C-3.0 The following NAVSUP local text is hereby made part of the statement of work/performance work statement:

CONTRACTOR UNCLASSIFIED ACCESS TO FEDERALLY CONTROLLED FACILITIES, SENSITIVE INFORMATION, INFORMATION TECHNOLOGY (IT) SYSTEMS OR PROTECTED HEALTH INFORMATION

Executive Order 13467, Reforming Processes Related to Suitability for Government Employee, Fitness for Contractor Employees and Eligibility for Access to Classified National Security Information, Homeland Security Presidential Directive (HSPD)-12, requires government agencies to develop and implement Federal security standards for Federal employees and contractors. The 5 CFR 32 Part 157 in concert with DoD Manual 1000.13, Vol 1, implements the Federal Standards.

APPLICABILITY

This text applies to all DoD sponsored individuals who require CAC eligibility (or login and P/W if acceptable per contract) for: Physical access to DoD facilities or non-DoD facilities on behalf of DoD; Logical access to information systems (whether on site or remotely); or remote access to DoD networks that use only the CAC logon for user authentication, or access to sensitive and protected information. This applies to the Office of the Secretary of Defense, the Military Departments, the Office of the Chairman of the Joint Chiefs of Staff and the Joint Staff, the Combatant Commands, the Office of the Inspector General of the DoD, the Defense Agencies, the DoD Field Activities and all other organizational entities within the DoD (hereinafter referred to collectively as the "DoD Components").

Each contractor employee providing services at a Navy Command under this contract is required to obtain a Department of Defense Common Access Card (DoD CAC). Additionally, depending on the level of computer/network access, the contract employee will require a successful investigation as detailed below.

ACCESS TO FEDERAL FACILITIES

Per HSPD-12 and implementing guidance, all contractor employees working at a federally controlled base, facility or activity under this clause will require a DoD CAC. When access to a base, facility or activity is required contractor employees shall in-process with the Command's Security Manager upon arrival to the Command and shall out-process prior to their departure at the completion of the individual's performance under the contract.

START-UP PERIOD

All contractor resource onboarding documents must be submitted via the prime contractor. The prime contractor shall make all necessary preparations to assume full responsibility for productive performance of the performance start date.

Definition of "productive":

- a. Visit Authorization Request (VAR)
- b. Contractor Information Sheet (CIS)
- c. Completed EQIP (Electronic Investigation)
- d. All contractor resource(s) must have an active JPAS profile.
- e. Common Access Card (CAC)

Note (1): Invoicing by the contractor will begin as of the commencement of the performance period of services and no reimbursement will be paid by the government for efforts expended during the start-up period.

Note (2): Foreign Nationals are not allowed access to the functional/system side of Enterprise Resource Planning (ERP).

ACCESS TO DOD INFORMATION TECHNOLOGY (IT) SYSTEMS

In accordance with (IAW) Secretary of the Navy (SECNAV) M-5510.30C, contractor employees who require access to DoN or DoD networks are categorized as IT-I, IT-II, or IT-III. The IT-II level, defined in detail in SECNAV M- 5510.30C, includes positions which require access to sensitive information. Sensitive information includes information protected under the Privacy Act, to include Protected Health Information (PHI). All contractor employees under this contract who require access to Privacy

Act protected information are therefore categorized no lower than IT-II. IT Levels are determined by the requiring activity's Command Information System Security Manager (ISSM)/Information Assurance Manager (IAM).

Contractor employees requiring privileged or IT-I level access, (when specified by the terms of the contract) require a Single Scope Background Investigation (SSBI) or T5 or T5R equivalent investigation, which is a higher level investigation than the National Agency Check with Law and Credit (NACLC)/T3/T3R described below. Due to the privileged system access, an investigation suitable for High Risk national security positions is required. Individuals who have access to system control, monitoring, or administration functions (e.g. system administrator, database administrator) require training and certification to Information Assurance Technical Level 1, and must be trained and certified on the Operating System or Computing Environment they are required to maintain.

Access to sensitive IT systems is contingent upon a favorably adjudicated background investigation. When access to IT systems is required for performance of the contractor employee's duties, such employees shall in-process with the Navy Command's CSM and ISSM/IAM upon arrival to the Navy command and shall out-process prior to their departure at the completion of the individual's performance under the contract. Completion and approval of a System Authorization Access Request Navy (SAAR-N) form is required for all individuals accessing Navy Information Technology resources. The decision to authorize access to a government IT system/network is inherently governmental. The contractor supervisor is not authorized to sign the SAAR-N; therefore, the government employee with knowledge of the system/network access required or the COR shall sign the SAAR-N as the "supervisor".

The SAAR-N shall be forwarded to the Command's Security Manager at least 30 days prior to the individual's start date. Failure to provide the required documentation at least 30 days prior to the individual's start date may result in delaying the individual's start date.

When required to maintain access to required IT systems or networks, the contractor shall ensure that all employees requiring access complete annual Cyber Awareness training, and maintain a current requisite background investigation. The Contractor's Security Representative shall contact the Command Security Manager for guidance when reinvestigations are required.

INTERIM ACCESS

The Command's Security Manager may authorize issuance of a DoD CAC and interim access to a DoN or DoD unclassified computer/network upon a favorable review of the investigative questionnaire and advance favorable fingerprint results. When the results of the investigation are received and a favorable determination is not made, the contractor employee working on the contract under interim access will be denied access to the computer network and this denial will not relieve the contractor of his/her responsibility to perform.

DENIAL OR TERMINATION OF ACCESS

The potential consequences of any requirement under this clause including denial or termination of physical or system access in no way relieves the contractor from the requirement to execute performance under the contract within the timeframes specified in the contract. Contractors shall plan ahead in processing their employees and subcontractor employees. The contractor shall insert this clause in all subcontracts when the subcontractor is permitted to have unclassified access to a federally controlled facility, federally-controlled information system/network and/or to government information, meaning information not authorized for public release.

CONTRACTOR'S SECURITY REPRESENTATIVE

The contractor shall designate an employee to serve as the Contractor's Security Representative. Within three work days after contract award, the contractor shall provide to the requiring activity's Security Manager and the Contracting Officer, in writing, the name, title, address and phone number for the Contractor's Security Representative. The Contractor's Security Representative shall be the primary point of contact on any security matter. The Contractor's Security Representative shall not be replaced or removed without prior notice to the Contracting Officer and Command Security Manager.

BACKGROUND INVESTIGATION REQUIREMENTS AND SECURITY APPROVAL PROCESS FOR CONTRACTORS ASSIGNED TO NATIONAL SECURITY POSITIONS OR PERFORMING SENSITIVE DUTIES

Navy security policy requires that all positions be given a sensitivity value based on level of risk factors to ensure appropriate protective measures are applied. Contractor employees under this contract are recognized as Non- Critical Sensitive [ADP/IT-II] positions when the contract scope of work require physical access to a federally controlled base, facility or activity and/or requiring access to a DoD computer/network, to perform unclassified sensitive duties. This designation is also applied to contractor employees who access Privacy Act and Protected Health Information (PHI), provide support associated with fiduciary duties, or perform duties that have been identified as National Security Positions. At a minimum, each contractor employee must be a US citizen and have a favorably completed NACLC or T3 or T3R equivalent investigation to obtain a favorable determination for assignment to a non-critical sensitive or IT-II position. The investigation consists of a standard NAC and a

FBI fingerprint check plus law enforcement checks and credit check. Each contractor employee filling a non-critical sensitive or ITII position is required to complete:

- SF-86 Questionnaire for National Security Positions (or equivalent OPM investigative product)
- Two FD-258 Applicant Fingerprint Cards (or an electronic fingerprint submission)
- Original Signed Release Statements

Failure to provide the required documentation at least 30 days prior to the individual's start date shall result in delaying the individual's start date. Background investigations shall be reinitiated as required to ensure investigations remain current (not older than 10 years) throughout the contract performance period. The Contractor's Security Representative shall contact the Command Security Manager for guidance when reinvestigations are required.

