Reference				Inquiry	Government Response
#	Page	Section	Para		
1				We see that the solicitation for the P691 – Aircraft Maintenance Hangar came out, but we did not happen to see a due date on the SF 1442 form. Is this one still in the draft phase or is it officially out?	See Amendment 0002
2				I downloaded the document for the above subject solicitation, however, it appears a few of the Attachments did not show up on PIEE. Maybe they are still being uploaded but I wanted to confirm there were no other requirements you needed from Offerors before we could receive those. The following appear to be missing still: Attachment H P-691 Price Proposal Form Attachment I P-691 Specifications Attachment J P-691 Drawings	See Amendment 0002
3				I am following up my voicemail to inquire about documents for the seed project (P-691 Aircraft Development & Maintenance Facility – Pax River). They were not provided on PIEE along with the rest of the solicitation.	See Amendment 0002
4				It is a very long shot, but if you are aware of a proposed prime that needs an SDVOSB sub, please let me know.	Bid per RFP
5				We have downloaded all the available RFP documents from PIEE. However, Attachments “H, I, and J” were not provided, which are the drawings, specifications and price proposal form. Were these going to be provided or were offerors to use the documents provided previously in the presolicitation? Please let us know if we overlooked an instruction within the RFP.	See Amendment 0002

6				We have downloaded the files from PIEE for the Mega MACC, but we do not see any drawings or specifications for the Seed Project P-691 (Attachments H, I & J) which is referenced in the RFP. Do we need to request a DOD Safelink for these or will they be issued separately?	See Amendment 0002
7				Please advise when the Government will be providing final drawings to the Offerors for this solicitation.	See Amendment 0002
8				Can you tell me if there will be a site visit for a “seed project”?	See Amendment 0002
