This Amendment is to change/incorporate the following:

1. Contracting Point of Contact is revised as follows:

- a. Overview Information: Paragraph entitled “Delivery Instructions”, is changed to read:**

Jennifer M. Skalski, Contracting Officer, jennifer.skalski@us.af.mil
Tyler Cory, Contract Specialist, tyler.cory@us.af.mil

- b. Overview Information: Paragraph entitled “Address contracting questions to the Contracting POC”, is changed to read:**

Jennifer M. Skalski, Contracting Officer, AFRL/RYSKR
2130 Eight Street, Area B, Bldg. 45, WPAFB OH 45433
jennifer.skalski@us.af.mil

Tyler Cory, Contract Specialist, AFRL/RYSKR
2130 Eight Street, Area B, Bldg. 45, WPAFB OH 45433
tyler.cory@us.af.mil

2. The following paragraph is incorporated to Section I.5.h of the FA8650-22-S-1004 Solicitation:

h. Science and Technology (S&T) Protection: In accordance with Air Force Research Laboratory Instruction (AFRLI) 61-113, “*Science and Technology (S&T) Protection for the Air Force Research Laboratory*”, offerors are required to submit the following as part of their proposal:

- 1) A completed initial Standard Form (SF) 424, *Research and Related Senior/Key Person Profile (Expanded) Form*, (**Attachment - TBD per Individual Call**) for all Senior/Key Personnel proposed in support of the AFRLI 61-113 Personnel Risk Assessment requirement.
- 2) Documentation of a Security Program Plan in support of the AFRLI 61-113 Initial Institution S&T Protection Program Review requirement. This must include, at a minimum, a completed Security Program Questionnaire (**Attachment - TBD per Individual Call**). Submittal may also include a pre-existing plan that the offeror uses as a matter of course or plan developed specifically for this acquisition. The purpose of requesting the plan is to assess the offeror’s capacity for protection of the Government’s S&T. Failure to demonstrate a plan adequate to meet the needs of the requirements, as determined by the Government in its sole discretion, may be grounds for considering the proposal unawardable.

Government Procedures

The Government will review the submitted S&T protection documentation only for those proposals categorized as Selectable and selected for funding and negotiations.

S&T Protection Initial Risk Review:

- Personnel Risk Assessment: The Government will review non-government research key/senior performers identified by the offeror on the initial SF 424 for workload conflicts and conflicts of interest.
- Initial Institution S&T Protection Program Review: The Government will review the offeror’s security program information submitted in accordance with paragraph 2 of this section (above) to identify any potential risks and ensure appropriate measures are in place to protect S&T information.

The Government may require the offeror to submit additional information and/or a mitigation plan for any identified S&T protection risks. If the Government determines the offeror failed to provide adequate additional information; or an acceptable mitigation plan; or it is determined the offeror’s S&T protection approach is high risk and does not provide adequate protection of S&T information, the Government may reject the proposal and withdraw it from consideration for award.

S&T Protection Annual Risk Review: In accordance with Attachment (**TBD - per individual Call**) (SOW Supplemental Requirements), the Contractor shall provide an SF 424 with the following information: 1) an initial report of all Senior/Key Personnel at the time of award; 2) an annual report of all Senior/Key Personnel providing support; and 3)

a report for any new Senior/Key Personnel who join the contract, agreement, grant, or OT. Any updated SF 424s for new Senior/Key Personnel supporting the award require coordination from the Government prior to the contractor employee receiving access to S&T information. The purpose of this report is oversight and should not be construed as relieving the contractor/recipient of any S&T Protection requirements within the contract, grant, agreement, or OT.

3. The following BAA Attachments are updated as follows:

- a. Attachment 1 – Model Contract
 - i. Annual Update
- b. Attachment 2 – Section K – Representations and Certificates
 - i. Annual Update
- c. Attachment 5 – CDRLs
 - i. New* Technical Information Report – SF 424 (A016)
 - ii. New* Data Accession List (A017)
- d. Attachment 7 – SOW Supplemental
 - i. Annual Update

4. There are no other changes to the Broad Agency Announcement, other than this Amendment 02 for the changes to Contracting Specialist Point of Contact, Incorporate of S&T protection language and Attachment Updates.
