TO: AFSC/PZIMA

FROM: OC-ALC/OBCA for 76 CMXG

SUBJECT: Sole Source Justification for C26-046E Trumpf Laser Parts

1. The 76th CMXG is requesting the utilization of funds to purchase Trumpf Laser Parts.
2. The primary Trumpf laser system is [REDACTED]. This single machine is responsible for [REDACTED] of the [REDACTED] shop's workload. Trumpf is the sole manufacturer and source for the necessary replacement parts (Y and Z axis cables, motors, and a drive power supply). Only these specific OEM parts will work with the machine. The inability to source these parts from Trumpf will keep the \$2 million [REDACTED], resulting in a [REDACTED].
3. After market research was conducted, it was determined that there is only one company, the original equipment manufacturer (OEM), Trumpf Inc., that can satisfy the Government's requirements.

4. Market research was performed reviewing Dynamic Small Business Search (DSBS) and System for Award Management (SAM) databases using North American Industry Classification System (NAICS) Code (333517) looking for companies that could provide Trumpf Laser Parts under Federal Supply Code (FSC 3438). A review of small businesses to include 8(a), HUBZone, Service-Disabled Veteran Owned Business, and Women Owned Small Business was conducted in search of a company that could provide Trumpf Laser Parts. A Request For Information (RFI) was sent to three potential vendors. Of those, only one responded (ICON MACHINE TOOL, INC) via phone, unable to provide due to the parts being spare parts and that the request would go directly to the Original Equipment Manufacturer (OEM), Trumpf Inc. Trumpf Inc. noted that Trumpf owns the rights and is unwilling to sell them. In addition, one (1) Rough Order Magnitude (ROM) was included with the package from the customer. In review, there is one source that can satisfy this commodity for this acquisition.
5. The Government will continue to monitor the market for future purchases to see if competition can be opened at that time.
6. I have determined, in accordance with FAR Overhaul 13.101(b) that the circumstances of this contract action deem only a sole source is reasonably available.