Regardless of their duties or IT access requirements ALL contractor employees shall in-process with the CSM upon arrival to the command and shall out-process prior to their departure at the completion of the individual's performance under the contract. Employees requiring IT access shall also check-in and check-out with the Navy Command's ISSM/IAM. Completion and approval of a System Authorization Access Request Navy (SAAR-N) form is required for all individuals accessing Navy Information Technology resources. The SAAR-N shall be forwarded to the Navy Command's Security Manager at least 30 days prior to the individual's start date. Failure to provide the required documentation at least 30 days prior to the individual's start date shall result in delaying the individual's start date.

The contractor shall ensure that each contract employee requiring access to IT systems or networks complete annual Cyber Awareness training, and maintain a current requisite background investigation. Contractor employees shall accurately complete the required investigative forms prior to submission to the Command Security Manager. The Command's Security Manager will review the submitted documentation for completeness prior to submitting it to the Office of Personnel Management (OPM); Potential suitability or security issues identified may render the contractor employee ineligible for the assignment. An unfavorable determination is final (subject to SF-86 appeal procedures) and such a determination does not relieve the contractor from meeting any contractual obligation under the contract. The Command's Security Manager will forward the required forms to OPM for processing. Once the investigation is complete, the results will be forwarded by OPM to the DoD Central Adjudication Facility (CAF) for a determination.

If the contractor employee already possesses a current favorably adjudicated investigation, the contractor shall submit a Visit Authorization Request (VAR) via the Joint Personnel Adjudication System (JPAS) or a hard copy VAR directly from the contractor's Security Representative. Although the contractor will take JPAS "Owning" role over the contractor employee, the Navy command will take JPAS "Servicing" role over the contractor employee during the hiring process and for the duration of assignment under that contract. The contractor shall include the IT Position Category per SECNAV M-5510.30 for each employee designated on a VAR. The VAR requires annual renewal for the duration of the employee's performance under the contract.

BACKGROUND INVESTIGATION REQUIREMENTS AND SECURITY APPROVAL PROCESS FOR CONTRACTORS ASSIGNED TO OR PERFORMING NON-SENSITIVE DUTIES

Contractor employee whose work is unclassified and non-sensitive (e.g., performing certain duties such as lawn maintenance, vendor services, etc.) and who require physical access to publicly accessible areas to perform those duties shall meet the following minimum requirements:

- Must be either a U.S. citizen or a U.S. permanent resident with a minimum of 3 years of legal residency in the United States (as required by The Deputy Secretary of Defense DTM 08-006 or its subsequent DoD instruction) and
- Must have a favorably completed National Agency Check with Written Inquiries (NACI) or T1 investigation equivalent including a FBI fingerprint check prior to installation access.

To be considered for a favorable trustworthiness determination, the Contractor's Security Representative must submit for all employees each of the following:

- SF-85 Questionnaire for Non-Sensitive Positions
- Two FD-258 Applicant Fingerprint Cards (or an electronic fingerprint submission)
- Original Signed Release Statements

The contractor shall ensure each individual employee has a current favorably completed National Agency Check with Written Inquiries (NACI) or T1 equivalent investigation, or ensure successful FBI fingerprint results have been gained and investigation has been processed with OPM Failure to provide the required documentation at least 30 days prior to the individual's start date may result in delaying the individual's start date.

* Consult with your CSM and ISSM/IAM for local policy when IT-III (non-sensitive) access is required for non-US citizens outside the United States.

EXPEDITING CONTRACT CLOSEOUT

(a) As part of the negotiated fixed price or total estimated amount of this contract, both the Government and the Contractor have agreed to waive any entitlement that otherwise might accrue to either party in any residual dollar amount of \$1,000 or less at the time of final contract closeout. The term "residual dollar amount" shall include all money that would otherwise be owed to either party at the end of the contract, except that, amounts connected in any way with taxation, allegations of fraud and/or antitrust violations shall be excluded. For purposes of determining residual dollar amounts, offsets of money owed by one party against money that would otherwise be paid by that party may be considered to the extent permitted by law.

(b) This agreement to waive entitlement to residual dollar amounts has been considered by both parties. It is agreed that the administrative costs for either party associated with collecting such small dollar amounts could exceed the amount to be recovered.

252.232-7006 Wide Area WorkFlow Payment Instructions. (Jan 2023)

WIDE AREA WORKFLOW PAYMENT INSTRUCTIONS (JAN 2023)

(a) *Definitions.* As used in this clause-

"Department of Defense Activity Address Code (DoDAAC)" is a six position code that uniquely identifies a unit, activity, or organization.

"Document type" means the type of payment request or receiving report available for creation in Wide Area WorkFlow (WAWF).

"Local processing office (LPO)" is the office responsible for payment certification when payment certification is done external to the entitlement system.

"Payment request" and "receiving report" are defined in the clause at 252.232-7003, Electronic Submission of Payment Requests and Receiving Reports.

(b) *Electronic invoicing.* The WAWF system provides the method to electronically process vendor payment requests and receiving reports, as authorized by Defense Federal Acquisition Regulation Supplement (DFARS) 252.232-7003, Electronic Submission of Payment Requests and Receiving Reports.

(c) *WAWF access.* To access WAWF, the Contractor shall-

- (1) Have a designated electronic business point of contact in the System for Award Management at <https://www.sam.gov>; and
- (2) Be registered to use WAWF at <https://wawf.eb.mil/> following the step-by-step procedures for self-registration available at this web site.

(d) *WAWF training.* The Contractor should follow the training instructions of the WAWF Web-Based Training Course and use the Practice Training Site before submitting payment requests through WAWF. Both can be accessed by selecting the "Web Based Training" link on the WAWF home page at <https://wawf.eb.mil/>

(e) *WAWF methods of document submission.* Document submissions may be via web entry, Electronic Data Interchange, or File Transfer Protocol.

(f) *WAWF payment instructions.* The Contractor shall use the following information when submitting payment requests and receiving reports in WAWF for this contract or task or delivery order:

(1) *Document type.* The Contractor shall submit payment requests using the following document type(s):

- (i) For cost-type line items, including labor-hour or time-and-materials, submit a cost voucher.
- (ii) For fixed price line items-

(A) That require shipment of a deliverable, submit the invoice and receiving report specified by the Contracting Officer.

Not Applicable

(Contracting Officer: Insert applicable invoice and receiving report document type(s) for fixed price line items that require shipment of a deliverable.)

(B) For services that do not require shipment of a deliverable, submit either the Invoice 2in1, which meets the requirements for the invoice and receiving report, or the applicable invoice and receiving report, as specified by the Contracting Officer.

Invoice 2 in 1

(Contracting Officer: Insert either "Invoice 2in1" or the applicable invoice and receiving report document type(s) for fixed price line items for services.)

(iii) For customary progress payments based on costs incurred, submit a progress payment request.

(iv) For performance based payments, submit a performance based payment request.

(v) For commercial financing, submit a commercial financing request.

(2)) Fast Pay requests are only permitted when Federal Acquisition Regulation (FAR) 52.213-1 is included in the contract.

[Note: The Contractor may use a WAWF "combo" document type to create some combinations of invoice and receiving report in one step.]

(3) Document routing. The Contractor shall use the information in the Routing Data Table below only to fill in applicable fields in WAWF when creating payment requests and receiving reports in the system.

Section H - Special Contract Requirements

H-1.0 OCCUPATIONAL AND HEALTH STANDARDS FOR SHIPYARD EMPLOYMENT (29 CFR 1915)

The Contractor shall fully comply with 29 Code of Federal Regulations Part 1915, Occupational and Health Standards for Shipyard Employment (29 CFR 1915), as it is effective at the date of contract award, while performing any contract that is awarded from this solicitation. The provisions of 29 CFR 1915 shall apply to the same extent as if the ship repairing, shipbuilding, and shipbreaking employments and related employments to be performed under the contract are wholly accomplished on the navigable waters of the United States. The Contractor shall comply with applicable provisions of the laws and regulations where the ship repairing, shipbuilding, and shipbreaking employment and related employments are performed in addition to complying with the corresponding provisions of 29 CFR 1915 in instances in which those laws and regulations require compliance with more stringent safety standards. The Contractor shall promptly notify the contracting officer if it becomes aware of any law or regulation that is applicable where the ship repairing, shipbuilding, and shipbreaking employment and related employments are performed that precludes compliance with any provision of 29 CFR 1915.

