SOURCES SOUGHT SYNOPSIS NOTICE

THIS IS A SOURCES SOUGHT SYNOPSIS ONLY. This is a market research tool being used to determine the availability and capability of potential sources prior to determining the method of acquisition and whether the Government will proceed with this acquisition. The Government will not pay for any information solicited. If a contract is ultimately pursued, responses to this synopsis will be used to aid in determining whether the acquisition is set-aside for small business or in establishing small business subcontracting goals. All certified small business entities are encouraged to submit a capability statement.

The Department of Commerce (DOC) is contemplating establishing a contract under **NAICS Code(s): 513210 – Software Publishers, and PSC Code: DA10 – IT and Telecom – Business**

Application/Application Development Software as a. There is no solicitation at this time. **This request for capability information does not constitute a request for proposals; submission of any information in response to this market survey is purely voluntary; the Government assumes no financial responsibility for any costs incurred.**

If your firm has the potential capacity to perform these services, please provide the following information: 1) organization name, address, email address, website address, telephone number, and size and type of ownership for the organization; and **2) tailored capability statements addressing the particulars of this effort, with appropriate documentation supporting claims of the firm and staff capability.**

If significant subcontracting or teaming is anticipated in order to deliver technical capability, organizations should address the administrative and management structure of such arrangements.

The Government will review market information to ascertain potential market capacity to 1) provide services consistent in scope and scale with those described in this notice and otherwise anticipated; 2) secure and apply the full range of corporate financial, human capital, and technical resources required to successfully perform similar requirements; 3) implement a successful project management plan that includes: compliance with program schedules; cost containment; meeting and tracking performance; hiring and retention of personnel and risk mitigation, and surge support; and 4) provide services under a performance-based service acquisition. Based on the responses to this sources-sought notice/market research, this requirement may be set-aside for small businesses or procured through full and open competition. **Telephone inquiries will not be accepted or acknowledged, and no feedback or evaluations will be provided to companies regarding capability submissions.**
