52.212-2 EVALUATION--COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES (NOV 2021)

(a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price, past performance, and other factors considered. The following factors shall be used to evaluate quotes:

(i) Price

(ii) Past Performance: The apparent successful, prospective contractor must have satisfactory or neutral past performance. Past Performance shall be evaluated in accordance with FAR 12.203. The Supplier Performance Risk System (SPRS) application (<https://www.sprs.csd.disa.mil>), the Contractor Performance Assessment and Reporting System (CPARS), Federal Awardee Performance and Integrity Information System (FAPIS), and any other sources available to the Government may be utilized to evaluate Past Performance

(iii) Other Factors: Contractor's quoted supplies or services shall, at a minimum, meet the salient characteristics, specifications, deliverables, or performance requirements outlined in the solicitation.

In accordance with FAR 12.203(c), the government will conduct a comparative evaluation of quotations based on price and other non-price factors. The Government will first eliminate unacceptable quotations. The remaining quotations will be arranged if more than one quotation is received, in order of lowest price to highest price. Evaluations will commence with the lowest priced quotation. Evaluations will continue until at least two competing quotations are found to be acceptable and have acceptable past performance. The Government will conduct a comparative assessment of the two competing quotations that are found to be acceptable and have acceptable past performance. The award will be made to the offeror whose quote is determined to have both a fair & reasonable price and to be the most advantageous to the Government.

(b) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award

(End of provision)
