

Performance Based Statement of Work
Accreditation Site Visit, Membership Dues and Maintenance Fee
Academic Affairs
Naval Postgraduate School

- 1.0 Background/Introduction:** This accreditation serves a dual purpose that continues the expectation that schools must be worthy of the trust placed in the university to provide high quality learning opportunities. Also, the university clearly demonstrates they are about the critical business of self-improvement.
- 2.0 Scope:** The overriding purpose of accreditation is to assure stakeholders that NPS has been rigorously evaluated and that it meets or exceeds the criteria required to maintain accreditation. In addition, the accreditation process is designed to build a culture of evidence, promote a commitment to institutional improvement, validate institutional integrity, and provide feedback that improves the accreditation process itself.

There are six accrediting agencies approved by the Department of Education (DoE). Accreditation serves to assure the educational community, parents, students, employers, policymakers, and the public that an accredited institution has met high standards of quality and effectiveness. Students attending accredited institutions may be eligible to apply for U.S. federal financial aid. Accreditation is required for NPS by Title X.

- 3.0 Tasks:** Provide online and in-person support to include website and portal access as well as campus visits as needed.

The contractor shall perform the following task(s) as follows:

- 3.1** Visit NPS campus for purpose of completing accreditation cycle IAW DoE guidelines.
- 3.1.1** A campus evaluation visit will be scheduled during the period of performance.
- 3.2** Conduct substantive change reviews required for NPS accreditation as necessary.
- 3.2.1** Review new or changed programs to determine whether they are substantive, requiring more thorough review.
- 3.2.2** If substantive review is required, conduct substantive review.
- 3.2.3** Conduct online, telephone and in-person consultation on accreditation matters as required. For in-person consultation, NPS is responsible for reimbursement to WSCUC of travel expenses, accommodations, conference room fees, and per diem for travelers.
- 3.2.4** WSCUC (WASC “Western Association of Schools and Colleges” Senior College & University Commission) will reserve the block of hotel rooms and a conference room for travelers.

- 4.0 Deliverables:** The contractor shall be responsible for providing the following deliverables in support of the WSCUC accreditation special visit. Deliverables shall be provided in electronic format unless otherwise specified and must comply with WSCUC standards and guidance applicable to the special visit.

The contractor shall be responsible for providing the following deliverables:

- 4.1** Report of the WSCUC Team for the Special Visit: Final written report required by WSCUC for the special visit, prepared by the Special visit team, in accordance with WSCUC standards and submission requirements.

Performance Measurement - Quality Assurance Plan

Task	Deliverable that will be inspected	Acceptable Quality Level (AQL)	Method	Frequency
------	------------------------------------	--------------------------------	--------	-----------

3.1	Special Visit Report	Report produced by WSCUC designated officials shall meet WSCUC standards, is professionally written, internally consistent, and accepted by WSCUC. Report may be submitted after PoP, but based on reviews that fall within the PoP.	100%--Inspection of the Report	Once, upon submission
-----	----------------------	--	--------------------------------	-----------------------

If performance falls below the AQL defined above, the Contracting Officer's Representative (COR) shall document the instance(s), coordinate with the Contracting Officer and advise the Contractor. The Contractor will be requested to review the documentation and provide a written response on how performance will be corrected in the future. Re-performance of any work for failure to perform in accordance with the specified AQL or task requirement shall be completed at the Contractor's own expense and at no additional cost to the Government.

5.0 Minimum Technical Requirements: Accreditor must be an institutional accreditor who is approved by the DoE.

6.0 Period of Performance: July 1, 2026 – June 30, 2027

7.0 Place of Performance: All work will be conducted on site at NPS Monterey or online. This 2026 onsite evaluation is required to maintain accreditation status.

8.0 Government Furnished Property: N/A

9.0 Work Week and Hours of Operation:

The Contractor shall provide services during normal working hours excluding federal holidays. Normal working hours are 0730-1630, Monday through Friday, unless requirements dictate otherwise. Exceptions can be permitted by the COR upon request and at the COR's discretion.

Following is a list of holidays observed by the Government.

<u>Name of Holiday</u>	<u>Time of Observance</u>
New Year's Day	1 January
Martin Luther King Jr. Day	Third Monday in January
President's Day	Third Monday in February
Memorial Day	Last Monday in May
Juneteenth	19 June
Independence Day	4 July
Labor Day	First Monday in September
Columbus Day	Second Monday in October
Veteran's Day	11 November
Thanksgiving Day	Fourth Thursday in November
Christmas Day	25 December

If any of the above holidays occur on a Saturday or a Sunday, then such holiday shall be observed by the Contractor in accordance with the practice as observed by the assigned Government employees at the using activity.

