RATIONALE FOR JUSTIFICATION TYPE SELECTED ABOVE TO INCLUDE RELEVANT INFORMATION GAINED THROUGH YOUR MARKET RESEARCH TO SUPPORT THE JUSTIFICATION TYPE:

As the Original Equipment Manufacturer (OEM) of the above items, Sikorsky Aircraft Corporation (Cage Code 78286) owns all rights to the technical data, specifications, and drawings required for their manufacture. The items to be manufactured are complex and must meet critical operational and reliability requirements, the achievement of which require unique production techniques and extensive and/or sophisticated testing. The Government does not own or possess any rights to the technical data, specifications, and drawings required to manufacture these items and it has been determined that it is uneconomical to purchase them. These items are the only ones approved by the USCG's Aircraft Configuration Control Board for use on the MH-60T helicopter. In addition, USCG Aviation Engineering has assigned these items an Acquisition Method Code (AMC) of 3. An AMC code of 3 indicates to acquire directly from the actual manufacturer, whether or not the prime contractor is the actual manufacturer. The USCG is conducting a sole source acquisition.
