## 2. BASIS FOR AWARD

2.1 The Government reserves the right to eliminate from consideration for award any or all offers at any time prior to award of the contract; to negotiate with offerors in the competitive range; and to award the contract to the offeror submitting the proposal determined to represent the best value--the proposal most advantageous to the Government, cost/price and other factors considered.

2.2 The Government intends to evaluate proposals and award a contract without discussions with offerors (except clarifications as described in FAR 15.306(a)). The Government reserves the right to conduct discussions if the Contracting Officer later determines them to be necessary. In addition, if the Contracting Officer determines that the number of proposals that would otherwise be in the competitive range exceeds the number at which an efficient competition can be conducted, the Contracting Officer may limit the number of proposals in the competitive range to the greatest number that will permit an efficient competition among the most highly rated proposals.

2.3 The tradeoff process is selected as appropriate for this acquisition. The Government considers it to be in its best interest to allow consideration of award to other than the lowest priced offeror or other than the highest technically rated offeror.

2.4 The relative order of importance of the non-price evaluation factors is the technical factors (Factors 1, 2, 3, and 5) are of equal importance to each other and, when combined, are equal in importance to the past performance evaluation/performance confidence assessment factor (Factor 4). When the proposal is evaluated as a whole, the technical factors and past performance/ performance confidence assessment factor combined (i.e., the non-cost/price evaluation factors) are approximately equal price.

2.5 Any proposal found to have a deficiency in meeting the stated solicitation requirements or performance objectives will be considered ineligible for award, unless the deficiency is corrected through discussions. An Unacceptable rating in any of the non-cost/price factors will result in an overall rating of "Unacceptable" for the non-cost/price factors, unless corrected through discussions. Proposals may be found to have either a significant weakness or multiple weaknesses that impact either the individual factor rating or the overall rating for the proposal. The evaluation report must document the evaluation board's assessment of the identified weakness(s) and the associated risk to successful contract performance resulting from the weakness(s). This assessment must provide the rationale for proceeding to award without discussions.

## 3. EVALUATION FACTORS FOR AWARD

1. The solicitation requires the evaluation of price and the following non-cost/price factors:

Factor 1 - Corporate Experience  
Factor 2 - Management Approach and Schedule  
Factor 3 - Safety  
Factor 4 - Past Performance  
Factor 5 - Small Business Utilization and Participation

The distinction between corporate experience and past performance is corporate experience pertains to the types of work and volume of work completed by a contractor that are comparable to the types of work covered by this requirement, in terms of size, scope, and complexity. Past performance pertains to both the relevance of recent efforts and how well a contractor has performed on the contracts.

2. The relative order of importance of the non-price evaluation factors is the technical factors (Factors 1, 2, 3, and 5) are of equal importance to each other and, when combined, are equal in importance to the past performance evaluation/performance confidence assessment factor (Factor 4). When the proposal is evaluated as a whole, the technical factors and past performance/performance confidence assessment factor combined (i.e., the non-cost /price evaluation factors) are approximately equal price.

The importance of price will increase if the Offerors' non-cost/price proposals are considered essentially equal in terms of overall quality, or if price is so high as to significantly diminish the value of a non-cost/price proposal's superiority to the Government. Award will be made to the responsible Offeror(s) whose offer conforms to the solicitation and represents the best value to the Government, price and non-price factors considered.

The Government intends to evaluate all options and has included the provision FAR 52.217-5, Evaluation of Options (JUL 1990) in Section 00 21 16 of the solicitation. In accordance with FAR 52.217-5, evaluation of options will not obligate the Government to exercise the option(s). Analysis will be performed by one or more of the following techniques to ensure a fair and reasonable price:

(i) Comparison of proposed prices received in response to the RFP.

(ii) Comparison of proposed prices with the IGCE.

(iii) Comparison of proposed prices with available historical information.

(iv) Comparison of market survey results.

Although required to be submitted with offeror's price proposal, Items 3 through 11 above will not be evaluated as part of the price proposal. This information will be utilized by the Government in the responsibility determination and for considering responsiveness to the solicitation requirements.

Factor 1 - Corporate Experience:

(i) Solicitation Submittal Requirements:

Offerors shall submit a minimum of three (3) up to a maximum of five (5) relevant construction projects that best demonstrate their experience on relevant projects similar in size, scope, and complexity to this RFP.

Experience shall be that of the Offeror, performed as a prime contractor. Experience of proposed subcontractors will not be considered.

For purposes of this evaluation, a relevant project is further defined as:

Size: A final construction cost of \$75,000,000 or greater.

Scope/Complexity: New Construction of a multi-story steel framed building with concrete masonry walls.

For all submitted projects, ensure that the project description clearly provides the final construction cost and addresses how the project meets the scope /complexity requirements.

Projects submitted for the Offeror shall have been completed within the past seven (7) years from the date of issuance of this RFP. Projects which are not complete as of the date of issuance of this RFP will be considered "Not Relevant". Additionally, projects completed prior to seven (7) years from the date of issuance of this RFP will be considered "Not Relevant."

A project is defined as a construction project performed under a single task order or contract. For multiple award and indefinite delivery/indefinite quantity type contracts, the contract as a whole shall not be submitted as a project; rather, offerors shall submit the work performed under a task order as a project. The submission of a multiple award and/or indefinite delivery/indefinite quantity type contract as a whole will be considered Not

Relevant.

**The attached Construction Experience Project Data Sheet (Attachment C) is MANDATORY and SHALL be used to submit project information.** Except as specifically requested, the Government will not consider information submitted in addition to this form nor will the Government consider submissions via any other medium. Individual blocks on this form may be expanded; however, total length for each project data sheet shall not exceed two (2) pages. Information beyond this page limit will not be considered.

If the Offeror is a Joint Venture (JV), relevant project experience should be submitted for projects completed by the Joint Venture entity. If the Joint Venture does not have shared experience, projects may be submitted for the Joint Venture members. Offerors are still limited to a total of five (5) projects combined. Offerors may submit experience where a member of the JV performed as a JV with another entity, but must clearly demonstrate how its work on that project met size, scope, and complexity as defined above. Likewise, Offerors that are not submitting as a JV may submit a project where it performed as a JV with another entity, but must clearly demonstrate how its work on that project met size, scope, and complexity as defined above. Offerors are still limited to a total of five (5) projects combined.

For a JV, the offeror shall submit the signed JV agreement. For an 8(a) Mentor-Protege Joint Venture, the offeror shall submit the signed U.S. Small Business Administration (SBA) Mentor-Protege approval letter and signed JV agreement.

If an Offeror is utilizing experience information of affiliates/subsidiaries/parent/LLC/LTD member companies (name is not exactly as stated on the SF1442), the proposal shall clearly demonstrate that the affiliate/subsidiary/parent firm will have meaningful involvement and clearly describe the role that firm will have in the performance of the contract. If meaningful involvement is not demonstrated, experience of the affiliate/subsidiary/parent firm will not be considered.

(ii) Basis of Evaluation:

The basis of evaluation will include the offeror's demonstrated experience and depth of experience in performing relevant construction projects as defined in the solicitation submittal requirements. The assessment of the offeror's relevant experience will be used as a means of evaluating the capability of the offeror to successfully meet the requirements of the RFP. The Government will only review five (5) projects for construction experience. Any projects submitted in excess of five (5) will not be considered. An offeror that does not submit a minimum of three (3) relevant projects as defined above will receive a rating of "Unacceptable" and will not be eligible for award.

Factor 2 - Management Approach and Schedule

(i) Solicitation Submittal Requirements:

The offeror shall submit a narrative **and** schedule for this factor. The narrative shall not exceed ten (10) pages, 8-1/2" x 11" size. Provide the schedule, documenting any multiple critical paths, in 11" x 17" pages and in an Adobe PDF file. There is no page limit on the schedule.

The narrative shall include, but not limited to:

1. Provide a narrative describing the proposed approach to management, for both subcontractors and your workforce, to ensure schedule adherence, early detection and correction of problems and the execution of the base bid items and all options, as referenced in the RFP.
2. Identify activities that may affect the project timeline, including other/off site work activities.
3. Describe how your firm will handle technical complexities relating to: simultaneous building construction, site utility work to include grading, installation of site utilities, concrete and asphalt paving.
4. Describe how your firm will handle unique features of work relating to each of the following work items. Specifically describe how your firm will manage and execute these unique features of work to include, if possible, named potential subcontractors or manufacturers with an established history of performing these types of work.
  - RF Shielding in accordance with ICD705/CTTA requirements.
  - Ignitable Liquid Drainage Floor Assembly (ILDFA) to collect spills and ILDFA discharge.
  - Construction of radar tower with electrical and fiber infrastructure connected to Air Traffic Control (ATC) tower.
  - Repair or installation of high bay Vertical Lift Fabric Door (VLFC).
5. Describe your plan to ensure full compliance with the requirements in the Construction Security Plan (CSP).
6. Describe how your firm will handle unforeseen problems with: material deliveries, subcontractor progress, weather, re-work, differing site conditions, and inspections relating to the subject project.

The schedule shall include, but not limited to:

1. Provide a Critical Path Method (CPM) construction schedule that illustrates your ability to achieve the schedule and meet all the requirements of the RFP (1,017 calendar days inclusive of all options, including 15 days for bond approval). The schedule shall be based on a contract award date of 21 May 2026. This date is for proposal purposes only and is not intended to indicate an anticipated/planned award date. Any proposed duration shorter than the RFP requirements will be incorporated into the contract award.

