INSTRUCTIONS TO PROPOSERS

5.2 PROPOSAL SUBMISSION INSTRUCTIONS

5.2.1 In response to this request for proposal, **Offerors shall submit a separate Price Proposal and Non-Cost/Price Factors Proposal**, submitted in accordance with the Basis of Evaluation and Submittal Requirements for Each Factor and as follows:

Non-Price Proposal: Offerors shall submit a non-price proposal in PEE by the established due date and time. Offerors who have previously submitted a non-price proposal need not re-submit unless there are revisions. Offerors who wish to use a previously submitted non-price proposal do not need to submit again in PEE. If an offeror intends to revise their non-price proposal, the Offeror must re-submit the non-price proposal IN WHOLE. The Government will not accept partially revised proposals. The Government intends to evaluate non-price proposals previously received unless an Offeror indicates their withdrawal by 16 July 2025.

Price Proposal: Price proposals shall be submitted in PEE in accordance with the requirements established in Amendment 0016 and this amendment (including ATT H Price Proposal From (REV 05132025) and a fully executed PLA)

3. PPI Responses:

692		Amendment 0016		The addition of a PLA requirement substantially impacts our interest in this procurement and the location of the seed project makes a PLA even more challenging. As previously discussed, the terms of the PLA previously proposed for this market limits competition at the subcontract level which we believe is a violation of the Competition in Contracting Act. We will be unable to submit a revised proposal with a PLA by the requested date and would recommend that NAVFAC perform market research for the PLA requirement first.	PLA requirement remains, Bid per RFP.
693		Amendment 0016		Please confirm that executing a PLA with one trade organization is sufficient to meet the PLA requirement for this solicitation as per FAR 52.222-33(b)(1), and 52.222-34 Alt II (b)(1).	PLAs should conform to FAR 22.504, EO 14063, and related orders.
694		Amendment 0016		Please confirm that the only parties that would need to use unionized labor for this project are the relevant subcontractors/vendors that would solicit labor through the organization that is signatory to the PLA.	PLAs should conform to FAR 22.504, EO 14063, and related orders.
695		Amendment 0016		Please confirm that market research has been done in the geographic area of the seed project to confirm the economic and physical feasibility of the PLA requirement.	Confirmed, Bid per RFP.
696		Amendment 0016		We are requesting additional time to negotiate a PLA with	See Amendment 0017.

				the labor unions as well as solicit new pricing from the subcontractor market. The four (4) weeks provided in the last amendment is not adequate enough and we are requesting an additional four (4) weeks to negotiate a PLA and resolicit pricing for this project.