H-2.0 Applicable to Contracts Performed in Korea:

EXEMPTION FROM KOREAN TAXES FOR SPECIAL EXCISE TAXED ITEMS USED ON THIS CONTRACT

This clause is in implementation of Article XVI of the status of Forces agreement between the Republic of Korea and the United States of America granting contractors exemption from Republic of Korea Special Excise Taxes. At the time this contract is awarded the Contractor will indicate to the Contracting Officer, which items he will purchase for the contract are subject to special excise tax. He will indicate the name of the item, the number of Units to be purchased the cost per unit without tax, the percentage of tax, the tax amount per unit, the total tax, and the manufacturer of the item. The Contracting Officer will verify the reasonableness of the quantities claimed. The Contractor will purchase the special excised taxed items from the Item manufacturer tax inclusive. For construction and single delivery type supply and services contracts he will employ the following procedure: At the time he purchases the items he will present the manufacturer with a notification letter requesting refund of the special excise tax. (Copies of this letter can be obtained from the NAVSUP FLCY Site Chinhae Contracting Officer). The manufacturer will endorse the letter to the Manufacture's District Tax Office which will make refund to the manufacturer. The manufacturer will make subsequent refund to the Contractor. Request for refund under requirement Type contracts will be submitted monthly and will be accompanied by copies of the USFK delivery orders issued during the monthly period.

EXEMPTION FROM KOREAN TAXES FOR VALUE-ADDED TAXED ITEMS USED ON THIS CONTRACT.

These clauses implement Article XVI of the Status of Forces Agreement between the Republic of Korea and the United States of America, which exempts Contractors from paying the Republic of Korea value-added taxes. When the Contractor submits an offer, he shall certify to the Contracting Officer that all the costs in the offer will be exclusive of any valued-Added Tax and further, that the proposed contract price including no valued added tax. Contractor shall also indicate the amount and type of value-added taxes excluded from the contract price. Contractor can receive value added taxes refunds by submitting to ROK District Tax Office, tax invoices, which he receives when he Purchases materials or services for this contract. The contractor must submit a copy of the USFK contract with his first tax invoice submission. Subsequent tax invoice submission must be accompanied by a letter which references the USFK contract submitted with the first tax invoice submission.

H-3.0 PREVENTION OF THE DISCHARGE OF OIL AND HAZARDOUS SUBSTANCES

(a) Policy. In compliance with Executive Order Number 11752 (38 F.R. 34793), the policy of the Department of the Navy (DON) is to conform to the provisions of the Federal Water Pollution Control Act, as amended (Title 33 U.S.C. 1251 et seq), and the Oil Pollution Act of 1990, as amended (Title 33 U.S.C. 2701 et seq), insofar as these Acts prohibit the discharge of oil, oily mixtures, and hazardous substances, and regardless of whether or not these Acts pertain specifically to the Naval vessel and shore activities. The prescribed clause is intended to implement that policy with respect to the ship(s) being constructed or undergoing repair and overhaul under this contract.

(b) Definitions. For the purpose of this clause, the terms "oil," "oily mixtures," "hazardous substance," and "discharge" shall have the meanings as defined in the Acts referred to in paragraph (a) of this clause and other environmental statutes.

(c) Trials. Prior to commencement of any dock or sea trials hereunder, the contractor shall assure the Administrative Contracting Officer (ACO) by demonstrations, completed test memoranda, or other means reasonably acceptable to the COR that all equipment, the function of which is to prevent the accidental discharge of oil, oily mixtures, or hazardous substances from the ship, that the contractor shall be required by the specifications to install, are fully operable.

(d) Reports. The contractor shall, as soon as it has knowledge of any discharge of oil, oily substance, or hazardous substance from the ship, immediately notify the ACO thereof and shall immediately take all reasonable steps to prevent further discharge. Within 24- hours thereafter, the contractor shall file with the ACO the "Oil or Hazardous Substance Discharge Report."

(e) Liability. The contractor shall not be liable for the costs incurred by the Government for the removal of such oil, oily mixture, or hazardous substance, except that the contractor shall be liable to the Government for all such costs of removal where such discharge was the result of willful negligence or willful misconduct within the privity and knowledge of the contractor.

H-4.0 EMPLOYMENT OF NAVY PERSONNEL RESTRICTED

In performing this contract, the contractor will not use as a consultant or employ (on either a full or part-time basis) any active duty Navy personnel (civilian or military) without the prior approval of the contracting officer. Such approval may be given only in circumstances where it is clear that no laws and no DOD or Navy instructions, regulations, or policies are contravened and no appearance of a conflict of interest will result.

H-5.0 ASBESTOS REMOVAL REQUIREMENTS

(a) During the performance of this contract the contractor and subcontractors may be required to perform work which involves the removal or disturbance of asbestos or asbestos containing products. This clause applies to each instance of asbestos removal or disturbance.

(b) The contractor shall comply with the precautions required in 29 CFR 1910.1001, 29 CFR 1926.58 and 40 CFR Part 61 and all other applicable Federal, State, and Local restrictions. The contractor shall forward a copy of all required notices, licenses and permits to the KO immediately upon issuance or receipt.

(c) The latest change to the Federal, State and Local Regulations in effect at the time of issuance of the contract shall govern. Compliance with these regulations is mandatory and is necessary to protect the employees of the contractor and Naval personnel from exposure to asbestos fibers in excess of the Occupational Safety and Health Administration (OSHA) Action level airborne concentration (currently 0.1 fibers per cubic centimeter (f/cc) of air).

(d) During removal or disturbance, the contractor shall control airborne asbestos concentrations outside the removal boundary to less than 0.1 f/cc at all times.

(e) After removal or disturbance is complete, the areas within the removal boundary shall not be released for re-occupancy until clearance air sampling demonstrates these spaces have concentrations of asbestos less than 0.1 f/cc.

(f) In all respects, the performance of air sampling and analysis shall be performed in accordance with the OSHA Reference Method (Appendix A of 29 CFR 1910.1001), with the following additional specifications:

- (1) Aggressive clearance sampling shall be performed on 25 mm cassettes at 2.0 liters per minute for a minimum of four hours.
- (2) In performing the clearance sampling, the pump shall be placed within the compartment where the removal or disturbance occurred. When this operation is conducted in a multilevel space, at least one pump shall be placed on each level.
- (3) Air sampling shall be performed by a person competent in sampling procedures and overseen by an industrial hygienist certified for comprehensive practice (CIH) by the American Board of Industrial Hygiene.
- (4) Laboratory analysis of samples shall be performed by a participant in the American Industrial Hygiene Association (AIHA) Proficiency in Analytical Testing (PAT) Program rated proficient for asbestos and air.
- (g) Personal sampling shall be conducted using breathing zone air samples, which are representative of the 8-hour Time-Weighted Average (TWA) exposure of each individual. Samples shall be collected and analyzed using the OSHA Reference Method contained in either 29 CFR 1910.1001 (as amended) or 29 CFR 1926.58 (as amended).
- (h) The contractor agrees to indemnify MSC for any fines assessed by Federal, State or Local Agencies, for the contractor's failure to properly follow applicable regulations.
- (i) The contractor shall insert this clause in all subcontracts entered into under this contract.

Note: The Contractor shall comply with applicable provisions of the laws and regulations where the ship repairing, shipbuilding, and shipbreaking employment and related employments are performed in addition to complying with the corresponding provisions of 29 CFR 1915 in instances in which those laws and regulations require compliance with more stringent safety standards.

H-6.0 USFK Invited Contractor and Technical Representative Program: Prospective contractors that are incorporated outside of ROK must meet the terms and conditions for the "Invited Contractors" program"

H-7.0 GROWTH CLIN

(a) This contract will utilize a Growth CLIN (CLIN 0002) which is pre-funded to accommodate the anticipated growth work that may arise during the performance of the specified Work Items (WIs) under CLIN 0001. The contractor shall provide (To Be Filled in upon Contract Award) man-hours and (To Be Filled in upon Contract Award) materials in the performance of the Growth CLIN in support of historically based growth under this contract. Upon negotiation of each growth work task, the agreed labor and material amount shall become a completion requirement. The total authorized growth work may not exceed the total dollar value of the Growth CLIN, however, the mix of labor hours and material provided above may be adjusted so long as the total does not exceed the dollar value of the Growth CLIN.