(ii) Basis of Evaluation:

Offerors will be evaluated on the extent to which they demonstrate a thorough understanding of the requirements of the RFP.

A narrative work plan that identifies areas of risk in logistics and resource management, and provides a comprehensive contingency plan that addresses mitigation of any identified risks with potential solutions, may be considered more favorably.

A schedule that proposes a realistic shorter contract duration that the required duration indicated in the RFP may be considered more favorably.

Factor 3 - Safety

The Offeror shall submit the following information: The Days Away from Work, Restricted Duty, or Job Transfer (DART) Rate; and Total Case Rate (TCR) for the specified five (5) Calendar Years (CY), as well as a safety narrative, as described further below. For a partnership or joint venture, the Offeror shall submit separate DART rates and TCR for the specified five (5) CY for each contractor who is part of the partnership/joint venture; however, only one safety narrative is required. Any fatalities experienced within this 5-year timeframe must be explained in detail, to include root cause and corrective actions.

NOTE: DART and TCR shall not be submitted for subcontractors

1. DART Rate: Submit five (5) previous complete calendar years' [CY2021, CY2022, CY2023, CY2024, CY2025] worth of data (not an overall average). If the Offeror has no DART rate, for any year, affirmatively state so and explain why. Should a negative trend occur above moderate risk levels, an acceptable/detailed explanation is required that includes any corrective actions taken for improvement.

a. DART cases include injuries or illnesses resulting in death, days away from work, and/or restricted work or transfer to another job days beyond the day of injury/illness.

b. Calculation of DART rate: Multiply the total number of DART cases by 200,000, and then divide by the number of employee labor hours worked.

$$\text{DART RATE} = (\text{Number of DART Incidents} \times 200,000) / (\text{Total Number of Employee Labor Hours Worked})$$

2. TCR Rate: Submit five (5) previous complete calendar years' [CY2021, CY2022, CY2023, CY2024, CY2025] worth of data (not an overall average). If the Offeror has no TCR rate, for any year, affirmatively state so and explain why. Should a negative trend occur above moderate risk levels, an acceptable/detailed explanation is required that includes any corrective actions taken for improvement.

a. TCR cases include injuries or illnesses resulting in death, days away from work, restricted work or transfer to another job days beyond the day of injury/illness, medical treatment beyond first aid, or loss of consciousness.

b. Calculation of TCR rate: Multiply the total number of TCR incidents by 200,000, and then divide by the number of employee labor hours worked.

$$\text{TCR RATE} = (\text{Number of TCR Incidents} \times 200,000) / (\text{Total Number of Employee Labor Hours Worked})$$

3. Technical Approach to Safety: Submit a narrative that addresses the following:

a. Describe the Offeror's approach to implementing and executing a Safety Management System (SMS) including Management/Leadership involvement, Employee involvement, Hazard prevention, Hazard control, Worksite analysis, and Safety and health training, to include the standard(s) used to benchmark the SMS.

b. Describe the evaluation process used to select potential subcontractors.

c. Describe the processes of how the Offeror will oversee safety compliance of subcontractors at all levels throughout performance of the contract (to include the Offeror's own in-house workforce).

d. The Technical Approach to Safety narrative shall be limited to two (2) pages.

4. The Government reserves the right to review other available sources (public/Government internal) of information. These may include but are not limited to OSHA data, NAVFAC's Contractor Incident Reporting System (CIRS), Contractor Performance Assessment Reporting System (CPARS), Electronic Contract Management System (eCMS), etc.

(ii) Basis of Evaluation:

The Government is seeking to determine that the Offeror has consistently demonstrated a commitment to safety and that the Offeror plans to properly manage and implement safety procedures for itself and its subcontractors. The evaluation will collectively consider the DART rate, TCR rate, Technical Approach to Safety, and other sources of information available to the Government as part of such collective evaluation. The board will evaluate the DART rates and TCR rates to determine if the Offeror has demonstrated a history of safe work practices taking into account any negative trends and extenuating circumstances that impact the rating.

1. DART Rate: The board will evaluate trends over the last five years considering changes that take it from one risk level (or more) to the next up or down. Negative trends occurring above moderate risk levels require the Offeror to provide a detailed explanation that includes any corrective actions taken for improvement.

a. Missing data without an explanation is considered a deficiency.

- b. Declining trends that push the risk levels from Moderate Risk (MR) or higher to Low Risk (LR) or Very Low Risk (VLR) would indicate a strength.
- c. An increasing DART rate trend could be considered a weakness (i.e. MR or better to High Risk (HR) or Extremely High Risk EHR)) if an acceptable explanation is not provided for any trends that rise above Moderate.
- d. This chart correlates the DART rate to the level of risk:

| Risk                 | DART Rate        |
|----------------------|------------------|
| Very Low Risk:       | Less Than 1.0    |
| Low Risk:            | From 1.0 to 1.99 |
| Moderate Risk:       | From 2.0 to 2.99 |
| High Risk:           | From 3.0 to 4.0  |
| Extremely High Risk: | Greater than 4.0 |

2. TCR Rate: The board will evaluate trends over the last five years considering changes that take it from one risk level (or more) to the next up or down. Negative trends occurring above moderate risk levels require the Offeror to provide a detailed explanation that includes any corrective actions taken for improvement.

- a. Missing data without an explanation is considered a deficiency.
- b. Declining trends that push the risk levels from Moderate Risk (MR) or higher to Low Risk (LR) or Very Low Risk (VLR) would indicate a strength.
- c. An increasing TCR rate trend could be considered a weakness (i.e. MR or better to High Risk (HR) or Extremely High Risk EHR)) if an acceptable explanation is not provided for any trends that rise above Moderate.
- d. This chart correlates the TCR rate to the level of risk:

| Risk                 | TCR Rate         |
|----------------------|------------------|
| Very Low Risk:       | Less Than 2.49   |
| Low Risk:            | From 2.5 to 3.49 |
| Moderate Risk:       | From 3.5 to 4.49 |
| High Risk:           | From 4.5 to 5.99 |
| Extremely High Risk: | Greater than 6.0 |

3. The Technical Approach to Safety Narrative. To determine the degree to which the Offeror:

- a. Describes a viable SMS that addresses elements; such as Management/Leadership involvement, Employee involvement, Hazard prevention, Hazard control, Worksite analysis, and Safety and health training, to include the standard(s) used to benchmark the SMS.
- b. Describes a methodical process of evaluating subcontractor's safety performance in their selection process.
- c. Describes a logical management plan to hold themselves and their subcontractors accountable for adhering to the safety requirements of the contract.
- d. The Technical Approach to Safety narrative shall be limited to two (2) pages. Information on pages beyond this will not be considered.

4. The Government reserves the right to review other available sources (public/Government internal) of information. These may include but are not limited to OSHA data, NAVFAC's Contractor Incident Reporting System (CIRS), Contractor Performance Assessment Reporting System (CPARS), Electronic Contract Management System (eCMS), etc.

#### Factor 4 - Past Performance

##### (i) Solicitation Submittal Requirements:

Recent, relevant projects are determined within the requirements for Factor 1, Corporate Experience.

If a completed Contractor Performance Assessment Reporting System (CPARS) evaluation is available, it shall be submitted with the proposal for each project included in Factor 1. The offeror shall include all completed CPARS evaluations (interim and final) for a project. If there is not a completed CPARS evaluation, the Past Performance Questionnaire (PPQ) included in the solicitation is provided for the offeror or its team members to submit to the client for each project the offeror includes in its proposal for Factor 1 Corporate Experience. AN OFFEROR SHALL NOT SUBMIT A PPQ WHEN A COMPLETED CPARS IS AVAILABLE.

If a CPARS evaluation is not available, completed PPQs should be submitted with your proposal. If the Offeror is unable to obtain a completed PPQ from a client for a project(s) before proposal closing date, the Offeror should complete and submit with the proposal the first page of the PPQ (Attachment D), which will provide contract and client information for the respective project(s). Offerors should ensure correct phone numbers and email addresses are provided for the client point of contact. Offerors should follow-up with clients/references to ensure timely submittal of questionnaires. If the client requests, questionnaires may be submitted directly to the Government's point of contact, Catharine Keeling, via email at catharine.a.keeling.civ@us.navy.mil prior to proposal closing date. Offerors shall not incorporate by reference into their proposal PPQs or CPARS previously submitted for other RFPs. However, this does not preclude the Government from utilizing previously submitted PPQ information in the past performance evaluation.

Offerors may provide any information on problems encountered and the corrective actions taken on projects submitted under Factor 1 - Corporate Experience. Offerors may also address any adverse past performance issues. Such explanations shall not exceed four (4) pages in total. Information beyond this page limitation will not be considered.

Sources of Past Performance Information for evaluation that may be used are as follows:

- Past performance information provided by the offeror, as solicited;
- Past performance information obtained from questionnaires tailored to the circumstances of the acquisition; and
- Past performance information obtained from any other sources available to the Government, to include, but not limited to, Contractor Performance Assessment Reporting System (CPARS), Federal Awardee Performance and Integrity Information System (FAPIIS), Electronic Subcontract Reporting System (eSRS), or other databases; the Defense Contract Management Agency; and interviews with Program Managers, Contracting Officers, and Fee Determining Officials.

While the Government may elect to consider data from other sources, the burden of providing detailed, current, accurate and complete past performance information rests with the Offeror.

