UNLIQUIDATED OBLIGATIONS

The Government intends to unilaterally de-obligate any unliquidated obligations 90 days after each period of performance. Prior to doing so, the Contracting Officer (or Administrative Contracting Officer) will notify the contractor of the intended amount of de-obligation and ask the contractor to confirm within one week that all invoices for the completed period of performance have been submitted and processed for payment (with the exception of any invoice for rate adjustment upon receipt of DCAA approved final rates for any cost-type CLINs or SLINs). Upon confirmation that all invoices have been submitted and processed for payment, or upon the contractor's failure to respond to the PCO/ACOs notification of intent to de-obligate, the Contracting Officer or Administrative Contracting Officer will unilaterally de-obligate the potential ULOs by reducing the funded amount to an amount equal to the contractors invoiced/paid amount for that contract period of performance.

Note: Reduction of cost-reimbursement CLINs or SLINs in accordance with the above DOES NOT change either party's obligations under a Final Invoice submitted upon DCMA establishing final rates for each CLIN and or SLIN.

Continuation of Description

PERFORMANCE WORK STATEMENT FOR ANALYTICAL OPERATIONAL TEST AND EVALUATION SUPPORT SERVICES FOR OPTEVFOR INFORMATION WARFARE (CODE 60)

1. Scope of Tasking. Contractor will provide technical and analytical support to Operational Test and Evaluation Force (OPTEVFOR) in the definition, conduct and analysis of structured Operational Test and Evaluation (OT&E) of Information Warfare (IW) systems. This support will be required in one or more of the following forms: Documentation Review, Operational Test Design, Test Planning Support, Test Execution, Data Management, Test Operations Support, Test Analysis and Reporting, Modeling and Simulation (M&S) Support, and Program Management Support. OPTEVFOR is charged with leading the Operational Test community with highly skilled testers and staff that adapt to change, and provide credible, prompt, warfighting-focused test results to Navy, Marine Corps and Coast Guard forces and acquisition leadership.

2. Background There are five warfare divisions at OPTEVFOR that are supported by competency divisions. The warfare divisions include Undersea Warfare (40), Air Warfare (50), Information Warfare (60), Surface Warfare (70), Expeditionary Warfare/Littoral Combat Ship (80) Division. Each warfare division has a Navy Captain as the division Director with a senior civil servant as the Deputy or a senior civil servant as the division Director and a Navy Commander as the Deputy.

The warfare divisions represent the traditional core of the OPTEVFOR organization. This is where the Fleet operators reside. The work there allows OPTEVFOR to bridge the gap from technical to the tactical, successfully. The warfare divisions are staffed by uniformed military personnel and Navy government civilians, augmented by a contractor workforce.

There are four competency divisions: Policy and Operations (01A), Test Design (01B), Test Planning and Analysis (01C) and Cybersecurity Testing (01D). In addition, the Technical Director (00TD) oversees the technical aspects of the Command's mission. Other support divisions include the Staff Commanding Officer and Administration (10), Chief Information Officer (CIO) (20), Contracts (01K), and the Comptroller (30). The members of the competency divisions generally work within the test team to ensure that the Commander's policies are adhered to and that best practices are applied. Test Policy, Operations and Training (Code 01A) ensures OPTEVFOR policy conforms to Navy Test and Evaluation (T&E) Policy; monitors production of T&E products; leads continuous process improvement efforts; coordinates external OT&E inquiries Inspector General and Government Accountability Office; manages all government T&E training (including budget requests); provides T&E editorial support to the command; and plans, analyzes and evaluates the effectiveness of command processes.

Test Design and M&S (Code 01B) is responsible for the Mission- Based Test Design (MBTD) process, M&S technical review, test planning and post-test iterative process analysis support, test design production, Capabilities Based Test and Evaluation coordination, and Targets, Ranges, and Test Resources coordination.

Test Planning and Analysis Division (Code 01C) is responsible for policy, processes and standardization for test planning, test execution, post-test analysis and evaluation (reporting). This includes Lead Test Engineer support to the OPTEVFOR Warfare Divisions and Fleet Resources coordination to support execution of OT&E.

Cybersecurity Division (Code 01D) OT&E integrates critical cybersecurity testing into the acquisition lifecycle and tests Systems under Test (SUT) per Department of Defense Instruction 5000.02 and Director, Operational Test and Evaluation (DOT&E) Memorandum of 01 August 2014. The Warfare division will be responsible for executing acquisition test design, planning support to ultimately provide the Cybersecurity OT&E group (01D) support in cybersecurity execution and reporting. Through a rigorous and iterative test process, Cybersecurity OT&E assists in the development and fielding of more secure and resilient Information Technology (IT) systems supporting the warfighters. Code 01D Cybersecurity OT&E group includes the following support positions: Technical Director, Future Capabilities and Threat Emulation Developer, Analysis Manager, Training and Lab Manager, Test Team Leads and Certified Ethical Hackers.

3. Information Warfare Division and Supported Programs The Information Warfare (IW) Division (Code 60) tests and evaluates all ashore and afloat Command, Control, Communications, Computers, Intelligence, Space, Business, and Enterprise Information systems such as radars, radio frequency transmitters/receivers, digital switching networks, identification friend or foe, tactical decision-making systems, intelligence systems, combat direction systems, tactical links, information warfare systems, cryptologic systems, space and satellite systems, and non-tactical automated information systems. The division's main effort is to assist, through early involvement, in the acquisition process conduct tests, and provide timely and accurate evaluations to characterize system performance and resulting capability. Current IW test and evaluation programs include, but are not limited to:

- Automated Digital Network System (ADNS) Software Defined Network (SDN)
- Advanced Extremely High Frequency Satellite Communication Sys (AEHF)
- Amphibious Tactical Communications System (ATCS)
- Advanced Tactical Data Link Systems (ATDLS)/ LINK16
- Battle Force Tactical Network (BFTN) Resilient Command, Control, and Communications (RC3) System Enhancement (BRSE)
- Command and Control Air Operations Suite (C2AOS)
- Command and Control Processor (C2P)
- Consolidated Afloat Network and Enterprise Services (CANES)
- Commercial Broadband Satellite Program (CBSP) Satellite Terminal Transportable Non-Geostationary (STtNG)
- Cryptologic Carry-On Program (CCOP)
- Counter Insider Threat Capability (CITC)
- Computer Network Defense (CND)
- Distributed Common Ground System - Navy Increment 2 (DCGS-N Inc 2)
- Department of Defense Health Management System Modernization (DHMSM)
- Digital Modular Radio (DMR)
- Electronic Procurement System (ePS)
- Enhance Polar Satellite - Replacement (EPS-R)
- Enterprise Resource Planning (ERP)/ Next Generation ERP (ERP+)
- Environmental Satellite Receiver Processors (ESRP)
- Force Level Integration Suite (FLINT)
- Global Broadcasting System (GBS)
- GPS-Base Positioning, Navigation, and Timing Service (GPNTS)
- Joint Military Global Positioning System (GPS) User Equipment (MGUE)
- Global-Theatre Security Cooperation Management System (G-TSCMIS)
- Hazardous Weather Detection and Display Capability (HWDDC)

4. Period of Performance and Location.

4.1. Period of Performance. See schedule.

4.2. Place of Performance. Unless required to support mission accomplishment, work shall primarily be performed at the customer's site. If the number of personnel exceeds onsite capabilities, unclassified work will be expected to be performed offsite. The government will not determine a situation where the contractor may utilize "Telework" as this is a professional services contract, so any work performed by the contractor away from the customer location will be upon the contractor to ensure all requirements are being met within the respective task orders issued under this contract. The customer location is:

Operational Test and Evaluation Force
7970 Diven Street
Norfolk, VA 23505-1498

While onsite at OPTEVFOR, the contractor shall comply with OPNAVINST 5239 (series), with specific regard to non-government hardware and software. Normal workdays at OPTEVFOR are Monday through Friday and normal working hours are from 0730 through 1600 EST. The manned quarter deck watch will unlock the front and back doors to CA-10 at 0500 (M-F) and lock the front and back doors to CA-10 at 1830 (M-F). Any contractor who desires to remain past 1830 in CA-10 to perform services under their support contract MUST notify the quarterdeck CDO/watch stander NLT 1700 on the day they will be working past 1830. Once the contractor has secured all work and access in their respective workspace, they will notify the CDO/watch stander that they are securing for the day.

4.3. Travel. Travel can be expected to occur CONUS and OCONUS and will be required throughout the course of this contract. The need for travel associated with this PWS shall be determined in advance by the COR at the Task Order level and authorized by the COR. Travel shall be paid by the Contractor and reimbursed by the Government. Travel costs/expenses will be considered reasonable and allowable only to the extent that they do not exceed on a daily basis, the maximum per diem rates in effect at the time of the travel. Travel expenses include airfare, per diem, rental car, local travel and miscellaneous expenses as authorized by the Joint Travel Regulations (JTR). Costs for transportation may be based upon mileage rates, actual costs incurred or a combination thereof, provided the method used results in a reasonable charge. No mileage costs will be incurred when travel is within a 50-mile radius of the primary work location. The JTR, while not wholly applicable to Contractors, shall provide the basis for the determination as to reasonable and allowable. Maximum use is to be made of the lowest available customary standard coach or equivalent airfare accommodations available during normal business hours. Exceptions to these guidelines shall be approved in advance by the Contracting Officer or Designee. Travel dates and locations are to be confirmed through the TA and approved by the COR in writing via email, prior to commencement of any travel.

4.4. Observed Federal Holidays

Columbus Day
Veterans Day

Thanksgiving
Christmas Day
New Year's Day
MLK Jr. Day/Inauguration Day Mon

4.5. Travel Instructions

4.5.1. Ensure all Contractors supporting this requirement meet the minimum requirements of the Commander, U.S. Fleet Forces Command /Commander, U.S. Pacific Fleet Instruction 6320.3B, dated 07Apr14, Medical Screening for U.S. Government Civilian Employees, Contractor Employee's, and Guests and Visitors Prior to Embarking Fleet Units.

4.5.2. Any travel OCONUS by the Contractor will need to review the Foreign Clearance Guide at <http://www.fcg.pentagon.mil> and select the country of intended travel. During OCONUS travel, the contractor shall operate in accordance with International Traffic in Arms Regulation (ITAR) Part 124, approved by US Department of State, Office of Defense Trade Controls.

4.5.3. The Contractor is not authorized to perform any travel that is not in conjunction with this contract. It is the Department of the Navy policy not to allow a charge of profit or fee on reimbursable items.

4.5.4. The Government will make no reimbursements for a contractor's local travel (defined as less than 50 miles from the place of performance).

4.5.5. In no instance shall the contractor exceed the amount specified in the contract for travel Contract Line Item Number (CLIN) expenses.

4.5.6. Locations include CONUS, OCONUS and at sea locations and any other location, which may be added on a Task Order (TO) basis based on future test requirements.

4.5.7. For planning purposes any travel location OCONUS must be considered as a possible travel location unless travel restrictions at time of test do not permit entry. Possible OCONUS locations include, but are not limited to the following: Sasebo, Japan, Naples Italy, Australia, Hawaii, Halifax, Nova Scotia, Nanose, British Colombia, and any other location, which may be added on a TO basis based on future test requirements.

5. Specific Tasking. The contractor shall provide support in evaluating the operational effectiveness and suitability of the system under test that has been assigned to OPTEVFOR for OT&E in accordance with the processes and procedures prescribed in OPTEVFOR M-3980.2 (series), the Operational Test and Evaluation Manual. This manual and other governing OT&E references are listed in paragraph 13 and are available from the OT Resource Library on the OPTEVFOR Sharepoint site:

<https://flankspeed.sharepoint-mil.us/sites/OPTEVFOR/SitePages/01A-Division-OT-Resources.aspx>.

