EVALUATION--COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES (NOV 2021)

(a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate offers:

1. Technical Approach
2. Past Performance
3. Price

Technical capability will be evaluated on an acceptable or unacceptable basis. When combined, technical and past performance are approximately equal to price. If the offeror is found to be technically unacceptable, the offeror will be removed from further award consideration. For those offerors rated Acceptable in Technical Approach, a tradeoff will be conducted considering past performance and price with past performance considered approximately equal in importance to price.

FACTOR ONE - TECHNICAL CAPABILITY

Subfactor 1: Staffing Approach: The offeror shall submit a staffing plan that demonstrates adequate personnel with the necessary skill sets and qualifications to ensure the requirements of PWS Paragraphs 3.2, 3.3, 4.1, 4.2, and 4.3. Proposals that include fewer than 45,760 hours of support would cause mission degradation and will render the proposal Unacceptable. Refer to PWS Paragraph 3.3 and Addendums I, II, and III for further details.

The offeror shall submit an organization chart which identifies all on-site management and instructor positions, the number of personnel assigned and their qualifications for each instructor area. Names of specific individuals are not desired and shall not be provided. If names are submitted, they will be removed prior to evaluation.

Subfactor 2: Personnel Qualifications: Key Personnel: The offeror shall submit resumes for key personnel (Training Master Scheduler) that meet the minimum qualifications of the solicitation and PWS section 4.1.

Evaluation Process:

Initially, the government evaluation team shall evaluate the technical capability proposals at the sub factor level assigning ratings of Acceptable /Unacceptable as defined below in table 1. An overall factor-level rating will then be assigned; any technical capability proposal which is Unacceptable on any of the sub-factors, will be considered Unacceptable overall.

Acceptable (A)	Proposal clearly meets the minimum requirements of the solicitation.
Unacceptable (U)	Proposal does not clearly meet the minimum requirements of the solicitation.

The proposals shall be evaluated against the following sub factors:

Subfactor 1: Staffing Approach: To be rated "Acceptable", the offeror's staffing approach must demonstrate adequate staffing, and sufficient qualifications to support the requirements identified in the PWS Paragraphs 3.2, 3.3, 4.1, 4.2, and 4.3. The evaluation will focus on ALL of the following elements:

- 1) Offeror's plan which describes proposed manning levels and skills/ qualifications mix necessary to ensure all required personnel resources are provided to successfully accomplish all performance requirements on the start date of the performance period;
- 2) An organizational chart which identifies all on-site management and instructor positions and the number of personnel assigned to each instructor course.

Subfactor 2: Personnel Qualifications: Key Personnel: To be acceptable, the offeror must provide resumes for key personnel that clearly meet the minimum requirements of the solicitation and PWS section 4.1.

FACTOR TWO - PAST PERFORMANCE

The offeror shall provide a maximum of three (3) past performance references of similar magnitude scope, and complexity to services set forth in the PWS and completed within the past three (3) years prior to the solicitation release date (See Block 8 of the SF1449).

If a completed Contractor Performance Assessment Reporting System (CPARS) evaluation is available which meets the requirements identified above, it shall be submitted with the offer. If a CPARS is not available, then the offeror shall submit a completed Past Performance Questionnaire (PPQ) (Attachment 1) for each reference submitted. PPQs shall be submitted directly to the Government's point of contact, Yaynel Yambo and Robert Edwards, at Yaynel.c.yambo.civ@us.navy.mil and robert.s.edwards42.civ@us.navy.mil by close of solicitation. PPQs shall be signed by the reference. PPQs signed by the offeror will not be considered.

Offerors shall not incorporate by reference PPQs submitted under other solicitations. However, the Government reserves the right to consider other sources of past performance information at its discretion, including CPARS, previously submitted PPQs, and information obtained from program offices. The offeror is responsible for providing the PPQ to their references for completion and for ensuring that the PPQ is signed by the reference and received by the contracting office by the solicitation closing date and time.

If no recent (within the past three years prior to solicitation release date), relevant past performance is available the offeror shall affirmatively state that it possesses no recent or relevant past performance.

Past performance as the prime offeror will be given greater weight in the evaluation than subcontractor performance. If subcontractor performance is submitted, the offeror must clearly identify as it relates to scope, magnitude and complexity:

1. **The scope and percentage of work performed by the offeror as a subcontractor,**
2. **The dollar value attributable to the work performed by the offeror as a subcontractor, and**
3. **The specific functions or tasks completed by the offeror as a subcontractor.**

Note: An incomplete PPQ, or a PPQ not signed by the reference, will not be considered in the evaluation. No more than three (3) offeror submitted past performance references (CPARS/PPQ) will be evaluated.

A copy of the blank Past Performance Questionnaire to be used for requesting client references is included in Attachment 1.

Evaluation Process:

Factor 2 will be assigned a Performance Confidence Assessment rating from Past Performance Confidence Assessment Ratings Table based on the offeror's overall record of recency, relevancy, rating for quality of services of past performance. The purpose of the past performance evaluation is to allow the Government to assess the offeror's ability to perform the effort described in this RFP, based on the quality of the offeror's demonstrated recent and relevant past performance.