***A copy of the blank Past Performance Questionnaire to be used for requesting client references is included as Attachment D.***

The Government reserves the right to contact references for verification or additional information. The Government's inability to contact any of the Offeror's references or the references' unwillingness to provide the information requested may affect the Government's evaluation of this factor.

(ii) Basis of Evaluation:

This evaluation focuses on how well the Offeror performed on the projects submitted under Factor 1 - Corporate Experience and past performance on other projects currently documented in known sources. The Government will consider the currency and relevance of the information, the source of the information, context of the data, and general trends in Contractor's performance. In the case of Offerors for which there is no information on past performance, or where past performance information is not available or so sparse that no meaningful assessment can be performed, the Offeror may not be evaluated favorably or unfavorably, and will instead receive a "Neutral" rating (See FAR 15.305(a)(2)(iv)). The Government may determine that a "Substantial Confidence" or "Satisfactory Confidence" past performance rating is worth more than a "Neutral Confidence" past performance rating in a best value tradeoff as long as the determination is consistent with stated selection criteria.

The Government will consider the degree to which past performance evaluations and all other past performance information reviewed by the Government (e.g., CPARS, Federal Awardee Performance and Integrity Information System (FAPIIS), Electronic Subcontract Reporting System (eSRS), performance recognition documents, and information obtained from any other source) reflect a trend of satisfactory performance considering:

- A pattern of successful completion of tasks;
- A pattern of deliverables that are timely and of good quality;
- pattern of cooperativeness and teamwork with the Government at all levels (task managers, contracting officers, auditors, etc.); and
- Recency of tasks performed that are identical to, similar to, or related to the task at hand.

**Factor 5 - Small Business Utilization and Participation:**

It is the policy of the Government to provide maximum practicable opportunities in its acquisitions to Small Business (SB) concerns, including Small Disadvantaged Business (SDB), Woman-Owned Small Business (WOSB), Historically Underutilized Business Zone Small Business (HUBZone SB), Veteran-Owned Small Business (VOSB), Service-Disabled Veteran-Owned Small Business (SDVOSB), and other small business concerns. Further, it is the policy of the Government that such concerns will have the maximum practicable opportunity to participate in contract performance consistent with its efficient performance.

This Factor assesses both the historical achievements in utilizing small business concerns and the proposed small business participation commitment for this requirement. The offeror is required to demonstrate its previous commitment to SBs through its record of past utilization of SBs and the level of commitment to small business if awarded a contract under this solicitation.

(i) Solicitation Submittal Requirements:

1. **All** Offerors (large, non-profits, **AND** small businesses) shall use Attachment E (Historical Small Business Utilization) to demonstrate their historical utilization of SBs. Each project submitted under Factor 1, Corporate Experience, shall be included on Attachment E. Failure to include each project submitted under Factor 1, Corporate Experience, on Attachment E, or the failure to fully complete Attachment E for each project may result in a deficiency. Only complete Attachment E. Information provided in a different format and/or on a form created by the offeror will not be evaluated. Attachments or addendums to Attachment E will not be evaluated. Offerors are permitted to expand portions of the form, as needed, to provide sufficient response. Instructions regarding how to complete Attachment E are included at the beginning of the attachment.

2. **All** Offerors (large, non-profits, **AND** small businesses) shall use Attachment F (Small Business Participation Commitment Document (SBPCD)) to submit the following required information for evaluation of this factor:

- To demonstrate commitment to use small business concerns in the performance of this contract, identify by name the subcontractors that will be used to support each small business category, including SDB, WOSB, HUBZone SB, VOSB, and SDVOSBs. Identify the type and complexity of product/service to be subcontracted, and the type of commitment (i.e., teaming agreement, joint venture agreement, mentor protegee agreement, letter of commitment, etc.) with each subcontractor.
  - If subcontractors are not identified by name, offerors shall provide a detailed explanation why subcontractors are not identified. If firm written commitments with SBs are not in place, offerors shall provide an explanation and rationale on the ability to achieve the proposed participation. (See Attachment F, paragraph 5)
  - If a LB offeror does not intend to subcontract, provide a detailed explanation why subcontracting would not result in efficient contract performance. SBs intending to 100% self-perform are not required to provide an explanation. (See Attachment F, paragraph 6)

- To demonstrate maximum practicable participation of small businesses, identify (in terms of dollar value and percentage of the total contract value) the offeror's proposed small business participation. The minimum required small business participation (i.e. work to be performed by small business as the prime contractor and/or work to be performed by small business subcontractors) is 20%. Offerors who are not able to meet the minimum total small business participation requirement of 20% (of the total contract value) shall provide a detailed explanation why the minimum total small business participation requirement cannot be achieved.

- Only complete Attachment F. Information provided in a different format and/or on a form created by the offeror will not be evaluated. Attachments or addendums to Attachment F will not be evaluated.

- Large business offerors may achieve the minimum total small business participation requirement through subcontracting to small businesses.

- Small business offerors may achieve the minimum total small business participation requirement through their own performance/participation as a prime as well as through a joint venture, teaming arrangement, and/or subcontracting with other small business concerns.

(ii) Basis of Evaluation:

The Government will evaluate the likelihood of success in achieving the small business objectives of this acquisition based on the following:

1. The extent to which the offeror is able to demonstrate a history of supporting Government policies concerning the utilization of small business concerns, including SDB, WOSB, HUBZone SB, VOSB, and SDVOSB and the success in achieving goals established by subcontracting plans on prior contracts. For projects submitted for Factor 1, Corporate Experience, that did not have established small business goals, consideration will be given to the utilization of the small business concerns and the degree of usage of small business relative to the total contract value. Historical Small Business Utilization will only be evaluated if performed by the offeror.

2. The extent to which the offeror has demonstrated an achievable commitment to use small businesses, including SDB, WOSB, HUBZone SB, VOSB, and SDVOSB in the performance of this contract within the SBPCD.

- The minimum small business participation requirement, through work performed by the small business prime and/or subcontracting with small businesses, shall meet or exceed **20%** of the total contract value, unless the offeror provides a reasonable and well-documented explanation for why the minimum **20%** small business participation requirement cannot be achieved.

- Offerors that demonstrate a commitment to providing maximum practical opportunity to small businesses may be rated higher.

- Proposing less than **20%** total small business participation requirement may result in a deficiency.

- Offerors that do not demonstrate commitment to providing maximum practical opportunity to small businesses may result in a deficiency.

- The SBPCD will be evaluated to determine the extent to which small business concerns are specifically identified by name and socioeconomic category in the document and the degree to which small business concerns, including SDB, WOSB, HUBZone SB, VOSB, and SDVOSB will participate relative to the total contract value. The complexity and variety of the work small business concerns will perform and the degree of commitment to use named sources through formal teaming agreements, joint venture agreements, mentor protege agreements, written/signed letters of /commitment, etc. will be evaluated to assess achievability of the commitment.

- The offeror may receive a deficiency if firm commitments with subcontractors are not provided and the offeror fails to provide a detailed explanation for how the proposed small business participation requirement will be achieved.

- The offeror may be rated lower, if they fail to provide a detailed explanation for why subcontracting would not result in efficient contract performance. (Not applicable to SBs intending to 100% self-perform or LBs and non-profits who intend to subcontract.)

However, the term does not include contracts that exceed five years in duration because the period of performance has been extended for a cumulative period not to exceed six months under the clause at 52.217-8, Option to Extend Services, or other appropriate authority.

*Small business concern-*

(1) Means a concern, including its affiliates, that is independently owned and operated, not dominant in its field of operation, and qualified as a small business under the criteria in 13 CFR part 121 and the size standard in paragraph (d) of this clause.

(2) *Affiliates*, as used in this definition, means business concerns, one of whom directly or indirectly controls or has the power to control the others, or a third party or parties control or have the power to control the others. In determining whether affiliation exists, consideration is given to all appropriate factors including common ownership, common management, and contractual relationships. SBA determines affiliation based on the factors set forth at 13 CFR 121.103.

(b) If the Contractor represented that it was any of the small business concerns identified in 19.000(a)(3) prior to award of this contract, the Contractor shall rerepresent its size and socioeconomic status according to paragraph (f) of this clause or, if applicable, paragraph (h) of this clause, upon occurrence of any of the following:

(1) Within 30 days after execution of a novation agreement or within 30 days after modification of the contract to include this clause, if the novation agreement was executed prior to inclusion of this clause in the contract.

(2) Within 30 days after a merger or acquisition that does not require a novation or within 30 days after modification of the contract to include this clause, if the merger or acquisition occurred prior to inclusion of this clause in the contract.

(3) For long-term contracts-

(i) Within 60 to 120 days prior to the end of the fifth year of the contract; and

(ii) Within 60 to 120 days prior to the date specified in the contract for exercising any option thereafter.

(c) If the Contractor represented its status as any of the small business concerns identified at 19.000(a)(3) prior to award of this contract, the Contractor shall rerepresent its size and socioeconomic status according to paragraph (f) of this clause or, if applicable, paragraph (h) of this clause, for the NAICS code assigned to an order (except that paragraphs (c)(1) through (3) of this clause do not apply to an order issued under a Federal Supply Schedule contract at subpart 8.4)-

(1) Set aside exclusively for a small business concern identified at 19.000(a)(3) that is issued under an unrestricted multiple-award contract, unless the order is issued under the reserved portion of an unrestricted multiple-award contract ( e.g., an order set aside for a woman-owned small business under a multiple-award contract that is not set-aside, unless the order is issued under the reserved portion of the multiple-award contract);

(2) Issued under a multiple-award contract set aside for small businesses that is further set aside for a specific socioeconomic category that differs from the underlying multiple-award contract ( e.g., an order set aside for a HUBZone small business concern under a multiple-award contract that is set aside for small businesses);

(3) Issued under the part of the multiple-award contract that is set aside for small businesses that is further set aside for a specific socioeconomic category that differs from the underlying set-aside part of the multiple-award contract ( e.g., an order set aside for a WOSB concern under the part of the multiple-award contract that is partially set aside for small businesses); and

(4) When the Contracting Officer explicitly requires it for an order issued under a multiple-award contract, including for an order issued under a Federal Supply Schedule contract (see 8.405-5(b) and 19.301-2(b)(2)).