5.1. All government furnished Non-Secure Internet Protocol Router (NIPR) templates to be used by the contractor shall only be obtained from the authoritative source, the OT Resource Library on the OPTEVFOR Sharepoint site

<https://flankspeed.sharepoint-mil.us/sites/OPTEVFOR/SitePages/01A-Division-OT-Resources.aspx>.

5.2. All government furnished Secure Internet Protocol Router (SIPR) templates to be used by the contractor shall only be obtained from the authoritative source, the OPTEVFOR SIPR Share Drive:

Y: / OT&E Production Library.

5.3. The contractor shall sign up for the OPTEVFOR "Alerts for OT Resource Changes" to receive updates (which can be tailored on what you receive) on all instructions, Best Practices, and templates. Instructions to sign up are found on the OPTEVFOR SharePoint page under 01A - Operations, OT Instructions and Guidance:

<https://flankspeed.sharepoint-mil.us/sites/OPTEVFOR/SitePages/01A-Division-OT-Resources.aspx>

5.4. The relevant process that requires the use of government furnished templates are (but not limited to):

- a. Test Design
 - o LTD Brief
 - o LTD Letter
 - o IEF and TIEF
 - o IEF Change Letter
 - o SWP TIEF Approval Letter
 - o E-IPR Brief
 - o RCRM
- b. Test Strategy
 - o TEMP or MTS Letter (O6 Comment, Signature, Change)
 - o TECP Brief
- c. Test Planning

5.5. Overall Task Guidance. To gain efficiencies and synergy in contract execution, the Government encourages the Contractor to consider:

5.5.1. Flexibility in production. OPTEVFOR produces information which may take many forms. Support teams should be willing to experiment, bring up new ideas or better ways of doing things, but remain willing to execute stated processes as required by the contract and/or task order.

5.5.2. Present concerns about the validity of the information produced, and value to the end customer (Fleet or Program). Remain willing to defend a contrary position until government makes a final decision.

5.5.3. Remain Efficient and Economical in production. Strive to produce information as quickly as possible without sacrificing quality, and with the appropriate level of expertise.

5.5.4. Maintain a broad perspective. Awareness of testing outside of a specific program to seek and recommend testing efficiencies and overall kill chain evaluation opportunities.

5.5.5. Technical competence. Improve T&E community's ability to understand, analyze, communicate, and ultimately visualize T&E issues from a warfighter and technical perspective.

5.6. Mission Based Test Design

5.6.1. Mission Analysis

5.6.1.1. The Contractor shall perform Mission Based Test Design (MBTD) mission analysis in accordance with the Integrated Evaluation Framework (IEF) Checklist and IEF Template, respectively.

5.6.1.2. The contractor shall analyze source data to perform Mission Based Test Design mission analysis.

5.6.1.3. The contractor shall identify and document the mission areas.

5.6.1.4. The contractor shall identify and document system capabilities.

5.6.1.5. The contractor shall derive and document operator tasks.

5.6.1.6. The contractor shall define and document the operational conditions applicable to the system to be tested.

5.6.1.7. The contractor shall document the mission analysis in the Mission Based Test and Evaluation System (MBTES).

5.6.1.8. The contractor shall document the mission analysis in an IEF document.

5.6.1.9. The contractor shall review the mission analysis during MBTD reviews.

5.6.1.10. The contractor shall provide meeting minutes, to include any required comment resolution matrix for issues, to document the results of mission analysis MBTD reviews.

5.6.2. Requirements Analysis

5.6.2.1. The contractor shall perform Mission Based Test Design requirements analysis in accordance with the IEF Checklist and IEF Template, respectively.

5.6.2.2. The contractor shall analyze source data to perform Mission Based Test Design requirements analysis.

5.6.2.3. The contractor shall identify and document measures of system performance, inclusive of critical measures.

5.6.2.4. The contractor shall link measures of system performance to subtasks and document this linkage.

5.6.2.5. The contractor shall identify and document the data required to quantify the measures of system performance.

5.6.2.6. The contractor shall identify and document the data required to quantify the operational conditions applicable to the system to be tested.

5.6.2.7. The contractor shall document requirements analysis in the MBTES.

5.6.2.8. The contractor shall review the requirements analysis during MBTD reviews.

5.6.2.9. The contractor shall provide meeting minutes, to include any required comment resolution matrix for issues, to document the results of requirements analysis MBTD reviews.

5.6.3. Test Design

5.6.3.1. The contractor shall perform Mission Based Test Design requirements analysis in accordance with the IEF Checklist and IEF Template, respectively.

5.6.3.2. The contractor shall analyze source data to perform Mission Based Test Design.

5.6.3.3. The contractor shall identify and document the candidate response variables for statistical test design.

5.6.3.4. The contractor shall identify and document factors/conditions (with corresponding levels) associated with each response variable or critical measure used in test design.

5.6.3.5. The contractor shall participate in and document the statistical test design for candidate response variables and/or critical measures.

5.6.3.6. The contractor shall identify and document the test vignettes.

5.6.3.7. The contractor shall determine and document the appropriate test method.

5.6.3.8. The contractor shall determine and document a test schedule supporting execution of the test design.

5.6.3.9. The contractor shall identify and document the expected use of M&S in the execution of the test design.

5.6.3.10. The contractor shall determine and document the resources required to conduct the test.

5.6.3.11. The contractor shall determine and document the limitations to test based on known availability of resources and assets to conduct the test.

5.6.3.12. The contractor shall develop and document data sheets and test instrumentation (DELIVERABLE A001) to support test execution.

5.6.3.13. The contractor shall document the test design in the MBTES.

5.6.3.14. The contractor shall provide meeting minutes, to include any required comment resolution matrix for issues, to document the results of test design MBTD reviews.

5.7. Stakeholder Collaboration Working Integrated Product Team (WIPTs), outreach, etc

5.7.1. The contractor shall make recommendations to the warfare division in accordance with OPTEVFOR processes found in the OT&E Manual and IEF Checklist

5.7.2. The contractor shall identify and recommend outside organization(s) for participation and inclusion in Test Design activities.

5.7.3. When directed, the contractor shall coordinate briefings/meetings in support of OPTEVFOR Test Design activities in accordance with IEF Checklist and IEF Template.

5.7.4. When directed, the contractor shall participate in briefings/meetings in support of OPTEVFOR Test Design activities in accordance with IEF Checklist and IEF Template.

5.7.5. When directed, the contractor shall lead briefings/meetings in support of OPTEVFOR Test Design activities in accordance with IEF Checklist and IEF Template.

5.7.6. The contractor shall provide a trip report (DELIVERABLE A002) when the activities occur away from the OPTEVFOR site in Norfolk, VA.

5.8. Document and Brief Preparation. The contractor shall prepare and document briefings (DELIVERABLE A001) to include the IEF, Executive In-Process Review and stakeholder collaboration briefings, as directed.

5.9. Test and Evaluation Master Plan (TEMP) Input Preparation

5.9.1. The contractor shall analyze source data to provide input to the TEMP, to include program schedules, the IEF, applicable policy documents and any other program-provided materials

5.9.2. The contractor shall develop and document input to the TEMP IAW the DOT&E TEMP Guidebook.

5.9.3. The contractor shall develop and document comments to the TEMP related to or affecting OT&E.

5.9.4. The contractor shall provide a trip report (DELIVERABLE A002) when contract activities occur away from the OPTEVFOR site in Norfolk, VA.

5.10. Test Planning

5.10.1. Plan of Action and Milestones (POA&M)

5.10.1.1. The contractor shall develop and document a POA&M for the Test Planning process in accordance with the Test Planning Checklist.

- 5.10.1.2. The contractor shall analyze source data to perform Test Planning POA&M development.
- 5.10.1.3. The contractor shall obtain and maintain access to the program MBTES database to support the test planning process.
- 5.10.2. Purpose of Test
 - 5.10.2.1. The contractor shall perform the activities associated with development of Purpose of Test in accordance with the Test Planning Checklist.
 - 5.10.2.2. The contractor shall analyze source data to perform Test Planning Purpose of Test development.
 - 5.10.2.3. The contractor shall update and document the SUT and SoS descriptions from the IEF for use in the Test Plan.
 - 5.10.2.4. The contractor shall identify and document the SUT test configuration.
 - 5.10.2.5. The contractor shall identify and document the Developmental Test /Integrated Test contributions to OT&E.
 - 5.10.2.6. The contractor shall identify and document regression test requirements for any Follow- on OT&E phases, if applicable.
 - 5.10.2.7. The contractor shall identify and document changes to the limitations to test.
 - 5.10.2.8. The contractor shall update and document the Mission Critical Subsystem Matrix (MCSM) from the IEF.
 - 5.10.2.9. The contractor shall document the Purpose of Test activities in a Test Plan document in accordance with the Test Planning Checklist and the appropriate test plan templates.
 - 5.10.2.10. The contractor shall review the Purpose of Test activities during test plan reviews.
 - 5.10.2.11. The contractor shall identify test equipment/instrumentation needed for test execution.
 - 5.10.2.12. The contractor shall provide meeting minutes, to include any required comment resolution matrix for issues, to document the results of Purpose of Test reviews.
- 5.10.3. Test Schedule
 - 5.10.3.1. The contractor shall perform the activities associated with development of the Test Schedule in accordance with the Test Planning Checklist.
 - 5.10.3.2. The contractor shall analyze source data to perform Test Planning Test Schedule development.
 - 5.10.3.3. The contractor shall identify, recommend and document data to be qualified for use in OT&E.
 - 5.10.3.4. The contractor shall develop and document the Test Schedule, to include test events, for each test phase and period.
 - 5.10.3.5. The contractor shall document the Test Schedule data in the MBTES.
 - 5.10.3.6. The contractor shall document the Test Schedule activities in a TP document in accordance with the Test Planning Checklist and the appropriate TP templates.
 - 5.10.3.7. The contractor shall review the Test Schedule activities during TP reviews.
 - 5.10.3.8. The contractor shall provide meeting minutes, to include any required comment resolution matrix for issues, to document the results of Test Schedule TP reviews.
- 5.10.4. Detailed Method of Test (DMOT)
 - 5.10.4.1. The contractor shall perform the activities associated with development of the DMOT in accordance with the Test Planning Checklist.
 - 5.10.4.2. The contractor shall analyze source data to perform DMOT development.
 - 5.10.4.3. The contractor shall identify and document the data to be collected on each test event.
 - 5.10.4.4. The contractor shall develop and document the start and stop criteria for each test event.
 - 5.10.4.5. The contractor shall develop and document the GO/NO GO criteria for each test event.
 - 5.10.4.6. The contractor shall develop and document the DMOT for each test event.
 - 5.10.4.7. The contractor shall document the DMOT in a TP document in accordance with the Test Planning Checklist and the appropriate TP templates.
 - 5.10.4.8. The contractor shall review the DMOT during TP reviews.
 - 5.10.4.9. The contractor shall provide meeting minutes, to include any required comment resolution matrix for issues, to document the results of DMOT plan reviews.
- 5.10.5. Data Collection Plan (DCP)
 - 5.10.5.1. The contractor shall perform the activities associated with development of the DCP in accordance with the Test Planning Checklist.
 - 5.10.5.2. The contractor shall analyze source data to perform Test planning DCP development.
 - 5.10.5.3. The contractor shall review, update and document, as required, any changes to data requirements.
 - 5.10.5.4. The contractor shall develop and document the DCP.
 - 5.10.5.5. The contractor shall identify test equipment/instrumentation needed for test data collection.
 - 5.10.5.6. The contractor shall identify data repository.
 - 5.10.5.7. The contractor shall create and document data sheets, interview sheets, focus group sheets, and survey sheets in support of the DCP.
 - 5.10.5.8. The contractor shall document the DCP data in the MBTES.
 - 5.10.5.9. The contractor shall document the DCP in a TP document in accordance with the Test Planning Checklist and the appropriate TP templates.
 - 5.10.5.10. The contractor shall review the DCP during TP reviews.
 - 5.10.5.11. The contractor shall provide meeting minutes, to include any required comment resolution matrix for issues, to document the results of DCP TP reviews.
- 5.10.6. Data Analysis Plan (DAP)
 - 5.10.6.1. The contractor shall perform the activities associated with development of the DAP in accordance with the Test Planning Checklist and appropriate TP templates.
 - 5.10.6.2. The contractor shall analyze source data to perform Test Planning DAP development.
 - 5.10.6.3. The contractor will develop and document the Critical Operational Issue (COI) resolution method.
 - 5.10.6.4. The contractor will develop and document data scoring criteria.
 - 5.10.6.5. The contractor shall identify and document Scoring Board Guidance.
 - 5.10.6.6. The contractor shall provide a data analysis repository with Government concurrence.
 - 5.10.6.7. When directed, the contractor shall automate data analysis with Government concurrence.
 - 5.10.6.8. The contractor shall document the DAP in a TP document in accordance with the Test Planning Checklist and the appropriate TP templates.
 - 5.10.6.9. The contractor shall review the DAP during TP reviews
 - 5.10.6.10. The contractor shall provide meeting minutes, to include any required comment resolution matrix for issues, to document the results of DAP TP reviews.
- 5.10.7. Stakeholder Collaboration (WIPTs, outreach, etc.)
 - 5.10.7.1. The contractor shall make recommendations to the warfare division in accordance with OPTEVFOR processes found in the Test Planning Checklist and the appropriate TP templates.
 - 5.10.7.2. The contractor shall identify and recommend outside organization(s) for participation and inclusion in Test Planning activities.
 - 5.10.7.3. When directed, the contractor shall coordinate briefings/meetings in support of OPTEVFOR Test Planning activities in accordance with the Test Planning Checklist and the appropriate TP templates.

