Industry Day

Marine Corps Prepositioning Program (MCPPE)

Agenda

- Industry Day Administration
- Rules and Disclaimers
- Command Overview
- Program Portfolio
 - Overview
 - Maritime Program
 - Land Based Programs
 - Production Process
 - Navy Prepositioning
 - Facilities

Industry Day Administration

- Administration – Timothy Lance Rivers, Roussell Gober & Leah Herce
 - In case of an emergency follow the directions of the Police Department personnel.
 - Restrooms are down the main hallway to the right.
 - Water is located across from the restrooms.
 - After the brief: break, move to bus, tour of operation
 - End of tour:
 - If you are not a scheduled one v. one we request that you depart the facility
 - If you are scheduled for a one v. one
 - You may depart the facility for lunch and return for your one v. one appointment;
 - You may stay on the facility and take lunch / wait at the Bunker restaurant;
 - If on base, Bunker (Bldg 104) and EOC classroom (Bldg 109) are the only authorized locations, do not go anywhere else on the base.
 - There will be an opportunity to ask questions after each section of the brief.

Industry Day Administration

- Timeline

- 8:00 am – 9:00 am Check-In
- 9:00 am – 10:30 am MCPP II Brief
- 10:30 am – 10:45 am Break
- 10:45 am – 11:00 am Move to Bus
- 11:00 am – 12:30 pm Guided Tour
- 12:30 pm – 1:00 pm Lunch
- 1:00 pm – 4:00 pm 1-v-1 Sessions

- Industry Questions

- All questions from Industry need to be submitted NLT COB 2 July 2025 through the following link using Microsoft Forms.
- <https://forms.osi.apps.mil/r/aqebjqnX2S>

Industry Day Ground Rules

- Forms/Registration Sheet are located at the Registration Table
- Silence cell phones and put them away
- No recording or pictures
- The Q&A and slides will be posted to SAM.gov
- Requirements contained in this briefing are presented as a summary

Full/updated requirements will be provided in the Request for Proposal (RFP) when formally issued by the Government.

DISCLAIMER STATEMENTS

- Remarks today by Government officials involved in today's presentations should not be considered a guarantee of the Government's course of action in proceeding with any of the planned acquisition discussed
- The informational briefing shared today reflects current Government intentions and is subject to change based on a variety of circumstances

The formal solicitation, when issued, is the only document that should be relied upon in determining the Government's requirements.

