(3) Description of Supplies or Services:

ScriptPro is a comprehensive automation and management system that offers a complete end-to-end solution for ambulatory pharmacy operations. It interfaces with the electronic health record (EHR) to receive patient, prescriber, and prescription information. Dispensing history is sent back to the EHR so a central record is maintained for the patient. It is a single-source unified platform incorporating robotics, workflow, pharmacy management and more; entire pharmacy operations are run on the single platform.

(4) Identify the Authority and Supporting Rationale (see below and if applicable, a demonstration of the proposed contractor's unique qualifications to provide the required supply or service.

☐ [FAR 8.405-6\(a\)\(1\)\(A\)](#): An urgent and compelling need exists and following the ordering procedures would result in unacceptable delays:

☒ [FAR 8.405-6\(a\)\(1\)\(B\)](#): Only one source is capable of providing the supplies or services required at the level of quality required because the supplies or services are unique or highly specialized;

ScriptPro equipment is proprietary. ScriptPro is the sole source service provider of the ScriptPro Customer Technical Support Plan. ScriptPro's GSA contract number 36F79719D0135 states that the warranty is void if the equipment or software has been installed or modified other than as authorized in writing by ScriptPro. ScriptPro is the only firm capable of providing the required services.

☐ [FAR 8.405-6\(a\)\(1\)\(C\)](#): In the interest of economy and efficiency, the new work is a logical follow-on to an original Federal Supply Schedule order provided that the original order was placed in accordance with the applicable Federal Supply Schedule ordering procedures. The original order must not have been previously issued under sole source or limited source procedures.

☐ [FAR 8.405-6\(b\)](#): Items peculiar to one manufacturer:

☐ A patent, copyright or proprietary data limits competition. The proprietary data is:

☐ These are "direct replacements" parts/components for existing equipment.

☐ The material/service must be compatible in all aspects (form, fit and function) with existing systems presently installed/performing.

(5) Describe Why You Believe the Order Represents the Best Value consistent with FAR 8.404(d) to aid the contracting officer in making this best value determination:

Due to GSA's already determined prices of supplies and fixed-price services, and rates for services offered at hourly rates, under schedule contracts are considered to be fair and reasonable. The Contracting Officer anticipates that the fixed price order will be fair and reasonable and the best value to the Government.

(6) Describe the Market Research Conducted among schedule holders and the results or a statement of the reason market research was not conducted.

Per VAAR 810.001-70, market research was conducted through SBA's Small Business Search, specifically for SDVOSB and VOSBs with keyword "ScriptPro" and NAICS 811210. This search did not produce any SDVOSB or VSOBs. A sole source letter was provided by ScriptPro confirming that they

are the only source capable of meeting this requirement. Contract history was reviewed and found that only ScriptPro provided this service. A GSA query revealed an FSS contract, 36F79719D0135, for ScriptPro support services. The market research confirms ScriptPro, a large business, is the sole provider of the required services.

(7) Any Other Facts Supporting the Justification:

None

(8) A Statement of the Actions, if any, the agency may take to remove or overcome any barriers that led to the restricted consideration before any subsequent acquisition for the supplies or services is made:

The Government will continue to conduct market research to ascertain if there are changes in the marketplace that would enable future actions to be competed.

(9) Requirements Certification: I certify that the requirement outlined in this justification is a Bona Fide Need of the Department of Veterans Affairs and that the supporting data under my cognizance, which are included in the justification, are accurate and complete to the best of my knowledge. I understand that processing of this limited sources justification restricts consideration of Federal Supply Schedule contractors to fewer than the number required by FAR Subpart 8.4.