- 5.10.7.4. When directed, the contractor shall participate in briefings/meetings in support of OPTEVFOR Test Planning activities in accordance with the Test Planning Checklist and the appropriate TP templates.
- 5.10.7.5. When directed, the contractor shall lead briefings/meetings in support of OPTEVFOR Test Planning activities in accordance with the Test Planning Checklist and the appropriate TP templates.
- 5.10.7.6. The contractor shall provide a trip report (DELIVERABLE A002) when the activities occur away from the OPTEVFOR site in Norfolk, VA.
- 5.10.8. Document and Brief Preparation. The contractor shall prepare and document briefings (DELIVERABLE A001) to include the Test Plan, Data Collection Plan, Concept of Test, Test Plan Review Board and stakeholder collaboration briefings, as directed.
- 5.11. Modeling and Simulation (M&S) Support
- 5.11.1. M&S Requirements Development
- 5.11.1.1. The Contractor shall perform M&S Requirements Development in accordance with references OPTEVFORINST 5000.1 series, M&S Requirements Letter template, and Best Practice series
- 5.11.1.2. The contractor shall identify and document candidate critical measures/response variables, along with their associated conditions, during the Test Design portion of the MBTD process that will be supplemented by M&S data.
- 5.11.1.3. The contractor shall develop and document a M&S Requirements letter in accordance with M&S Requirements Letter template and Best Practice series.
- 5.11.1.4. The contractor shall review the M&S requirements during MBTD reviews.
- 5.11.1.5. The contractor shall provide meeting minutes, to include any required comment resolution matrix for issues, to document the results of M&S Requirements Development.
- 5.11.2. Develop Accreditation Plans
- 5.11.2.1. The contractor shall develop an M&S Accreditation Plan in accordance with the Accreditation Plan Development Guide and the Best Practice Series.
- 5.11.2.2. The contractor shall develop and document the accreditation approach method consistent with COTF policy.
- 5.11.2.3. The contractor shall develop and document the Accreditation Plan.
- 5.11.2.4. The contractor shall provide meeting minutes, to include any required comment resolution matrix for issues, to document the results of M&S Accreditation Plan Development.
- 5.11.3. Review Verification & Validation (V&V) Plans and Reports
- 5.11.3.1. The contractor shall review program M&S V&V plans and reports in accordance with M&S Requirements Letter template and Best Practice Series.
- 5.11.3.2. The contractor shall review and document disagreements or issues with V&V plan methodologies.
- 5.11.3.3. The contractor shall provide recommendations for alternative V&V methodologies supporting
- 5.11.3.4. OPTEVFOR Accreditation Requirements.
- 5.11.3.5. The contractor shall review program M&S V&V reports and document disagreements or issues with methodologies/results based on comparison with live test results.
- 5.11.3.6. The contractor shall develop and document the OPTEVFOR V&V Report addendum.
- 5.11.3.7. The contractor shall provide meeting minutes, to include any required comment resolution matrix for issues, to document the results of M&S V&V Plans or Reports reviews.
- 5.11.4. Accreditation Support
- 5.11.4.1. The contractor shall perform M&S Accreditation in accordance with M&S Requirements Letter template and the Best Practice series.
- 5.11.4.2. The contractor shall perform and document, in coordination with OPTEVFOR Test Design analysts, any additional required analysis not provided in the V&V report in support of accreditation.
- 5.11.4.3. The contractor shall identify and document conclusions and recommendations based on comparison of live test results with M&S test results.
- 5.11.4.4. The contractor shall identify and document significant M&S limitations that impact the accreditation recommendation.
- 5.11.4.5. The contractor shall identify and document where the M&S results support the intended use for OT.
- 5.11.4.6. The contractor shall develop and document an accreditation recommendation in an Accreditation Letter.
- 5.11.4.7. The contractor shall provide meeting minutes, to include any required comment resolution matrix for issues, to document the results of M&S Accreditation activities and reviews.
- 5.11.5. Stakeholder Collaboration
- 5.11.5.1. The contractor shall make recommendations to the warfare division in accordance with OPTEVFOR processes found in OPTEVFORINST 5000.1 series and the Best Practice series.
- 5.11.5.2. The contractor shall identify and recommend outside organization(s) for participation and inclusion in M&S Verification, Validation, and Accreditation (VV&A) activities.
- 5.11.5.3. When directed, the contractor shall coordinate briefings/meetings in support of OPTEVFOR M&S VV&A activities in accordance with OPTEVFORINST 5000.1 series and the Best Practice series.
- 5.11.5.4. When directed, the contractor shall participate in briefings/meetings in support of OPTEVFOR M&S VV&A activities in accordance with OPTEVFORINST 5000.1 series and the Best Practice series.
- 5.11.5.5. When directed, the contractor shall lead briefings/meetings in support of OPTEVFOR M&S VV&A activities in accordance with OPTEVFORINST 5000.1 series and the Best Practice series.
- 5.11.5.6. The contractor shall provide a trip report (DELIVERABLE A002) when the activities occur away from the OPTEVFOR site in Norfolk, VA.
- 5.11.6. Document and Brief Preparation. The contractor shall prepare and document briefings (DELIVERABLE A001) to include the M&S Requirements Letter, Accreditation Plan, Verification and Validation Report Addendum, Accreditation Letter and stakeholder collaboration briefings, as directed.
- 5.12. Test Execution
- 5.12.1. Pre-test Coordination
- 5.12.1.1. The contractor shall identify and schedule required test services (ranges, targets, personnel, etc.) for the test phase.
- 5.12.1.2. The contractor shall develop and submit asset scheduling requests to OPTEVFOR Fleet Services schedulers in accordance with the OT&E Manual
- 5.12.1.3. The contractor shall develop and provide the OPTEVFOR pre-test letters for test units and ISICs in accordance with the OT&E Manual
- 5.12.1.4. The contractor shall develop and provide briefing materials as required to support Operational Test Requirements Reviews (OTRRs) IAW SECNAVINST 5000.2 series.
- 5.12.2. Pre-test Brief
- 5.12.2.1. The contractor shall prepare and document the Pre-Test briefing (DELIVERABLE A001).
- 5.12.3. Test Operations