(d) The Contractor shall rerepresent its size status in accordance with the size standard in effect at the time of this rerepresentation that corresponds to the North American Industry Classification System (NAICS) code(s) assigned to this contract. The small business size standard corresponding to this NAICS code(s) can be found at <https://www.sba.gov/document/support--table-size-standards>.

(e) The small business size standard for a Contractor providing an end item that it does not manufacture, process, or produce itself, for a contract other than a construction or service contract, is 500 employees, or 150 employees for information technology value-added resellers under NAICS code 541519, if the acquisition-

(1) Was set aside for small business and has a value above the simplified acquisition threshold;

(2) Used the HUBZone price evaluation preference regardless of dollar value, unless the Contractor waived the price evaluation preference; or

(3) Was an 8(a), HUBZone, service-disabled veteran-owned, economically disadvantaged women-owned, or women-owned small business set-aside or sole-source award regardless of dollar value.

(f) Except as provided in paragraph (h) of this clause, the Contractor shall make the representation(s) required by paragraphs (b) and (c) of this clause by validating or updating all its representations in the Representations and Certifications section of the System for Award Management (SAM) and its other data in SAM, as necessary, to ensure that they reflect the Contractor's current status. The Contractor shall notify the contracting officer in writing within the timeframes specified in paragraph (b) of this clause, or with its offer for an order (see paragraph (c) of this clause), that the data have been validated or updated, and provide the date of the validation or update.

(g) If the Contractor represented that it was other than a small business concern prior to award of this contract, the Contractor may, but is not required to, take the actions required by paragraphs (f) or (h) of this clause.

(h) If the Contractor does not have representations and certifications in SAM, or does not have a representation in SAM for the NAICS code applicable to this contract, the Contractor is required to complete the following rerepresentation and submit it to the contracting office, along with the contract number and the date on which the rerepresentation was completed:

## 52.223-3 Hazardous Material Identification and Material Safety Data.

(Feb 2021)

### HAZARDOUS MATERIAL IDENTIFICATION AND MATERIAL SAFETY DATA (FEB 2021)

(a) "Hazardous material," as used in this clause, includes any material defined as hazardous under the latest version of Federal Standard No.313 (including revisions adopted during the term of the contract).

(b) The offeror must list any hazardous material, as defined in paragraph (a) of this clause, to be delivered under this contract. The hazardous material shall be properly identified and include any applicable identification number, such as National Stock Number or Special Item Number. This information shall also be included on the Material Safety Data Sheet submitted under this contract.

| Material (If none, insert <i>None</i> ) | Identification No. |
|-----------------------------------------|--------------------|
| =====                                   | =====              |

|---|---|

(c) This list must be updated during performance of the contract whenever the Contractor determines that any other material to be delivered under this contract is hazardous.

(d) The apparently successful offeror agrees to submit, for each item as required prior to award, a Material Safety Data Sheet, meeting the requirements of 29 CFR 1910.1200(g) and the latest version of Federal Standard No.313, for all hazardous material identified in paragraph (b) of this clause. Data shall be submitted in accordance with Federal Standard No.313, whether or not the apparently successful offeror is the actual manufacturer of these items. Failure to submit the Material Safety Data Sheet prior to award may result in the apparently successful offeror being considered nonresponsible and ineligible for award.

(e) If, after award, there is a change in the composition of the item(s) or a revision to Federal Standard No.313, which renders incomplete or inaccurate the data submitted under paragraph (d) of this clause, the Contractor shall promptly notify the Contracting Officer and resubmit the data.

(f) Neither the requirements of this clause nor any act or failure to act by the Government shall relieve the Contractor of any responsibility or liability for the safety of Government, Contractor, or subcontractor personnel or property.

(g) Nothing contained in this clause shall relieve the Contractor from complying with applicable Federal, State, and local laws, codes, ordinances, and regulations (including the obtaining of licenses and permits) in connection with hazardous material.

(h) The Government's rights in data furnished under this contract with respect to hazardous material are as follows:

(1) To use, duplicate and disclose any data to which this clause is applicable. The purposes of this right are to-

(i) Apprise personnel of the hazards to which they may be exposed in using, handling, packaging, transporting, or disposing of hazardous materials;

(ii) Obtain medical treatment for those affected by the material; and

(iii) Have others use, duplicate, and disclose the data for the Government for these purposes.

(2) To use, duplicate, and disclose data furnished under this clause, in accordance with paragraph (h)(1) of this clause, in precedence over any other clause of this contract providing for rights in data.

#### 52.223-9 Estimate of Percentage of Recovered Material Content for EPA-Designated Items. (May 2008)

##### ESTIMATE OF PERCENTAGE OF RECOVERED MATERIAL CONTENT FOR EPA-DESIGNATED ITEMS (MAY 2008)

(a) *Definitions.* As used in this clause-

*Postconsumer material* means a material or finished product that has served its intended use and has been discarded for disposal or recovery, having completed its life as a consumer item. Postconsumer material is a part of the broader category of "recovered material."

"Recovered material" means waste materials and by-products recovered or diverted from solid waste, but the term does not include those materials and by-products generated from, and commonly reused within, an original manufacturing process.

(b) The Contractor, on completion of this contract, shall-

(1) Estimate the percentage of the total recovered material content for EPA-designated item(s) delivered and/or used in contract performance, including, if applicable, the percentage of post-consumer material content; and

(2) Submit this estimate to \_\_\_\_\_[Contracting Officer complete in accordance with agency procedures].

#### 52.223-11 Ozone-Depleting Substances and High Global Warming Potential Hydrofluorocarbons. (May 2024)

##### OZONE-DEPLETING SUBSTANCES AND HIGH GLOBAL WARMING POTENTIAL HYDROFLUOROCARBONS (MAY 2024)

(a) *Definitions.* As used in this clause-

*Global warming potential* means how much a given mass of a chemical contributes to global warming over a given time period compared to the same mass of carbon dioxide. Carbon dioxide's global warming potential is defined as 1.0.

*High global warming potential hydrofluorocarbons* means any hydrofluorocarbons in a particular end use for which EPA's Significant New Alternatives Policy (SNAP) program has identified other acceptable alternatives that have lower global warming potential. The SNAP list of alternatives is found at 40 CFR part 82, subpart G, with supplemental tables of alternatives available at (<https://www.epa.gov/snap/>).

*Hydrofluorocarbons* means compounds that only contain hydrogen, fluorine, and carbon.

*Ozone-depleting substance*, means any substance the Environmental Protection Agency designates in 40 CFR part 82 as-

- (1) Class I, including, but not limited to, chlorofluorocarbons, halons, carbon tetrachloride, and methyl chloroform; or
- (2) Class II, including, but not limited to, hydrochlorofluorocarbons.

## 52.225-11 Buy American-Construction Materials under Trade Agreements. (Nov 2023)

### BUY AMERICAN-CONSTRUCTION MATERIALS UNDER TRADE AGREEMENTS (NOV 2023)

(a) *Definitions.* As used in this clause-

*Caribbean Basin country construction material* means a construction material that-

- (1) Is wholly the growth, product, or manufacture of a Caribbean Basin country; or
- (2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a Caribbean Basin country into a new and different construction material distinct from the materials from which it was transformed.

*Commercially available off-the-shelf (COTS) item-*

- (1) Means any item of supply (including construction material) that is-
  - (i) A commercial product (as defined in paragraph (1) of the definition of "commercial product" at Federal Acquisition Regulation (FAR) 2.101);
  - (ii) Sold in substantial quantities in the commercial marketplace; and
  - (iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and
- (2) Does not include bulk cargo, as defined in 46 U.S.C.40102(4), such as agricultural products and petroleum products.

*Component* means an article, material, or supply incorporated directly into a construction material.

*Construction material* means an article, material, or supply brought to the construction site by the Contractor or subcontractor for incorporation into the building or work. The term also includes an item brought to the site preassembled from articles, materials, or supplies. However, emergency life safety systems, such as emergency lighting, fire alarm, and audio evacuation systems, that are discrete systems incorporated into a public building or work and that are produced as complete systems, are evaluated as a single and distinct construction material regardless of when or how the individual parts or components of those systems are delivered to the construction site. Materials purchased directly by the Government are supplies, not construction material.

*Cost of components* means-

- (1) For components purchased by the Contractor, the acquisition cost, including transportation costs to the place of incorporation into the construction material (whether or not such costs are paid to a domestic firm), and any applicable duty (whether or not a duty-free entry certificate is issued); or

(2) For components manufactured by the Contractor, all costs associated with the manufacture of the component, including transportation costs as described in paragraph (1) of this definition, plus allocable overhead costs, but excluding profit. Cost of components does not include any costs associated with the manufacture of the construction material.