10.0 Travel: Travel will be in accordance with the Joint Travel Regulations (JTR) and will be reimbursed by the government on an as-incurred basis. Travel, food and lodging will be paid upfront by WSCUC or by the traveler. At the end of the visit, WSCUC will pay the travelers for out-of-pocket expenses and then submit approved expenses to NPS for reimbursement.

Associated Task	From/To Travel Location	Duration of Trip	Name of Traveler
Campus Eval Visit	Oakland, CA to Monterey, CA	3 days	Graham Benton

Campus Eval Visit	Seaside, CA to Monterey, CA	3 days	Dale Grubb
Campus Eval Visit	Vacaville, CA to Monterey, CA	3 days	Amy Wallace
Campus Eval Visit	Dayton, OH to Monterey, CA	4 days	Heidi Ries
Campus Eval Visit	Highland Falls, NY to Monterey, CA	4 days	Gerald Kobylski

11.0 Transition Activities:

It is essential to the Government that services required under this PWS are performed without interruption. At the conclusion of any performance period, including option periods or extensions, the services provided under this PWS may be awarded to another contractor. The contractor in place shall be required to assist in the transition activities.

12.0 Security Requirements:

All work will be unclassified with no access to sensitive information.

13.0 Human Subject Research:

Contractor personnel performing work under this contract may not support, advise, or conduct research involving human subjects. If at any time during the period of performance of this contract the tasks involve human subject research, the Contractor shall immediately notify the Contracting Officer. The contract must be amended in accordance with DoDD 3216.02 and DFAR 252.235-7004 in the event human subject research is proposed.

14.0 Privacy Act Statement:

“Pursuant to Title 5 United States Code 552a(m)(1), the contractor and all employees of the contractor working under this contract are required to comply with the requirements of 5 U.S.C. 552a (“The Privacy Act of 1974”).”

15.0 Identification of Contractor Employees:

In accordance with DFAR 211.106, there shall be a clear distinction between Government employees and service contractor employees. Service contractor employees shall identify themselves as contractor personnel by introducing themselves or being introduced as contractor personnel. Contractor personnel will be required to obtain and wear badges or other visible identification for meetings with Government personnel to provide a clear distinction between service contractor employees and Government personnel. In addition, contractor personnel shall appropriately identify themselves as contractor employees in telephone conversations and in formal and informal written correspondence. They must also ensure that all documents or reports produced by contractors are suitably marked as contractor products or that contractor participation is appropriately disclosed.

16.0 Non-Personal Services Statement:

Contractor employees performing services under this order will be controlled, directed, and supervised at all times by management personnel of the contractor. Contractor management will ensure that employees properly comply with the performance work standards outlined in the SOW. Contractor employees will perform their duties independent of, and without the supervision of, any Government official or other Defense Contractor. The tasks, duties, and responsibilities set forth in the task order may not be interpreted or implemented in any manner that results in any contractor employee creating or modifying Federal policy, obligating the appropriated funds of the United States Government, overseeing the work of Federal employees, or otherwise violating the prohibitions set forth in Parts 7.5 and 37.1 of the Federal Acquisition Regulation (FAR). The Government will control access to the facility and will perform the inspection and acceptance of the completed work.

17.0 SUPTXT204-9400(4-22) CONTRACTOR UNCLASSIFIED ACCESS TO FEDERALLY CONTROLLED FACILITIES, SENSITIVE INFORMATION, INFORMATION TECHNOLOGY SYSTEMS OR PROTECTED HEALTH INFORMATION

The following shall be inserted in full text in all solicitations and contracts (including commercial acquisitions) which require contractor unclassified access to federally controlled facilities, sensitive information, Information Technology (IT) systems or protected health information. For commercial acquisitions, this text shall be incorporated into either the SOW or PWS.

The security text does not apply in cases where the contractor/vendor does not have access to Navy Marine Corps Intranet (NMCI) computers, is not issued a Common Access Card (CAC) and is involved in training or other short-term duties of less

than 30 days duration that allow for the use of a visitor request. In these cases, the government employee must submit a Visitor Access Request (VAR) to the main gate or applicable processing entity for your facility and assume responsibility to escort those without CAC Credentials.

This clause local text does not apply to non-United States (U.S.) Nationals (foreign nationals) who are contractor employees performing work overseas. The clause local text is applicable to the U.S. Nationals living in the U.S. or overseas who are performing work on a Navy contract.