- 5.12.3.1. The contractor shall collect and document test data using data cards/sheets, interview sheets, focus group sheets, and survey sheets in accordance with OPTEVFOR procedures and the signed TP.
- 5.12.3.2. The contractor shall distribute text execution materials to all test participants, when directed.
- 5.12.3.3. The contractor shall develop and document any test deviations resulting from test variances.
- 5.12.3.4. The contractor shall develop and document a daily summary of test operations email, when directed.
- 5.12.3.5. The contractor shall coordinate/operate test equipment/instrumentation with Government concurrence.
- 5.12.4. Post-Test Activities
 - 5.12.4.1. The contractor shall conduct and document post-test interviews for all test events requiring interviews of participants.
 - 5.12.4.2. The contractor shall conduct and document test team debriefs, when directed.
 - 5.12.4.3. The contractor shall conduct and document test-site scoring boards, when directed.
- 5.13. Post-Test Iterative Process (PTIP) and Reporting
 - 5.13.1. Data Scoring
 - 5.13.1.1. The Contractor shall perform PTIP Data Scoring in accordance with Test Reporting Handbook and the Best Practice series.
 - 5.13.1.2. The contractor shall inventory, compile and document all collected data, comparing data collected to that required by the Test Plan scope, DMOT and DCP.
 - 5.13.1.3. The contractor shall develop and document a test execution summary.
 - 5.13.1.4. The contractor shall review the data during Data Scoring reviews.
 - 5.13.1.5. The contractor shall develop and document the End of Test message.
 - 5.13.1.6. The contractor shall provide meeting minutes, to include any required comment resolution matrix for issues, to document the results of Data Scoring reviews.
 - 5.13.2. COI Evaluation
 - 5.13.2.1. The Contractor shall perform PTIP COI Evaluation in accordance Test Reporting Handbook and Best Practice Series.
 - 5.13.2.2. The contractor shall develop and document risks and/or deficiencies on OPTEVFOR Blue and Gold Sheets.
 - 5.13.2.3. The contractor shall develop and document test results in OPTEVFOR test report results paragraph format.
 - 5.13.2.4. The contractor shall document any limitations to test identified during test execution.
 - 5.13.2.5. The contractor shall develop and document COI evaluation via the COI Evaluation Chart.
 - 5.13.2.6. The contractor shall provide meeting minutes, to include any required comment resolution matrix for issues, to document the results of COI Evaluation reviews.
 - 5.13.3. Data Analysis
 - 5.13.3.1. The Contractor shall perform PTIP Data Analysis in accordance with reference (a) and the Best Practice series.
 - 5.13.3.2. The contractor shall conduct and document an analysis of all measures.
 - 5.13.3.3. The contractor shall develop and conduct a Responds Variable Analysis Outbrief in coordination with Test Design Analyst support.
 - 5.13.3.4. The contractor shall develop a draft Data Analysis Summary (DAS).
 - 5.13.3.5. The contractor shall review the DAS during analysis working groups, when directed.
 - 5.13.3.6. The contractor shall provide meeting minutes, to include any required comment resolution matrix for issues, to document the results of Data Analysis reviews.
 - 5.13.4. Deficiency/Risk Documentation
 - 5.13.4.1. The Contractor shall perform PTIP Deficiency/Risk Documentation IAW reference (a) and the Best Practice series.
 - 5.13.4.2. The contractor shall distribute and collect comments on draft Blue/Gold Sheets.
 - 5.13.4.3. The contractor shall review the Deficiencies/Risks during PTIP reviews.
 - 5.13.4.4. The contractor shall provide meeting minutes, to include any required comment resolution matrix for issues, to document the results of Deficiency/Risk reviews.
 - 5.13.5. System Evaluation
 - 5.13.5.1. The Contractor shall perform PTIP System Evaluation in accordance with Test Reporting Handbook and the Best Practice series.
 - 5.13.5.2. The contractor shall develop and document evaluation reports to support Command Systems Evaluation Review Board (SERB) / Executive System Evaluation Review Board (E-SERB) PTIP reviews.
 - 5.13.5.3. The contractor shall provide Divisional Summary Briefs.
 - 5.13.5.4. The contractor shall provide post-test Fact Sheet.
 - 5.13.5.5. The contractor shall provide post-test Fleet Brief.
 - 5.13.5.6. The contractor shall provide Lessons Learned.
 - 5.13.5.7. The contractor shall review the system evaluation during PTIP reviews.
 - 5.13.5.8. The contractor shall provide meeting minutes, to include any required comment resolution matrix for issues, to document the results of System Evaluation reviews.
 - 5.13.6. Stakeholder Collaboration
 - 5.13.6.1. The contractor shall make recommendations to the warfare division in accordance with OPTEVFOR processes found in the Test Reporting Handbook, PTIP Checklist and the Best Practice series.
 - 5.13.6.2. The contractor shall identify and recommend outside organization(s) for participation and inclusion in PTIP activities.
 - 5.13.6.3. When directed, the contractor shall coordinate briefings/meetings in support of OPTEVFOR PTIP activities in accordance with the PTIP Checklist, Best Practice series, and the appropriate test report templates.
 - 5.13.6.4. When directed, the contractor shall participate in briefings/meetings in support of OPTEVFOR PTIP activities in accordance with the PTIP Checklist, Best Practice series, and the appropriate test report templates.
 - 5.13.6.5. When directed, the contractor shall lead briefings/meetings in support of OPTEVFOR PTIP activities in accordance with the PTIP Checklist, Best Practice series, and the appropriate test report templates .
 - 5.13.6.6. The contractor shall provide a trip report (DELIVERABLE A002) when the activities occur away from the OPTEVFOR site in Norfolk, VA.
 - 5.13.7. Document and Brief Preparation
 - 5.13.7.1. The contractor shall prepare and document briefings (DELIVERABLE A001) to include the Evaluation Report, Post-Test Brief, Scoring Board, COI evaluation working group products, SERB/E- SERB Brief, DAS and Blue/Gold Sheets, as directed.
 - 5.13.7.2. The contractor shall prepare the Risk/Deficiency cover letter, the DAS, and the test report per the OT&E Manual, Test Reporting Handbook and the Best Practice series.
 - 5.14. Cyber Security Subject Matter Expert/Operational (SME)
 - 5.14.1. Cyber Security Support.
 - 5.14.1.1. IAW the DoD Cybersecurity Test and Evaluation Guidebook 2.0 Series, the contractor shall utilize paragraph F.2.1.2, Cybersecurity Subject

Matter Experts and Figure F-2 RASCI Table to assist the OTD and 01D Exploitation Analyst (EA) in cyber test preparations and coordination.

5.14.2. Cyber Survivability Test Planning.

5.14.2.1. Cyber Survivability Test Planning Research

5.14.2.2. The Contractor shall support Cyber Survivability Test Planning Research in accordance with Cyber Test Planning Process guidance.

5.14.2.3. The contractor shall review and identify technical documents required to support Cyber Survivability Test Planning.

5.14.2.4. The contractor shall identify need dates for all required technical documents and provide dates to the OTD/OTC.

5.14.2.5. The contractor shall identify previous and planned Cyber Survivability tests that may contribute to current Cyber Survivability efforts.

5.14.2.6. The contractor shall conduct a Cyber Survivability level of test review with Warfare Division and Code 01D.

5.14.2.7. The contractor shall coordinate with Fleet Resources and the OTD/OTC to determine asset availability in support of Cyber Security objectives.

5.14.2.8. The contractor shall develop and provide a Cyber Survivability POA&M to support the test planning effort.

5.14.2.9. The contractor shall identify and provide risk management and recertification baseline concerns for communication to the Program Management Office (PMO).

5.14.2.10. The contractor shall document the test planning research in a Cyber Survivability Test Plan document.

5.14.2.11. The contractor shall review the test planning research during Cyber Survivability reviews.

5.14.2.12. The contractor shall provide meeting minutes, to include any required comment resolution matrix for issues, to document the results of test planning research during Cyber Survivability Test Planning reviews.

5.14.3. Cyber SUT/SoS and Schedule Development.

5.14.3.1. The Contractor shall support Cyber Survivability SUT/SoS and Schedule Development in accordance with Cyber Test Planning Process guidance.

5.14.3.2. The contractor shall identify and document the system attack surface.

5.14.3.3. The contractor shall identify and document the system attack vectors.

5.14.3.4. The contractor shall develop and document Cyber Survivability Test Plan site visit objectives.

5.14.3.5. The contractor shall develop and document the test execution schedule.

5.14.3.6. The contractor shall document the SUT/SoS and Schedule in a Cyber Survivability Test Plan document.

5.14.3.7. The contractor shall review the SUT/SoS and Schedule during Cyber Survivability reviews.

5.14.3.8. The contractor shall provide meeting minutes, to include any required comment resolution matrix for issues, to document the results of SUT/SoS and Schedule during Cyber Survivability Test Planning reviews.

5.14.4. Cyber Survivability Test Plan Site Visit.

5.14.4.1. The contractor shall support Cyber Survivability Test Plan Site Visit in accordance with Cyber Test Planning Process guidance.

5.14.4.2. The contractor shall coordinate dates, attendance lists, and documentation requirements with the PMO prior to execution of the site visit.

5.14.4.3. The contractor shall develop and conduct an informal site visit in-brief covering the purpose of the site visit and what the site visit personnel should expect.

5.14.4.4. The contractor shall collect and document information to validate initial elements of the critical components list, system configuration differences from provided documentation, and technical SME support requirements for test execution.

5.14.4.5. The contractor shall provide a post-visit trip report (DELIVERABLE A002) documenting site visit activities and actions when contract activities occur away from the OPTEVFOR site in Norfolk, VA.

5.14.5. Cyber Survivability Final Technical Planning.

5.14.5.1. The Contractor shall support Cyber Survivability Final Technical Planning in accordance with Cyber Test Planning Process guidance.

5.14.5.2. The contractor shall develop and document the preliminary set of anticipated attack surfaces and vectors to be used during test execution.

5.14.5.3. The contractor shall develop and document the final Cyber Survivability Critical Components list to be used for test execution.

5.14.5.4. The contractor shall develop and document the Cyber Survivability test objectives.

5.14.5.5. The contractor shall develop and document any Cyber Survivability test limitations, with corresponding mitigations.

5.14.5.6. The contractor will collect and incorporate go/no-go criteria from Code 01D test personnel.

5.14.5.7. The contractor shall document the final technical planning in a Cyber Survivability Test Plan document.

5.14.5.8. The contractor shall review the final technical planning during Cyber Survivability reviews.

5.14.5.9. The contractor shall provide meeting minutes, to include any required comment resolution matrix for issues, to document the results of final technical planning during Cyber Survivability reviews.

5.14.6. Cyber Survivability Test Plan Finalization.

5.14.6.1. The Contractor shall support Cyber Survivability Test Plan Finalization in accordance with Cyber Test Planning Process guidance.

5.14.6.2. The contractor shall develop and document data requirements for test execution.

5.14.6.3. The contractor shall coordinate with Code 01D to determine test equipment and required resources for execution.

5.14.6.4. The contractor shall document the test plan finalization in a Cyber Survivability Test Plan document.

5.14.6.5. The contractor shall review the test plan finalization during Cyber Survivability reviews.

The contractor shall provide meeting minutes, to include any required comment resolution matrix for issues, to document the results of test plan finalization during Cyber Survivability reviews.

5.15. Government Training

5.15.1. The Contractor is eligible to take OPTEVFOR provided training, including Operational Test Director (OTD) Course (OBC), IEF Course, Test Planning Course, Post Test Iterative Process (PTIP) Course and Reliability, Maintainability, Logistic Supportability and Availability (RMLA) Course, Blue/Gold Sheet Writing Course and Cyber Security Test Planning Course. Contractors are encouraged to stay updated on course updates to ensure training currency. All courses provided by OPTEVFOR are filled on a "first come first serve" basis.

5.15.2. Training class availability and registration can be obtained by contacting the Training Department located in CA-495 the primary points of contact are; Workforce Development Officer or Training Administrator. Training class availability and registration can be found on the OPTEVFOR SharePoint page: <https://flankspeed.sharepoint-mil.us/sites/OPTEVFOR/SitePages/01A-Division-Workforce-Development.aspx>. NOTE: Some task orders may require completion of specific training at date of award due to Program scheduled events.

5.15.3. The Contractor shall comply with any specific training required at the Task Order level.

5.15.4. Task Orders may provide training requirements. NOTE: Some Task Orders may require completion of specific training at date of award due to Program scheduled events.

5.16. Administrative Support

5.16.1. The Contractor shall provide the Technical Point of Contact (TPOC) with Monthly Status Reports. Monthly Status Reports should provide sufficient detail and organization to allow OTDs to track progress, performance, and funds expenditure at the program level.

5.16.2. The Contractor shall provide program management input and attendance to divisional leadership meetings as needed to coordinate overall

level of effort and support to assigned tasks, conferences/meetings attended, work plans, and the expenditure of funds and/or labor hours during the month.

5.17. Financial Tracking and Support

5.17.1. The contractor shall provide financial tracking for the complete execution of this contract. Financial status shall be reported to the government in the Monthly Status Report.

5.17.2. The Contractor shall develop and provide additional financial reporting to assist in the tracking and management of all IW programs within 60 Division. This financial status report will include, but is not limited to, all reimbursable program office funding to OPTEVFOR, funding status for OTD travel, funding status of test ranges and resources, funding status for data analysis provided by other organizations, and other items as directed by the government. The government will provide the contractor with access to obtain the necessary information to conduct this reporting.

5.17.2.1. During the first two months of the base period, the Contractor shall coordinate with the government to develop the Financial Status Report (DELIVERABLE A004).

5.17.2.2. After the third month of the base period, the Contractor shall provide the Financial Status Report (DELIVERABLE 004) on a monthly basis, or other schedule agreed to by the government.

5.17.3. The contractor shall assist the Section Heads and OTDs at the program or task order level in forecasting and tracking funds necessary to plan and conduct operational testing (including travel, range support, test assets, and cyber testing), perform data analysis, and develop test reports. While the OTDs and Section Heads will retain government responsibility for obligation of direct cite and reimbursable funds, this task will streamline the process for forecasting funding requirements, obtaining necessary funding in a timely manner, applying funds correctly, and tracking fund expenditure. The contractor may be expected to interface with respective program offices, COTF finance department, and other government facilities in performance of this task.

6. Deliverables. The Government reserves the right to specify deliverables at the task order level. Data items required from the contractor are specified in the Contract Data Requirements List (DELIVERABLE), DD Form 1423. Not every DELIVERABLE will apply to each order. Quantities, delivery dates, and other particulars will be identified in the individual task order issued under this contract.