*Critical component* means a component that is mined, produced, or manufactured in the United States and deemed critical to the U.S. supply chain. The list of critical components is at FAR 25.105.

*Critical item* means a domestic construction material or domestic end product that is deemed critical to U.S. supply chain resiliency. The list of critical items is at FAR 25.105.

*Designated country* means any of the following countries:

(1) A World Trade Organization Government Procurement Agreement (WTO GPA) country (Armenia, Aruba, Australia, Austria, Belgium, Bulgaria, Canada, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hong Kong, Hungary, Iceland, Ireland, Israel, Italy, Japan, Korea (Republic of), Latvia, Liechtenstein, Lithuania, Luxembourg, Malta, Moldova, Montenegro, Netherlands, New Zealand, North Macedonia, Norway, Poland, Portugal, Romania, Singapore, Slovak Republic, Slovenia, Spain, Sweden, Switzerland, Taiwan, Ukraine, or United Kingdom);

(2) A Free Trade Agreement (FTA) country (Australia, Bahrain, Chile, Colombia, Costa Rica, Dominican Republic, El Salvador, Guatemala, Honduras, Korea (Republic of), Mexico, Morocco, Nicaragua, Oman, Panama, Peru, or Singapore);

(3) A least developed country (Afghanistan, Angola, Bangladesh, Benin, Bhutan, Burkina Faso, Burundi, Cambodia, Central African Republic, Chad, Comoros, Democratic Republic of Congo, Djibouti, Equatorial Guinea, Eritrea, Ethiopia, Gambia, Guinea, Guinea-Bissau, Haiti, Kiribati, Laos, Lesotho, Liberia, Madagascar, Malawi, Mali, Mauritania, Mozambique, Nepal, Niger, Rwanda, Samoa, Sao Tome and Principe, Senegal, Sierra Leone, Solomon Islands, Somalia, South Sudan, Tanzania, Timor-Leste, Togo, Tuvalu, Uganda, Vanuatu, Yemen, or Zambia); or

(4) A Caribbean Basin country (Antigua and Barbuda, Aruba, Bahamas, Barbados, Belize, Bonaire, British Virgin Islands, Curacao, Dominica, Grenada, Guyana, Haiti, Jamaica, Montserrat, Saba, St. Kitts and Nevis, St. Lucia, St. Vincent and the Grenadines, Sint Eustatius, Sint Maarten, or Trinidad and Tobago).

*Designated country construction material* means a construction material that is a WTO GPA country construction material, an FTA country construction material, a least developed country construction material, or a Caribbean Basin country construction material.

*Domestic construction material* means-

(1) For construction material that does not consist wholly or predominantly of iron or steel or a combination of both-

(i) An unmanufactured construction material mined or produced in the United States; or

(ii) A construction material manufactured in the United States, if-

(A) The cost of its components mined, produced, or manufactured in the United States exceeds 60 percent of the cost of all its components, except that the percentage will be 65 percent for items delivered in calendar years 2024 through 2028 and 75 percent for items delivered starting in calendar year 2029.

(B) The construction material is a COTS item; or

(2) For construction material that consists wholly or predominantly of iron or steel or a combination of both, a construction material manufactured in the United States if the cost of foreign iron and steel constitutes less than 5 percent of the cost of all components used in such construction material. The cost of foreign iron and steel includes but is not limited to the cost of foreign iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized in the manufacture of the construction material and a good faith estimate of the cost of all foreign iron or steel components excluding COTS fasteners. Iron or steel components of unknown origin are treated as foreign. If the construction material contains multiple components, the cost of all the materials used in such construction material is calculated in accordance with the definition of "cost of components".

*Fastener* means a hardware device that mechanically joins or affixes two or more objects together. Examples of fasteners are nuts, bolts, pins, rivets, nails, clips, and screws.

*Foreign construction material* means a construction material other than a domestic construction material.

*Foreign iron and steel* means iron or steel products not produced in the United States. Produced in the United States means that all manufacturing processes of the iron or steel must take place in the United States, from the initial melting stage through the application of coatings, except metallurgical processes involving refinement of steel additives. The origin of the elements of the iron or steel is not relevant to the determination of whether it is domestic or foreign.

*Free Trade Agreement country construction material* means a construction material that-

(1) Is wholly the growth, product, or manufacture of a Free Trade Agreement (FTA) country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a FTA country into a new and different construction material distinct from the materials from which it was transformed.

*Least developed country construction material* means a construction material that-

- (1) Is wholly the growth, product, or manufacture of a least developed country; or
- (2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a least developed country into a new and different construction material distinct from the materials from which it was transformed.

*Predominantly of iron or steel or a combination of both* means that the cost of the iron and steel content exceeds 50 percent of the total cost of all its components. The cost of iron and steel is the cost of the iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized in the manufacture of the product and a good faith estimate of the cost of iron or steel components excluding COTS fasteners.

*Steel* means an alloy that includes at least 50 percent iron, between 0.02 and 2 percent carbon, and may include other elements.

*United States* means the 50 States, the District of Columbia, and outlying areas.

*WTO GPA country construction material* means a construction material that-

- (1) Is wholly the growth, product, or manufacture of a WTO GPA country; or
- (2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a WTO GPA country into a new and different construction material distinct from the materials from which it was transformed.

(b) Construction materials.

(1) This clause implements 41 U.S.C. chapter 83, Buy American, by providing a preference for domestic construction material. In accordance with 41 U.S.C. 1907, the domestic content test of the Buy American statute is waived for construction material that is a COTS item, except that for construction material that consists wholly or predominantly of iron or steel or a combination of both, the domestic content test is applied only to the iron and steel content of the construction material, excluding COTS fasteners. (See FAR 12.505(a)(2)). In addition, the Contracting Officer has determined that the WTO GPA and Free Trade Agreements (FTAs) apply to this acquisition. Therefore, the Buy American restrictions are waived for designated country construction materials.

(2) The Contractor shall use only domestic or designated country construction material in performing this contract, except as provided in paragraphs (b)(3) and (b)(4) of this clause.

(3) The requirement in paragraph (b)(2) of this clause does not apply to information technology that is a commercial product or to the construction materials or components listed by the Government as follows:

\_\_\_\_\_ [Contracting Officer to list applicable excepted materials or indicate "none"]

(4) The Contracting Officer may add other foreign construction material to the list in paragraph (b)(3) of this clause if the Government determines that-

- (i) The cost of domestic construction material would be unreasonable.

(A) *For domestic construction material that is not a critical item or does not contain critical components.*

(1) The cost of a particular domestic construction material subject to the restrictions of the Buy American statute is unreasonable when the cost of such material exceeds the cost of foreign material by more than 20 percent;

(2) For construction material that is not a COTS item and does not consist wholly or predominantly of iron or steel or a combination of both, if the cost of a particular domestic construction material is determined to be unreasonable or there is no domestic offer received, and the low offer is for foreign construction material that does not exceed 55 percent domestic content, the Contracting Officer will treat the lowest offer of foreign construction material that is manufactured in the United States and exceeds 55 percent domestic content as a domestic offer and determine whether the cost of that offer is unreasonable by applying the evaluation factor listed in paragraph (b)(4)(i)(A)(1) of this clause.

(3) The procedures in paragraph (b)(4)(i)(A)(2) of this clause will no longer apply as of January 1, 2030.

(B) *For domestic construction material that is a critical item or contains critical components.*

(1) The cost of a particular domestic construction material that is a critical item or contains critical components, subject to the requirements of the Buy American statute, is unreasonable when the cost of such material exceeds the cost of foreign material by more than 20 percent plus the additional preference factor identified for the critical item or construction material containing critical components listed at FAR 25.105.

(2) For construction material that does not consist wholly or predominantly of iron or steel or a combination of both, if the cost of a particular domestic construction material is determined to be unreasonable or there is no domestic offer received, and the low offer is for foreign construction material that does not exceed 55 percent domestic content, the Contracting Officer will treat the lowest offer of foreign construction material that is manufactured in the United States and exceeds 55 percent domestic content as a domestic offer, and determine whether the cost of that offer is unreasonable by applying the evaluation factor listed in paragraph (b)(4)(i)(B)(1) of this clause.

(3) The procedures in paragraph (b)(4)(i)(B)(2) of this clause will no longer apply as of January 1, 2030.

(ii) The application of the restriction of the Buy American Act to a particular construction material would be impracticable or inconsistent with the public interest; or

(iii) The construction material is not mined, produced, or manufactured in the United States in sufficient and reasonably available commercial quantities of a satisfactory quality.

(c) Request for determination of inapplicability of the Buy American statute.

(1) (i) Any Contractor request to use foreign construction material in accordance with paragraph (b)(4) of this clause shall include adequate information for Government evaluation of the request, including-

(A) A description of the foreign and domestic construction materials;

(B) Unit of measure;

(C) Quantity;

(D) Price;

(E) Time of delivery or availability;

(F) Location of the construction project;

(G) Name and address of the proposed supplier; and

(H) A detailed justification of the reason for use of foreign construction materials cited in accordance with paragraph (b)(3) of this clause.

(ii) A request based on unreasonable cost shall include a reasonable survey of the market and a completed price comparison table in the format in paragraph (d) of this clause.

(iii) The price of construction material shall include all delivery costs to the construction site and any applicable duty (whether or not a duty-free certificate may be issued).

(iv) Any Contractor request for a determination submitted after contract award shall explain why the Contractor could not reasonably foresee the need for such determination and could not have requested the determination before contract award. If the Contractor does not submit a satisfactory explanation, the Contracting Officer need not make a determination.

