Annual Junior Reserve Officer Training Corps (JROTC)
Cadet Leadership Challenge (JCLC)
24-26 April 2026
Sonora High School
401 S. Palm St, La Habra, CA 90631

PART 1
GENERAL INFORMATION

1. General: This is a non-personal service(s) contract under which the personnel rendering the service(s) are not subject, either by the contract's terms or by the manner of its administration, to the supervision and control usually prevailing in relationships between the Government and its employees.

1.1 Description of Services/Introduction: This is a non-personal service(s) contract to provide facilities, lodging, logistical support, meals, training areas, and training activities for the attendees of the 8th Brigade ROTC, United States Army Cadet Command (USACC), Sonora High School Junior Reserve Officer Training Corps (JROTC) Cadet Leadership Challenge (JCLC) from 24 April 2026 to 26 April 2026. The proposed vendor will provide support to the JROTC Instructors and Chaperons who will be the only ones interacting directly with the Cadets.

1.2 Background: The annual JROTC Cadet Leadership Challenge is a three-day event held annually with the purpose of increasing the potential in JROTC cadets to become leaders in their school and community. Additionally, the camp provides cadets an opportunity to live with and interact with cadets from other schools; provides an opportunity for physical fitness and citizenship exercises in an unfamiliar environment; and provides recreation and other activities not normally available to the cadets. Paragraph 9-31, subparagraph "a", of Cadet Command Regulation (CCR) 145-2 dated 12 August 2022 requires Army JROTC Programs to participate in a JCLC annually.

1.2.1 In order to satisfy a JCLC requirement, as per CCR 145-2, selected JROTC Cadets must participate in the following activities/training: outdoor learning, leadership and team & collaborative problem-solving activities & exercises, rappel training, rock climbing wall, zip-line, High & Low Challenging Outdoor Personal Experience (COPE), air rifle and Archery marksmanship, and ecology daytime hikes. The Contractor shall also provide instructional and support staff, instructional space and facilities set up as required, instructional materials for cadets and other consumables as required.

1.3 Scope: The Contractor shall provide adequate facilities, lodging, logistical support, meals, training areas, and training activities for the establishment of a JROTC Cadet Leadership Challenge (JCLC). The camp shall be conducted during the time period of 24 - 26 April 2026. The camp shall last a total of three days and two nights with a total of 100 Cadets and 15 Cadre/Chaperons attending this cycle. The Contractor shall perform to the standards and

acceptable quality levels identified in this PWS and associated contract documents.

1.3.1 Contractor shall provide two (2) night billeting for 100 Cadets and 15 Cadre/Chaperones for this training cycle. Female Cadets will not share billets, latrine or hygiene facilities with their male counterparts. Cadets will not share billets, latrine, or hygiene facilities with Cadre.

1.3.2 Meals specifics: The Contractor shall provide a total of 7 meals for Cadets and Cadre during the training cycle by the date and quantity listed below. Meals and beverages shall be based on Contractor's planned menus and shall include at a minimum a primary entrée with a vegetarian substitute (protein), three side dish options (vegetables and starches), fruit (breakfast), salad (lunch and dinner), bread (breakfast and dinner), dessert (dinner), and a minimum of two beverage options at each meal. Sample menus are located in 5.2.1.8.

1.3.3 Training areas and Training Activities (Programming and Staff): The Contractor shall provide training areas, lessons, and activities to Cadets and Cadre to address outdoor learning, leadership and collaborative problem solving, rappelling, rock climbing wall, vertical playpen, zip-line, high & low Challenging Outdoor Personal Experience (COPE), air rifle range, day hikes, and archery. The Contractor shall also provide instructional and support staff, instructional space and facilities setup as required, instructional materials for cadets and other consumables as required.

1.4 Objectives: A JCLC has six objectives, which are: 1. Provide JROTC Cadets an opportunity to practice leadership skills in an unfamiliar environment; 2. Allow Cadets a chance to participate in citizenship building activities; 3. Provide an opportunity for JROTC Cadets to live with, and interact with, cadets from other JROTC Programs; 4. Provide an opportunity to learn leadership skills in a "hands on" military type environment; 5. Provide the opportunity to participate in adventure training not normally available to Cadets; 6. Provide an opportunity to take advantage of available recreational facilities and to have fun.

1.5 General Information:

1.5.1 Quality Control Plan (QCP): The Contractor shall develop and maintain a QCP to ensure services are performed In Accordance With (IAW) this PWS. The Contractor shall develop and implement procedures to identify, prevent, and ensure non-recurrence of defective services. The Contractor's QCP is the means by which it assures that the work provided complies with the requirements of the contract.

1.5.2 Quality Assurance: The Government will evaluate the Contractor's performance under this contract in accordance with the Quality Assurance Surveillance Plan (QASP). This plan is primarily focused on what the Government must do to ensure that the Contractor has performed in accordance with the performance standards. It defines how the performance standards will be applied, the frequency of surveillance, and the acceptable quality levels (performance thresholds).

1.5.3 Period Of Performance (PoP): The PoP is 24 – 26 April 2026.

1.5.4 Recognized Holidays: The following provides information on recognized holidays for the purpose of the PWS. If submittal of any documentation (e.g. deliverables, submittals, etc.) deadlines fall on a holiday, the closest work day prior to the holiday will apply as the deadline for submittal.