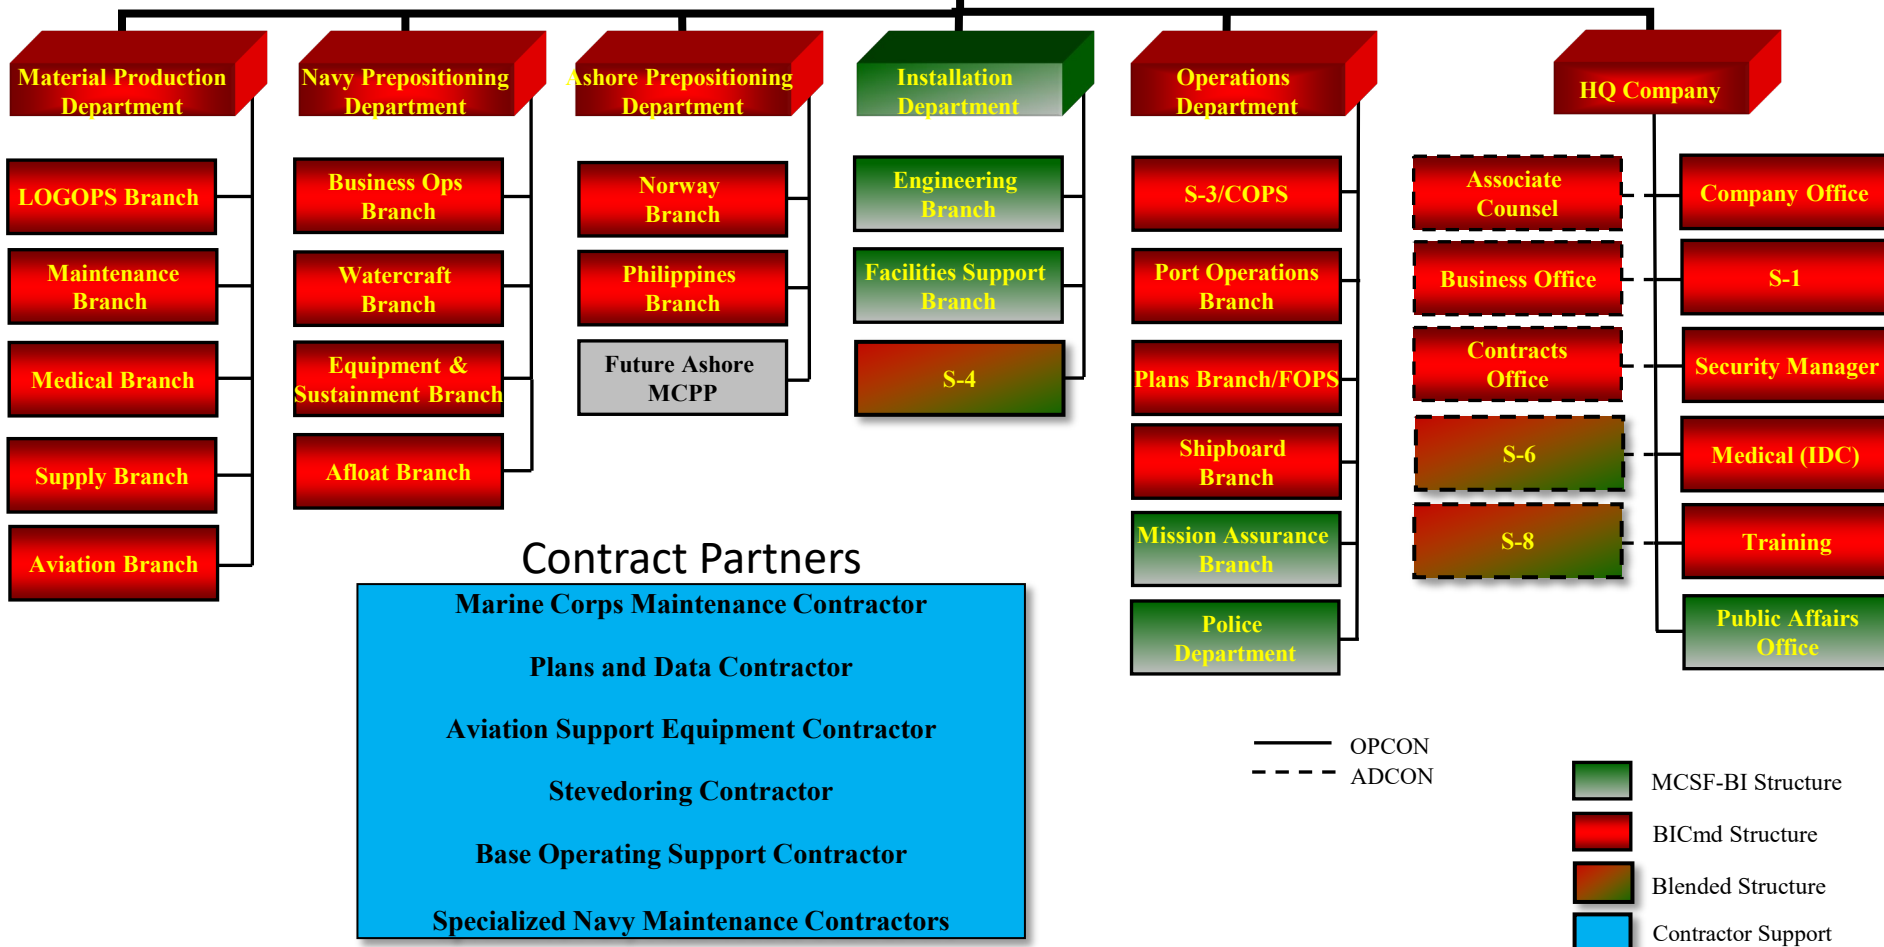

Command Overview

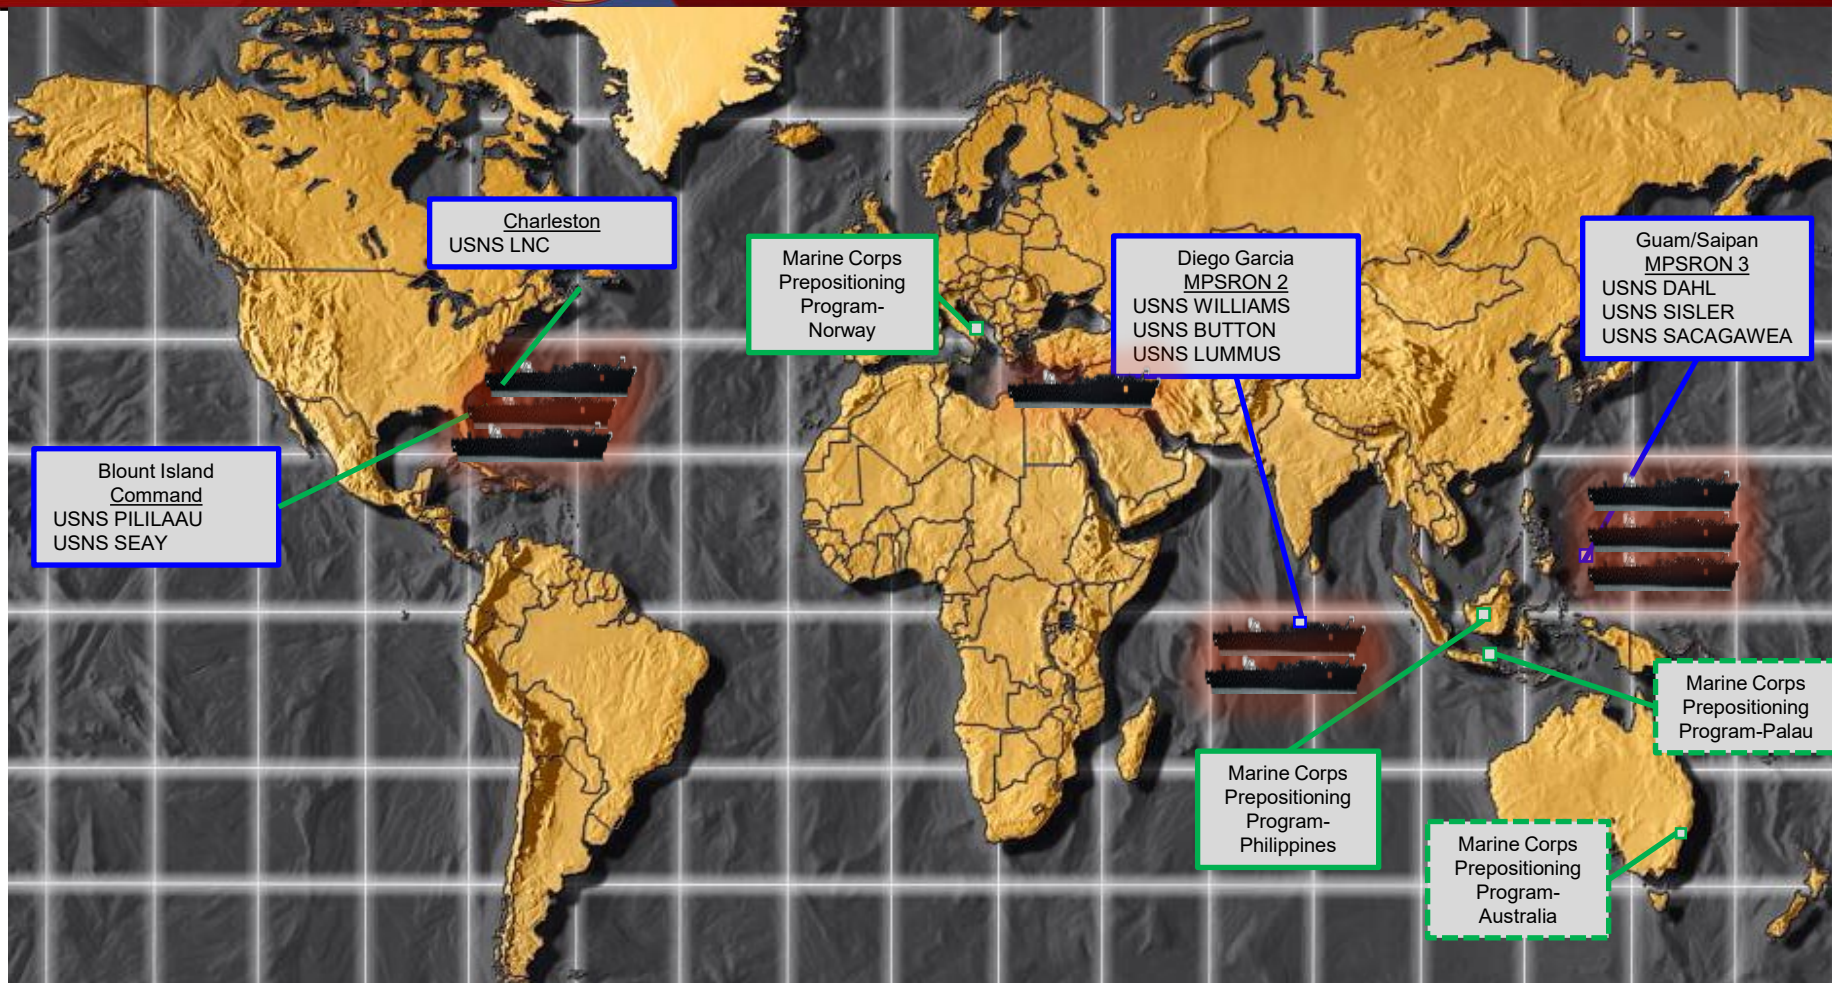

Marine Corps Support Facility Blount Island & Blount Island Command

Mission: Maintain readiness of USMC's global prepositioning programs; Support exercises and contingencies to enable rapid arrival / assembly of forces.

Program Portfolio

LEGEND

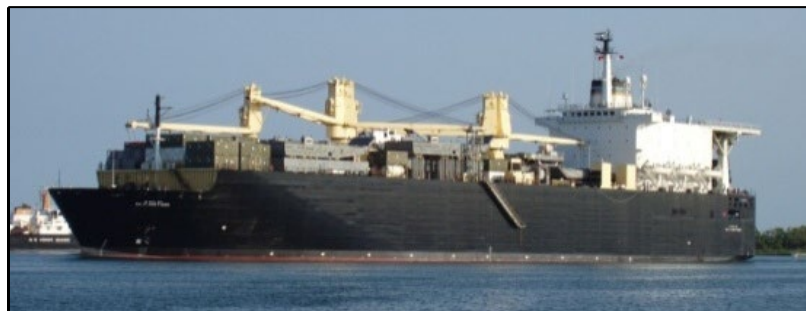

- Maritime Prepositioning Force
- Ashore Prepositioning
- Ashore sites under assessment

ROS – Reduced Operating Status
MPS – Maritime Prepositioning Ship
MPSRON – Maritime Prepositioning Ships Squadron

Posture accurate as of 24 June 2025; two new ashore sites in Australia and Palau under analysis, posture may change based on Service-level decisions.

Maritime Prepositioning Ships

Container, Roll-on/Roll-Off Ship (T-AK)

- Rolling stock, containerized sustainment, bulk fuel and water
- Two in FOS / One in ROS at BICmd

Large, Medium, Roll-on/Roll-off Ship (T-AKR)

- Large rolling stock and containerized sustainment
- Sometimes referred to as LMSR
- Three in FOS / One in ROS at BICmd

Dry cargo/ammunition ship (T-AKE)

- Provides selective offload of palletized sustainment
- Two in MPF (One in RESET until Dec 2026)

Type	Ship
T-AKR	PILILAAU SEAY DAHL SISLER
T-AKE	LEWIS & CLARK SACAGAWEA
T-AK	BUTTON LUMMUS WILLIAMS

Marine Corps Prepositioning Program – Philippines (MCPP-PHIL)

Overview:

- ❑ Approved program of record in FY24
- ❑ IOC in Q2FY25 (400 PEIs), FOC in FY26 (1628 PEI)
- ❑ MCPP-Phil is a 'HA/DR Capability Set'
 - Fuel distro -Water distro -MHE
 - Transportation -Power Distro
- ❑ Maintenance capability in place for conducting COSIS, PMCS, and corrective maintenance up to intermediate level
- ❑ Commercial storage & maintenance in SBMA Freeport Zone
 - Customs clearance processes in development

NSD at Saddler Pier

-55,000 Sqft covered
-Commercial Site

Marine Corps Prepositioning Program – Norway (MCPN-N)

