Sole Source (Including Brand Name) Justification - Simplified Procedures for Certain Commercial Items

I. Contracting Activity.

AFRL/PKI

II. Nature and/or description of the action being processed.

The Government has a requirement for the purchase of the below listed items, also included on the BOM.

Siemens Altair Graph Studio Production License - 2

Siemens Altair Graph Lakehouse 16 Production Cores - 2

Contract Type: FFP Funding: FY25 3600 R&D

Value of the above based on market research is

Appropriation for this requirement is Fiscal Year 2026: AFRL/IZD (3600 funds).

Period of Performance is 05/01/2026 - 04/30/2027 with no option years.

III. Description of supplies/services required to meet agency needs.

This procurement provides a one-year maintenance for Siemens Altair Graph Studio Production License and Siemens Altair Graph Lakehouse (16 Production Cores). Siemens Altair Graph Studio License is an enterprise-scale knowledge graph tool set designed for agile data integration, transformation, and analytics. It applies a semantic, graph-based data fabric layer over diverse enterprise data sources, making insights clearer and connections explicit. It helps eliminate data silos, activate unused data, and provide comprehensive organizational context for analytics solutions. Siemens Altair Graph Lakehouse (16 Production Cores) is a high-performance, massively parallel processing (MPP) graph engine optimized for executing queries and delivering results against large datasets in seconds. It supports advanced analytics, including graph algorithms and geospatial functions, and is tailored for scalability and speed.

IV. Statutory authority permitting other than full and open competition.

10 U.S.C. 2302b, Implementation of Simplified Acquisition Procedures (41 U.S.C. 1901), as implemented by FAR 13.5, DFARS 213.5, and DAFFARS 5313.5 (incorporating DAFFARS 5306.304)

V. Demonstration that the contractor's unique qualifications or nature of the acquisition requires the use of the authority cited above (applicability of authority).

Siemens Altair Graph Studio License offers unique capabilities not available from other products, such as:

Sole Source (Including Brand Name) Justification - Simplified Procedures for Certain Commercial Items

- Advanced support for digital engineering, MBSE, and data fabric initiatives
- Secure, scalable deployment options supporting hybrid and classified environments
- Proven interoperability with systems such as IBM DOORS, Cameo, PTC Windchill, SAP, and other enterprise platforms

The requested software is essential to the Government's requirements and market research indicates other companies' similar products, or products lacking the particular feature, do not meet, or cannot be modified to meet the needs of AFRL.

VI. Description of efforts made to ensure that offers are solicited from as many potential sources as practicable.

Market research was conducted via the internet, DoW ESI, 2GIT and NASA SEWP by AFRL/IZD in March and April of 2026. In the course of market research, a request for information (RFI) was posted on NASA SEWP. Zero responses were received as this is a sole source product. The only authorized vendor for this product is:

Crown Point Technologies, LLC

VII. Determination by the Contracting Officer that the anticipated cost to the Government will be fair and reasonable.

The Contracting Officer will determine the anticipated cost to the Government to be fair and reasonable using price analysis techniques, including comparison to historical prices, parametric analysis, and review of competitive published price lists.

VIII. Description of the market research conducted and the results, or a statement of the reasons market research was not conducted.

Market research was conducted via the Internet, DoW ESI, 2GIT and NASA SEWP by AFRL/IZD in March and April of 2026. In the course of market research, a request for information (RFI) was posted on NASA SEWP. Zero responses were received.

IX. Any other facts supporting the use of Other Than Full and Open Competition.

Our market research efforts show this requirement was posted as a Request for Information (RFI) on NASA SEWP and demonstrates it cannot be met with vendors that have BPA's with the U.S. Government. This is a sole source product and the sole source letter is enclosed.

X. List of any sources that expressed, in writing, an interest in the acquisition.

N/A

Sole Source (Including Brand Name) Justification - Simplified Procedures for Certain Commercial Items

XI. A statement of the actions, if any, the agency may take to remove or overcome any barriers to competition before making subsequent acquisitions for the supplies or services required.

AFRL/IZD will continue to monitor the market and HHQ and DoD guidance to determine the existence of other sources for business intelligence solutions which are compatible with the EBS environment.

XII. Certification by the Contracting Officer.

As evidenced by my signature above, I have determined this document to be both accurate and complete to the best of my knowledge and belief.

XIII. Certification by the technical/requirements personnel.

As evidenced by my (our) signature(s) above, I (we) certify that any supporting data contained herein, which is my (our) responsibility, is both accurate and complete.
