

Statement of Work (SOW) – Dorm Buildings Cable Internet

Background: 412 Civil Engineering Group Housing Management Office (CEG/CEIHD) per Department of War guidance is seeking to comply with National Defense Authorization Act (NDAA) for Fiscal Year 2025.

The NDAA initiative seeks to provide free high-speed Wi-Fi to service members in unaccompanied housing. In an effort to improve the quality of life and enhance connectivity for junior enlisted personnel.

412 CEG/CEIHD has identified the following unaccompanied housing facilities on Edwards Air Force Base (AFB) requiring Commercial Internet Service Provider (CISP) Services:

- Building 2423
- Building 2424
- Building 2425
- Building 2511
- Building 2512
- Building 2513
- Building 2514
- Building 2515
- Building 2516
- Building 2517
- Building 2518
- Building 2519
- Building 5604
- Building 6965
- Building 6965A
- Building 6967
- Building 6967A
- Building 6969
- Building 6969A
- Building 6978
- Building 6980
- Building 6980A
- Building 6982

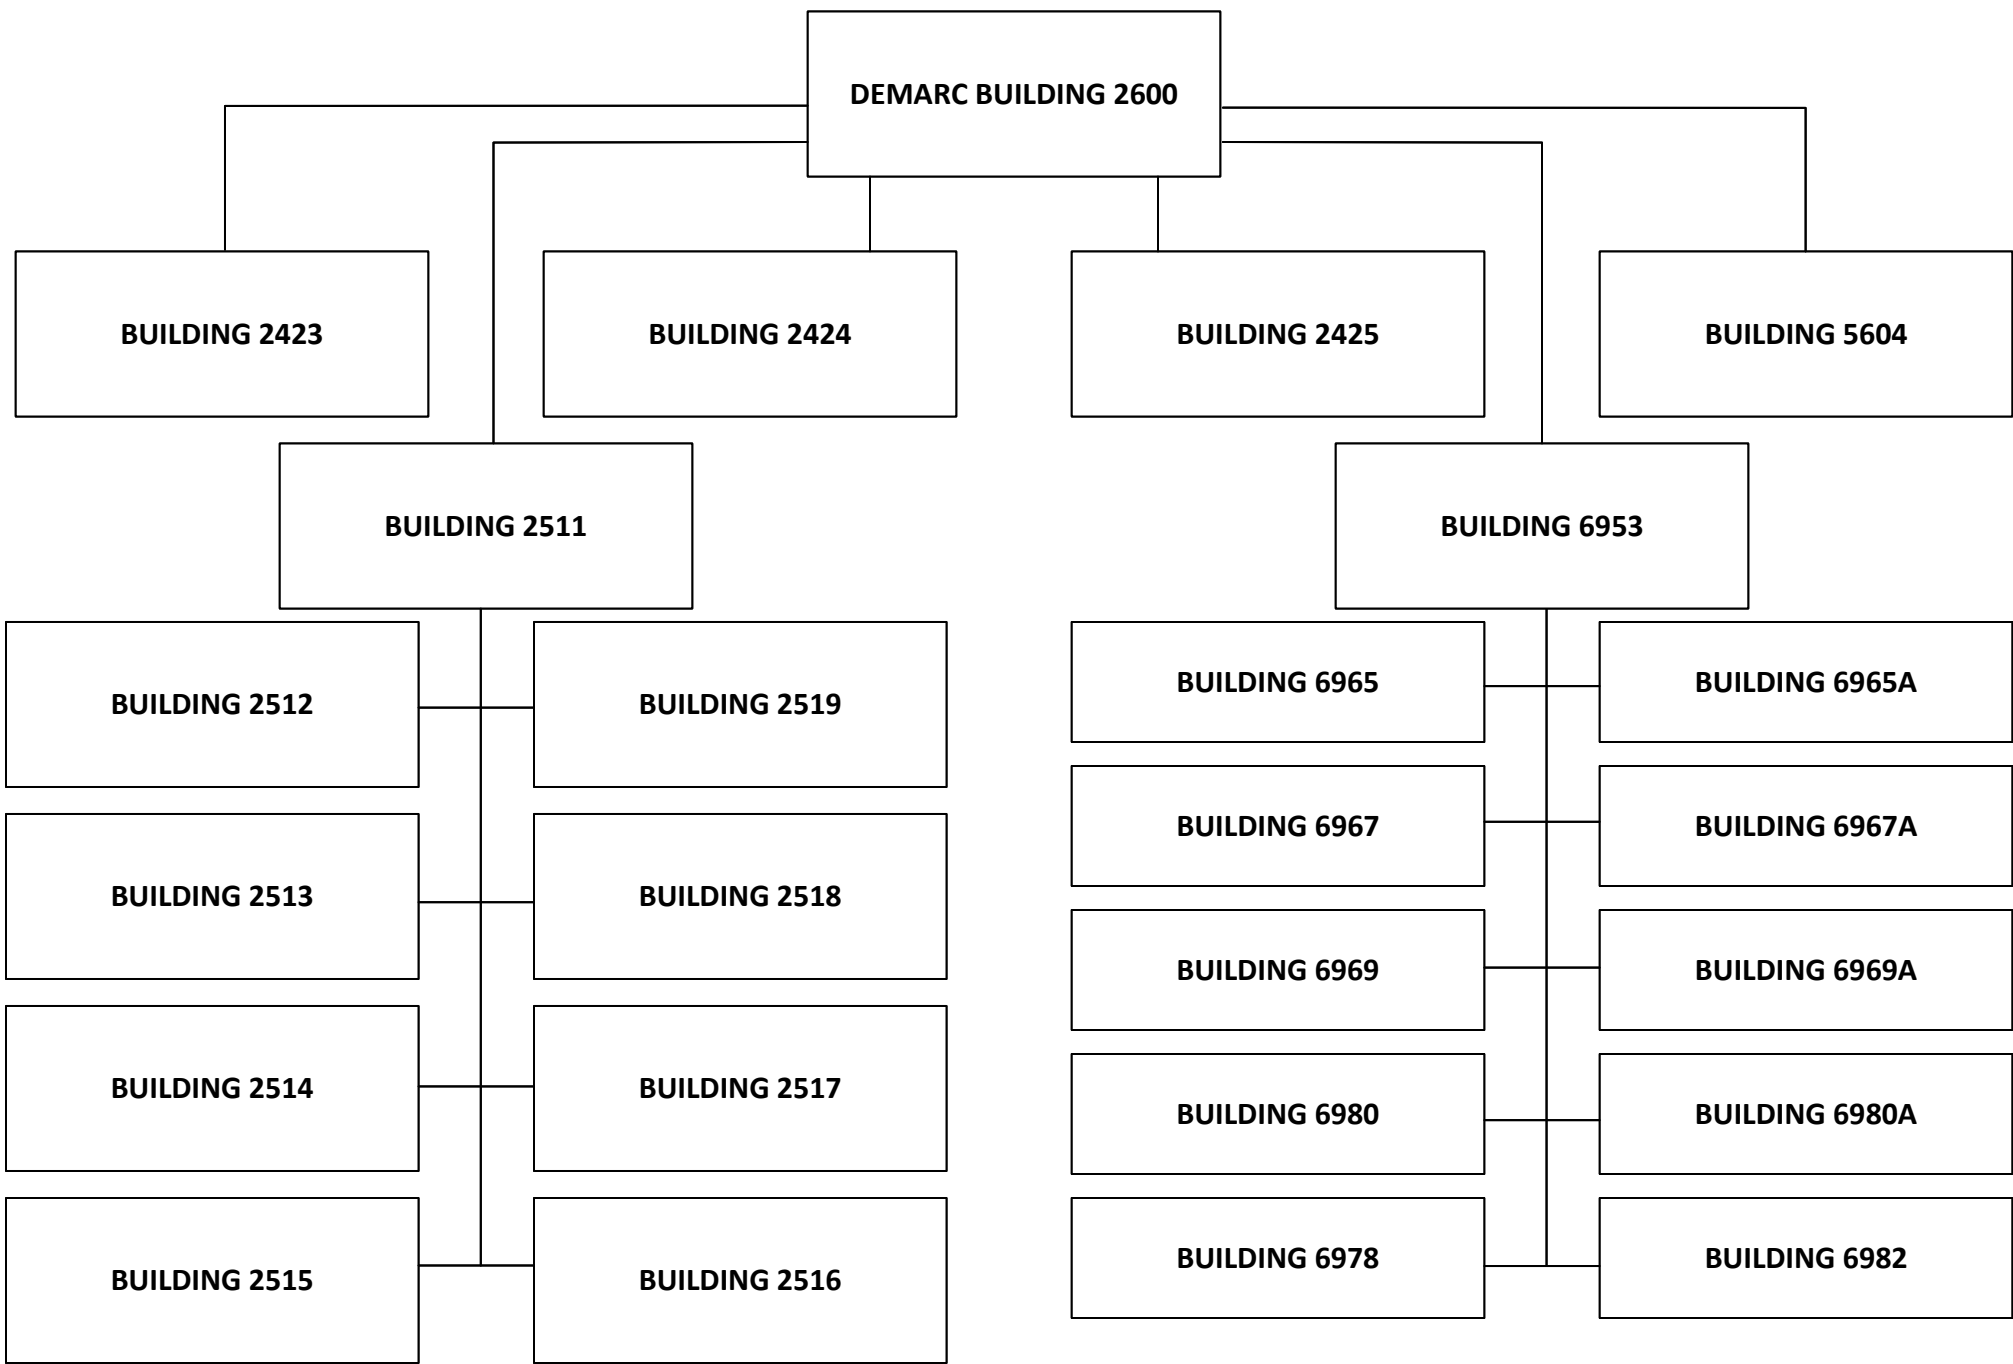

The CISP should be a 1,000 Mega bites per second (Mbps) service that originates at the Edwards AFB DEMARC, Building 2600, 15 E Yeager Blvd., Edwards AFB, CA 93524. The CISP shall be distributed to the unaccompanied housing facilities using existing Edwards AFB fiber backbone. Edwards AFB requests switches in facilities to distribute service to routers identified in drawings.

Please see attached diagrams with installation of cable internet locations.