The investigation of a non-U.S. national at a foreign location must be consistent with a National Agency Check with Written Inquiries (NACI), to the extent possible and include a fingerprint check against the Federal Bureau of Investigation (FBI) criminal history database, an FBI investigations file (name check) search and a name check against the terrorist screening database. Also, the above cited reference notes that Foreign Nationals may not be granted CAC credentials until completion of their investigation and not in the interim.

Per Department of Defense Memorandum (DoDM) 5200.2, Department of Defense (DoD) components must initiate and ensure completion of a background investigation before applying the credentialing standards to a non-U.S. national at a foreign location. The background investigation must be favorably adjudicated before a CAC can be issued to a non-U.S. national at a foreign location. The type of background investigation may vary based on standing reciprocity treaties concerning identity assurance and information exchanges that exist between the U.S. and its allies or agency agreements with the host country.

CONTRACTOR UNCLASSIFIED ACCESS TO FEDERALLY CONTROLLED FACILITIES, SENSITIVE INFORMATION, IT SYSTEMS OR PROTECTED HEALTH INFORMATION

Executive Order 13467, Reforming Processes Related to Suitability for Government Employee, Fitness for Contractor Employees and Eligibility for Access to Classified National Security Information, Homeland Security Presidential Directive (HSPD)-12, requires government agencies to develop and implement Federal security standards for Federal employees and contractors. The 5 CFR 32 Part 157 in concert with DoD Manual 1000.13, Vol 1, implements the Federal Standards.

APPLICABILITY

This text applies to all DoD sponsored individuals who require CAC eligibility (or login and P/W if acceptable per contract) for: Physical access to DoD facilities or non-DoD facilities on behalf of DoD; Logical access to information systems (whether on site or remotely); or remote access to DoD networks that use only the CAC logon for user authentication, or access to sensitive and protected information. This applies to the Office of the Secretary of Defense (OSD), the Military Departments, the Office of the Chairman of the Joint Chiefs of Staff and the Joint Staff, the Combatant Commands, the Office of the Inspector General of the DoD, the Defense Agencies, the DoD Field Activities and all other organizational entities within the DoD (hereinafter referred to collectively as the "DoD Components").

Each contractor employee providing services at a Navy command under this contract is required to obtain a DoD CAC. Additionally, depending on the level of computer/network access, the contract employee will require a successful investigation as detailed below.

ACCESS TO FEDERAL FACILITIES

Per HSPD-12 and implementing guidance, all contractor employees working at a federally controlled base, facility or activity under this clause will require a DoD CAC. When access to a base, facility or activity is required contractor employees shall in-process with the Command's Security Manager (CSM) upon arrival to the command and shall out-process prior to their departure at the completion of the individual's performance under the contract.

START-UP PERIOD

All contractor resource onboarding documents must be submitted via the prime contractor. The prime contractor shall make all necessary preparations to assume full responsibility for productive performance as of the performance start date.

Definition of "productive":

- a. Visit Authorization Request (VAR)

- b. Contractor Information Sheet (CIS)
- c. FD-258 Fingerprint Card
- d. Completed Electronic Investigation (EQIP)
- e. All contractor resource(s) must have an active Joint Personnel Adjudication System (JPAS) profile
- f. Common Access Card (CAC)

Note (1): Invoicing by the contractor will begin as of the commencement of the performance period of services and no reimbursement will be paid by the government for efforts expended during the start-up period.

Note (2): Foreign Nationals are not allowed access to the functional/system side of Enterprise Resource Planning (ERP).

ACCESS TO DOD INFORMATION TECHNOLOGY (IT) SYSTEM

In Accordance With (IAW) Secretary of the Navy (SECNAV) M-5510.30, contractor employees who require access to Department of the Navy (DoN) or DoD networks are categorized as IT-I, IT-II, or IT-III. The IT-II level, defined in detail in SECNAV M-5510.30, includes positions which require access to sensitive information. Sensitive information includes information protected under the Privacy Act, to include PHI. All contractor employees under this contract who require access to Privacy Act protected information are therefore categorized no lower than IT-II. IT Levels are determined by the requiring activity's Command Information System Security Manager (ISSM)/Information Assurance Manager (IAM).