Mission

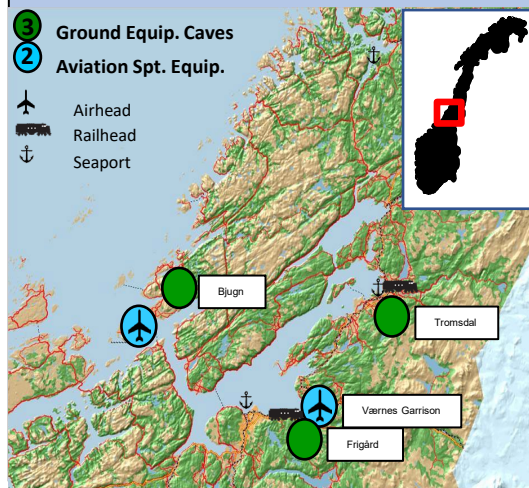

MCPN-N supports the reinforcement of Norway, crisis response and limited sustainment for USMC expeditionary operations in support of EUCOM and other Geographic Combatant Commanders in order to provide assurance to allies and deterrence to potential actors of concern.

Notes:

*50/50 Cost burden share of the program

*BICmd manages (3) ground equipment caves

*Supports multiple exercises annually

Limited Contractor Support in the Following:

Cryptographic Equipment
Management / Maintenance

Weapons custody

APSR Management
(accountability, transfers and
procurement)

AMAL Support

Equipment production on
Island (readiness)

Shipping and Receiving

Container Management
(accountability)

Surge Maintenance Support

MPF Maintenance Cycle Production

- **MPF Maintenance Cycle (MMC)**
 - Approximately 42-month evolution
 - MPS individually return from afloat phase for shipyard maintenance and hull certification
 - Prior to shipyard, equipment and supplies downloaded at MCSF-BI for MMC production
 - Ships' production periods range between 4 and 7 months (75 - 140 workdays)
- **Production executed by MCMC with Government oversight:**
 - *Capability Reset*
 - *Equipment Refresh*
 - Attainment/Sourcing
 - Inventories
 - Inspections
 - Maintenance (PM, CM, Mods)
 - Shelf-Life Screening
 - Replenishment / Replacement
 - Disposition / Return to ICP (LOGCOM)
 - Corrosion Control
 - Maintenance Admin within GCSS-MC
 - Fueling
 - Marking
 - Packaging / Preservation
 - Weighing
 - Data Entry
 - Staging
 - Embarkation Support

