

REQUEST FOR INFORMATION (RFI)

Paper – Offset and Inkjet-Treated Rolls

1. NOTICE

This is a Request for Information (RFI) issued for market research purposes only in accordance with MMAR Part 10 and applicable agency supplements. This RFI is NOT a solicitation for proposals, quotations, or bids, and shall not be construed as a commitment by the Government to issue a solicitation or award a contract. The Government will not pay for any information submitted in response to this RFI.

2. GENERAL INFORMATION

- Agency: Government Publishing Office (GPO)
- Office: Planning and Control
- NAICS Code: [To Be Determined]
- PSC Code: [To Be Determined]

3. PURPOSE

The purpose of this RFI is to conduct market research to identify capable sources, assess industry capability to meet the Government's requirements, and gather information related to availability, production capacity, supply chain considerations, and Rough Order of Magnitude (ROM) pricing for offset and inkjet-treated paper products.

4. BACKGROUND

The Government Publishing Office (GPO) is seeking to enhance the quality and performance of congressional print products. Current operations primarily utilize web offset paper rolls. GPO is exploring a phased transition to inkjet-treated paper to support evolving printing technologies.

The Government seeks to understand industry capability to supply both offset and inkjet-treated paper, including the ability to support a transition period where both product types may be required concurrently.

Delivery will be required to one or more of the following locations:

- Washington, DC Headquarters
- Laurel, Maryland Facility

5. DRAFT REQUIREMENT (SOO/SOW)

The Government anticipates a requirement for paper roll products with the following characteristics:

- 40 lb. offset paper rolls with:
- 3-inch core

- 50-inch diameter
- Widths: 13", 15", and 18.5"
- No splices
- Products must meet applicable JCP A55 standards
- Delivery shall occur within one (1) month after order placement

Vendors shall:

- Demonstrate capability to supply offset paper rolls
- Recommend equivalent inkjet-treated paper alternatives
- Support a phased transition from offset to inkjet-treated paper within approximately six (6) months during the first year

Vendors shall indicate whether they can:

- Support the requirement in full
- Support partial quantities or specific CLINs only

6. CAPABILITY QUESTIONS

Respondents are requested to address the following:

- Describe your company's capability to meet the requirement.
- Identify relevant past performance.
- What contract vehicles do you hold (e.g., GSA MAS, SEWP)?
- Recommend appropriate NAICS and PSC codes.
- Identify any risks or gaps in the requirement.
- Provide Rough Order of Magnitude (ROM) pricing for each CLIN.
- Identify typical lead times and any supply chain constraints.
- Identify minimum order quantities.
- Describe manufacturing source (domestic vs. international).
- Confirm ability to meet JCP A55 standards.
- Describe ability to support both offset and inkjet products concurrently.

7. DRAFT CLIN STRUCTURE (Firm Fixed Price)

Respondents are requested to provide ROM pricing on a per pound basis and extended total price per CLIN.

- CLIN 0001 – 13"W, 50" Diameter, 3" Core, 40lb Offset Paper – 528,000 lbs
- CLIN 0002 – 15"W, 50" Diameter, 3" Core, 40lb Offset Paper – 272,000 lbs
- CLIN 0003 – 18.5"W, 50" Diameter, 3" Core, 40lb Offset Paper – 724,000 lbs
- CLIN 0004 – 13"W, 50" Diameter, 3" Core, 40lb Inkjet-Treated Paper – 264,000 lbs
- CLIN 0005 – 15"W, 50" Diameter, 3" Core, 40lb Inkjet-Treated Paper – 136,000 lbs
- CLIN 0006 – 18.5"W, 50" Diameter, 3" Core, 40lb Inkjet-Treated Paper – 362,000 lbs
