Description:

This announcement constitutes a Notice of Proposed Contract Action. The Office of AFSC/PZABB intends to award this requirement contract as a follow-on sole source for the OEM awarded a non-commercial contract FA8522-21-D-0002 for the accurate repair services for the B-52H AN/ALQ-172 Electronic Countermeasures (ECM) System, testing, tear down, evaluation, engineering, production, and technical data to keep the aircraft operable to perform their mission.

The scope of this requirement includes the repair of components of the AN/ALQ-172 ECM System which are comprised of Radio Frequency (RF), digital, and mixed signal Shop Replaceable Units (SRUs) that shall meet the system/subsystem specifications, Prime Item Functional Specification, Critical Item Developmental Specification, Block Cycle 8 Operational Flight Program (OFF) Requirements Specification, component design and testing specification, B-52H interface control documents and requirements specifications owned by either the Government or the OEMs. The ALQ-172 requirements are military unique and cannot be acquired in the commercial marketplace. The anticipated NSNs requiring repair are detailed below:

NSN	Nomenclature	BEQs Over Total Contract Period
5998014243963EW	Backplane Assembly for Legacy LRU-10	50
5998014247126EW	Backplane Assembly for Legacy LRU-1	60
5998014506531EW	Backplane Assembly for Legacy LRU-4	30
5865011985144EW	Transmitter for Legacy LRU-2	10
5895014856252EW	Control Indicator (LRU-21)	125
6625015743519EW	Spectrum Analyzer for ALM-289 (EMTS)	5
6625014761411EW	Oscilloscope for ALM-289 (EMTS)	15
5995015084208EW	Cable Assembly, CDU 1553/VIDEO STUB (W93) for ALM-289 (EMTS)	5
5998011975794EW	CCA for Legacy LRU-1, LRU-10	10
5895015577498EW	Core Memory Unit for Legacy LRU-10	5
5998012555500EW	CCA for Legacy LRU-10	5
6625015766001EW	Waveform Generator	20

5998015913035EW	CCA MODULE, VXI, DRIVER for ALM-289 (EMTS)	25
5998015985471EW	LXI VXI CARD for ALM-289 (EMTS)	25
6625015088808EW	Signal Generator	20
5895015734492EW	High Density Multiplexer Module for ALM-289 (EMTS)	5
5998014997569EW	CCA for Legacy LRU-1	5

This requirement will be Firm Fixed Price (FFP) and Cost Reimbursement No Fee (CRNF) contract with an anticipated period of performance of five one (1) year ordering periods.

The proposed contract action for this requirement will be sole source to the following Contractor:

L3 Harris Technologies (CAGE: 28527)

77 River Rd

Clifton NJ 07014-2000

This sole source requirement is pursuant to 10 U.S.C. 2304(c)(1) as implemented by FAR 6.302-1, Only One Responsible Source and No Other Supplies or Services will Satisfy Agency Requirements. The technical data required to perform these repairs is owned by L3 Harris.

Please be advised that this notice is NOT a request for competitive proposals. L3 Harris Technologies (28527) currently provides these long-term sustainment services for the AN-ALQ-172 program under a Contract FA8522-21-D-0002.

A determination not to compete this requirement is solely within the discretion of the Government. The Government will NOT be responsible for any cost incurred by interested parties in responding to this synopsis. The Government is not obligated to and will not pay for any information received from potential sources as a result of this notice.

Electronic procedures will be used for this solicitation.

All questions and concerns shall be submitted in writing via e-mail the POCs listed in this announcement. NO TELEPHONE QUESTIONS WILL BE ACCEPTED.