6.1. DELIVERABLE A001, Test and Evaluation Documents or Briefs

o Final Test and Evaluation documents, including but not limited to IEFs, Test Plans (TP), and test reports, IAW sections 4.5, 4.7, 4.8, 4.9, 4.10, 4.11, and 4.12 above.

o Draft products supporting OPTEVFOR test design, test planning, test execution and post-test reporting milestone meetings (touchpoints, IPRs, SERBs, etc.), IAW sections 4.5, 4.7, 4.8, 4.9, 4.10, 4.11, and 4.12 above.

o Products supporting TEMP or MTS development, IAW section 4.8 above.

o Products supporting M&S efforts, IAW section 4.10 above.

o Other products as necessary supporting Test and Evaluation efforts as directed by the government.

6.2. DELIVERABLE A002, Trip Report

o The contractor shall prepare a trip report detailing key information issued at the program meeting attended within five (5) working days after returning from the meeting.

o Contractor format acceptable.

6.3. DELIVERABLE A003, Monthly Status Report (MSR)

o The contractor shall prepare a progress, performance and funds expenditure report by the 10th of the month starting one month after contract award, unless otherwise agreed upon with the OTD.

o Format and content to be agreed upon.

6.4. DELIVERABLE A004, Financial Status Report

o The contractor shall develop and prepare a financial status report monthly starting after the third month of contract award.

o Format and content to be agreed to as discussed in paragraph 4.16 and subsequent paragraphs.

7. Receipt and Acceptance of Deliverables.

7.1. All Deliverables (NIPR or SIPR) listed will be delivered by the Contractor in accordance with the Quality Assurance Surveillance Plan (QASP). These delivered items shall be sent in an email by the contractor to the divisional representatives (and other applicable recipients) and upon receipt the government will acknowledge receipt via email. Final acceptance by the government shall be considered once the draft document has been made smooth and has been signed by the responsible signatory (i.e. ACOS or Commander) or the submitted document is accepted at the requisite level as determined by OT&E Manual (formerly OTD Manual). This email will facilitate the formal government's position for the respective product. Review of these deliverables may require more than two independent reviews (QA/QC) by the contractor during its process through the iBOSS document routing system before it is determined smooth and accepted by the government.

7.2. All government furnished Non-Secure Internet Protocol Router (NIPR) templates to be used by the contractor shall only be obtained from the following source authoritative source, the OT Resource Library on the OPTEVFOR SharePoint site:

7.3. <https://flankspeed.sharepoint-mil.us/sites/OPTEVFOR/SitePages/01A-Division-OT-Resources.aspx>

8. Minimum Personnel Requirements. The contractor will submit within the proposal at the task order level its proposed labor categories, hours, and skillsets to ensure successful performance of the requirements identified within the PWS. As described in the minimum personnel requirements, relative and comparative emphasis is given where applicable between the testing, analytical, and/or writing competencies within respective labor categories.

8.1. If the Government questions the qualifications or competence of any person performing under the contract, the burden of proof to sustain the person as qualified as prescribed herein shall be upon the Contractor.

8.2. If the customer does not identify a labor category at the task order level during the request for proposal, it will be up to the contractor to determine which labor categories and qualifications to propose (which may include those identified within the contract) they will propose at the task order level to achieve success.

8.3. Requirements for All Offerors:

Within the last 5 years (unless stated otherwise), all personnel shall:

9.1.5. Proficient in developing Plan of Actions and Milestones (POA&M) for delivering Operational Test and Evaluation products to OPTEVFOR.

9.1.6. Proficient in the use of Microsoft Office products, to include MS Word, Excel, Access and Power Point.

9.2. Senior Test and Evaluation Engineer

9.2.1. Must have extensive T&E experience (4 of last 6 years), such as IEF development, Test Plan

Development, Test Execution, Test Analysis and Reporting, and M&S experience supporting developmental or operational testing. Must possess DAWIA (or equivalent) T&E Level II, Practitioner certification. OPTEVFOR experience highly desired.

9.2.2. Experience in developing M&S Verification, Validation, and Accreditation Packages, including Accreditation Letters.

9.2.3. Must possess proficient experience in analysis methodologies, as applied to testing of undersea systems, airborne systems, satellite systems, terminals, IW systems/equipment, shipboard systems, expeditionary systems, mine warfare systems and/or chemical/biological/radiological defense systems.

9.2.4. Must have working knowledge of the DoD 5000 series, OPNAVINST 5000.42 series, as well as SECNAVINST 5000 series instructions.

9.2.5. Proficient in use of Microsoft Office products, to include MS Word, MS Excel, MS Access, and MS Power Point

9.2.6. Proficiency in technical writing.

9.2.7. Must have demonstrated the ability to lead effectively and have a demonstrated ability to communicate the results of the operational analysis to sponsoring activities and decision makers.

9.3. Journeyman Test and Evaluation Engineer

9.3.1. Must have extensive T&E experience (2 of last 4 years), such as IEF development, Test Plan Development, Test Execution, Test Analysis and Reporting, and M&S experience supporting developmental or operational testing. Must possess DAWIA (or equivalent) T&E Level I, Foundational certification. OPTEVFOR experience highly desired.

9.3.2. Experience in developing M&S Verification, Validation, and Accreditation Packages, including Accreditation Letters.

9.3.3. Must possess proficient experience in analysis methodologies, as applied to testing of undersea systems, airborne systems, satellite systems, terminals, IW systems/equipment, shipboard systems, expeditionary systems, mine warfare systems and/or chemical/biological/radiological defense systems.

9.3.4. Proficient in use of Microsoft Office products, to include MS Word, MS Excel, MS Access, and MS Power Point.

9.4. Senior Operations Analyst

9.4.1. In addition to the minimum requirements for all resumes, the resume relating to this position must possess demonstrated experience with operational test design; Operations Research Systems Analysis (ORSA) Knowledge of: arithmetic, algebra, geometry, calculus, statistics, and their applications; using logic and reasoning to identify the strengths and weaknesses of alternative solutions, conclusions or approaches to problems; identifying complex problems and reviewing related information to develop and evaluate options and implement solutions; using scientific rules and methods to solve problems.

9.4.2. Demonstrated ability to apply analytical methodologies to evaluate the operational effectiveness and suitability.

9.4.3. Demonstrated ability/experience in identifying measures or indicators of system performance and the actions needed to improve or correct performance, relative to the goals of the system and the ability to choose the right mathematical methods or formulas to solve a problem.

9.4.4. Apply scientific, data mining, and statistical theory and methods to test hypotheses using structured and unstructured data.

9.4.5. Experience in developing M&S Verification, Validation, and Accreditation Packages, including Accreditation Letters.

9.4.6. Must be familiar with operational test design software, such as "John Sall's MAC Program (JMP)", or "Design-Expert".

9.4.7. Must have expertise in scripting functions for automatic data analysis using MS Excel, MS Access and/or other database software applications.

9.4.8. Must have the minimum of an undergraduate degree in Statistics, Mathematics, Engineering or related field.

9.4.9. Must have a demonstrated ability to communicate the results of the operational analysis.

9.5. Data Engineer

9.5.1. In addition to the minimum requirements for all resumes, the resume relating to this position must have an undergraduate or graduate degree in one of the following disciplines: Data Science, Computer/Information Science, Information Systems Management, Archives/Digitization Management, Management of Information Systems, Mathematics, or Engineering, or course work that required the development or adaptation of computer programs and systems and provided knowledge equivalent to a major in the Data Science field.

9.5.2. Must have demonstrated experience and proficiency in data analysis functions such as but not limited to: data mining, data cleaning, data integration, data reduction/manipulation, data transformation, data visualization, and data analysis of small to large data sets.

9.5.3. Must have demonstrated proficiency in data analysis in a programming or statistical software suite such as: R, Python, SAS, SPSS, STATA, Tableau, and/or PowerBI for small to large data sets.

9.5.4. Must be proficient in the design, implementation, and operation of data management systems to support management of applicable test data.

9.5.5. Must have demonstrated experience in the development of data collection plans to include methods, and storage of raw and processed test data.

9.5.6. Must have experience in the verification and validation of data collection and accreditation plans in support of test planning.

9.5.7. Must have experience in the coordination of the equipment necessary to implement data collection during test.

9.5.8. Experience and/or working knowledge of the incorporation of Artificial Intelligence (AI)/ Machine Learning (ML) into data analysis software is preferred.

9.5.9. Knowledge of the following topic areas is highly desired:

9.5.9.1. Database Management

9.5.9.2. Analysis of structured and unstructured data

9.5.9.3. Backend database technologies (SQL, NoSQL, HPC, etc.),

9.5.10. Possess a Certified Analytics Professional certification.

9.5.11. Microsoft Office Specialist certification in MS Excel and MS Access is highly desired.

9.5.12. Must have a demonstrated ability to communicate the results of data engineering efforts.

9.6. Software Test Engineer

9.6.1. In addition to the minimum requirements for all resumes, the resume relating to this position must have an undergraduate degree in one of the following disciplines: Computer Science, Information Science, Information Systems Management, Mathematics, Statistics, Operations Research, or Engineering, or course work that required the development or adaptation of computer programs and systems and provided knowledge equivalent to a major in the computer field.

9.6.2. Possess a Professional IT certification(s) in cloud (AWS, Azure, Google), virtualization (VMware, Citrix, Microsoft), systems administration (Microsoft, Red Hat, Linux), software.

9.6.3. Possess a Project Management Institute Agile Certified Practitioner (PMI-ACP)(r) certification or Agile Scrum Master certification. Certifications may be obtained from PMI or an equivalent body.

9.6.4. Must have demonstrated experience employing Agile methodologies in product development such as but not limited to: Scrum, Kanban, Extreme Programming (XP), Adaptive Project Framework (APF), Feature Driven Development (FDD), Dynamic Systems Development (DSDM), Lean Software Development, Scrumban, Rapid Application Development, etc.

9.6.5. Must have demonstrated experience in test methodologies in the DevSecOps environment.

9.6.6. Demonstrated experience with VSCode, Jupyter Notebooks, AWS Sagemaker, Azure ML, Python, C#, GoLang, ASP, ASP.NET, HTML, CSS, JavaScript, SQL, and/or web development is highly desired.

9.6.7. Experience in the test and evaluation of automated business or financial systems to ensure accounting functionality is implemented as designed and in compliance with system requirements, policy, and relevant regulations is highly desired.

9.6.8. Must be familiar with creating user stories, use cases, or feature descriptions, with a focus on delivering value incrementally.

9.6.9. Proficient in use of Microsoft Office products, to include MS Word, MS Excel, MS Access, and MS Power Point.

9.7 Cyber Security Subject Matter Expert/Operational (SME).

9.7.1 The following qualifications and certifications where specified are required for the Cyber Security Subject Matter Expert (SME), must be TS Eligible.

9.7.2 DoDM 8140.03 series, Cyberspace Workforce Qualification AND Management Program

9.7.3 DoD Directive 8140.01 Cyberspace Workforce Management

9.7.4 4 Year Degree in one of the following:

Computer Science

Computer/Electrical engineering

Systems Engineering (technical)

Aeronautical engineering

AND

9.7.5 Proficiency in decomposing complex computer systems/networking configurations in support of system exploitation analysis

9.7.6 Ability to perform detail-oriented work quality assurance/quality control prior to delivery to the government.

OR

9.7.7 Minimum 2 years of DoD cybersecurity experience AND Minimum 2 years' experience in one of the following:

Network engineering

Programming (C/C++, python, Bash, etc.)

