SEAPORT UPDATE

- BOTTOM LINE UP FRONT: SeaPort multiple award contracts are not going away; just the portal
- SeaPort continues to be Navy's mandatory vehicle for procurement of Engineering Services and Program Management Support Services
 - NMCARS Annex 22 lists SeaPort Engineering and Program Management Categories
- SeaPort NxG Portal is being decommissioned
 - Transition to SAM for notices
 - Transition to PIEE Solicitation Module for solicitation and proposal activity
 - Transition to ePS for contract writing and award
 - Transition to AMS for electronic contract files
- SeaPort contract holders must ensure they are registered in PIEE

COMMON PROPOSAL ERRORS

- Not following solicitation instructions
 - Exceeding page limits
 - Misplacing content in wrong volume
- Missing or incomplete documentation/information
 - Certifications/key personnel resumes
 - Fill-ins, including but limited to: CLIN prices; DCMA/DCAA POC e-mail/phone; validity date; signed copy of solicitation and all amendments
 - Effective Nov 2025, DFARS 252.204-7025 Notice of Cybersecurity Maturity Model Certification Level Requirements
 - “The Offeror shall provide, in the proposal, the CMMC unique identifier(s) (CMMC UIDs) issued by SPRS for each contractor information system that will process, store, or transmit FCI or CUI during performance...”
- Check your math and double-check your formulas/linked cells in spreadsheets
 - No more than 2 decimal places please
- Use of “boilerplate” when solicitation asks for procurement-specific solution
- Carefully review technical requirements--don't assume a follow-on effort is identical to the previous contract

Failure to follow instructions or to provide required information could result in elimination from consideration before technical proposal is evaluated!

ON THE HORIZON

- Known PCD requirements are published in NAVSEA's Long-Range Acquisition Estimate
 - Accessible via NAVSEA Public Home Page: <https://www.navsea.navy.mil/Small-Business-Partnerships/LRAE/>
 - Updated quarterly; excel spreadsheet with filters
- The Department of War (DoW) is undergoing significant acquisition transformation
 - Official Strategy Release: The Acquisition Transformation Strategy was officially released on November 7, 2025, outlining the fundamental shifts in how the Pentagon intends to develop and procure new capabilities.
 - Guiding Philosophy: The new acquisition strategy emphasizes "speed to capability" as the central principle, aiming to streamline procurement and development processes
 - Speed and Flexibility: The DoW is prioritizing rapid acquisition to enhance operational capabilities and respond swiftly to emerging threats
 - Commercial products and offerings, in whole or in part, as the preferred acquisition approach, with enhanced presumption of commerciality to expand qualifying vendors
 - Increased use of commercial solutions openings (CSOs), other transactions, and related agreements, commercial acquisition, and rapid contracting practices