Ground Equipment Portfolio

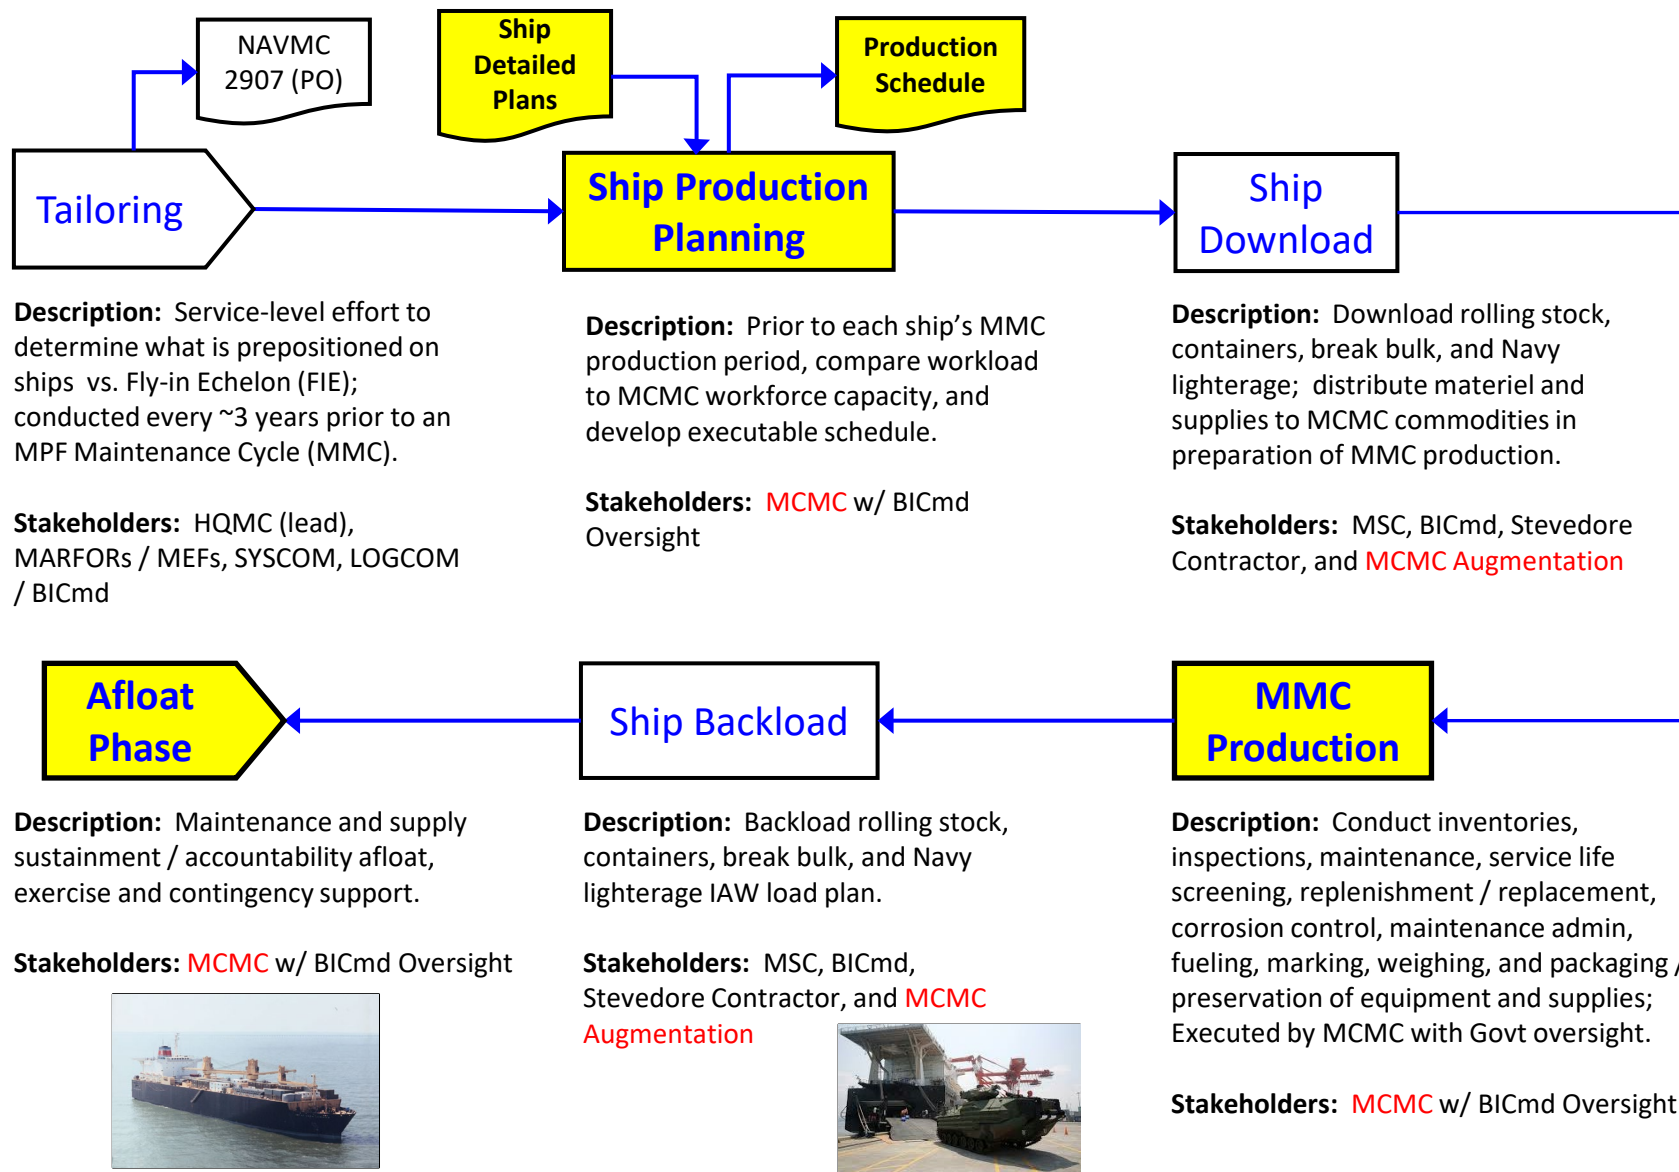

Overview of Military Equipment and Supplies worked during MMC production:

- **Communication Electronic**
 - Communication Vehicles
 - Tactical Radios (handheld & vehicle mounted)
 - Maint Shelters
- **Engineer Equipment**
 - Heavy Equipment (HE)
 - Material Handling Equipment (MHE)
 - HVAC
 - Tactical Generators and Power Distribution
 - Fuel and Water Storage and Distribution
 - Water purification
- **Motor Transport (Trucks and Trailers)**
 - Trucks: ECVs/JLTVs, MTVRs, LVSRs, P-19R
 - Trailers
 - Fuel Tankers
- **Ordnance Equipment:**
 - Howitzers
 - LAVs
 - Optics
 - Vehicle Gunner Turrets
 - Maint Shelters
- **Medical Equipment (AMAL/ADAL)**
- **Sets, Kits, Outfits, and Tools (SKOT)**
- **Sustainment Blocks (attainment only)**
 - CL I – MRE stock rotation via DLA
 - CL II – Packaged POLs
 - CL IV – Lumber and fortification assets
 - CL V – Ground Ammo (PM Ammo manages inventory; MCMC manages container inventory)
 - CL IX – Consumables and SECREPS