Systems test engineering

Project management

Penetration testing

AND

9.7.8 Proficiency in decomposing complex computer systems/networking configurations in support of system exploitation analysis

9.7.9 Ability to perform detail-oriented work quality assurance/quality control prior to delivery to the government.

10. Security Clearance Required. Specific clearance level requirements will be individually identified at each task order level.

10.1. The minimum-security clearance required of all personnel is SECRET.

10.2. It is anticipated that some personnel will require to be eligible for security clearance of TOP SECRET.

10.3. Clearance requirements above SECRET will be identified at the Task Order level, therefore the offeror must be able to provide a contractor (when required at the Task Order level) with a minimum-security clearance of TOP SECRET Eligible.

10.4. TS/SCI will be specified at the task order level as required. Any personnel proposed to work on any effort shall be eligible for necessary clearances to immediately begin performance at the time of task award.

10.5. Specific security requirements will be identified on a separate DD254 at time of task order award.

10.6. SCI level requirements shall be handled in accordance with OPTEVFOR Instruction 4310.1 series, Operational Test and Evaluation Force Sensitive Activity and Intelligence Related Contracting Program (SAIRC).

10.7. All Contractors shall also have a current TOP SECRET FACILITIES clearance at the time of proposal submission.

11. General Information

11.1. Quality Assurance Surveillance Plan. The Government will monitor the Contractor's performance to ensure compliance with contract requirements, inclusive of the terms and conditions, in accordance with Quality Assurance Surveillance Plan (QASP).

11.2. Personal Services. This is not a personal services contract. The contractors/sub-contractors should be well educated in respect to "personal services". No one (Government employee or military) may task the contractor to perform work that is not listed in the delivery order, nor do the contractors take direction in the performance of their task from anyone other than their corporate manager and/or prime contractor, as appropriate.

11.3. Privy Defined. The legal term that defines the relationship between two parties of a contract, does not exist between the Government and the sub-contractor. Therefore, the Prime contractor is responsible for ensuring, through its own internal processes, that quality work is performed and delivered on time, by any subcontractors to meet the objectives of the prime contract. Formal direction to sub-contractors flows only through the prime contractor. There can be simultaneous communication between the prime contractor and the subcontractor, but the Government and the subcontractor cannot bypass the prime contractor to communicate directly with each other.

11.4. Automated Data Processing (ADP) Requirements. The Government will provide, if required, the necessary computer, workstation/system access for on-site work.

11.4.1. Those offerors (contractor personnel) assigned as off-site will be determined at time of task order award if they are to be assigned government furnished ADP assets based on available CIO On Hand IT assets that are available for issuance. Priorities shall be determined based on overall impact to support under that task order.

11.4.2. Additionally, the offerors assigned ADP Government Furnished Property (GFP) will be held accountable to respond to the government's ADP inventory requirements to ensure 100% accountability of all ADP assets.

11.4.3. Any offeror not adhering to this call for inventory of ADP assets may be directed to forfeit their ADP GFP at no additional cost to the government in accordance with (IAW) FAR 52.245-1

11.5. Common Access Card (CAC)/Public Key Infrastructure (PKI), System Authorization Access Request (SAAR-N). All contractor personnel requiring access to Government Information Technology (IT) systems shall have an approved System Authorization Access Request (SAAR-N) Form OPNAV 2875 (Rev May 2022) on file, and complete required Annual Information Awareness Training. New employees must submit their SAAR forms upon checking in on their first day of work. SAAR-N forms are available at: <https://flankspeed.sharepoint-mil.us/sites/OPTEVFOR/SitePages/WelcomesAboard.aspx>.

11.5.1. Completed DD Form 2875, System Authorization Access Request (SAAR-N), Work Authorization Memo (WAM), and training certificates

for the online training courses required for DoD network access (list provided to each Prime at task order award) shall be submitted to the Command Information Office (CIO). All forms and certificates must be submitted using the OPTEVFOR Service Desk portal at <https://optevforservicedesk.navy.mil>.

11.6. Common Access Cards (CAC)/Local Badges. Contractor CACs and facility specific identification badges will be approved using the Trusted Agent Sponsorship system and issued by the Government to on-site contractor personnel and shall be visible at all times while personnel are at the Government site.

11.6.1. The contractor shall furnish all requested information required to facilitate issuance of identification badges and shall conform to all instructions/guidance required by the facility.

11.6.2. The Government will provide the contractor access to Government facilities, as required, for performance of tasks under this contract. Contractor personnel shall comply with the instructions/guidance required by your facility.

11.6.3. All CACs and identification badges issued to Contractor employees shall be returned to the Government Security Department at the Government site in accordance with the instructions/ guidance required by your facility following completion of the contract, relocation or termination of an employee, or upon request from the Contracting Officer's Representative.

11.7. Contracting Officer and Representative. Only a duly appointed Procuring Contracting Officer (PCO), and no other government personnel, is authorized to change the specifications, terms and conditions under this contract. The OPTEVFOR Contracting Officer's Representative (COR) is responsible for technical management of this contract, and will serve as the Contracting Officer's Primary Point of Contact. The COR shall oversee execution of this PWS and resolve any potential issues. The COR is responsible for: liaising with OPTEVFOR personnel and Contractor personnel on site; contractual advice, recommendations and clarification regarding the statement of work; delivery of this PWS placed under this contract; providing an independent government estimate of the effort described in the statement of work; quality assurance of services performed and acceptance of the services or deliverables; government furnished property; security requirements aboard government installations; providing the PCO or his/her designated Ordering Officer with appropriate funds for issuance of the delivery; and the certification of invoice for payment.

11.8. Authorized Changes only by the Contracting Officer

(a) Except as specified in paragraph (b) below, no order, statement, or conduct of Government personnel who visit the Contractor's facilities or in any other manner communicate with Contractor personnel during the performance of this contract shall constitute a change under the "Changes" clause of this contract.

(b) The Contractor shall not comply with any order, direction or request of Government personnel unless it is issued in writing and signed by the Contracting Officer, or is pursuant to specific authority otherwise included as a part of this contract.

(c) The Contracting Officer is the only person authorized to approve changes in any of the requirements of this contract and notwithstanding provisions contained elsewhere in this contract, the said authority remains solely with the Contracting Officer. In the event the Contractor effects any change at the direction of any person other than the Contracting Officer, the change will be considered to have been made without authority and no adjustment will be made in the contract price to cover any increase in charges incurred as a result thereof. The address and telephone number of the Contracting Officer is: See Individual Task Order.

11.9. AbilityOne Close-out: NAVSUP FLC Norfolk may utilize contractor support through the AbilityOne Program, as needed, to perform contract closeout functions for this acquisition. Information, including business sensitive/confidential or proprietary data, that the offeror already in the possession of the Government may be viewed and utilized by the AbilityOne Program support contractor personnel during the course of its contract performance. The information that may be made available to the support contractor may include, for example, pricing and technical proposals, historical contract, pricing and performance information, Commercial Asset Visibility (CAV) reporting information and similar data/information. By submission of a proposal in response to this solicitation, the offeror/contractor and its subcontractors consent to a release of their business sensitive /confidential or proprietary data to the Government's AbilityOne Program support contractor personnel in order to perform close out services. Prior to the release of any such information to the support contractor, the support contractor will have in place with the Government a Non-Disclosure/Non-Use Agreement in accordance with the terms of the AbilityOne Program support contract.

Offerors may execute their own Non-Disclosure Agreement with the AbilityOne Program (AbilityOne contact information available from the contracting point of contact). The support contractor must provide copies of the executed agreements to the Contracting Officer and the Contracting Officer's Representative (COR) for the support contract; and the offeror/contractor for this acquisition must provide copies of the executed Agreement to the Contracting Officer for this acquisition. If the offeror/contractor seeks such a Non-Disclosure Agreement with the AbilityOne Program support contractor, the Agreement must be executed no later than the date of final delivery under the resulting NAVSUP FLC Norfolk contract.

11.10. Contractor Unclassified Access to Federally Controlled Facilities, Sensitive Information, Information Technology (IT) Systems or Protected Health Information: Executive Order 13467, Reforming Processes Related to Suitability for Government Employee, Fitness for Contractor Employees and Eligibility for Access to Classified National Security Information, Homeland Security Presidential Directive (HSPD)-12, requires government agencies to develop and implement Federal security standards for Federal employees and contractors. The 5 CFR 32 Part 157 in concert with DoD Manual 1000.13, Vol 1, implements the Federal Standards.

APPLICABILITY

This text applies to all DoD sponsored individuals who require CAC eligibility (or login and P/W if acceptable per contract) for: Physical access to DoD facilities or non-DoD facilities on behalf of DoD; Logical access to information systems (whether on site or remotely); or remote access to DoD networks that use only the CAC logon for user authentication, or access to sensitive and protected information. This applies to the Office of the Secretary of Defense, the Military Departments, the Office of the Chairman of the Joint Chiefs of Staff and the Joint Staff, the Combatant Commands, the Office of the Inspector General of the DoD, the Defense Agencies, the DoD Field Activities and all other organizational entities within the DoD (hereinafter referred to collectively as the "DoD Components").

Each contractor employee providing services at a Navy Command under this contract is required to obtain a Department of Defense Common Access Card (DoD CAC). Additionally, depending on the level of computer/network access, the contract employee will require a successful investigation as detailed below.

ACCESS TO FEDERAL FACILITIES

Per HSPD-12 and implementing guidance, all contractor employees working at a federally controlled base, facility or activity under this clause will require a DoD CAC. When access to a base, facility or activity is required contractor employees shall in-process with the Command's Security Manager upon arrival to the Command and shall out-process prior to their departure at the completion of the individual's performance under the contract.

START-UP PERIOD

All contractor resource onboarding documents must be submitted via the prime contractor. The prime contractor shall make all necessary preparations to assume full responsibility for productive performance of the performance start date.

Definition of productive:

- a. Visit Authorization Request (VAR)
- b. Contractor Information Sheet (CIS)
- c. Completed EQIP (Electronic Investigation)
- d. All contractor resource(s) must have an active JPAS profile.
- e. Common Access Card (CAC)

Note (1): Invoicing by the contractor will begin as of the commencement of the performance period of services and no reimbursement will be paid by the government for efforts expended during the start-up period.

Note (2): Foreign Nationals are not allowed access to the functional/system side of Enterprise Resource Planning (ERP).

ACCESS TO DOD INFORMATION TECHNOLOGY (IT) SYSTEMS

In accordance with (IAW) Secretary of the Navy (SECNAV) M-5510.30, contractor employees who require access to DoN or DoD networks are categorized as IT-I, IT-II, or IT-III. The IT-II level, defined in detail in SECNAV M- 5510.30, includes positions which require access to sensitive information. Sensitive information includes information protected under the Privacy Act, to include Protected Health Information (PHI). All contractor employees under this contract who require access to Privacy Act protected information are therefore categorized no lower than IT-II. IT Levels are determined by the requiring activity's Command Information System Security Manager (ISSM)/Information Assurance Manager (IAM). Contractor employees requiring privileged or IT-I level access, (when specified by the terms of the contract) require a Single Scope Background Investigation (SSBI) or T5 or T5R equivalent investigation, which is a higher level investigation than the National Agency Check with Law and Credit (NACLC)/T3/T3R described below. Due to the privileged system access, an investigation suitable for High Risk national security positions is required. Individuals who have access to system control, monitoring, or administration functions (e.g. system administrator, database administrator) require training and certification to Information Assurance Technical Level 1, and must be trained and certified on the Operating System or Computing Environment they are required to maintain.

