CONTINUATION SHEET

1. QUESTION: Building Count- The documents reference both 31 and 36 BEQs—please confirm the correct number of buildings included in this phase.

ANSWER: 36 is a typo correct number of buildings is 31 per list.

2. QUESTION: Door / Frame Condition- Please confirm that all existing doors are compatible with standard mortise RFID lock installation without modification.

ANSWER: All doors have the standard mortise type lock, due to the variety of different locks that are installed there will be some type of modification.

3. QUESTION: Door Modifications Responsibility- If modifications to doors or frames are required, please confirm whether this is included in the contractor's scope.

ANSWER: The modification of door and frame are the responsibility of the lock installer.

4. QUESTION: Wi-Fi / Network Responsibility- Please confirm whether the contractor is responsible for providing or upgrading Wi-Fi/network infrastructure required for lock operation.

ANSWER: Contractor shall be responsible for the full operation of the network infrastructure of the lock laptop and all upgrades. Laptops are not to have Wi-Fi user access from the laptops provided under this contract.

5. QUESTION: System Integration- Will the new lock system need to integrate with an existing base-wide system, or operate as a standalone system?

ANSWER: All laptops for each building shall be standalone system.

6. QUESTION: Occupied Building Conditions- Please confirm that buildings will remain occupied during construction and advise on any access limitations (working hours, escort requirements, etc.).

ANSWER: Correct all areas of lock installation shall be occupied and must be secured daily.

7. QUESTION: Room Access / Phasing- Will the contractor have access to multiple rooms simultaneously, or will work need to be phased by room or floor?

ANSWER: Both of this will be coordinated with each barracks manager on a case-by-case situation.

8. QUESTION: Project Duration / Schedule- Please confirm the anticipated duration of the project and any required phasing or milestone completion requirements.

ANSWER: 540 days, anticipated for completion of this project. Phasing to secure one building at a time each BEQ will remain in operation during the entire construction period. Contractor shall conduct his operation so as to cause the least possible interference with normal operation of the facility and activity of each BEQ.

9. QUESTION: Approved Manufacturer- Please confirm approved manufacturer(s) for the RFID lock system and whether this is a sole-source specification.

ANSWER: **Basis of design is Dormakaba RFID lock system.**

10. All other terms and conditions remain unchanged.