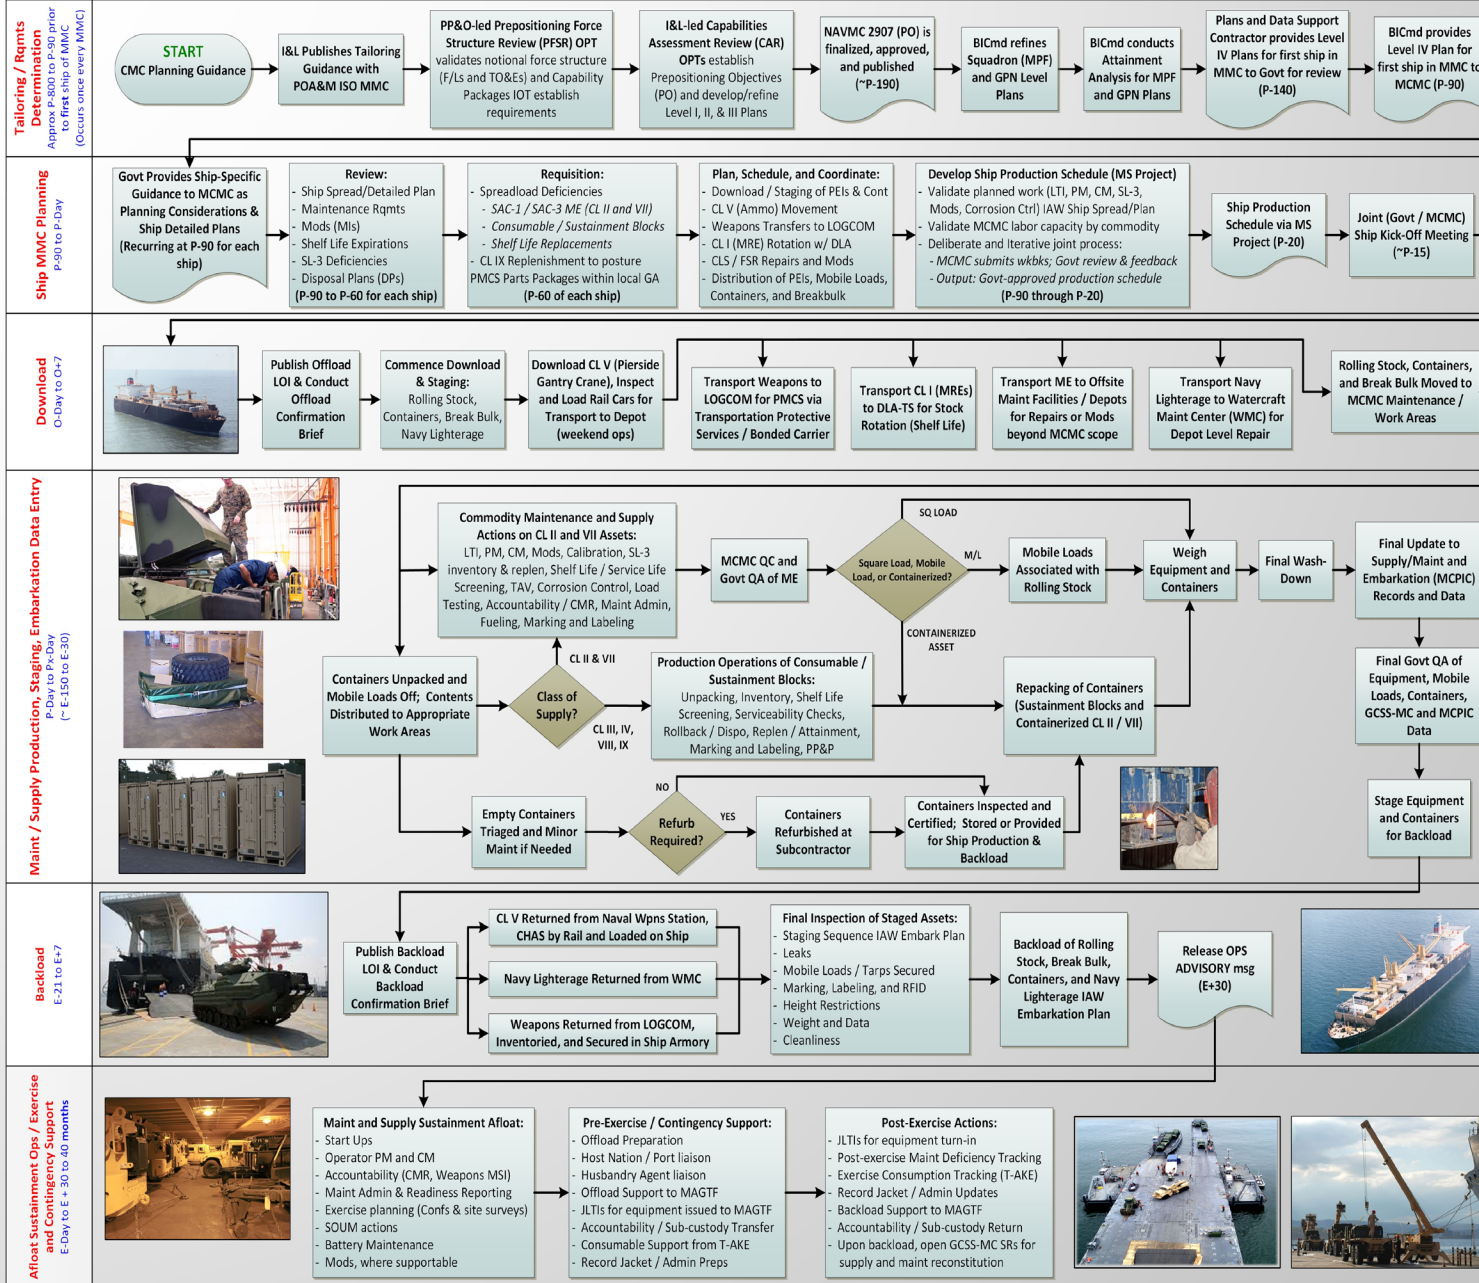

MPF Maintenance Cycle Overview

MARINE CORPS PREPOSITIONING PROGRAM

PLANNING AND EXECUTION OF MARITIME PREPOSITIONING FORCE (MPF) MAINTENANCE CYCLE (MMC) AND AFLOAT PHASE – PROCESS OVERVIEW (3 Jun 25)

CONCURRENT ACTIVITIES

MARINE CORPS PREPOSITIONING PROGRAM – PHILIPPINES (MCP-PHIL)

- PEI Maint (LTI, PM, CM, SL-3 Inventory, Corrosion Control, Mods, SOUMs, Battery Maintenance)
- Inventory Management / Accountability
- Container Management
- Maint Admin & Readiness Reporting
- Contingency and Exercise Support
 - JLTi (Issue and Turn-in)
- Sub-custody Procedures

MARINE CORPS PREPOSITIONING PROGRAM – NORWAY (MCP-N)