Access to sensitive IT systems is contingent upon a favorably adjudicated background investigation. When access to IT systems is required for performance of the contractor employee's duties, such employees shall in-process with the Navy Command's CSM and ISSM/IAM upon arrival to the Navy command and shall out-process prior to their departure at the completion of the individual's performance under the contract. Completion and approval of a System Authorization Access Request Navy (SAAR-N) form is required for all individuals accessing Navy Information Technology resources. The decision to authorize access to a government IT system/network is inherently governmental. The contractor supervisor is not authorized to sign the SAAR-N; therefore, the government employee with knowledge of the system/network access required or the COR shall sign the SAAR-N as the "supervisor."

The SAAR-N shall be forwarded to the Command's Security Manager at least 30 days prior to the individual's start date. Failure to provide the required documentation at least 30 days prior to the individual's start date may result in delaying the individual's start date.

When required to maintain access to required IT systems or networks, the contractor shall ensure that all employees requiring access complete annual Cyber Awareness training, and maintain a current requisite background investigation. The Contractor's Security Representative shall contact the Command Security Manager for guidance when reinvestigations are required.

INTERIM ACCESS

The Command's Security Manager may authorize issuance of a DoD CAC and interim access to a DoN or DoD unclassified computer/network upon a favorable review of the investigative questionnaire and advance favorable fingerprint results. When the results of the investigation are received and a favorable determination is not made, the contractor employee working on the contract under interim access will be denied access to the computer network and this denial will not relieve the contractor of his/her responsibility to perform.

DENIAL OR TERMINATION OF ACCESS

The potential consequences of any requirement under this clause including denial or termination of physical or system access in no way relieves the contractor from the requirement to execute performance under the contract within the timeframes specified in the contract. Contractors shall plan ahead in processing their employees and subcontractor employees. The contractor shall insert this clause in all subcontracts when the subcontractor is permitted to have unclassified access to a federally controlled facility, federally-controlled information system/network and/or to government information, meaning information not authorized for public release.

CONTRACTOR'S SECURITY REPRESENTATIVE

The contractor shall designate an employee to serve as the Contractor's Security Representative. Within three work days after contract award, the contractor shall provide to the requiring activity's Security Manager and the Contracting Officer, in writing, the name, title, address and phone number for the Contractor's Security Representative. The Contractor's Security Representative shall be the primary point of contact on any security matter. The Contractor's Security Representative shall not be replaced or removed without prior notice to the Contracting Officer and Command Security Manager.

BACKGROUND INVESTIGATION REQUIREMENTS AND SECURITY APPROVAL PROCESS FOR CONTRACTORS ASSIGNED TO NATIONAL SECURITY POSITIONS OR PERFORMING SENSITIVE DUTIES

Navy security policy requires that all positions be given a sensitivity value based on level of risk factors to ensure appropriate protective measures are applied. Contractor employees under this contract are recognized as Non- Critical Sensitive [ADP/IT-II] positions when the contract scope of work require physical access to a federally controlled base, facility or activity and/or requiring access to a DoD computer/network, to perform unclassified sensitive duties. This designation is also applied to contractor employees who access Privacy Act and Protected Health Information (PHI), provide support associated with fiduciary duties, or perform duties that have been identified as National Security Positions. At a minimum, each contractor employee must be a US citizen and have a favorably completed NACLC or T3 or T3R equivalent investigation to obtain a favorable determination for assignment to a non-critical sensitive or IT-II position. The investigation consists of a standard NAC and a FBI fingerprint check plus law enforcement checks and credit check. Each contractor employee filling a non-critical sensitive or IT-II position is required to complete:

- SF-86 Questionnaire for National Security Positions (or equivalent OPM investigative product)
- Two FD-258 Applicant Fingerprint Cards (or an electronic fingerprint submission)
- Original Signed Release Statements

Failure to provide the required documentation at least 30 days prior to the individual's start date shall result in delaying the individual's start date. Background investigations shall be reinitiated as required to ensure investigations remain current (not older than 10 years) throughout the contract performance period. The

Contractor's Security Representative shall contact the Command Security Manager for guidance when reinvestigations are required.

Regardless of their duties or IT access requirements ALL contractor employees shall in-process with the CSM upon arrival to the command and shall out-process prior to their departure at the completion of the individual's performance under the contract. Employees requiring IT access shall also check-in and check-out with the Navy Command's ISSM/IAM. Completion and approval of a System Authorization Access Request Navy (SAAR-N) form is required for all individuals accessing Navy Information Technology resources. The SAAR-N shall be forwarded to the Navy Command's Security Manager at least 30 days prior to the individual's start date. Failure to provide the required documentation at least 30 days prior to the individual's start date shall result in delaying the individual's start date.

The contractor shall ensure that each contract employee requiring access to IT systems or networks complete annual Cyber Awareness training, and maintain a current requisite background investigation. Contractor employees shall accurately complete the required investigative forms prior to submission to the Command Security Manager. The Command's Security Manager will review the submitted documentation for completeness prior to submitting it to the Office of Personnel Management (OPM); Potential suitability or security issues identified may render the contractor employee ineligible for the assignment. An unfavorable determination is final (subject to SF-86 appeal procedures) and such a determination does not relieve the contractor from meeting any contractual obligation under the contract. The Command's Security Manager will forward the required forms to OPM for processing. Once the investigation is complete, the results will be forwarded by OPM to the DoD Central Adjudication Facility (CAF) for a determination.

If the contractor employee already possesses a current favorably adjudicated investigation, the contractor shall submit a Visit Authorization Request (VAR) via the Joint Personnel Adjudication System (JPAS) or a hard copy VAR directly from the contractor's Security Representative. Although the contractor will take JPAS "Owning" role over the contractor employee, the Navy command will take JPAS "Servicing" role over the contractor employee during the hiring process and for the duration of assignment under that contract. The contractor shall include the IT Position Category per SECNAV M-5510.30 for each employee designated on a VAR. The VAR requires annual renewal for the duration of the employee's performance under the contract.

BACKGROUND INVESTIGATION REQUIREMENTS AND SECURITY APPROVAL PROCESS FOR CONTRACTORS ASSIGNED TO OR PERFORMING NON-SENSITIVE DUTIES

Contractor employee whose work is unclassified and non-sensitive (e.g., performing certain duties such as lawn maintenance, vendor services, etc) and who require physical access to publicly accessible areas to perform those duties shall meet the following minimum requirements:

Must be either a US citizen or a US permanent resident with a minimum of 3 years of legal residency in the United States (as required by The Deputy Secretary of Defense DTM 08-006 or its subsequent DoD instruction) and

Must have a favorably completed National Agency Check with Written Inquiries (NACI) or T1 investigation equivalent including a FBI fingerprint check prior to installation access.

To be considered for a favorable trustworthiness determination, the Contractor's Security Representative must submit for all employees each of the following:

- SF-85 Questionnaire for Non-Sensitive Positions

- Two FD-258 Applicant Fingerprint Cards (or an electronic fingerprint submission)

- Original Signed Release Statements

The contractor shall ensure each individual employee has a current favorably completed National Agency Check with Written Inquiries (NACI) or T1 equivalent investigation or ensure successful FBI fingerprint results have been gained and investigation has been processed with OPM.

Failure to provide the required documentation at least 30 days prior to the individual's start date may result in delaying the individual's start date.

* Consult with your CSM and ISSM/IAM for local policy when IT-III (non-sensitive) access is required for non-US citizens outside the United States.

Requirements

This requirement is in support of the Information Warfare (IW) Division (Code 60) tests and evaluates all ashore and afloat Command, Control, Communications, Computers, Intelligence, Space, Business, and Enterprise Information systems such as radars, radio frequency transmitters/receivers, digital switching networks, identification friend or foe, tactical decision-making systems, intelligence systems, combat direction systems, tactical links, information warfare systems, cryptologic systems, space and satellite systems, and non-tactical automated information systems. The divisions main effort is to assist, through early involvement, in the acquisition process conduct tests, and provide timely and accurate evaluations to characterize system performance and resulting capability.

The contractor shall provide support in evaluating the operational effectiveness and suitability of the system under test that has been assigned to OPTEVFOR for OT and E in accordance with the processes and procedures prescribed in the Operational Test and Evaluation Manual (M-3980.2 (series)). Further specified requirements include test design, test planning, modeling and simulation support, test execution, post-test iterative process and reporting, and cyber survivability test planning.

Continuation of Packaging and Marking

All deliverables shall be packaged and marked IAW Best Commercial Practices.

Continuation of Inspection and Acceptance

QUALITY ASSURANCE SURVEILLANCE PLAN (QASP) FOR OPERATIONAL TEST AND EVALUATION SUPPORT SERVICES IN SUPPORT OF OPERATIONAL TEST AND EVALUATION FORCE (OPTEVFOR), INFORMATION WARFARE DIVISION (CODE 60)

Purpose: To ensure that the government has an effective and systematic method of surveillance for the services in the PWS. The QASP will be used primarily as a tool by the contractor and the government to verify that the contractor is performing all services required by the PWS in a timely, accurate and complete manner.

1. Critical performance processes and requirements. Critical to the performance of these services is the timely, accurate and thorough completion of all contract/task order requirements.

2. Quality Definitions.

a. Milestones. A milestone is any meeting, defined as part of a test design, test planning, modeling and simulation validation, or test reporting processes as outlined in references listed in section 13 of this document, or any Test and Evaluation (T&E) meeting outlined by a formal or informal T&E WIPT determination. Informal or intermediate milestones may also be established by the government at the discretion of the Operational Test Director (or similar government representative); this informal milestone may also be referred as a "deadline" or "due date" etc.

b. Deliverables.

i. Any test document or product considered to be the final test document meant for routing to signature by the government as outlined in Table 2-4 of the OPTEVFOR M-3980.2 series. This includes but is not limited to Integrated Evaluation Framework, Test Plan, and Test Report products in accordance with the specific work statement for a program. The contractor retains responsibility for performing any work specified in the Statement of Work until the specific test document or product is signed by the appropriate authority.

ii. Any intermediate test document or product created or edited by the vendor that is not considered to be a T&E document, as defined in QASP paragraph 2.b.i, intended to be in support of a final document deliverable. This includes all read ahead material to support intermediate or final Mission Based Test Design, Test Planning, Test Reporting, or other efforts directed by the government in accordance with the specific work statement for a program.

iii. Any draft test document or product developed for collaboration with the government or T&E stakeholders for intermediate or final test documents that are not considered to be a T&E document, as defined in QASP paragraph 2.b.i or 2.b.ii, intended to be in support of a final document deliverable.

c. Quality Scale. In general terms, comments regarding quality may be described in the following terms:

i. Critical (C) comments are provided because sections in the document appear to be or are potentially incorrect, incomplete, missing pertinent T&E information, or not in accordance with the prescribed applicable template. Critical comments preclude the test team from proceeding to meet the next scheduled milestone.

ii. Substantive (S) comments are provided because sections in the document appear to be or are potentially unnecessary, have minor incorrect, incomplete, misleading, confusing information, or inconsistencies with other sections that do not preclude the test team from proceeding to meet the next scheduled milestone.

iii. Administrative (A) comments are provided because sections in the document appear to contain typographical, formatting, or grammatical errors. Administrative comments do not preclude the test team from proceeding to meet the next scheduled milestone.

iv. The government designated representative shall qualify each comment (or group of comments) with its appropriate level of criticality (C, S, A) to support First Pass Yield (FPY) determinations, when appropriate.