(2) If the Government determines after contract award that an exception to the Buy American statute applies and the Contracting Officer and the Contractor negotiate adequate consideration, the Contracting Officer will modify the contract to allow use of the foreign construction material. However, when the basis for the exception is the unreasonable price of a domestic construction material, adequate consideration is not less than the differential established in paragraph (b)(4)(i) of this clause.

(3) Unless the Government determines that an exception to the Buy American statute applies, use of foreign construction material is noncompliant with the Buy American statute.

(d) *Data.* To permit evaluation of requests under paragraph (c) of this clause based on unreasonable cost, the Contractor shall include the following information and any applicable supporting data based on the survey of suppliers:

| Foreign and Domestic Construction Materials Price Comparison |                 |          |                  |

The Contracting Officer will return bid guarantees, other than bid bonds-

(1) To unsuccessful bidders as soon as practicable after the opening of bids; and

(2) To the successful bidder upon execution of contractual documents and bonds (including any necessary coinsurance or reinsurance agreements), as required by the bid as accepted.

(c) The amount of the bid guarantee shall be **20** percent of the bid price or **\$3,000,000**, whichever is less.

(d) If the successful bidder, upon acceptance of its bid by the Government within the period specified for acceptance, fails to execute all contractual documents or furnish executed bond(s) within 10 days after receipt of the forms by the bidder, the Contracting Officer may terminate the contract for default.

(e) In the event the contract is terminated for default, the bidder is liable for any cost of acquiring the work that exceeds the amount of its bid, and the bid guarantee is available to offset the difference.

#### 52.228-15 Performance and Payment Bonds-Construction (Deviation 2020-O0016) (Jun 2020) Deviation 2020-O0016 (Apr 2020)

##### PERFORMANCE AND PAYMENT BONDS-CONSTRUCTION (APR 2020) (DEVIATION 2020-O0016)

(a) Definitions. As used in this clause-

Original contract price means the award price of the contract; or, for requirements contracts, the price payable for the estimated total quantity; or, for indefinite-quantity contracts, the price payable for the specified minimum quantity. Original contract price does not include the price of any options, except those options exercised at the time of contract award.

(b) Amount of required bonds. Unless the resulting contract price is \$150,000 or less, the successful offeror shall furnish performance and payment bonds to the Contracting Officer as follows:

(1) Performance bonds (Standard Form 25, except that no seal is required). The penal amount of performance bonds at the time of contract award shall be 100 percent of the original contract price.

(2) Payment bonds (Standard Form 25A, except that no seal is required). The penal amount of payment bonds at the time of contract award shall be 100 percent of the original contract price.

(3) Additional bond protection.

(i) The Government may require additional performance and payment bond protection if the contract price is increased. The increase in protection generally will equal 100 percent of the increase in contract price.

(ii) The Government may secure the additional protection by directing the Contractor to increase the penal amount of the existing bond or to obtain an additional bond.

(c) Furnishing executed bonds. The Contractor shall furnish all executed bonds, including any necessary reinsurance agreements, to the Contracting Officer, within the time period specified in the Bid Guarantee provision of the solicitation, or otherwise specified by the Contracting Officer, but in any event, before starting work.

(d) Surety or other security for bonds. The bonds shall be in the form of firm commitment, supported by corporate sureties whose names appear on the list contained in Treasury Department Circular 570, individual sureties, or by other acceptable security such as postal money order, certified check, cashier's check, irrevocable letter of credit, or, in accordance with Treasury Department regulations, certain bonds or notes of the United States. Treasury Circular 570 is published in the Federal Register or may be obtained from the U.S. Department of the Treasury, Financial Management Service, Surety Bond Branch, 3700 East West Highway, Room 6F01, Hyattsville, MD 20782. Or via the internet at <http://www.fms.treas.gov/c570/>.

(e) Notice of subcontractor waiver of protection (40 U.S.C. 3133(c)). Any waiver of the right to sue on the payment bond is void unless it is in writing, signed by the person whose right is waived, and executed after such person has first furnished labor or material for use in the performance of the contract.

(End of clause)

## 52.232-5 Payments under Fixed-Price Construction Contracts.

(May 2014)

### PAYMENTS UNDER FIXED-PRICE CONSTRUCTION CONTRACTS (MAY 2014)

(a) *Payment of price.* The Government shall pay the Contractor the contract price as provided in this contract.

(b) *Progress payments.* The Government shall make progress payments monthly as the work proceeds, or at more frequent intervals as determined by the Contracting Officer, on estimates of work accomplished which meets the standards of quality established under the contract, as approved by the Contracting Officer.

(1) The Contractor's request for progress payments shall include the following substantiation:

(i) An itemization of the amounts requested, related to the various elements of work required by the contract covered by the payment requested.

(ii) A listing of the amount included for work performed by each subcontractor under the contract.

(iii) A listing of the total amount of each subcontract under the contract.

(iv) A listing of the amounts previously paid to each such subcontractor under the contract.

(v) Additional supporting data in a form and detail required by the Contracting Officer.

(2) In the preparation of estimates, the Contracting Officer may authorize material delivered on the site and preparatory work done to be taken into consideration. Material delivered to the Contractor at locations other than the site also may be taken into consideration if-

(i) Consideration is specifically authorized by this contract; and

(ii) The Contractor furnishes satisfactory evidence that it has acquired title to such material and that the material will be used to perform this contract.

(c) *Contractor certification.* Along with each request for progress payments, the Contractor shall furnish the following certification, or payment shall not be made: (However, if the Contractor elects to delete paragraph (c)(4) from the certification, the certification is still acceptable.)

I hereby certify, to the best of my knowledge and belief, that-

(1) The amounts requested are only for performance in accordance with the specifications, terms, and conditions of the contract;

(2) All payments due to subcontractors and suppliers from previous payments received under the contract have been made, and timely payments will be made from the proceeds of the payment covered by this certification, in accordance with subcontract agreements and the requirements of Chapter 39 of Title 31, United States Code;

(3) This request for progress payments does not include any amounts which the prime contractor intends to withhold or retain from a subcontractor or supplier in accordance with the terms and conditions of the subcontract; and

(4) This certification is not to be construed as final acceptance of a subcontractor's performance.

\_\_\_\_ (Name)

\_\_\_\_ (Title)

\_\_\_\_ (Date)

(d) *Refund of unearned amounts.* If the Contractor, after making a certified request for progress payments, discovers that a portion or all of such request constitutes a payment for performance by the Contractor that fails to conform to the specifications, terms, and conditions of this contract (hereinafter referred to as the "unearned amount"), the Contractor shall-

(1) Notify the Contracting Officer of such performance deficiency; and

(2) Be obligated to pay the Government an amount (computed by the Contracting Officer in the manner provided in paragraph (j) of this clause) equal to interest on the unearned amount from the 8 thday after the date of receipt of the unearned amount until-

(i) The date the Contractor notifies the Contracting Officer that the performance deficiency has been corrected; or

(ii) The date the Contractor reduces the amount of any subsequent certified request for progress payments by an amount equal to the unearned amount.

(e) *Retainage.* If the Contracting Officer finds that satisfactory progress was achieved during any period for which a progress payment is to be made, the Contracting Officer shall authorize payment to be made in full. However, if satisfactory progress has not been made, the Contracting Officer may retain a maximum of 10 percent of the amount of the payment until satisfactory progress is achieved. When the work is substantially complete, the Contracting Officer may retain from previously withheld funds and future progress payments that amount the Contracting Officer considers adequate for protection of the Government and shall release to the Contractor all the remaining withheld funds. Also, on completion and acceptance of each separate building, public work, or other division of the contract, for which the price is stated separately in the contract, payment shall be made for the completed work without retention of a percentage.

(f) *Title, liability, and reservation of rights.* All material and work covered by progress payments made shall, at the time of payment, become the sole property of the Government, but this shall not be construed as-

(1) Relieving the Contractor from the sole responsibility for all material and work upon which payments have been made or the restoration of any damaged work; or

(2) Waiving the right of the Government to require the fulfillment of all of the terms of the contract.

(g) *Reimbursement for bond premiums.* In making these progress payments, the Government shall, upon request, reimburse the Contractor for the amount of premiums paid for performance and payment bonds (including coinsurance and reinsurance agreements, when applicable) after the Contractor has furnished evidence of full payment to the surety. The retainage provisions in paragraph (e) of this clause shall not apply to that portion of progress payments attributable to bond premiums.

(h) *Final payment.* The Government shall pay the amount due the Contractor under this contract after-

(1) Completion and acceptance of all work;

(2) Presentation of a properly executed voucher; and

(3) Presentation of release of all claims against the Government arising by virtue of this contract, other than claims, in stated amounts, that the Contractor has specifically excepted from the operation of the release. A release may also be required of the assignee if the Contractor's claim to amounts payable under this contract has been assigned under the Assignment of Claims Act of 1940 (31 U.S.C.3727 and 41 U.S.C.6305).

(i) *Limitation because of undefinitized work.* Notwithstanding any provision of this contract, progress payments shall not exceed 80 percent on work accomplished on undefinitized contract actions. A "contract action" is any action resulting in a contract, as defined in FAR subpart 2.1, including contract modifications for additional supplies or services, but not including contract modifications that are within the scope and under the terms of the contract, such as contract modifications issued pursuant to the Changes clause, or funding and other administrative changes.