1.8 Post Award Conference/Periodic Progress Meetings: The Contractor shall attend any post award conference convened by the contracting activity or contract administration office in accordance with FAR Subpart 42.5. The Contracting Officer, COR, and other Government personnel, as appropriate, may meet periodically with the Contractor to review the Contractor's performance. At these meetings the Contracting Officer will apprise the Contractor of how the Government views the Contractor's performance and the Contractor shall apprise the Government of problems, if any, being experienced. Appropriate action shall be taken to resolve outstanding issues. These meetings shall be at no additional cost to the Government.

1.8.1 The Contractor shall attend, participate in, and furnish input to scheduled and unscheduled meetings, conferences, and briefings that relate to the functions and services herein as required by the Government to provide effective communication and impart necessary information. The Contract Manager or designated representative shall attend meetings as requested by the Government. Meeting attendees shall at times include Contractor managerial, supervisory, and other personnel knowledgeable of the subject matter. Meetings may start or end outside of regular duty hours.

1.9 Contracting Officer's Representative (COR): Refer to Part 2 of this PWS for the definition of a COR. As determined by the Contracting Officer, a COR will be appointed and identified by letter of designation, a copy of which will be provided to the Contractor by the

Contracting Officer. The designation letter states the responsibilities and limitations of the COR, especially with regard to changes in cost or price, estimates, or changes in delivery dates. The COR is not authorized to change any of the terms and conditions of the resulting order. The COR monitors all technical aspects of the contract and assists in contract administration. The COR is not authorized to obligate the Government. If the work is not written in the contract, the COR is not authorized to request new work. The COR is authorized to perform the following functions: assure that the Contractor performs the technical requirements of the contract, perform inspections necessary in connection with contract performance, maintain written and oral communications with the Contractor concerning technical aspects of the contract, issue written interpretations of technical requirements, including Government drawings, designs, specifications, monitor Contractor's performance and notifies both the Contracting Officer and Contractor of any deficiencies, coordinate availability of Government property, and coordinate site entry of Contractor personnel.

PART 2 DEFINITIONS & ACRONYMS

2. Definitions and Acronyms

2.1 Definitions: Although not inclusive of every term used within this PWS, the following provides a list of definitions used throughout this PWS and commonly used in the acquisition field.

Contracting Officer – means a person with the authority to enter into, administer, and/or terminate contracts and make related determinations and findings on behalf of the Government. Note: The only individual who can legally bind the Government.

Contracting Officer's Representative (COR) – As defined in DFARS 202.101, means an individual designated and authorized in writing by the Contracting Officer to perform specific technical or administrative functions. DoD Instruction (DoDI) 5000.72, Part II Definitions states the following when defining a COR: “Defined in subpart 202.101 of Reference (f). Any individual delegated responsibilities pursuant to subpart 1.602-2 of Reference (e), regardless of local terminology, must be certified in accordance with this instruction. For example, local terminology can be COR, Contracting Officer’s technical representative, technical point of contact, technical representative, alternate COR, administrative COR, assistant COR, line item manager, task order manager, quality assurance personnel, quality assurance evaluator, or COR management.” In addition, Army Regulation 70-13, Chapter 2, paragraph 2-2g, states, in part, the following when providing other surveillance support personnel to assist the COR when needed, “...These other surveillance support personnel may serve as on-site representatives of the COR in performance of actual contract surveillance if they meet all COR requirements and have been appointed by the Contracting Officer as alternate CORs.”

Contractor – means a supplier or vendor awarded a contract to provide specific supplies or service to the Government. The term used in this contract refers to the prime.

Contractor-acquired Property - means property acquired, fabricated, or otherwise provided by the Contractor for performing a contract and to which the Government has title.

Day – means, unless otherwise specified, a calendar day.

Defective Service – means a service output that does not meet the standard of performance associated with the Performance Work Statement.

Deliverable – means anything that can be physically delivered, but may include non-manufactured things such as meeting minutes or reports.

Physical Security – means that part of security concerned with physical measures designed to safeguard personnel; to prevent unauthorized access to equipment, installations, material, and documents; and to safeguard against espionage, sabotage, damage, and theft.

Quality Assurance – (or Government contract quality assurance) means the various functions, including, inspection, performed by the Government to determine whether a

Contractor has fulfilled the contract obligations pertaining to quality and quantity.

Quality Assurance Surveillance Plan (QASP) – means the key Government-developed surveillance process document, and is applied to Performance-Based Service Contracting (PBSC). The QASP is used for managing Contractor performance assessment by ensuring that systematic quality assurance methods validate that Contractor quality control efforts are timely, effective, and are delivering the results specified in the contract or task order. The QASP directly corresponds to the performance objectives and standards (i.e., quality, quantity, timeliness) specified in the Performance Work Statement (PWS). It provides specific details on how the Government will survey, observe, test, sample, evaluate, and document Contractor performance results to determine if the Contractor has met the required standards for each objective in the PWS. The QASP, with very few if any exceptions, is an internal to Government document.

Quality Control – means all necessary measures taken by the Contractor to assure that the quality of an end product or service shall meet contract requirements.

Statement – means the specific results-based activities required to satisfy HLOs. A statement contains a result, the context of the statement, and the required action(s). Statements focus on “what” is to be accomplished; however they are not prescriptive in describing “how” the outcome is to be achieved. Each HLO may have several statements to flesh out the areas necessary to meet the objective. Statements are similar to Level 3 in a Work Breakdown Structure.

Subcontractor – means one that enters into a contract with a prime Contractor. The Government does not have privity of contract with the subcontractor.

Workday - The number of hours per day the Contractor provides services in accordance with the contract.

Workweek - Monday through Friday, unless otherwise specified.
