NOTICE TO PROSPECTIVE BIDDERS

RE: MT PRAIRIE 2016(3)
Milwaukee Bridge Resurfacing and Rehabilitation
Solicitation No. 69056726B000003

The attached preliminary plans are being furnished to aid prospective Bidders in identifying the location and type of work for this project. Prospective Bidders are encouraged to view the project as conditions permit. No Federal Highway Administration personnel will be available for show-me tours.

Project Location and Type of Work - All project work is located in Prairie County, Montana.

- **Milwaukee Bridge Resurfacing and Rehabilitation** - Work consists of replacing the existing timber decking with metal grid bridge deck, replacing existing timber railing with metal bridge rail, performing scour remediation to a single pier, and concrete repair of two abutments. Also included is the grading and resurfacing of the roadway approaches adjacent to the bridge.

Technical Questions - All technical questions must be submitted by email wfl.plans-spec@dot.gov.

General Questions - Contact our office at wfl.contracts@dot.gov or at 360-619-7520.

Solicitation documents - Documents will be available during the spring of 2026. Please monitor the SAM site (www.sam.gov) for actual date of solicitation release. To receive automatic notification through SAM, you must be logged in and select the "Follow" feature. For more information go to [How do I follow items on SAM.gov?](#).

Thank you for your interest in this project.