(j) *Interest computation on unearned amounts.* In accordance with 31 U.S.C.3903(c)(1), the amount payable under paragraph (d)(2) of this clause shall be-

(1) Computed at the rate of average bond equivalent rates of 91-day Treasury bills auctioned at the most recent auction of such bills prior to the date the Contractor receives the unearned amount; and

(2) Deducted from the next available payment to the Contractor.

(End of clause)

**52.236-1 Performance of Work by the Contractor.**

**(Apr 1984)**

Performance of Work by the Contractor (Apr 1984)

The Contractor shall perform on the site, and with its own organization, work equivalent to at least **fifteen (15)** percent of the total amount of work to be performed under the contract. This percentage may be reduced by a supplemental agreement to this contract if, during performing the work, the Contractor requests a reduction and the Contracting Officer determines that the reduction would be to the advantage of the Government.

(End of clause)

**52.236-4 Physical Data.**

**(Apr 1984)**

**PHYSICAL DATA (APR 1984)**

Data and information furnished or referred to below is for the Contractor's information. The Government shall not be responsible for any interpretation of or conclusion drawn from the data or information by the Contractor.

(a) The indications of physical conditions on the drawings and in the specifications are the result of site investigations by \_\_\_\_\_[insert a description of investigational methods used, such as surveys, auger borings, core borings, test pits, probings, test tunnels].

(b) Weather conditions \_\_\_\_\_[insert a summary of weather records and warnings].

(c) Transportation facilities \_\_\_\_\_[insert a summary of transportation facilities providing access from the site, including information about their availability and limitations].

(d) \_\_\_\_\_[insert other pertinent information].

(End of clause)

**52.248-3 Value Engineering-Construction.**

**(Oct 2020)**

**VALUE ENGINEERING-CONSTRUCTION (OCT 2020)**

(a) *General.* The Contractor is encouraged to develop, prepare, and submit value engineering change proposals (VECP's) voluntarily. The Contractor shall share in any instant contract savings realized from accepted VECP's, in accordance with paragraph (f) of this clause.

(b) *Definitions.* "Collateral costs," as used in this clause, means agency costs of operation, maintenance, logistic support, or Government-furnished property.

*Collateral savings*, as used in this clause, means those measurable net reductions resulting from a VECP in the agency's overall projected collateral costs, exclusive of acquisition savings, whether or not the acquisition cost changes.

*Contractor's development and implementation costs*, as used in this clause, means those costs the Contractor incurs on a VECP specifically in developing, testing, preparing, and submitting the VECP, as well as those costs the Contractor incurs to make the contractual changes required by Government acceptance of a VECP.

*Government costs*, as used in this clause, means those agency costs that result directly from developing and implementing the VECP, such as any net increases in the cost of testing, operations, maintenance, and logistic support. The term does not include the normal administrative costs of processing the VECP.

*Instant contract savings*, as used in this clause, means the estimated reduction in Contractor cost of performance resulting from acceptance of the VECP, minus allowable Contractor's development and implementation costs, including subcontractors' development and implementation costs (see paragraph (h) of this clause).

*Value engineering change proposal (VECP)* means a proposal that-

(1) Requires a change to this, the instant contract, to implement; and

(2) Results in reducing the contract price or estimated cost without impairing essential functions or characteristics; *provided*, that it does not involve a change-

(i) In deliverable end item quantities only; or

(ii) To the contract type only.

(c) *VECP preparation.* As a minimum, the Contractor shall include in each VECP the information described in paragraphs (c)(1) through (7) of this clause. If the proposed change is affected by contractually required configuration management or similar procedures, the instructions in those procedures relating to format, identification, and priority assignment shall govern VECP preparation. The VECP shall include the following:

- (1) A description of the difference between the existing contract requirement and that proposed, the comparative advantages and disadvantages of each, a justification when an item's function or characteristics are being altered, and the effect of the change on the end item's performance.
- (2) A list and analysis of the contract requirements that must be changed if the VECP is accepted, including any suggested specification revisions.
- (3) A separate, detailed cost estimate for (i) the affected portions of the existing contract requirement and (ii) the VECP. The cost reduction associated with the VECP shall take into account the Contractor's allowable development and implementation costs, including any amount attributable to subcontracts under paragraph (h) of this clause.
- (4) A description and estimate of costs the Government may incur in implementing the VECP, such as test and evaluation and operating and support costs.
- (5) A prediction of any effects the proposed change would have on collateral costs to the agency.
- (6) A statement of the time by which a contract modification accepting the VECP must be issued in order to achieve the maximum cost reduction, noting any effect on the contract completion time or delivery schedule.
- (7) Identification of any previous submissions of the VECP, including the dates submitted, the agencies and contract numbers involved, and previous Government actions, if known.

(d) *Submission.* The Contractor shall submit VECP's to the Resident Engineer at the worksite, with a copy to the Contracting Officer.

(e) *Government action.*

(1) The Contracting Officer will notify the Contractor of the status of the VECP within 45 calendar days after the contracting office receives it. If additional time is required, the Contracting Officer will notify the Contractor within the 45-day period and provide the reason for the delay and the expected date of the decision. The Government will process VECP's expeditiously; however, it will not be liable for any delay in acting upon a VECP.

(2) If the VECP is not accepted, the Contracting Officer will notify the Contractor in writing, explaining the reasons for rejection. The Contractor may withdraw any VECP, in whole or in part, at any time before it is accepted by the Government. The Contracting Officer may require that the Contractor provide written notification before undertaking significant expenditures for VECP effort.

(3) Any VECP may be accepted, in whole or in part, by the Contracting Officer's award of a modification to this contract citing this clause. The Contracting Officer may accept the VECP, even though an agreement on price reduction has not been reached, by issuing the Contractor a notice to proceed with the change. Until a notice to proceed is issued or a contract modification applies a VECP to this contract, the Contractor shall perform in accordance with the existing contract. The decision to accept or reject all or part of any VECP is a unilateral decision made solely at the discretion of the Contracting Officer.

(f) *Sharing-*

(1) *Rates.* The Government's share of savings is determined by subtracting Government costs from instant contract savings and multiplying the result by-

- (i) 45 percent for fixed-price contracts; or
- (ii) 75 percent for cost-reimbursement contracts.

(2) *Payment.* Payment of any share due the Contractor for use of a VECP on this contract shall be authorized by a modification to this contract to-

- (i) Accept the VECP;
- (ii) Reduce the contract price or estimated cost by the amount of instant contract savings; and
- (iii) Provide the Contractor's share of savings by adding the amount calculated to the contract price or fee.

(g) *Collateral savings.* If a VECP is accepted, the Contracting Officer will increase the instant contract amount by 20 percent of any projected collateral savings determined to be realized in a typical year of use after subtracting any Government costs not previously offset. However, the Contractor's share of collateral savings will not exceed the contract's firm-fixed-price or estimated cost, at the time the VECP is accepted, or \$100,000, whichever is greater. The Contracting Officer is the sole determiner of the amount of collateral savings.

(h) *Subcontracts.* The Contractor shall include an appropriate value engineering clause in any subcontract of \$75,000 or more and may include one in subcontracts of lesser value. In computing any adjustment in this contract's price under paragraph (f) of this clause, the Contractor's allowable development and implementation costs shall include any subcontractor's allowable development and implementation costs clearly resulting from a VECP accepted by the Government under this contract, but shall exclude any value engineering incentive payments to a subcontractor. The Contractor may choose any arrangement for subcontractor value engineering incentive payments; *provided*, that these payments shall not reduce the Government's share of the savings resulting from the VECP.

(i) *Data*. The Contractor may restrict the Government's right to use any part of a VECF or the supporting data by marking the following legend on the affected parts:

These data, furnished under the Value Engineering-Construction clause of contract \_\_\_\_\_, shall not be disclosed outside the Government or duplicated, used, or disclosed, in whole or in part, for any purpose other than to evaluate a value engineering change proposal submitted under the clause. This restriction does not limit the Government's right to use information contained in these data if it has been obtained or is otherwise available from the Contractor or from another source without limitations.

If a VECF is accepted, the Contractor hereby grants the Government unlimited rights in the VECF and supporting data, except that, with respect to data qualifying and submitted as limited rights technical data, the Government shall have the rights specified in the contract modification implementing the VECF and shall appropriately mark the data. (The terms "unlimited rights" and "limited rights" are defined in part 27 of the Federal Acquisition Regulation.)

(b) *Framework.* The Cybersecurity Maturity Model Certification (CMMC) is a framework for assessing a contractor's compliance with applicable information security protections (see 32 CFR part 170).

(1) Submit any additional cost or pricing data that is required in order to determine whether the price is fair and reasonable (10 U.S.C. 3705) or to comply with the statutory requirement for certified cost or pricing data (10 U.S.C. 3702 and FAR 15.403-3); and

(2) Except as provided in paragraph (b) of this provision, if the acquisition exceeds the certified cost or pricing data threshold and an exception to the requirement for certified cost or pricing data at FAR 15.403-1(b)(2) through (5) does not apply, certify all cost or pricing data in accordance with paragraph (c) of DFARS provision 252.215-7010, Requirements for Certified Cost or Pricing Data and Data Other Than Certified Cost or Pricing Data, of this solicitation.

## 252.232-7007 Limitation of Government's Obligation.

(Apr 2014)

### LIMITATION OF GOVERNMENT'S OBLIGATION (APR 2014)

(a) Contract line item(s) **0001-0010** is/are incrementally funded. For this/these item(s), the sum of **\$57,248,000** of the total price is presently available for payment and allotted to this contract. An allotment schedule is set forth in paragraph (j) of this clause.