Contractor employees requiring privileged, or IT-I level access, (when specified by the terms of the contract) require a Single Scope Background Investigation (SSBI) or T5 or T5R equivalent investigation, which is a higher-level investigation than the National Agency Check (NAC) with Law and Credit (NACLC)/T3/T3R described below. Due to the privileged system access, an investigation suitable for High-Risk national security positions is required. Individuals who have access to system control, monitoring, or administration functions (e.g., system administrator, database administrator) require training and certification to Information Assurance (IA) Technical Level 1 and must be trained and certified on the Operating System (OS) or Computing Environment (CE) they are required to maintain.

Access to sensitive IT systems is contingent upon a favorably adjudicated background investigation. When access to IT systems is required for performance of the contractor employee's duties, such employees shall in-process with the Navy CSM and ISSM/IAM manager upon arrival to the Navy command and shall out-process prior to their departure at the completion of the individual's performance under the contract. Completion and approval of a System Authorization Access Request Navy (SAAR-N) form is required for all individuals accessing Navy IT resources. The decision to authorize access to a government IT system/network is inherently governmental. The contractor supervisor is not authorized to sign the SAAR-N; therefore, the government employee with knowledge of the system/network access required or the Contracting Officers Representative (COR) shall sign the SAAR-N as the supervisor.

The SAAR-N shall be forwarded to the CSM at least thirty (30) days prior to the individual's start date. Failure to provide the required documentation at least thirty (30) days prior to the individual's start date may result in delaying the individual's start date.

When required to maintain access to required IT systems or networks, the contractor shall ensure that all employees requiring access complete annual Cyber Awareness training and maintain a current requisite background investigation. The contractor's security representative shall contact the CSM for guidance when reinvestigations are required.

INTERIM ACCESS

The CSM may authorize issuance of a DoD CAC and interim access to a DoN or DoD unclassified computer/network upon a favorable review of the investigative questionnaire and advance favorable fingerprint results. When the results of the investigation are received and a favorable determination is not made, the contractor employee working on the contract under interim access will be denied access to the computer network and this denial will not relieve the contractor of his/her responsibility to perform.

DENIAL OR TERMINATION OF ACCESS

The potential consequences of any requirement under this clause including denial or termination of physical or system access in no way relieve the contractor from the requirement to execute performance under the contract within the timeframes specified in the contract. Contractors shall plan ahead in processing their employees and subcontractor employees. The contractor shall insert this clause in all subcontracts when the subcontractor is permitted to have unclassified access to a federally controlled facility, federally controlled information system/network and/or to government information, meaning information not authorized for public release.

CONTRACTOR'S SECURITY REPRESENTATIVE

The contractor shall designate an employee to serve as the contractor's security representative. Within three (3) workdays after contract award, the contractor shall provide to the requiring activity's Security Manager and the Contracting Officer, in writing, the name, title, address and phone number for the contractor's security representative. The contractor's security representative shall be the primary point of contact on any security matter. The contractor's security representative shall not be replaced or removed without prior notice to the Contracting Officer and CSM.

BACKGROUND INVESTIGATION REQUIREMENTS AND SECURITY APPROVAL PROCESS FOR CONTRACTORS ASSIGNED TO NATIONAL SECURITY POSITIONS OR PERFORMING SENSITIVE DUTIES

Navy security policy requires that all positions be given a sensitivity value based on level of risk factors to ensure appropriate protective measures are applied. Contractor employees under this contract are recognized as Non-Critical Sensitive [ADP/IT-II] positions when the contract scope of work require physical access to a federally controlled base, facility, or activity and/or requiring access to a DoD computer/network, to perform unclassified sensitive duties. This designation is also applied to contractor employees who access Privacy Act and PHI, provide support associated with fiduciary duties, or perform duties that have been identified as National Security Positions. At a minimum, each contractor employee must be a US citizen and have a favorably completed NACLC or T3 or T3R equivalent investigation to obtain a favorable determination for assignment to a non-critical sensitive or IT-II position. The investigation consists of a standard NAC and a FBI fingerprint check plus law enforcement checks and credit check. Each contractor employee filling a non-critical sensitive or IT-II position is required to complete:

- SF-86 Questionnaire for National Security Positions (or equivalent Office of Personnel Management (OPM) investigative product)
- Two FD-258 Applicant Fingerprint Cards (or an electronic fingerprint submission)
- Original Signed Release Statements

Failure to provide the required documentation at least thirty (30) days prior to the individual's start date shall result in delaying the individual's start date. Background investigations shall be reinitiated as required to ensure investigations remain current (not older than ten (10) years) throughout the contract performance period. The contractor's security representative shall contact the CSM for guidance when reinvestigations are required.

