

SOLE SOURCE JUSTIFICATION

Simplified Acquisition Form

This form is required for all contracts **below SAT** whenever full and open competition is restricted to a single source and award will be made via standalone purchase order. Refer to [B01 Limited Source Justification](#) when restricting competition and award will be made via task/delivery order placed against GSA Schedule.

Part I – Procurement Information (Requiring Activity Completes)

In accordance with [FAR 13.106-1\(b\)\(1\)\(i\)](#) Contracting Officers may solicit from only one source for purchases not exceeding SAT if they determine the circumstances indicate only one source is reasonably available.

Note: FAR Part 6 does not apply to contracts awarded using the simplified acquisition procedures of Part 13. Moreover, there are additional requirements pertaining to sole source acquisitions of commercial products or commercial services exceeding the SAT. When these circumstances apply, the NAVAIR J&A template must be used instead.

PID #:

N68520-26-SIMACQ

HJ00000-0010

Total IGE Amount

Delivery or PoP End Date:

4/14/2030

Requirement Description: FRCMA Laser Tracking System Calibration and Maintenance

Part II – Sole Source Rationale (Requiring Activity Completes)

Basis for Restricting Competition	Instructions for Use	Instructions for Rationale
☐ Urgency	If choosing this option, an Urgency Statement must be included with the PID package. This basis is appropriate when the Government would be seriously injured unless the agency is permitted to limit the number of sources solicited. The serious consequences resulting from the routine processing time of full competition, may include but are not limited to disruption to fleet schedule, work-stoppage, or exhaustion of on-hand, mission critical supplies or services.	Summarize the circumstances outlined in the Urgency Statement and explain how this particular vendor is the only source who can meet the Government's need in the required timeframe.
☐ Restrictive Data Rights	Choose if the source has established proprietary/ownership rights, limited rights in data, patent rights, copyrights or rights to software data and documentation.	Explain what rights are restricted, why the restrictive rights make the required item or service available from only one source, and why another company could not satisfy the Government's need.
☒ Exclusive Licensing Agreements	Choose if the item or service is only available from the OEM, <u>or</u> there is only one authorized distributor or technical representative holding a licensing agreement from the OEM.	Identify the OEM and explain the circumstances surrounding why the item or service is only available from the OEM. OR Identify the distributor(s)/authorized technical representative(s) for the item or service. Provide evidence of the exclusive licensing