- NDLO managed via bilat agreement; limited MCMC support with focus on CCI and Weapons
- PEI Maint (LTI, PM, CM, SL-3 Inventory, Corrosion Control, Mods, SOUMs, Battery Maintenance)
- Inventory Management / Accountability
- Container Management
- Maint Admin & Readiness Reporting
- Contingency and Exercise Support
 - JLTi (Issue and Turn-in)
- Sub-custody Procedures

ON-ISLAND SUSTAINMENT OPERATIONS

- Care of Supplies in Storage (COSIS)
- Intermediate Supply Support (General Account, RIP)
- Intermediate Maintenance Activity
- Container Inventory Management
- Container Repair, Inspection, and Certification
- GSM (CPAC, Welding, Fabrication)
- Garrison Mobile Equip & Material Handling Equip
- GFP / Organic Account Management (Supply & Maint)
- Fleet Management
- Defense Fuel Support Point (DFSP) operations
- Maint Overflow, Presidential Drawdown, Divestment

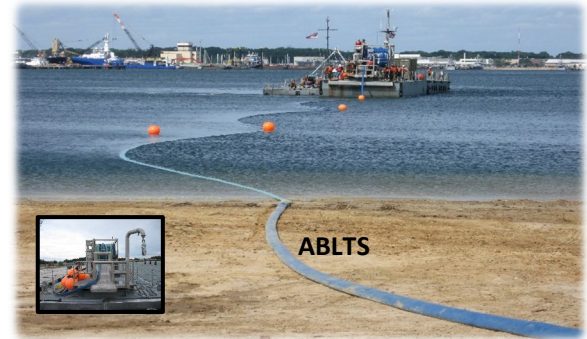

MAINTENANCE, SUPPLY, TRANSPORTATION, AND PRODUCTION SCHEDULING MUST BE SYNCHRONIZED ACROSS PREPOSITIONING PROGRAM (COMMON / SHARED RESOURCES INCLUDE LABOR AND MATERIEL; INTERMEDIATE SUPPLY AND MAINT SUPPORT ACTIVITIES; SUPPLY, MAINT, EMBARK, & PRODUCTION IT SYSTEMS)

Navy Requirements

Navy Watercraft Portfolio

Navy Containerized CAPSETs

CSM Lighterage Repair Facility

Expeditionary Bos'n Locker (EBL)

CSM Class IX

CSM Lighterage Repair Facility

ABLTS

High Failure Parts Locker

Logistics
COMMAND

CONTROLLED UNCLASSIFIED INFORMATION (CUI)

Navy CESE Portfolio

Well Drill 1500

MTVR Field Service Truck

Light Service Support Vehicle (LSSV)

D7R Bulldozer with Padded Blade

Concrete Mixer (Crete Mobile)

