor or another subcontractor.

2.1.14. Workday. The number of hours per day the Contractor provides services in accordance with the contract.

2.1.15. Work Week. Monday through Friday, unless specified otherwise.

PART 3
GOVERNMENT FURNISHED PROPERTY AND SERVICES

3.1 Government Furnished Property: The Government will not provide property or services in the performance of this contract

PERFORMANCE WORK STATEMENT (PWS) [AFSBn-Bliss]

March 2026

PART 4 CONTRACTOR FURNISHED FACILITIES AND EQUIPMENT

4.1 Contractor Furnished Facilities and Equipment – General

4.1.1 The contractor shall procure material, equipment, and supplies, which are incidental to the provision of services of this PWS. The contractor shall ensure on-site maintenance personnel are equipped with proper individual / hand tools for the effort to be completed (i.e. general mechanics tools). The Government will not provide individual tools to be used by maintenance personnel under this effort. Each employee mechanic must have their own tools. The Government has revoked its assumption of risk regarding individual tools used under this effort. At no time will the Government be responsible for the replacement of lost, damaged, or broken individual tools.

4.1.2 Except for those items and services specifically stated in Part 3 as Government-furnished, the contractor shall furnish everything needed to perform this contract according to all its terms and conditions as stated in specific sections of this PWS and as identified in the Purchasing/Invoicing Guide.

4.1.3 Contractor-furnished equipment or items, inoperable or unserviceable for any reason, must be removed from the U.S. Government's Installation within ten (10) business days after failure. The condition of contractor-furnished equipment shall not relieve the contractor of responsibility to provide services as required in this contract. The contractor shall immediately notify the KO and COR, in writing, of circumstances regarding delay of work due to equipment or material problems.

4.1.4 The contractor shall furnish additional telephone and peripheral equipment requirements not furnished by the U.S. Government, if required. All additional costs must be approved in writing by the KO prior to the items being placed in service.

4.1.5 All contractor furnished vehicles shall be maintained in a neat, presentable, and operational condition and shall meet Government safety inspection standards. The contractor's vehicles not meeting standards shall not be operated or stored on U.S. Government installations. The contractor shall provide a sign on the right and left side of contractor furnished vehicles with the contractor's company name and telephone number.

4.2 Materials and Equipment

4.2.1 The contractor shall use the equipment type and size suitable for the required operation and shall operate the equipment from existing Government-furnished electrical power sources. The contractor shall affix a highly visible, permanent contractor's nameplate on all contractor-owned equipment. The contractor shall ensure that if commingling of U.S. Government and contractor-furnished equipment occurs, each set of equipment is easily identifiable and can be separated for inspection and inventory as required.

4.2.2 The contractor shall maintain enough on-hand materials and supplies to perform all work required under this Contract. Failure on the part of the contractor to provide sufficient quantities and quality of supplies and materials within the specifications of the Contract shall not be cause for reduction in any service or performance. The contractor shall maintain stocks to ensure continuous operation of critical systems as approved by the KO. Critical systems are those that are directly related to health care, safety, and mission accomplishment. The contractor shall provide a system for rapid procurement of items whose usage levels do not require maintenance of on-hand stocks. This system shall include a list of vendors for each such mission-critical repair item, information on availability, and expected delivery times.

PERFORMANCE WORK STATEMENT (PWS) [AFSBn-Bliss]

March 2026

PART 5 SPECIFIC TASKS

5. **Specific Tasks:** Contractor must provide the Multifunction Devices (MFDs), and all associated services and products offered for lease under this DO, must comply with all of the general requirements stated attached as well as those specific requirements applicable to the equipment capability levels described herein. MFDs must be net-worthy and able to be connected to the Army network "out-of-the-box" upon award and delivery to award destinations. During the course of the DO period, the Contractor must notify the Government whenever an offered model is no longer available (e.g., discontinued production). The Contractor must propose a substitute model it currently offers in the commercial market, which meets or exceeds the requirements of the model no longer available, at a similar or lower price offered for the model it is substituting, non-personal services of Multifunction Devices hardware only.

The Contractor must provide a toll-free telephone number for technical support (HELP DESK), available during normal duty hours for the specified Government location, Monday through Friday, excluding weekend and Federal holidays, unless otherwise stated per individual requirement, dedicated to this requirement (separate from the commercial technical support available to the public). A caller will not be "on hold" for more than three minutes before leaving a message or speaking with a representative. The caller will receive a return call from a representative for resolution within 15 minutes should a message be left with an answering device/service. Remote attempts to correct an issue must last no longer than 30 minutes. If resolution is not reached via remote means, an On-Site Technician must respond to the customer location to repair the issue.

