Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors, applies to all contracts subject to the Service Contract Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is the victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.

Note: Executive Order 13658 generally applies to contracts subject to the Service Contract Act that were awarded on or between January 1, 2015 and January 29, 2022, and that have not been renewed or extended on or after January 30, 2022. If a contract is subject to Executive Order 13658, the contractor must pay all covered workers at least \$13.30 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract in 2025. The applicable Executive Order minimum wage rate will be adjusted annually. Additional information on contractor requirements and worker protections under Executive Order 13658 is available at www.dol.gov/whd/govcontracts.

ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: \$5.55 per hour, up to 40 hours per week, or \$222.00 per week or \$962.00 per month

HEALTH & WELFARE EO 13706: \$5.09 per hour, up to 40 hours per week, or \$203.60 per week, or \$882.27 per month*

*This rate is to be used only when compensating employees for performance on an SCA-covered contract also covered by EO 13706, Establishing Paid Sick Leave for Federal Contractors. A contractor may not receive credit toward its SCA obligations for any paid sick leave provided pursuant to EO 13706.

VACATION: 1 week paid vacation after 1 year of service with a contractor or successor; 2 weeks after 2 years; 3 weeks after 5 years; and 4 weeks after 15 years. Length of service includes the whole span of continuous service with the present contractor or successor, wherever employed, and with the predecessor contractors in the performance of similar work at the same Federal facility. (Reg. 29 CFR 4.173)

HOLIDAYS: A minimum of eleven paid holidays per year: New Year's Day, Martin Luther King Jr.'s Birthday, Washington's Birthday, Memorial Day, Juneteenth National Independence Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day. (A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4.174)

**** OCCUPATIONS NOT INCLUDED IN THE SCA DIRECTORY OF OCCUPATIONS ****

ECS Instructor Site Lead

Support delivery of the ECS Course of Instruction. Additionally, he or she shall act as Site Lead for the contract. The contractor shall designate a Contract Site Lead, which, in addition to performing instructor duties of weapons-based instructors or medical support instructors, shall provide overall management, supervision, and coordination of the daily production at the respective training location, and shall act as the local point of contact for the Government. The Contract Site Lead shall have full authority to act for the contractor on all contract matters relating to the daily operations of the contract at the training location.

The instructor site lead shall have the qualifications and experience requirements of an ECS Weapons-based Instructor I - Judgement-based Engagement Training (JET), ECS Weapons-based Instructor II - High Risk, or ECS Medical Support Tactical Combat Casualty Care (TCCC) Instructor as detailed in the above sections.

ECS Medical Support Tactical Combat Casualty Care -TCCC Instructor

Support delivery of the ECS Course of Instruction. Medical support instructors will perform classroom and laboratory instruction. This instruction involves delivery of formal course curriculum in the areas of Basic First Aid, and Defense Health Agency (DHA) Combat Lifesaver/Tier 2 Tactical Combat Casualty Care (TCCC). Medical support instructors shall provide for daily set-up and maintenance of all medical training aides utilized in ECS training. Instructors will deliver a wide variety of training topics, as well as providing instructional and safety support for live-fire weapons training.

Medical instructors shall possess at least two (2) years of experience, within the most recent five years, in providing military first aid or emergency room / trauma center care.

Additionally, Medical support instructors must have and maintain current Tactical Combat Casualty Care (TCCC) certification in accordance with the latest Pre-hospital Trauma Life Support (PHTLS) standards.

All instructors shall have one (or more) of the following qualifications:

1. Have attended the Navy Instructor Training Course (NITC) (A-012-0077) (or military service equivalent), or
2. Academic credentialing (teacher/professor), or
3. Instructor training via an academic institution. Academic ITC requirements should contain at a minimum, these Learning Objectives:
 - (a) Effective communication and questioning techniques

- (b) Adult learning theory and principles
- (c) Instructional Delivery methods
- (d) Lesson delivery performance laboratory
- (e) Training environment management
- (f) Inter-personal skills
- (g) Evaluation and Feedback

In order to perform the ECS training services as provided for in this PWS, the instructor shall possess a minimum of two (2) years practical experience involving:

ECS Medical Support TCCC Instructor Phase Lead

Phase lead shall have all qualifications and experience requirements of ECS Medical Support TCCC Instructor. Phase leads shall support delivery of the ECS COI and be responsible for all phase leadership to include instructor assignments and scheduling.

ECS Weapons-based Instructor I - JET Phase Lead

Phase lead shall have all qualifications and experience requirements of Weapons-based Instructor I – JET. Phase leads shall support delivery of the ECS COI and be responsible for all phase leadership to include instructor assignments and scheduling.

ECS Weapons-based Instructor II - High Risk

Support delivery of the ECS Course of Instruction. The ECS course is designed to provide basic expeditionary combat skills training necessary to professionally and safely perform high-risk security operations when assigned to Navy Expeditionary Combat Command NECC or Naval Special Warfare NSW organizations. This course will provide NECC and NSW personnel with the necessary individual knowledge, skills and abilities to perform Basic Tactical Communications, Convoy Operations Basic, Small Arms M9 and M4 Marksmanship and Combat Shooting, Counter Improvised Explosive Devices C-IED, Combat Lifesaver/Tier 2 Tactical Combat Casualty Care TCCC, Basic CBRNE Procedures, and Tactical Decision Making - Shoot/Don't Shoot-. The ECS course will allow personnel to demonstrate, qualify and become comfortable with both primary and secondary weapons. Students will perform basic movement while engaging targets, transition from primary to secondary weapon, execute vehicle emergency egress procedures, and conduct live-fire exercises in a controlled environment. This course is classified as High Risk as defined in OPNAVINST 1500.75 -Policy and Guidance for Conducting High-Risk Training.

ECS Weapons-based Instructor II - High Risk Phase Lead

Phase lead shall have all qualifications and experience requirements of Weapons-based Instructor II High Risk. Phase leads shall support delivery of the ECS COI and be responsible for all phase leadership for their associated weapon M9 or M4 to include instructor assignments and scheduling.

Expeditionary Combat Skills ECS Weapons-based Instructor I -Judgement-based Engagement Training JET

Support delivery of the ECS Course of Instruction COI and qualify to act as a Judgement-based Engagement Training JET Instructor. JET is designed to answer the fundamental use of force question, When can I pull the trigger? The goal of JET is to enhance the student's ability to rapidly recognize threats and quickly respond with lawful and appropriate levels of force. Legal briefings familiarize students with the depth and permissive nature of the law and Standing Rules of Engagement concerning the right of self-defense; the tactical realities and psychological dynamics of a deadly force encounter; and, the interrelationship between the law and force-on-force, judgment based training. Highly effective and realistic situational and firearms training allow students to experience the stress of a deadly force encounter by engaging adversarial role players using real firearms that shoot simunition marking rounds plastic, dye-filled projectiles. An adversary role player, often similarly armed, is encountered, a shoot-no shoot judgment must be made, and trainees must react and

eliminate the threat, or in some cases, not shoot. The projectiles provide realistic recoil, point of aim, and noise.