65ton Rough Terrain Crane

Semitrailer 55ton Lowboy

MTVR Wrecker

Always Forward - Always Ready

Navy Organic Portfolio

Man Lift

250-Ton Heavy Lift Transporter

Septic (Sucker) Truck

100-Ton Heavy Lift Transporter

300-Ton Link-Belt Crawler Crane

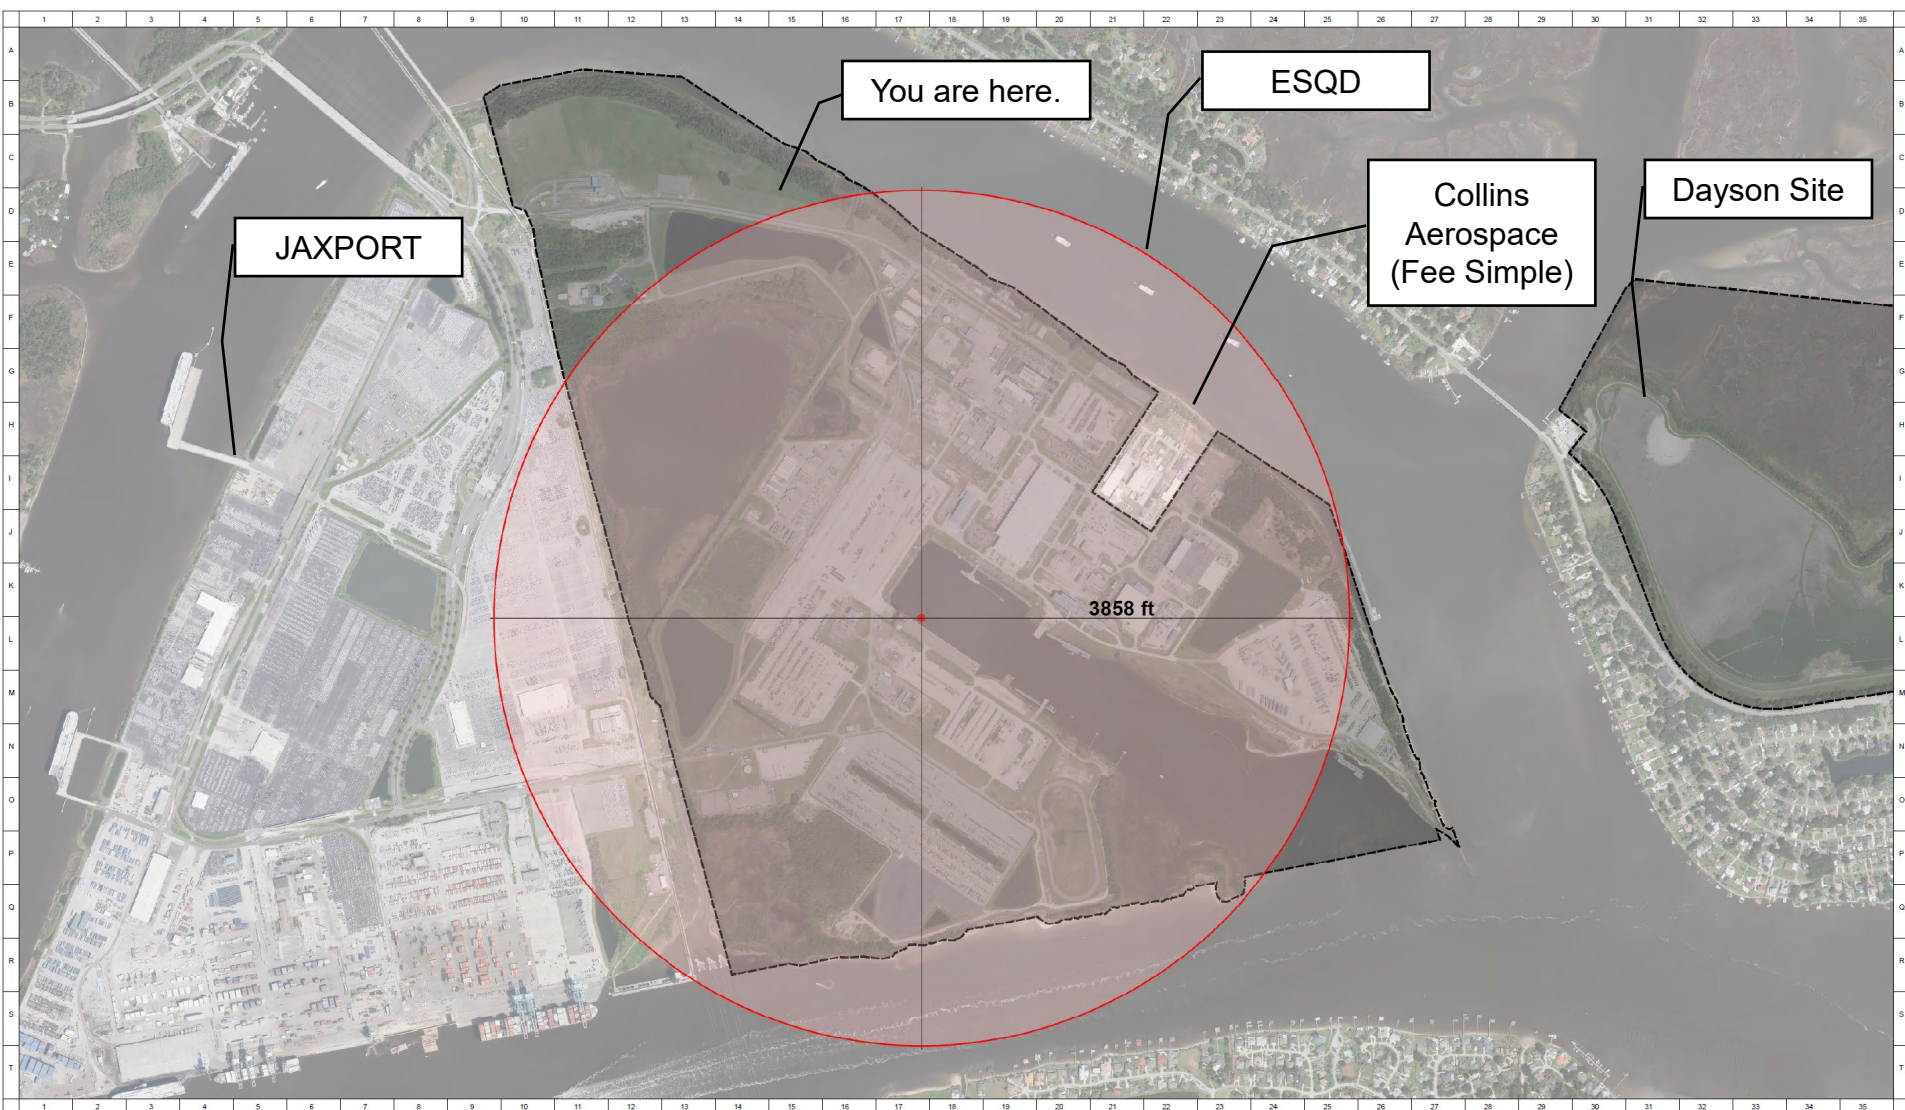

65-Ton Rough Terrain Crane

150 Ton Mobile Boat Hoist

Facilities

Facilities

Acreage: 1,235.2 Total

- 901.6 On-Island

- 333.6 Dredge Spoils and Dayson conservation site

Facilities: 924,974 Sqft (111 Buildings)

Staging Area: 48 Acres (Reinforced concrete staging area)

38 Acres (Asphalt staging area)

78 Acres (Gravel staging area)

Slipway: 3,600' X 400' Dredged to 38'

Pier Space: 5 berths total (Primary: Berth 1~1000')

Crane: Rail-mounted w/40 LT lift capacity at Berth 1

Installation Improvements: - Corrosion Repair Facility

- Wash-rack

- Port Operations Building

Program Portfolio

Activities at Blount Island

- Program Management
- Equipment Maintenance:
 - USMC and Navy ground equipment
 - Navy watercraft
- Supply Chain
 - Marine Corps
 - Navy
- Distribution Operations
- Organic Tools and Equipment
 - Marine Corps
 - Navy
 - Installation support (Container movers, Gantry Crane, Gators, electric carts)
- Ship offload / backload:
 - Marine Corps Equipment
 - Navy Equipment & Watercraft

OCONUS Support

- MCPP-PHIL
- MCPP-Norway
- Shipboard
- Exercise Support
- Other Logistics Services
 - Contingency/Wartime Support
 - Support to other USMC efforts

Logistics COMMAND