(b) GROWTH WORK - Growth is defined as any additional work that is identified and authorized after contract award that is within the scope of work of the WIs defined in CLIN 0002 and as attached under Section J. Any additional work determined by the Contracting Officer as not within the scope of any of the WIs shall be considered NEW WORK and will not be covered by this Growth CLIN.

(1) After any inspection reports detailed in any of the Work Items (WIs) are submitted to the MSC Port Engineer, the contractor will propose solutions, recommendations, material availability, and time impacts to the Period of Performance. This will be in the form of a Condition Found Report (CFR), which will be submitted to the PPE within twenty-four (24) hours after the conditions have been found and identified. This form (refer to Para. 7.6 WI 0013) shall be submitted electronically and physically for record-keeping purposes. No work under this Growth CLIN shall be performed, and no costs shall be incurred, until a formal written authorization is issued by the Contracting Officer (CO).

(2) The contractor shall submit any repair items outside of the scope of the WIs via CFR to the PPE / PE, to include schedule Impacts.

(3) For any Government Furnished Material (GFM) or Contractor Furnished Material (CFM) that is part of any WI and which is later identified to not arrive on time for the requirement's completion, the contractor shall submit a CFR to the PPE / PE to include schedule impacts.

(4) The MSC PPE / PE shall review the CFR and will determine further action. When determined by the PPE that the work detailed on the CFR is required and would require additional man-hours or materials, the CFR is returned to the contractor through the Contracting Office, as growth work together with a Deficiency Log (DL) detailing the corrective actions and additional work requirements. A Growth Management Request (GMR) Level of Effort (LOE) to completion will be utilized for each growth work request and approval.

(5) Upon receipt of a growth work requirement, the contractor shall submit a proposal with the estimated total labor hours required and a list of required materials and their estimated costs, supported by vendor quotes or catalog prices, within 3 working days, or as specified by the Contracting Officer. The Contracting Officer and the MSC PPE / PE will review and approve each proposal. Once an agreement has been reached, a signed GMR by the ACO will be issued to enable the contractor to commence work. The price negotiated by the parties shall be a firm fixed price for the growth work requirement.

(6) The ACO will develop a growth work tracking log for the Growth CLIN to identify, record, and reconcile all the approved GMRs. The tracking log shall include but not limited to GMR number, WI, Deficiency Log (DL) number, job description, and approved total price, labor hours, materials/other cost.

(c) Effort performed in fulfilling the obligations specified above shall only include effort performed in direct support of this contract and shall not include time and effort expended on such things as (local travel to and from an employee's usual work location), uncompensated effort while on travel status, truncated lunch periods, work (actual or inferred) at an employee's residence or other non-work locations or other time and effort which does not have a specific and direct contribution to the tasks described in Sections B and C.

(d) (1) The Contractor shall schedule the performance of all items of the work package. The contractor agrees that these manhours, if tasked, shall be performed concurrently with the other contracted for WIs, during the contract period of

performance, without impacting, accelerating, or causing delay or disruption to the work required by the other contracted for WIs, to any other Government contract, or to any other work in progress for the Government.

(2) The growth, if required, shall be tasked during the contract period of performance, as may be modified, on the schedule in coordination with the Contracting Officer.

(e) (1) The Contractor's fully burdened labor rate that will be proposed in the original contract and included below will be used for negotiating/invoicing growth work to be performed under this contract. The contractor agrees that the number of man-hours included in its price proposal for contract modifications shall include only direct production man-hours. For these purposes, direct production man-hours are for skilled labor at the journeyman level expended in direct production including but not limited to the following functions:

Abrasive cleaning/blasting

Fire Watch

Welding

Burning

Brazing

Carpentry

Machinists (inside and outside)

Electrical Work

Electronic Work

Engineering

Design Support

Lagging

Ship-fitting

Boiler-making

Painting

Sheet-metal

Pipefitting

Rigging

General Labor

Staging/Scaffolding

Labor Rate: (To be filled in upon Contract Award)

(2) The fully burdened ship repair labor rate proposed by the contractor listed in paragraph (e)(1) above shall include all costs associated with support functions (whether charged directly or indirectly by the offeror's accounting systems) provided in support of the direct production man-hour functions listed in paragraph (e)(1) above. Support functions shall be considered to be included in the offeror's fully burdened ship repair labor rate for direct production man-hours. Labor hours for the below support functions shall not be separately proposed in any circumstance, including in support of subcontractors. Support functions include, and are not limited to, those types listed below:

Testing

Quality Assurance

Execution Planning

Cleaning

Supervision

Security

Surveying

Administration

Transportation

Purchasing Staff

Lofting

Other indirect support

Material handling & Warehousing

Safely/Environmental

(3) The fully burdened ship repair labor rate is a fixed hourly rate that includes all wages, overhead, other indirect costs, general and administrative expenses, Facilities Capital Cost of Money (FCCOM) and profit. The fully burdened ship repair represents a blended rate including labor transferred between divisions, subsidiaries, or affiliates of the contractor under a common control. The Contractor shall use the appropriate mix of labor categories to perform the work efficiently and cost-effectively. All hours worked must be documented on daily time sheets signed by the authorized employee and subject to review and validation by the PPE / PE.

(4) Consumable materials are goods used in the ordinary course of work performance such as office supplies, paper, rags, vehicle or equipment fuel costs, cleaning chemicals, disposable tools, welding rods, paint buckets, paint brushes, protective clothing, etc. that are consumed/used in the process of repair and do not become an integral part of the repaired vessel. Consumable material shall be included in the contractor's fully burdened ship repair labor rate and not separately priced.

(5) The contract fixed fully burdened ship repair labor rate shall be used for negotiating growth work during the entire availability regardless of how many labor hours and material dollars are procured and negotiated.

(6) The growth reservation man-hours and material dollar requirements listed above are part of this contract under the original solicitation and award. The manhour reservation shall include both prime contractor and subcontractor efforts. Only actual production man-hours expended will be considered towards the contractor's obligation to provide the defined reservation man-hour effort. While supervision, quality assurance, and other nonproduction labor should be included in the pricing for reservation items in the original bid, they shall not count towards satisfying the contractor's obligation to provide reserved manhours. The man-hour reservation shall not include any allowance for technical representatives or for any other Government directed source unless specifically addressed in the individual WI.

(7) Proposed material price shall be based on actual costs to the Contractor of acquiring the materials provided. Proposed material price may include freight or duties which would be reflected on the invoice for the material. The Contractor shall not be allowed to add material handling charges, overhead (including G&A), or profit into the actual cost of materials expended toward the reservation. The reservation is Level of Effort to Completion. Once the scope of work for a task has been listed and a mutually agreeable number of man-hours or materials have been agreed to, neither party will be entitled to an adjustment based on actual manhours or material dollars required. The Contractor shall not commence work without approval from the Contracting Officer.

(f) The balance of hours and material remaining on the Growth CLIN after negotiations have concluded and when it is evident that no additional growth work will be tasked is subject to a decrease change order. As a result, any unused funds on the Growth CLIN will be recouped by the Contracting Officer through a contract modification action as a decrease in price within 30 days after the end of the contract period of performance.

52.219-4 Notice of Price Evaluation Preference for HUBZone Small Business Concerns. (Oct 2022)

NOTICE OF PRICE EVALUATION PREFERENCE FOR HUBZONE SMALL BUSINESS CONCERNS (OCT 2022)

(a) Evaluation preference.

(1) Offers will be evaluated by adding a factor of 10 percent to the price of all offers, except-

(i) Offers from HUBZone small business concerns that have not waived the evaluation preference; and

(ii) Otherwise successful offers from small business concerns.

(2) The factor of 10 percent shall be applied on a line item basis or to any group of items on which award may be made. Other evaluation factors described in the solicitation shall be applied before application of the factor.

