DESCRIPTION

This is a SOURCES SOUGHT notice. This *is not* a request for proposals and does not obligate the Government to award a contract. THERE IS NO SOLICITATION AT THIS TIME. All responsible businesses, including small businesses, are encouraged to respond to this notice. The information requested by this notice will be used within the Drug Enforcement Administration (DEA) to facilitate the decision making process and will not be disclosed outside the agency. The DEA will not be responsible for any cost incurred by interested parties in responding to this notice. Unsolicited proposals or offers of any kind will not be considered in response to this notice. All information received in response to this notice that is marked Proprietary will be handled accordingly. Responses to this notice will not be returned.

The DEA's Aviation Division (OA) is seeking information from potential sources for a new or used commercially available Beechcraft King Air 350/360 aircraft in accordance with the attached draft "Specifications" document. The "Specifications" document includes the minimum functionality requirements for the Beechcraft King Air 350/360. At this time, questions concerning the composition and requirements for a future solicitation will not be accepted.

REQUIREMENTS

The DEA is seeking information from potential sources regarding the Beechcraft King Air 350/360 "Specifications," which is included as an attachment to this notice.

RESPONSES

Interested vendors who believe it possesses the necessary capabilities to meet the requirements identified herein should submit a technical description of their capabilities. Interested vendors' capability statement responses shall include, but not limited to: technical capability, and relevant past performance. Interested vendors shall also submit a Rough Order of Magnitude (ROM) pricing based on the requirements and estimated time for delivery for the Beechcraft King Air 350/360.

The DEA will review market information – including responses received regarding this posting – to determine the potential market capacity to:

- Provide the Beechcraft King Air 350/360 (new or used)

Interested vendors shall also include any comments or questions regarding the draft “Specifications” document. This shall be a separate document entitled: “**Comments & Questions; 15DDHQ26N00000016; (Include COMPANY NAME)**”.