Regardless of their duties or IT access requirements, ALL contractor employees shall in-process with the CSM upon arrival to the command and shall out-process prior to their departure at the completion of the individual's performance under the contract. Employees requiring IT access shall also check-in and check-out with the Navy command's ISSM/IAM. Completion and approval of a SAAR-N form is required for all individuals accessing Navy IT resources. The SAAR-N shall be forwarded to the Navy CSM at least thirty (30) days prior to the individual's start date. Failure to provide the required documentation at least thirty (30) days prior to the individual's start date shall result in delaying the individual's start date.

The contractor shall ensure that each contract employee requiring access to IT systems or networks complete annual Cyber Awareness training and maintain a current requisite background investigation. Contractor employees shall accurately complete the required investigative forms prior to submission to the CSM. The CSM will review the submitted documentation for completeness prior to submitting it to the OPM; Potential suitability or security issues identified may render the contractor employee ineligible for the assignment. An unfavorable determination is final (subject to SF-86 appeal procedures) and such a determination does not relieve the contractor from meeting any contractual obligation under the contract. The CSM will forward the required forms to OPM for processing. Once the investigation is complete, the results will be forwarded by OPM to the DoD Central Adjudication Facility (CAF) for a determination.

If the contractor employee already possesses a current favorably adjudicated investigation, the contractor shall submit a VAR via the JPAS or a hard copy VAR directly from the contractor's security representative. Although the contractor will take JPAS owning role over the contractor employee, the Navy command will take JPAS "Servicing" role over the contractor employee

during the hiring process and for the duration of assignment under that contract. The contractor shall include the IT position category per SECNAV M-5510.30 for each employee designated on a VAR. The VAR requires annual renewal for the duration of the employee's performance under the contract.

BACKGROUND INVESTIGATION REQUIREMENTS AND SECURITY APPROVAL PROCESS FOR CONTRACTORS ASSIGNED TO OR PERFORMING NON-SENSITIVE DUTIES

Contractor employee whose work is unclassified and non-sensitive (e.g., performing certain duties such as lawn maintenance, vendor services, etc...) and who require physical access to publicly accessible areas to perform those duties shall meet the following minimum requirements:

- Must be either a U.S. citizen or a U.S. permanent resident with a minimum of 3 years of legal residency in the U.S. (as required by the Deputy Secretary of Defense DTM 08-006 or its subsequent DoD Instruction (INST)) and
- Must have a favorably completed NACI or T1 investigation equivalent including a FBI fingerprint check prior to installation access.

To be considered for a favorable trustworthiness determination, the CSR must submit for all employees each of the following:

- SF-85 Questionnaire for Non-Sensitive Positions
- Two FD-258 Applicant Fingerprint Cards (or an electronic fingerprint submission)
- Original Signed Release Statements

The contractor shall ensure each individual employee has a current favorably completed NACI or T1 equivalent investigation or ensure successful FBI fingerprint results have been gained and investigation has been processed with OPM.

Failure to provide the required documentation at least thirty (30) days prior to the individual's start date may result in delaying the individual's start date.

* Consult with your CSM and ISSM/IAM for local policy when IT-III (non-sensitive) access is required for non-U.S. citizens outside the U.S.. *

**Alternative language which may be included as appropriate:

Contractor and all Contractor personnel with access to or responsibility for XXXXXX of this contract shall comply with DoD Directive 8500.1E IA, DoDI 8510.01 Risk Management Framework (RMF) for DoD IT, DoD Directive 5400.11 DoD Privacy Program, DoD 5200.2-R Personnel Security Program and HSPD 12.

X.1 Be CAC ready at the IT Level II prior to reporting for work.

X.2 At minimum, all contractor personnel must possess/maintain a favorable Tier 3 investigation: formerly a NAC with Local Agency Check and Credit Check (NACLC). This requirement is critical in order to access the database systems within NAVSUP. It is Contracting Companies' responsibility to ensure that 100% of the contractors have Tier 3 investigation/IT Level II. In addition, interim approval of clearances is not authorized.

X.3 Be citizens of the U.S.

X.4 If at any time, any contractor person requiring a CAC is unable to possess/maintain an adjudicated Tier 3 investigation, the contractor shall immediately notify the NAVSUP COR to coordinate removal of such a person from work under this contract.

X.5 Contractor personnel with access to or responsibility for nonpublic government data under this contract must comply with HSPD-12 Personal Identity Verification (PIV) issuance requirements, known as the CAC for NAVSUP.

* Consult with your Command Security Manager and Information Assurance Manager for local policy when IT-III (non-sensitive) access is required for non-US citizens outside the United States.