(3) When the two highest rated offerors are a HUBZone small business concern and a large business, and the evaluated offer of the HUBZone small business concern is equal to the evaluated offer of the large business after considering the price evaluation preference, award will be made to the HUBZone small business concern.

(b) *Waiver of evaluation preference.* A HUBZone small business concern may elect to waive the evaluation preference, in which case the factor will be added to its offer for evaluation purposes.

☐ Offeror elects to waive the evaluation preference.

(c) *Joint venture.* A HUBZone joint venture agrees that, in the performance of the contract, at least 40 percent of the aggregate work performed by the joint venture shall be completed by the HUBZone small business parties to the joint venture. Work performed by the HUBZone small business parties to the joint venture must be more than administrative functions.

252.211-7003 Item Unique Identification and Valuation.

(Jan 2023)

ITEM UNIQUE IDENTIFICATION AND VALUATION (JAN 2023)

(a) *Definitions.* As used in this clause-

"Automatic identification device" means a device, such as a reader or interrogator, used to retrieve data encoded on machine-readable media.

"Concatenated unique item identifier" means-

(1) For items that are serialized within the enterprise identifier, the linking together of the unique identifier data elements in order of the issuing agency code, enterprise identifier, and unique serial number within the enterprise identifier; or

(2) For items that are serialized within the original part, lot, or batch number, the linking together of the unique identifier data elements in order of the issuing agency code; enterprise identifier; original part, lot, or batch number; and serial number within the original part, lot, or batch number.

"Data matrix" means a two-dimensional matrix symbology, which is made up of square or, in some cases, round modules arranged within a perimeter finder pattern and uses the Error Checking and Correction 200 (ECC200) specification found within International Standards Organization (ISO)/International Electrotechnical Commission (IEC) 16022.

"Data qualifier" means a specified character (or string of characters) that immediately precedes a data field that defines the general category or intended use of the data that follows.

"DoD recognized unique identification equivalent" means a unique identification method that is in commercial use and has been recognized by DoD. All DoD recognized unique identification equivalents are listed at <https://www.acq.osd.mil/asda/dpc/ce/ds/unique-id.html>.

"DoD item unique identification" means a system of marking items delivered to DoD with unique item identifiers that have machine-readable data elements to distinguish an item from all other like and unlike items. For items that are serialized within the enterprise identifier, the unique item identifier shall include the data elements of the enterprise identifier and a unique serial number. For items that are serialized within the part, lot, or batch number within the enterprise identifier, the unique item identifier shall include the data elements of the enterprise identifier; the original part, lot, or batch number; and the serial number.

"Enterprise" means the entity (e.g., a manufacturer or vendor) responsible for assigning unique item identifiers to items.

"Enterprise identifier" means a code that is uniquely assigned to an enterprise by an issuing agency.

"Government's unit acquisition cost" means-

(1) For fixed-price type line, subline, or exhibit line items, the unit price identified in the contract at the time of delivery;

(2) For cost-type or undefinitized line, subline, or exhibit line items, the Contractor's estimated fully burdened unit cost to the Government at the time of delivery; and

(3) For items produced under a time-and-materials contract, the Contractor's estimated fully burdened unit cost to the Government at the time of delivery.

"Issuing agency" means an organization responsible for assigning a globally unique identifier to an enterprise, as indicated in the Register of Issuing Agency Codes for ISO/IEC 15459, located at http://www.aimglobal.org/?Reg_Authority15459.

"Issuing agency code" means a code that designates the registration (or controlling) authority for the enterprise identifier.

"Item" means a single hardware article or a single unit formed by a grouping of subassemblies, components, or constituent parts.

"Lot or batch number" means an identifying number assigned by the enterprise to a designated group of items, usually referred to as either a lot or a batch, all of which were manufactured under identical conditions.

"Machine-readable" means an automatic identification technology media, such as bar codes, contact memory buttons, radio frequency identification, or optical memory cards.

"Original part number" means a combination of numbers or letters assigned by the enterprise at item creation to a class of items with the same form, fit, function, and interface.

"Parent item" means the item assembly, intermediate component, or subassembly that has an embedded item with a unique item identifier or DoD recognized unique identification equivalent.

"Serial number within the enterprise identifier" means a combination of numbers, letters, or symbols assigned by the enterprise to an item that provides for the differentiation of that item from any other like and unlike item and is never used again within the enterprise.

"Serial number within the part, lot, or batch number" means a combination of numbers or letters assigned by the enterprise to an item that provides for the differentiation of that item from any other like item within a part, lot, or batch number assignment.

"Serialization within the enterprise identifier" means each item produced is assigned a serial number that is unique among all the tangible items produced by the enterprise and is never used again. The enterprise is responsible for ensuring unique serialization within the enterprise identifier.

"Serialization within the part, lot, or batch number" means each item of a particular part, lot, or batch number is assigned a unique serial number within that part, lot, or batch number assignment. The enterprise is responsible for ensuring unique serialization within the part, lot, or batch number within the enterprise identifier.

"Type designation" means a combination of letters and numerals assigned by the Government to a major end item, assembly or subassembly, as appropriate, to provide a convenient means of differentiating between items having the same basic name and to indicate modifications and changes thereto.

"Unique item identifier" means a set of data elements marked on items that is globally unique and unambiguous. The term includes a concatenated unique item identifier or a DoD recognized unique identification equivalent.

"Unique item identifier type" means a designator to indicate which method of uniquely identifying a part has been used. The current list of accepted unique item identifier types is maintained at <https://www.acq.osd.mil/asda/dpc/ce/ds/unique-id.html>.

(b) The Contractor shall deliver all items under a contract line, subline, or exhibit line item.

(c) *Unique item identifier.*

(1) The Contractor shall provide a unique item identifier for the following:

(i) Delivered items for which the Government's unit acquisition cost is \$5,000 or more, except for the following line items:

Contract Line, Subline, or

Exhibit Line Item Number	Item Description
--------------------------	------------------

=====	=====
=====	=====
=====	=====

(ii) Items for which the Government's unit acquisition cost is less than \$5,000 that are identified in the Schedule or the following table:

Contract Line, Subline, or

Exhibit Line Item Number	Item Description
--------------------------	------------------

=====	=====
=====	=====
=====	=====

(If items are identified in the Schedule, insert "See Schedule in this table.")

(iii) Subassemblies, components, and parts embedded within delivered items, items with warranty requirements, DoD serially managed reparable and DoD serially managed nonreparables as specified in Attachment Number ____.

(iv) Any item of special tooling or special test equipment as defined in FAR 2.101 that have been designated for preservation and storage for a Major Defense Acquisition Program as specified in Attachment Number ____.

(v) Any item not included in (i), (ii), (iii), or (iv) for which the contractor creates and marks a unique item identifier for traceability.

(2) The unique item identifier assignment and its component data element combination shall not be duplicated on any other item marked or registered in the DoD Item Unique Identification Registry by the contractor.

(3) The unique item identifier component data elements shall be marked on an item using two dimensional data matrix symbology that complies with ISO/IEC International Standard 16022, Information technology - International symbology specification - Data matrix; ECC200 data matrix specification.

(4) *Data syntax and semantics of unique item identifiers.* The Contractor shall ensure that-

(i) The data elements (except issuing agency code) of the unique item identifier are encoded within the data matrix symbol that is marked on the item using one of the following three types of data qualifiers, as determined by the Contractor:

(A) Application Identifiers (AIs) (Format Indicator 05 of ISO/IEC International Standard 15434), in accordance with ISO/IEC International Standard 15418, Information Technology - EAN/UCC Application Identifiers and Fact Data Identifiers and Maintenance and ANSI MH 10.8.2 Data Identifier and Application Identifier Standard.

(B) Data Identifiers (DIs) (Format Indicator 06 of ISO/IEC International Standard 15434), in accordance with ISO/IEC International Standard 15418, Information Technology - EAN/UCC Application Identifiers and Fact Data Identifiers and Maintenance and ANSI MH 10.8.2 Data Identifier and Application Identifier Standard.