5.1. Basic Services. Full Service Maintenance: To include all-inclusive parts, labor, toner/consumables, waste toner bottles, and rapid onsite support. AFSBn requires software and firmware upgrades/updates which will ensure the MFDs remain secure and Net worthy. The Contractor may be requested to support an upgrade due to a known security issue that is not yet public or private industry acknowledged. This will require the Contractor to be able and responsive to have all software and required certificates upgraded during the life of the awarded DO at no additional cost to the Government. The Contractor must have a service technician arrive at customer location within eight (8) working hours after notification if a remote attempt to resolve the issue has failed.

5.2. Task Heading. Reserved

5.3. Service Contract Reporting (SCR): Reserved

Reporting inputs will be for the labor executed during the period of performance during each Government fiscal year (FY), which runs from October 1 through September 30. While inputs may be reported any time during the FY, all data shall be reported no later than October 30 of each calendar year using <http://sam.gov>.

PART 6 APPLICABLE PUBLICATIONS

6. APPLICABLE PUBLICATIONS (CURRENT EDITIONS)

6.1. The Contractor must abide by all applicable regulations, publications, manuals, and local policies and procedures.

6.1.1 DOD Commercial Use of Imagery Guidelines

6.1.2 AR 190-13, The Army Physical Security Program

6.1.3 Army Directive 2014-05, Policy and Implementation Procedures for CAC Credentialing Access for Uncleared Contractors

6.1.4 DOD 5220.22-M, National Industrial Security Program Operating Manual

6.1.5 Defense Federal Acquisition Regulation Supplement (DFARS)

6.1.6 Joint Travel Regulation (JTR)

6.1.7 AR 735-5, Policies and Procedures for Property Accountability

6.1.8 DODD 8570.01, Information Assurance Training Certification and Workforce Management

6.1.9 DOD 8570.01-M, Information Assurance Workforce Improvement Program

6.1.10 AR 25-2, Information Assurance

6.1.11 DODI 2000.16 DoD Antiterrorism

PERFORMANCE WORK STATEMENT (PWS) [AFSBn-Bliss]

March 2026

TECHNICAL EXHIBIT 1

Performance Requirements Summary

The contractor service requirements are summarized into performance objectives that relate directly to mission essential items. The performance threshold briefly describes the minimum acceptable levels of service required for each requirement. These thresholds are critical to mission success.

Performance Objective	Standard	Performance Threshold	Incentives/ Disincentives
PRS # 1. Delivery and Setup: The Contractor shall deliver, set-up and install equipment up to the point of connectivity to a network unless otherwise stated in an individual delivery order. The Ordering COR shall coordinate with the authorized network personnel to connect equipment to the network. The Contractor shall then ensure operational capability as required in the PWS.	IAW PWS	Zero deviation	The results for this performance objective will be used for reporting of contractor performance in CPARS. Rating will be based on results of monthly metrics.
PRS # 2 Networking Standards: Networked MFDs must be “net worthy,” which by definition is to prevent intrusion and avoid allowing unauthorized parties onto the Army network. Devices must be National Information Assurance Partnership (NIAP) certified or equivalent.	IAW PWS	Zero deviation	The results for this performance objective will be used for reporting of contractor performance in CPARS. Rating will be based on results of monthly metrics.
PRS # 3 Digitally Networkable MFDs: Digitally Networkable MFDs. Devices will have the capability to network to standard DoD Microcomputer Networks. The Contractor must make available for purchase or lease all cables, connectors, and any necessary accessories to enable connection to the Army’s network.	IAW PWS	Zero deviation	The results for this performance objective will be used for reporting of contractor performance in CPARS. Rating will be based on results of monthly metrics.

PERFORMANCE WORK STATEMENT (PWS) [AFSBn-Bliss]

March 2026

PRS # 4 Full Operational Capability (FOC) Demonstration: The Contractor must demonstrate to the Government that equipment is fully operational in accordance with the Government's requirements, equipment specifications, intended purpose, and operator instructions and manuals. The Network Enterprise Center (NEC) may require a prenetwork connectivity check prior to connecting the MFD(S) to the network. For leases, satisfactory completion of this demonstration will deem acceptance and lease commencement date.	IAW PWS	Zero deviation	The results for this performance objective will be used for reporting of contractor performance in CPARS. Rating will be based on results of monthly metrics.
PRS # 5 Annual Preventive Maintenance: Each item of equipment in place for at least 1 year shall have had one (1) preventive maintenance visit.	IAW PWS	100%	The results for this performance objective will be used for reporting of contractor performance in CPARS. Rating will be based on results of monthly metrics.
PRS # 6 MFD availability: All MFD's must perform at an availability level of 90%.	IAW PWS	90%	The results for this performance objective will be used for reporting of contractor performance in CPARS. Rating will be based on results of monthly metrics.
PRS # 7 Response to Service Calls: The Contractor shall have a service technician arrive at customer location within eight (8) working hours after notification if a remote attempt to resolve the issue has failed.	IAW PWS	90%	The results for this performance objective will be used for reporting of contractor performance in CPARS. Rating will be based on results of monthly metrics.