- (i) The first part of the evaluation is to evaluate the recency of the offeror's past performance. Past performance will be considered recent if the work has been performed within three (3) years before the solicitation release date.
- (ii) The second part of the evaluation is to evaluate the relevance of the offeror's past performance. To be considered relevant, the offeror's past performance information will be assessed on the similarity of the scope, magnitude, and complexity of the offeror's prior or ongoing contracts to this solicitation's performance requirements. For purposes of the past performance relevancy evaluation, scope, magnitude, and complexity are defined as follows:

Scope - Past performance will be considered relevant if the effort involved providing Instructor Support services to meet training requirements for basic and/or advanced construction training provided to military personnel in the Army, Air Force, or Navy in construction occupational fields.

Magnitude - Past performance will be considered relevant if the effort involved managing instructor support services and related administrative functions with an annual contract value of \$2 million or greater. (Offerors shall clearly identify the annualized dollar value of the referenced effort.)

Complexity - Past performance will be considered relevant if the effort involved providing instructor support services in the functional areas of performance required by this solicitation, to include delivery of classroom and/or field training to DoD military members in basic and advanced construction training programs.

Past Performance Relevancy Ratings Table	
Rating	Definition
Relevant	Present/past performance effort involved essentially the same scope and magnitude of effort and complexities this solicitation requires.
Not Relevant	Present/past performance effort involved little or none of the scope and magnitude of effort and complexities this solicitation requires.

The next aspect of past performance evaluation is to establish the overall quality of the Offeror's past performance. The past performance evaluation conducted does not establish, create, or change the Offeror's existing record and history on past contracts; rather, the past performance evaluation process gathers information from customers on how well the Offeror performed those past contracts. The Government will review all past performance information collected and determine the quality of the Offeror's performance, general trends, and usefulness of the information and incorporate these into the performance confidence assessment. A separate quality assessment rating is not performed; rather, the past performance confidence assessment rating is based on the Offeror's overall record of recency, relevancy, and quality of performance.

A review of all past performance, general trends, and usefulness of the information will be incorporated into an overall performance confidence assessment rating. After each reference is given a relevancy rating, quality will be addressed by examining the related CPARS /PPQ, but not rated. The past performance confidence assessment rating is based on the offeror's overall record of recency, relevancy, and rating for quality of services of performance and will be rated as stated below:

Past Performance Confidence Assessment Ratings Table

Rating	Description
Substantial Confidence	Based on the offeror's recent/relevant performance record, the Government has a high expectation that the offeror will successfully perform the required effort.
Satisfactory Confidence	Based on the offeror's recent/relevant performance record, the Government has a reasonable expectation that the offeror will successfully perform the required effort.
Neutral Confidence	No recent/relevant performance record is available or the offeror's performance record is so sparse that no meaningful confidence assessment rating can be reasonably assigned. The offeror may not be evaluated favorably or unfavorably on the factor of past performance.
Limited Confidence	Based on the offeror's recent/relevant performance record, the Government has a low expectation that the offeror will successfully perform the required effort.
No Confidence	Based on the offeror's recent/relevant performance record, the Government has no expectation that the offeror will be able to successfully perform the required effort.

If an offeror has no recent/relevant past performance record, or if an offeror's performance record is so sparse that no meaningful confidence assessment rating can be reasonably assigned, the offeror may not be evaluated favorably or unfavorably on Factor 2. In this case, the offeror's past performance will be assigned a rating of 'Neutral Confidence.' Past performance ratings of 'Substantial Confidence' or 'Satisfactory Confidence' will be considered more favorably than a "Neutral Confidence" rating in conducting the trade-off.

FACTOR THREE - PRICE

An offeror's proposed prices will be determined by multiplying the quantities identified in the Schedule by the proposed unit price for each Contract Line Item Number (CLIN) to confirm the extended amount for each. Offerors shall ensure each CLIN is priced.

The Government will evaluate price to determine the following:

- Completeness** - The proposal includes prices for all CLINs, and option periods. Failure to price a CLIN may render the proposal unacceptable. Do not price travel CLIN.
- Accuracy and Mathematical Correctness** - Proposed unit prices and extended amounts will be reviewed for consistency, accuracy, and freedom from calculation errors. In the event of a discrepancy, unit prices will govern.
- Reasonableness** - Prices will be evaluated in accordance with FAR 15.404-1(b)(2) to determine whether they are fair and reasonable. The Government may use one or more of the price analysis techniques set forth in FAR 15.404-1(b)(2), including but not limited to: comparison of proposed prices received in response to the solicitation, comparison with historical prices paid, comparison with independent Government estimates (IGEs), and comparison with published price lists.
- Total Evaluated Price** - The Government will calculate the total evaluated price by summing all CLINs, inclusive of all option periods, to determine the basis for evaluation and award.

Price will not be assigned an adjectival rating but will be considered in the overall best value tradeoff in accordance with FAR 15.101-1.

(b) Options. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

(c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(h) *Certification Regarding Responsibility Matters (Executive Order 12689)*. (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals-

(1) ☐ Are, ☐ are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) ☐ Have, ☐ have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(3) ☐ Are, ☐ are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) ☐ Have, ☐ have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds the threshold at 9.104-5(a)(2) for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined*. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples.*

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).

(i) *Certification Regarding Knowledge of Child Labor for Listed End Products (Executive Order 13126).* [The Contracting Officer must list in paragraph (i)(1) any end products being acquired under this solicitation that are included in the List of Products Requiring Contractor Certification as to Forced or Indentured Child Labor, unless excluded at 22.1503(b).]