(C) Text Element Identifiers (TEIs) (Format Indicator 12 of ISO/IEC International Standard 15434), in accordance with the Air Transport Association Common Support Data Dictionary; and

(ii) The encoded data elements of the unique item identifier conform to the transfer structure, syntax, and coding of messages and data formats specified for Format Indicators 05, 06, and 12 in ISO/IEC International Standard 15434, Information Technology - Transfer Syntax for High Capacity Automatic Data Capture Media.

(5) *Unique item identifier.*

(i) The Contractor shall-

(A) Determine whether to-

(1) Serialize within the enterprise identifier;

(2) Serialize within the part, lot, or batch number; or

(3) Use a DoD recognized unique identification equivalent (e.g. Vehicle Identification Number); and

(B) Place the data elements of the unique item identifier (enterprise identifier; serial number; DoD recognized unique identification equivalent; and for serialization within the part, lot, or batch number only: original part, lot, or batch number) on items requiring marking by paragraph (c)(1) of this clause, based on the criteria provided in MIL-STD-130, Identification Marking of U.S. Military Property, latest version;

(C) Label shipments, storage containers and packages that contain uniquely identified items in accordance with the requirements of MIL-STD-129, Military Marking for Shipment and Storage, latest version; and

(D) Verify that the marks on items and labels on shipments, storage containers, and packages are machine readable and conform to the applicable standards. The contractor shall use an automatic identification technology device for this verification that has been programmed to the requirements of Appendix A, MIL-STD-130, latest version.

(ii) The issuing agency code-

(A) Shall not be placed on the item; and

(B) Shall be derived from the data qualifier for the enterprise identifier.

(d) For each item that requires item unique identification under paragraph (c)(1)(i), (ii), or (iv) of this clause or when item unique identification is provided under paragraph (c)(1)(v), in addition to the information provided as part of the Material Inspection and Receiving Report specified elsewhere in this contract, the Contractor shall report at the time of delivery, as part of the Material Inspection and Receiving Report, the following information:

(1) Unique item identifier.

(2) Unique item identifier type.

(3) Issuing agency code (if concatenated unique item identifier is used).

(4) Enterprise identifier (if concatenated unique item identifier is used).

(5) Original part number (if there is serialization within the original part number).

(6) Lot or batch number (if there is serialization within the lot or batch number).

(7) Current part number (optional and only if not the same as the original part number).

(8) Current part number effective date (optional and only if current part number is used).

(9) Serial number (if concatenated unique item identifier is used).

(10) Government's unit acquisition cost.

(11) Unit of measure.

(12) Type designation of the item as specified in the contract schedule, if any.

(13) Whether the item is an item of Special Tooling or Special Test Equipment.

(14) Whether the item is covered by a warranty.

(e) For embedded subassemblies, components, and parts that require DoD item unique identification under paragraph (c)(1)(iii) of this clause or when item unique identification is provided under paragraph (c)(1)(v), the Contractor shall report as part of the Material Inspection and Receiving Report specified elsewhere in this contract, the following information:

(1) Unique item identifier of the parent item under paragraph (c)(1) of this clause that contains the embedded subassembly, component, or part.

(2) Unique item identifier of the embedded subassembly, component, or part.

(3) Unique item identifier type.**

(4) Issuing agency code (if concatenated unique item identifier is used).**

(5) Enterprise identifier (if concatenated unique item identifier is used).**

(6) Original part number (if there is serialization within the original part number).**

(7) Lot or batch number (if there is serialization within the lot or batch number).**

(8) Current part number (optional and only if not the same as the original part number).**

(9) Current part number effective date (optional and only if current part number is used).**

(10) Serial number (if concatenated unique item identifier is used).**

(11) Description.

** Once per item.

(f) The Contractor shall submit the information required by paragraphs (d) and (e) of this clause as follows:

(1) End items shall be reported using the receiving report capability in Wide Area WorkFlow (WAWF) in accordance with the clause at 252.232-7003. If WAWF is not required by this contract, and the contractor is not using WAWF, follow the procedures at <http://dodprocurementtoolbox.com/site/uidregistry/>.

(2) Embedded items shall be reported by one of the following methods-

(i) Use of the embedded items capability in WAWF;

(ii) Direct data submission to the IUID Registry following the procedures and formats at <http://dodprocurementtoolbox.com/site/uidregistry/>; or

(iii) Via WAWF as a deliverable attachment for exhibit line item number (fill in) ____, Unique Item Identifier Report for Embedded Items, Contract Data Requirements List, DD Form 1423.

(g) *Subcontracts*. If the Contractor acquires by subcontract, any item(s) for which item unique identification is required in accordance with paragraph (c)(1) of this clause, the Contractor shall include this clause, including this paragraph (g), in the applicable subcontract(s), including subcontracts for commercial products or commercial services.

(End of clause)

252.225-7043 Antiterrorism/Force Protection for Defense Contractors Outside the United States. (Jun 2015)

ANTITERRORISM/FORCE PROTECTION POLICY FOR DEFENSE CONTRACTORS OUTSIDE THE UNITED STATES (JUN 2015)

(a) *Definition*. " United States ," as used in this clause, means, the 50 States, the District of Columbia , and outlying areas.

(b) Except as provided in paragraph (c) of this clause, the Contractor and its subcontractors, if performing or traveling outside the United States under this contract, shall-

(1) Affiliate with the Overseas Security Advisory Council, if the Contractor or subcontractor is a U.S. entity;

(2) Ensure that Contractor and subcontractor personnel who are U.S. nationals and are in-country on a non-transitory basis, register with the U.S. Embassy, and that Contractor and subcontractor personnel who are third country nationals comply with any security related requirements of the Embassy of their nationality;

(3) Provide, to Contractor and subcontractor personnel, antiterrorism/force protection awareness information commensurate with that which the Department of Defense (DoD) provides to its military and civilian personnel and their families, to the extent such information can be made available prior to travel outside the United States; and

(4) Obtain and comply with the most current antiterrorism/force protection guidance for Contractor and subcontractor personnel.

(c) The requirements of this clause do not apply to any subcontractor that is-

(1) A foreign government;

(2) A representative of a foreign government; or

(3) A foreign corporation wholly owned by a foreign government.

(d) Information and guidance pertaining to DoD antiterrorism/force protection can be obtained from Naval Criminal Investigative Service (NCIS), Code 21; telephone, DSN 288-9077 or commercial (202) 433-9077(Contracting Officer to insert applicable information cited in PGI 225.372-1 (DFARS/PGI view)).

(a)

(1) The North American Industry Classification System (NAICS) code for this acquisition is 336611[insert NAICS code].

(2) The small business size standard is 1,300[insert size standard].

(3) The small business size standard for a concern that submits an offer, other than on a construction or service acquisition, but proposes to furnish an end item that it did not itself manufacture, process, or produce is 500 employees, or 150 employees for information technology value-added resellers under NAICS code 541519 if the acquisition-

(i) Is set aside for small business and has a value above the simplified acquisition threshold;

(ii) Uses the HUBZone price evaluation preference regardless of dollar value, unless the offeror waives the price evaluation preference; or

(iii) Is an 8(a), HUBZone, service-disabled veteran-owned, economically disadvantaged women-owned, or women-owned small business set-aside or sole-source award regardless of dollar value.

(b)

(1) If the provision at 52.204-7, System for Award Management, is included in this solicitation, paragraph (d) of this provision applies.

(2) If the provision at 52.204-7, System for Award Management, is not included in this solicitation, and the Offeror has an active registration in the System for Award Management (SAM), the Offeror may choose to use paragraph (d) of this provision instead of completing the corresponding individual representations and certifications in the solicitation. The Offeror shall indicate which option applies by checking one of the following boxes:

(i) ☐ Paragraph (d) applies.

(ii) ☐ Paragraph (d) does not apply and the offeror has completed the individual representations and certifications in the solicitation.

(c)

(1) The following representations or certifications in SAM are applicable to this solicitation as indicated:

(i) 52.203-2, Certificate of Independent Price Determination. This provision applies to solicitations when a firm-fixed-price contract or fixed-price contract with economic price adjustment is contemplated, unless-

(A) The acquisition is to be made under the simplified acquisition procedures in part 13;

(B) The solicitation is a request for technical proposals under two-step sealed bidding procedures; or

(C) The solicitation is for utility services for which rates are set by law or regulation.