(b) For item(s) identified in paragraph (a) of this clause, the Contractor agrees to perform up to the point at which the total amount payable by the Government, including reimbursement in the event of termination of those item(s) for the Government's convenience, approximates the total amount currently allotted to the contract. The Contractor is not authorized to continue work on those item(s) beyond that point. The Government will not be obligated in any event to reimburse the Contractor in excess of the amount allotted to the contract for those item(s) regardless of anything to the contrary in the clause entitled "Termination for Convenience of the Government." As used in this clause, the total amount payable by the Government in the event of termination of applicable contract line item(s) for convenience includes costs, profit, and estimated termination settlement costs for those item(s).

(c) Notwithstanding the dates specified in the allotment schedule in paragraph (j) of this clause, the Contractor will notify the Contracting Officer in writing at least ninety days prior to the date when, in the Contractor's best judgment, the work will reach the point at which the total amount payable by the Government, including any cost for termination for convenience, will approximate 85 percent of the total amount then allotted to the contract for performance of the applicable item(s). The notification will state (1) the estimated date when that point will be reached and (2) an estimate of additional funding, if any, needed to continue performance of applicable line items up to the next scheduled date for allotment of funds identified in paragraph (j) of this clause, or to a mutually agreed upon substitute date. The notification will also advise the Contracting Officer of the estimated amount of additional funds that will be required for the timely performance of the item(s) funded pursuant to this clause, for a subsequent period as may be specified in the allotment schedule in paragraph (j) of this clause or otherwise agreed to by the parties. If after such notification additional funds are not allotted by the date identified in the Contractor's notification, or by an agreed substitute date, the Contracting Officer will terminate any item(s) for which additional funds have not been allotted, pursuant to the clause of this contract entitled "Termination for Convenience of the Government."

(d) When additional funds are allotted for continued performance of the contract line item(s) identified in paragraph (a) of this clause, the parties will agree as to the period of contract performance which will be covered by the funds. The provisions of paragraphs (b) through (d) of this clause will apply in like manner to the additional allotted funds and agreed substitute date, and the contract will be modified accordingly.

(e) If, solely by reason of failure of the Government to allot additional funds, by the dates indicated below, in amounts sufficient for timely performance of the contract line item(s) identified in paragraph (a) of this clause, the Contractor incurs additional costs or is delayed in the performance of the work under this contract and if additional funds are allotted, an equitable adjustment will be made in the price or prices (including appropriate target, billing, and ceiling prices where applicable) of the item(s), or in the time of delivery, or both. Failure to agree to any such equitable adjustment hereunder will be a dispute concerning a question of fact within the meaning of the clause entitled "Disputes."

(f) The Government may at any time prior to termination allot additional funds for the performance of the contract line item(s) identified in paragraph (a) of this clause.

(g) The termination provisions of this clause do not limit the rights of the Government under the clause entitled "Default." The provisions of this clause are limited to the work and allotment of funds for the contract line item(s) set forth in paragraph (a) of this clause. This clause no longer applies

once the contract is fully funded except with regard to the rights or obligations of the parties concerning equitable adjustments negotiated under paragraphs (d) and (e) of this clause.

(h) Nothing in this clause affects the right of the Government to terminate this contract pursuant to the clause of this contract entitled "Termination for Convenience of the Government."

(i) Nothing in this clause shall be construed as authorization of voluntary services whose acceptance is otherwise prohibited under 31 U.S.C. 1342.

(j) The parties contemplate that the Government will allot funds to this contract in accordance with the following schedule:

|                          |                      |
|--------------------------|----------------------|
| On execution of contract | \$ <u>57,248,000</u> |
| FY2026                   | \$ <u>20,430,000</u> |
| FY2027                   | \$ <u>54,622,000</u> |

(End of clause)

**252.236-7001 Contract Drawings and Specifications.**

**(Aug 2000)**

**CONTRACT DRAWINGS AND SPECIFICATIONS (AUG 2000)**

(a) The Government will provide to the Contractor, without charge, one set of contract drawings and specifications, except publications incorporated into the technical provisions by reference, in electronic or paper media as chosen by the Contracting Officer.

(b) The Contractor shall-

- (1) Check all drawings furnished immediately upon receipt;
- (2) Compare all drawings and verify the figures before laying out the work;
- (3) Promptly notify the Contracting Officer of any discrepancies;
- (4) Be responsible for any errors that might have been avoided by complying with this paragraph (b); and
- (5) Reproduce and print contract drawings and specifications as needed.

(c) In general--

- (1) Large-scale drawings shall govern small-scale drawings; and
- (2) The Contractor shall follow figures marked on drawings in preference to scale measurements.

(d) Omissions from the drawings or specifications or the misdescription of details of work that are manifestly necessary to carry out the intent of the drawings and specifications, or that are customarily performed, shall not relieve the Contractor from performing such omitted or misdescribed details of the work. The Contractor shall perform such details as if fully and correctly set forth and described in the drawings and specifications.

(e) The work shall conform to the specifications and the contract drawings identified on the following index of drawings:

If occupational diseases are not compensable under those statutes, they shall be covered under the employer's liability section of the insurance policy, except when contract operations are so commingled with a contractor's commercial operations that it would not be practical to require this coverage. Employer's liability coverage of at least \$100,000 shall be required, except in States with exclusive or monopolistic funds that do not permit workers' compensation to be written by private carriers. Note: Executive Order (EO) 13706, Establishing Paid Sick Leave  
for Federal Contractors applies to all contracts subject to the  
Davis-Bacon Act for which the contract is awarded (and any  
solicitation was issued) on or after January 1, 2017. If this  
contract is covered by the EO, the contractor must provide  
employees with 1 hour of paid sick leave for every 30 hours  
they work, up to 56 hours of paid sick leave each year.  
Employees must be permitted to use paid sick leave for their  
own illness, injury or other health-related needs, including  
preventive care; to assist a family member (or person who is  
like family to the employee) who is ill, injured, or has other  
health-related needs, including preventive care; or for reasons  
resulting from, or to assist a family member (or person who is

like family to the employee) who is a victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at <https://www.dol.gov/agencies/whd/government-contracts>.

Note: Executive Order 13658 generally applies to contracts subject to the Davis-Bacon Act that were awarded on or between January 1, 2015 and January 29, 2022, and that have not been renewed or extended on or after January 30, 2022. Executive Order 13658 does not apply to contracts subject only to the Davis-Bacon Related Acts regardless of when they were awarded. If a contract is subject to Executive Order 13658, the contractor must pay all covered workers at least \$13.30 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract in 2025. The applicable Executive Order minimum wage rate will be adjusted annually. Additional information on contractor requirements and worker protections under Executive Order 13658 is available at [www.dol.gov/whd/govcontracts](http://www.dol.gov/whd/govcontracts).

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (iii)).

---

The body of each wage determination lists the classifications and wage rates that have been found to be prevailing for the type(s) of construction and geographic area covered by the wage determination. The classifications are listed in alphabetical order under rate identifiers indicating whether the particular rate is a union rate (current union negotiated rate), a survey rate, a weighted union average rate, a state adopted rate, or a supplemental classification rate.

#### Union Rate Identifiers

A four-letter identifier beginning with characters other than ""SU"", ""UAVG"", ?SA?, or ?SC? denotes that a union rate was prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2024. PLUM is an identifier of the union whose collectively bargained rate prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. The date, 07/01/2024 in the example, is the effective date of the most current negotiated rate.

Union prevailing wage rates are updated to reflect all changes over time that are reported to WHD in the rates in the collective bargaining agreement (CBA) governing the classification.

#### Union Average Rate Identifiers

The UAVG identifier indicates that no single rate prevailed for those classifications, but that 100% of the data reported for the classifications reflected union rates. EXAMPLE: UAVG-OH-0010 01/01/2024. UAVG indicates that the rate is a weighted union average rate. OH indicates the State of Ohio. The next number, 0010 in the example, is an internal number used in producing the wage determination. The date, 01/01/2024 in the example, indicates the date the wage determination was updated to reflect the most current union average rate.

A UAVG rate will be updated once a year, usually in January, to

reflect a weighted average of the current rates in the collective bargaining agreements on which the rate is based.

#### Survey Rate Identifiers

The ""SU"" identifier indicates that either a single non-union rate prevailed (as defined in 29 CFR 1.2) for this classification in the survey or that the rate was derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As a weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SUFL2022-007 6/27/2024. SU indicates the rate is a single non-union prevailing rate or a weighted average of survey data for that classification. FL indicates the State of Florida. 2022 is the year of the survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. The date, 6/27/2024 in the example, indicates the survey completion date for the classifications and rates under that identifier.

?SU? wage rates typically remain in effect until a new survey is conducted. However, the Wage and Hour Division (WHD) has the discretion to update such rates under 29 CFR 1.6(c)(1).

#### State Adopted Rate Identifiers

The ""SA"" identifier indicates that the classifications and prevailing wage rates set by a state (or local) government were adopted under 29 C.F.R 1.3(g)-(h). Example: SAME2023-007 01/03/2024. SA reflects that the rates are state adopted. ME refers to the State of Maine. 2023 is the year during which the state completed the survey on which the listed classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. The date, 01/03/2024 in the example, reflects the date on which the classifications and rates under the ?SA? identifier took effect under state law in the state from which the rates were adopted.
