

P-8A Operational Flight Trainer (OFT) Projection System Upgrade
Industry Day Notice

Solicitation N61340-26-R-1010

Introduction:

The Department of the Navy, Naval Air Warfare Center Training Systems Division (NAWCTSD), Orlando, FL, is seeking potential sources to design, fabricate, install, integrate, test and deliver P-8A OFT projection system upgrade solution to the United States Navy (USN) and the Royal Australian Air Force (RAAF). This is planned to be a Small Business Set-Aside Commercial Competition.

Industry Day:

NAWCTSD is hosting an in-person Industry Day for all interested vendors. **Attending individuals must complete and submit Attachment 1, Conference Attendance Sheet.** More details below. Industry Day will take place on **Tuesday, 28 April 2026** at the following location/address:

Naval Air Station Jacksonville P-8A Integrated Training Center (ITC)
NAS JACKSONVILLE
BLDG 512 YORKTOWN AVENUE
JACKSONVILLE FL 32212

The purpose of the Industry Day is for the Government to provide interested vendors with an overview of the draft solicitation package inclusive of Sections L & M and the Statement of Work (SOW). All interested vendors are encouraged to attend.

NAWCTSD intends to conduct Industry Day for this action as an open forum. One-on-one sessions will not be conducted. The purpose of open forums is to allow all interested vendors equal opportunity to openly communicate with the Government by providing comments and inputs during the development of the technical documentation package.

No recording devices are allowed in the classified ITC facility which include cell phones, smart watches, other smart devices, laptops, etc. and will need to be left in your vehicle. There are lockers in the lobby of the ITC, however, they are very limited and only hold small items such as cell phones and watches, but not laptops. We highly recommend leaving all items in your vehicles in order to avoid having to walk back to your vehicle. Items required to bring into the ITC will be official forms of ID, writing utensils and something to take notes.

A Draft Request for Proposal (RFP) has been posted via SAM.gov under Solicitation Number N6134026R1010.

Industry Day Agenda for Tuesday, 28 April 2026

0900 - 0930: Check-in
0930 - 1030: Welcome and Industry Presentation Brief (Unclassified area)

Lead Contract Specialist	Amanda McCarthy	amanda.m.mccarthy.civ@us.navy.mil
Supporting Contract Specialist	Charon Whiteman	charon.e.whiteman.civ@us.navy.mil
Procuring Contracting Officer	Jason Harvey	jason.g.harvey.civ@us.navy.mil

General Information

1. Attendance Requests: Site access requests are required.
2. Attendees: Any offeror potentially interested in the P-8A OFT projection system upgrade solution requirement that is a US Citizen.
3. Access Instructions: Contact Amanda McCarthy and Charon Whiteman via email with completed Attachment 1, Conference Attendance Sheet no later than **5 PM/Eastern on 21 April 2026**. Please include company name, attendees' names (first, middle initial, last), email addresses, phone numbers, and company address to confirm attendance for Industry Day. Participation shall be limited to a maximum of five (5) representatives for each interested vendor (including subcontractors and/or teaming members) to attend the Industry Day briefing. A complete list of attendees will be provided after Industry Day is completed.
4. Questions: Questions generated at the site visit shall be submitted in writing in accordance with Attachment 2. Offerors may fill out Attachment 2 with preliminary questions and bring and submit on Industry Day. At no time will the government answer questions regarding the solicitation to a single potential offeror without providing the answer to all potential offerors. The government will not engage in "side-bar" question and answer sessions with any individual potential offeror. Questions submitted formally will be answered and distributed to offerors prior to solicitation release and via a solicitation amendment following formal solicitation release.
5. Attendance Costs: The Government is not responsible for, nor will the Government pay, any portion of the costs associated with attendance by prospective contractor personnel.
6. Solicitation Release: All prospective offerors are advised that this is a draft solicitation and may change after the conclusion of the conference. A final solicitation is anticipated to be released the week of **11 May 2026** via the PIEE Solicitation Module.
7. Note: Failure of a prospective offeror to attend the Industry Day or to submit any questions will be construed to mean that the offeror fully understands all requirements of the solicitation. In no event will failure to attend the conference constitute grounds for a claim after award of the contract.