(ii) 52.203-11, Certification and Disclosure Regarding Payments to Influence Certain Federal Transactions. This provision applies to solicitations expected to exceed \$150,000.

(iii) 52.203-18, Prohibition on Contracting with Entities that Require Certain Internal Confidentiality Agreements or Statements-Representation. This provision applies to all solicitations.

(iv) 52.204-3, Taxpayer Identification. This provision applies to solicitations that do not include the provision at 52.204-7, System for Award Management.

(v) 52.204-5, Women-Owned Business (Other Than Small Business). This provision applies to solicitations that-

(A) Are not set aside for small business concerns;

(B) Exceed the simplified acquisition threshold; and

(C) Are for contracts that will be performed in the United States or its outlying areas.

(vi) 52.204-26, Covered Telecommunications Equipment or Services-Representation. This provision applies to all solicitations.

(vii) 52.209-2, Prohibition on Contracting with Inverted Domestic Corporations-Representation.

(viii) 52.209-5, Certification Regarding Responsibility Matters. This provision applies to solicitations where the contract value is expected to exceed the simplified acquisition threshold.

(ix) 52.209-11, Representation by Corporations Regarding Delinquent Tax Liability or a Felony Conviction under any Federal Law. This provision applies to all solicitations.

(x) 52.214-14, Place of Performance-Sealed Bidding. This provision applies to invitations for bids except those in which the place of performance is specified by the Government.

(xi) 52.215-6, Place of Performance. This provision applies to solicitations unless the place of performance is specified by the Government.

(xii) 52.219-1, Small Business Program Representations (Basic, Alternates I, and II). This provision applies to solicitations when the contract is for supplies to be delivered or services to be performed in the United States or its outlying areas, or when the contracting officer has applied part 19 in accordance with 19.000(b)(1)(ii).

(A) The basic provision applies when the solicitations are issued by other than DoD, NASA, and the Coast Guard.

(B) The provision with its Alternate I applies to solicitations issued by DoD, NASA, or the Coast Guard.

(C) The provision with its Alternate II applies to solicitations that will result in a multiple-award contract with more than one NAICS code assigned.

(xiii) 52.219-2, Equal Low Bids. This provision applies to solicitations when contracting by sealed bidding and the contract is for supplies to be delivered or services to be performed in the United States or its outlying areas, or when the contracting officer has applied part 19 in accordance with 19.000(b)(1)(ii).

(xiv) [Reserved]

(xv) [Reserved]

(xvi) 52.222-38, Compliance with Veterans' Employment Reporting Requirements. This provision applies to solicitations when it is anticipated the contract award will exceed the simplified acquisition threshold and the contract is not for acquisition of commercial products or commercial services.

(xvii) 52.223-1, Biobased Product Certification. This provision applies to solicitations that require the delivery or specify the use of biobased products in USDA-designated product categories; or include the clause at 52.223-2, Reporting of Biobased Products Under Service and Construction Contracts.

(xviii) 52.223-4, Recovered Material Certification. This provision applies to solicitations that are for, or specify the use of, EPA-designated items.

(xix) [Reserved]

(xx) 52.225-2, Buy American Certificate. This provision applies to solicitations containing the clause at 52.225-1.

(xxi) 52.225-4, Buy American-Free Trade Agreements-Israeli Trade Act Certificate. (Basic, Alternates II and III.) This provision applies to solicitations containing the clause at 52.225-3.

(A) If the acquisition value is less than \$50,000, the basic provision applies.

(B) If the acquisition value is \$50,000 or more but is less than \$100,000, the provision with its Alternate II applies.

(C) If the acquisition value is \$100,000 or more but is less than \$102,280, the provision with its Alternate III applies.

(xxii) 52.225-6, Trade Agreements Certificate. This provision applies to solicitations containing the clause at 52.225-5.

(xxiii) 52.225-20, Prohibition on Conducting Restricted Business Operations in Sudan-Certification. This provision applies to all solicitations.

(xxiv) 52.225-25, Prohibition on Contracting with Entities Engaging in Certain Activities or Transactions Relating to Iran-Representation and Certifications. This provision applies to all solicitations.

(xxv) 52.226-2, Historically Black College or University and Minority Institution Representation. This provision applies to solicitations for research, studies, supplies, or services of the type normally acquired from higher educational institutions.

(2) The following representations or certifications are applicable as indicated by the Contracting Officer:

[Contracting Officer check as appropriate.]

☐ (i) 52.204-17, Ownership or Control of Offeror.

☐ (ii) 52.204-20, Predecessor of Offeror.

☐ (iii) 52.222-18, Certification Regarding Knowledge of Child Labor for Listed End Products.

252.204-7007 Alternate A, Annual Representations and Certifications.

(Oct 2025) Alternate A (Oct 2025)

ALTERNATE A, ANNUAL REPRESENTATIONS AND CERTIFICATIONS (OCT 2025)

Substitute the following paragraphs (b), (d), and (e) for paragraphs (b) and (d) of the provision at FAR 52.204-8:

(b)(1) If the provision at 52.204-7, System for Award Management, is included in this solicitation, paragraph (e) of this provision applies.

(2) If the provision at 52.204-7, System for Award Management, is not included in this solicitation, and the Offeror has an active registration in the System for Award Management (SAM), the Offeror may choose to use paragraph (e) of this provision instead of completing the corresponding individual representations and certifications in the solicitation. The Offeror shall indicate which option applies by checking one of the following boxes:

☐ (i) Paragraph (e) applies.

☐ (ii) Paragraph (e) does not apply and the Offeror has completed the individual representations and certifications in the solicitation.

(d)(1) The following representations or certifications in the SAM database are applicable to this solicitation as indicated:

(i) 252.204-7016, Covered Defense Telecommunications Equipment or Services-Representation. Applies to all solicitations.

(ii) 252.216-7008, Economic Price Adjustment-Wage Rates or Material Prices Controlled by a Foreign Government. Applies to solicitations for fixed-price supply and service contracts when the contract is to be performed wholly or in part in a foreign country, and a foreign government controls wage rates or material prices and may during contract performance impose a mandatory change in wages or prices of materials.

(iii) 252.225-7042, Authorization to Perform. Applies to all solicitations when performance will be wholly or in part in a foreign country.

(iv) 252.225-7049, Prohibition on Acquisition of Certain Foreign Commercial Satellite Services-Representations. Applies to solicitations for the acquisition of commercial satellite services.

(v) 252.225-7050, Disclosure of Ownership or Control by the Government of a Country that is a State Sponsor of Terrorism. Applies to all solicitations expected to result in contracts of \$200,000 or more.

(vi) 252.229-7012, Tax Exemptions (Italy)-Representation. Applies to solicitations and contracts when contract performance will be in Italy.

(vii) 252.229-7013, Tax Exemptions (Spain)-Representation. Applies to solicitations and contracts when contract performance will be in Spain.

(2) The following representations or certifications in SAM are applicable to this solicitation as indicated by the Contracting Officer:

Section L - Instructions, Conditions, & Notices to Offerors or Quoters

L-1.0 SUBMISSION OF PROPOSALS

The offeror is required to submit a proposal in the following quantities:

- (X) SF 33 (Solicitation No. N6264926RK008) - One original signed copy.
- (X) Submit a price breakdown of the proposal utilizing ATTACHMENT (2) of Section J.
- () Financial data --
- () Other. -

The following two (2) items are applicable only if checked off.

(X) Past Performance Information (PPI): The offeror should provide PPI "Contract Data Sheet(s)" (utilizing ATTACHMENT (3)) on no more than three (3) of the offeror's most recently completed contracts with the U.S. Government, R.O.K Government (including ROK Ministry of National Defense (ROKMND) /other host nation governments if performed in country other than South Korea), and/or the general public not to exceed three (3) years since completion for like or similar services to those to be provided under this solicitation. If the offeror is unable to provide three (3) relevant contracts for past performance evaluation, a lesser number may be submitted. Failure to submit Contract Data Sheet(s) shall be considered a certification that the Contractor has no past performance for like or similar items for the Government to evaluate; however, this does not preclude the Government from considering and evaluating past performance records and information in its possession for work it determines to be relevant.

