Subj: RECOMMENDATION FOR OTHER THAN FULL AND OPEN COMPETITION

Ref: (a) 0305-01 - RF Lambda Power Amplifier Package

1. It is recommended that other than full and open competition be used to acquire reference (a) for eight (8) Solid State Power Amplifier, no Heatsink, part number RFLUPA08G11GA, manufactured by RF Lambda. The total estimated [REDACTED] with eight to thirteen (8-13) weeks delivery after receipt of the order. The requested material represents the minimum requirements of the government.

2. Naval Surface Warfare Center Dahlgren Division (NSWCDD), [REDACTED]

[REDACTED] The amplifiers requested are required for the build up of multiple Amplified Antenna Assemblies (AAA). The amplifier takes the RF outputted from the RF over Fiber receiver and amplifies it before emitting out the antenna horn. This specific amplifier has been tested, reviewed, and approved to meet all technical specs and would cause numerous rework and time to research and find alternative products. Without these amplifiers, we will not be able to properly broadcast and communicate to the ground during flight. Failure to procure would cause catastrophic delays to procurement, production, testing and shipping schedules. These delays would impose substantial rework, estimated to [REDACTED] and would ultimately have a negative impact on the program's ability to produce fully operational cabinets and meet deliverable timelines. It's estimated that to duplicate this effort, it would cost the government at [REDACTED] in total labor and lost revenue. The labor estimate is based on the fully loaded hourly [REDACTED] for one (1) Engineers dedicated full time to the [REDACTED]

3. Market research was performed through internet searches and obtaining a market research quote. Additional market research has confirmed that RF Lambda is the manufacturer of these items with multiple authorized resellers.

CERTIFICATION

I certify that the facts and representations under my cognizance, which are included in the above recommendation, are accurate to the best of my knowledge and belief. I understand that the processing of this recommendation precludes the use of full and open competition.
