

1. **W9123826QA014 – Yuba Gravel Placement Base + 4**

The Government anticipates issuing a solicitation Request for Quotes (RFQ) with the intent of awarding a Firm-Fixed Price contract for Yuba Gravel Placement Services at lower Yuba River channel below Englebright Dam.

Project Description: The contractor shall provide all labor, equipment, and materials necessary to place heterogeneous mix of gravel and cobble into the lower Yuba River channel below Englebright Dam as a requirement of a Biological Opinion issued by the National Marine Fisheries Service (NMFS).

This prospective contract action will be conducted using NAICS Code is 237990 Other Heavy and Civil Engineering Construction. The size standard is \$45 million. Product Service Code is F019 Natural Resources Conservation-Other Wildlife Management.

The solicitation will proceed as a 100% small business set-aside and is estimated to be issued on or about 11 May 2026 with quote due tentatively on 8 June 2026. The RFQ will be issued on the Government Point of Entry known as SAM.gov and will establish a firm quote due date/time.

If applicable, the site visit date, time and location will be identified in the solicitation.

BE ADVISED THAT THIS PROJECT MAY BE DELAYED, CANCELLED OR REVISED AT ANY TIME DURING THE PRE-SOLICITATION, SOLICITATION, SELECTION, EVALUATION, NEGOTIATION AND/OR FINAL AWARD PROCESS.

The only INTERESTED VENDORS LISTS (plan-holder's/bidder's list) is available via SAM.gov. Contractors are responsible for self-identifying as interested vendors and viewing other interested vendors. Contractors should check beta.sam.gov frequently for any changes to the interested vendors list and notice.