() Additional Technical Information: The offeror is required to submit additional technical information, such as proposed schedule, plan of action and milestones (POAMs), etc., as required by individual Solicitations.

L-2.0 MANDATORY ELECTRONIC SUBMISSION OF PROPOSAL

Electronic submission of proposals is mandatory via e-mail, unless directed otherwise. In the event that it is not possible to submit your proposal via email due to technical problems, you may submit your proposal so that it is received by the Contract Specialist and/or Contracting Officer not later than the stated deadline through the following means (in order of preference):

- (a) Hand-delivered directly
- (b) Mailed directly

252.215-7008 Only One Offer.

(Dec 2022)

ONLY ONE OFFER (DEC 2022)

(a) *Cost or pricing data requirements.* After initial submission of offers, if the Contracting Officer notifies the Offeror that only one offer was received, the Offeror agrees to-

(1) Submit any additional cost or pricing data that is required in order to determine whether the price is fair and reasonable (10 U.S.C. 3705) or to comply with the statutory requirement for certified cost or pricing data (10 U.S.C. 3702 and FAR 15.403-3); and

(2) Except as provided in paragraph (b) of this provision, if the acquisition exceeds the certified cost or pricing data threshold and an exception to the requirement for certified cost or pricing data at FAR 15.403-1(b)(2) through (5) does not apply, certify all cost or pricing data in accordance with paragraph (c) of DFARS provision 252.215-7010, Requirements for Certified Cost or Pricing Data and Data Other Than Certified Cost or Pricing Data, of this solicitation.

(b) *Canadian Commercial Corporation.* If the Offeror is the Canadian Commercial Corporation, certified cost or pricing data are not required. If the Contracting Officer notifies the Canadian Commercial Corporation that additional data other than certified cost or pricing data are required in accordance with DFARS 225.870-4(c), the Canadian Commercial Corporation shall obtain and provide the following:

(1) Profit rate or fee (as applicable).

(2) Analysis provided by Public Works and Government Services Canada to the Canadian Commercial Corporation to determine a fair and reasonable price (comparable to the analysis required at FAR 15.404-1).

(3) Data other than certified cost or pricing data necessary to permit a determination by the U.S. Contracting Officer that the proposed price is fair and reasonable ____ [*U.S. Contracting Officer to provide description of the data required in accordance with FAR 15.403-3(a)(1) with the notification*].

(4) As specified in FAR 15.403-3(a)(4), an offeror who does not comply with a requirement to submit data that the U.S. Contracting Officer has deemed necessary to determine price reasonableness or cost realism is ineligible for award unless the head of the contracting activity determines that it is in the best interest of the Government to make the award to that offeror.

(c) *Subcontracts.* Unless the Offeror is the Canadian Commercial Corporation, the Offeror shall insert the substance of this provision, including this paragraph (c), in all subcontracts exceeding the simplified acquisition threshold defined in FAR part 2.

Section M - Evaluation Factors for Award

M-1.0 Evaluation Factors for Award

Evaluations for award under this solicitation will be conducted using Lowest Price Technically Acceptable with acceptable past performance. Award will be made to the responsible offeror whose proposal offers the lowest evaluated price and for which all non-price factors are rated as Acceptable in accordance with the established criteria in this section. The Government intends to award one (1) contract as a result of this solicitation. The following factors shall be used to evaluate the proposals:

- Price, Technical Acceptability and Past Performance

(a) **Price:** The offeror's proposed price will be evaluated for reasonableness based on price analysis in accordance with FAR 15.404-1; and

(b) **Technical Acceptability:** Technical acceptability will be determined by evaluating the total number of proposed labor hours (prime and subcontractor) and proposed material and other costs. The technical acceptability will be rated as either "acceptable" or "unacceptable." To be determined technically acceptable, the number of labor hours and material and other costs proposed by the offeror must be sufficient to reflect an understanding of, and ability to complete, the scope of work; and

WARNING - If the Government's technical analysis determines that a proposal is unrealistic, because the proposed labor hours or the type and quantity of materials are excessive or insufficient for the work required, the proposal may be deemed technically unacceptable. An unrealistic proposal may indicate a lack of understanding of the requirements, and the Government may exclude such a proposal from further consideration for award.

Rating	Description
Acceptable	The total number of proposed labor hours and proposed material meet the requirements of the solicitation.
Unacceptable	The total number of proposed labor hours and proposed material does NOT meet the requirements of the solicitation.

(c) **Past Performance:** The Government will evaluate each offeror's past performance based on information in the Government's possession, and information submitted by Section L-1.0 in accordance with Section M-1.1 evaluation of Past Performance Information.

M-1.1 EVALUATION OF PAST PERFORMANCE INFORMATION

(a) Evaluation of each offeror's past performance will be based on information in the Government's possession, information submitted by the offeror in accordance with Section L-1.0 of the solicitation, and useful and relevant information from other sources. Information related to performance under contracts with the following agencies (listed in order of importance) within the past three years will be evaluated:

- (1) U.S. Government agencies;
- (2) R.O.K. Government agencies, including ROKMND/other host nation government if performed in country other than the South Korea; and
- (3) Private Sector.

(b) The Government will focus its inquiry of the offeror's record of performance as it relates to timeliness, quality, cost control, and customer satisfaction.

An "unacceptable" rating will be given to the offeror who is or within the past three (3) years has been seriously deficient in contract performance, unless the contracting officer determines that the circumstances were properly beyond the offeror's control or that the offeror took appropriate corrective action. Seriously deficient denotes a situation where performance did not meet some material contractual requirement.

Past performance information (PPI) utilized in the evaluation will include data obtained from the Contractor performance data sheets. Contractor references that cannot be contacted will not be considered.

Government evaluators may avail themselves of various federal, state, and local past performance databases including, but not limited to, Past Performance Information Retrieval System (PPIRS), Contractor Performance Assessment Reporting System (CPARS), Federal Awardee Performance and Integrity Information System (FAPIIS), Electronic Subcontracting Reporting System (eSRS), and Defense Logistic Agency's (DLA's) Mechanization of Contract Administration Services (MOCAS) system. The Government may research offeror performance on any federal, state, local, and commercial contract that is known to the Government, but not included on a submitted "Contractor Data Sheet." Additionally, interviews with Program Managers, Contracting Officers, and the Defense Contract Management Agency may be utilized.

(c) After performing the evaluation described in subparagraph (b) above, following rating scale will be used for the proposal's overall past performance rating:

RATING	DESCRIPTION
ACCEPTABLE	Based on the offeror's performance record, the Government has a reasonable expectation that the offeror will successfully perform the required effort, or the offeror's performance record is unknown. (See note below.)
UNACCEPTABLE	Based on the offeror's performance record, the Government has no reasonable expectation that the offeror will be able to successfully perform the required effort.

An offeror who receives a rating of "Unacceptable" will not be further considered for award and will be excluded from the competitive range.

Note: In the case of an offeror without a record of relevant past performance or for whom information on past performance is not available or so sparse that no meaningful past performance rating can be reasonably assigned, the offeror may not be evaluated favorably or unfavorably on past performance (see FAR 15.305(a)(2)(iv)). Therefore, the offeror shall be determined to have unknown past performance. In the context of acceptability / unacceptability, "unknown" shall be considered "acceptable."

M-2.0 ADDITIONAL EVALUATION FACTORS FOR AWARD WHEN APPLICABLE:

The following provision is applicable when specified in the solicitation.

(X) EVALUATION OF OFFERS FOR SINGLE AWARD

An offeror must quote on all items in this solicitation to be eligible for award. The Government intends to make a single award to the responsive offeror whose total offer on all items is the most advantageous to the Government considering price and other factors, if any, specified in the schedule.

() EVALUATION OF OFFERS FOR MULTIPLE AWARDS

In addition to other factors, offers will be evaluated on the basis of advantages or disadvantages to the Government that might result from making more than one award (multiple awards). It is assumed, for the purpose of evaluating proposals, that \$500 would be the administrative cost to the Government for issuing and administering each contract awarded under this solicitation and individual awards will be for the items or combinations of items which result in the lowest aggregate cost to the Government, including the assumed administrative costs.
