

Federal Emergency Management Agency (FEMA)
Request for Information (RFI) # 70FA4026I000000004
February 25, 2026

Questions & Answers:

1. Is it the case the expectation is that all 10 Topic area statements/questions, if applicable, of the above subject line RFI are addressed within the 25-page limitation outlined in the RFI?

Yes, as applicable. We don't view the 25 pages as a hard requirement and would be happy to review additional details if helpful.

2. I am hoping to confirm if this is a new requirement or if similar services have been performed in the past. If a follow-on, may I have the incumbent contract and vendor information?

This is a new requirement.