3. Performance Standards

a. Schedule - The due dates for deliverables and the actual accomplishment of the schedule will be assessed against original due dates and milestones established for the contract or task order(s).

b. Performance Metric (Schedule). An accepted schedule metric of above 95 percent (>95%) FPY for delivery of all intermediate or final test document or products on time related to prescribed deadlines provided by the designated government representative. If the contractor does not provide a test document or product due to schedule slip by the contractor resulting in a missed deadline (termed here as a 'schedule defect'), it will result in a failure to meet the FPY performance metric.

c. Timeliness of Deliverables.

i. Intermediate Test Product Deadline. Delivery of all intermediate test product (i.e. read ahead material) shall be provided to the Warfare Division Section Head (or designated representative) for acceptance by the government in accordance with timelines outlined in the applicable published checklist, handbook, best practice, etc. These publications are posted to the OPTEVFOR SharePoint site (NIPR) or OT&E Reference Library folder or OT&E Production Library folder on the Y: drive (SIPR).

ii. Draft Test Product Collaboration. The contractor may submit draft or "working" versions of the intermediate test product to the Operational Test Director (OTD), Lead Test Engineer (LTE), Section Head (SH) etc. as required to enable collaboration, obtain early feedback, or facilitate efforts to resolve T&E issues or questions within the document. Review of draft product shall not be considered as "Submission of Deliverables to the Government" and draft Test Product Collaboration shall not delay or disrupt required schedule of delivery for intermediate or final test product deadlines.

iii. Schedule Slip due to Government Induced Delays. Inherent to the acquisition process, a program may experience a schedule slip due to various factors. These "Government Induced Delays" may impact or affect the timelines for deliverables as outlined in the Statement of Work for each Task Order (TO). In the event of a Government Induced Delay, it is the responsibility of the OTD, Section Head, and contractor assigned to the specific TO, to alert the Warfare Division Deputy Director or designated representative at the soonest possible time. The OTD, Section Head, LTE, and contractor shall assess the impact of the delay on schedule deadlines provided to the contractor. If the delay is significant enough to prevent the contractor from submitting deliverables on time, the OTD (or designated government representative) shall discuss the potential impact to the overall schedule with the Contracting Officer's Representative (COR) and contractor to determine if a formal modification to the overall schedule with an updated schedule for deliverables (to include intermediate test products) is required.

iv. Schedule Slip due to Contractor Delays. If the contractor fails to submit deliverables to the government, not due to government induced delays or where an adjusted deadline has not been approved by the designated government representative, this delay will be considered a schedule slip due to contractor delays. Any unplanned schedule slip due to a contractor delay must be forecasted as soon as recognized to the government representative by the contractor to afford corrective mitigation to the acquisition schedule.

d. Deliverables - The deliverables (Section 7, A001 through A004) required to be submitted will be assessed against the specifications for the deliverables detailed in the contract/task order(s) and the Quality Control Plan (QCP), if required by the contract, for the required content, quality, timeliness, and accuracy.

i. Submission of Deliverables to the Government. All Deliverables Contractor Data Requirement List listed will be delivered by the Contractor in accordance with the Quality Assurance Surveillance Plan (QASP). For determination of "Timeliness", the contractor shall submit deliverables via email to the OTD, Section Head, and other applicable recipients identified at time of task order award and/or during execution during the Period of Performance (PoP). Upon receipt, the Section Head will send an email to the Warfare Division Deputy Director facilitating the formal government's position for the respective product for timeliness and/or accuracy within 48 hours upon receipt of the deliverable. The Warfare Division Deputy Director or designated representative will forward a copy of this email to the Contracting Officer's Representative (COR) and prime vendor representative for the TO as required; the email will become part of the COR folder for that respective TO.

ii. Government Induced Errors (GIE) after Contractor submission to the Government. A government induced error is defined as an error that was determined to be qualitatively or quantitatively incorrect from the original contractor's submission of that deliverable to the government. Any GIE identified shall not be counted as part of the First Pass Yield (FPY) as described in paragraph 5.e. of this document.

iii. Acceptance of Deliverables by the Government. Any test document, as outlined above in QASP paragraph 2.b.i, is accepted by the government when the specific test document or product is signed by the appropriate authority. Any intermediate deliverable, as outlined above in QASP paragraph 2.b.ii, is accepted by the government when the Section Head, OTC, or OTD (if delegated) has approved the deliverable to be issued as read ahead material for a test product milestone meeting or document routing for signature. Acceptance by the government may be via memorandum, e-mail (preferred), or verbal statement (followed by an email). Acceptance by the government states it now has sole responsibility for that document.

e. Performance Standard for Acceptable Quality Level.

i. An accepted quality metric of above 95 percent (>95%) FPY is required for delivery of all intermediate or final test document or products without administrative, substantive, or critical comments related to document quality (termed here as a 'quality defect'). This is also defined as 'No rework required'.

ii. FPY percentage is defined as number of documents accepted by the government for the first time for an intended purpose divided by the total number of documents provided to the government for the first time for an intended purpose, multiplied by 100. Draft test documents or products will not count towards FPY until formally submitted to the government for an intended purpose to meet intermediate or final test product milestones.

$FPY(\%) = \frac{\text{number of documents accepted}}{\text{total number of documents provided}} \times 100$

iii. Any comment related to the lack of specific System Under Test (SUT) or programmatic information required for a T&E document is not considered to be a quality defect.

iv. If, at any time, the FPY is below 85 percent (f. Past Performance - In addition to any schedule and deliverable aspects of performance discussed above, pursuant to FAR 42.15, the government will assess the contractor's record of conforming to contract requirements and to standards of good workmanship, the contractor's adherence to contract schedules including the administrative aspects of performance, the contractor's history of reasonable and cooperative behavior and commitment to customer satisfaction, and the contractor's business-like concern for the interest of the customer.

4. Surveillance methods: The primary methods of surveillance used to monitor performance of this contract will include, but not be limited to, random or planned sampling, periodic inspection, and validated customer complaints.

5. Performance Measurement: Performance will be measured in accordance with the following table:

Performance Element	Performance Requirement	Surveillance Method	Frequency	Acceptable Quality Level
Contract Deliverable A001	T&E Documents or Briefs	Periodic /Customer Input	Planned/Customer Initiated	>95% of deliverables submitted timely and without rework required
A002 Contract Deliverable	Trip Report	Periodic /Customer Input	Planned/Customer Initiated	>95% of deliverables submitted timely and without rework required
Contract Deliverable A003	Monthly Status Report (MSR)	Periodic /Customer Input	Planned/Customer Initiated	>95% of deliverables submitted timely and without rework required
Contract Deliverable A004	Financial Status Report	Periodic /Customer Input	Monthly starting after the third month of contract award.	>95% of deliverables submitted timely and without rework required

Overall Contract Performance	Overall contract performance of sufficient quality to earn a minimum Satisfactory rating in the COR's annual report on contractor performance	Assessment by the COR	Annual or at completion of performance	All performance elements rated Satisfactory (or higher)
Invoicing	Invoices per contract procedures are timely and accurate.	Review and acceptance of the invoice	As specified in contract	100% accuracy
DFARS clause 252.239-7001, Information Assurance Contractor Training and Certification	100% compliance with the clause (As required)	100% surveillance	As specified in DFARS clause 252.239-7001	100% compliance
FAR clause 52.222-50, Combating Trafficking in Persons	100% compliance with the clause	100% surveillance	As specified in FAR clause 52.222-50	100% compliance

If performance is within acceptable levels, it will be considered to be satisfactory. If not, overall performance may be considered unsatisfactory.

6. Incentives/Disincentives:

The COR makes an annual report on contractor performance (via the Contractor Performance Assessment Reporting System (CPARS) or other annual report). The contractor's failure to achieve a minimum satisfactory performance under the contract/task order, reflected in the COR's annual report, may result in termination of the contract/task order and may also result in the loss of future government contracts/task orders. The contractor's failure to achieve a minimum satisfactory performance under the contract/task order may result in the non-exercise of any available options.

For each item that does not meet acceptable levels, the government may issue a Contract Discrepancy Report (CDR). CDRs will be forwarded to the Contracting Officer with a copy sent to the contractor. The contractor must reply in writing within 5 days of receipt identifying how future occurrences of the problem will be prevented. Based upon the contractor's past performance and plan to solve the problem, the Contracting Officer will determine if any further action will be taken.

For fixed-price contracts/orders, in accordance with the inspection of services provisions, the contractor will be incentivized to provide quality products in a timely manner since the government can require the Contractor, at no additional cost, to replace or correct work that fails to meet contract requirements.

(End of QASP)

COMMUNICATIONS DURING THE LIFE OF THE CONTRACT (SEP 2015)

(a) Except as specified in paragraph (b) below, no order, statement, or conduct of Government personnel who visit the Contractor's facilities or in any other manner communicates with Contractor personnel during the performance of this contract shall constitute a change under the "Changes" clause of this contract.

(b) The Contractor shall not comply with any order, direction or request of Government personnel unless it is issued in writing and signed by the Contracting Officer, or is pursuant to specific authority otherwise included as a part of this contract.

(c) The Contracting Officer is the only person authorized to approve changes in any of the requirements of this contract and, notwithstanding provisions contained elsewhere in this contract, the said authority remains solely the Contracting Officer's. In the event the contractor effects any change at the direction of any person other than the Contracting Officer, the change will be considered to have been made without authority and no adjustment will be made in the contract price to cover any increase in charges incurred as a result thereof. The address and telephone number of the Principal Contracting Officer is:

NOTICE OF INCLUSION OF AN ORGANIZATIONAL CONFLICT OF INTEREST CLAUSE (SEP 2015)

a) This solicitation contains a clause entitled Organizational Conflict of Interest, pursuant to FAR subpart 9.5, which is to be included in any contract to be awarded hereunder. Prospective offerors are requested to furnish with their proposals, information pertaining to any existing contract between the offeror and the companies engaged in furnishing to the United States Government any services or supplies pertaining to the development, production or analysis of any of the weapon systems, equipment or programs identified in the statement of work of this solicitation or listed below, if any, which may have a bearing on any existing or potential conflict of interest within the meaning of the clause in the Schedule. Such information shall include:

1. The identity of the company
2. A description of the work to be performed under the contract with the company or the relationship between the offeror and the company
3. The dollar amount of the contract or any other ownership interest
4. The period of performance
5. A description of the internal control taken by the offeror to avoid potential organizational conflict of interest, and
6. Any other information requested by the Contracting Officer.

b) The basis for including an OCI clause is: that the contractor may gain access to proprietary information of other companies during contract performance.

c) This solicitation contains a clause entitled Organizational Conflict of Interest which is to be included in the contract to be awarded hereunder. The language of this clause is subject to revision, based on questions/concerns raised by prospective offerors to the attention of the Contracting Officer prior to solicitation closing.

ORGANIZATIONAL CONFLICT OF INTEREST (SEP 2015)

(a) Definitions - In this clause:

- (i) "Contractor" means the firm signing this contract;
- (ii) "System Supplier" means any firm engaged in or having a known or prospective interest in the development, production, or analysis of the weapon system, equipment or program which are identified in the statement of work of this contract.
- (iii) "Affiliates" means employees or officers of the contractor and first tier subcontractors involved in the performance of this contract, or in the decision making process concerning this contract.
- (iv) "Interest" means organizational or financial interest.
- (v) "Term of this Contract" means the period of performance plus any extensions thereto.

(b) Warranty Against Existing Conflicts of Interest

- (i) The contractor warrants that it and its affiliates do not have any contracts with or any substantial interest in the system suppliers identified in the statement of work of this contract, other than those disclosed to the Government and listed in the Section L solicitation provision entitled "Notice of Inclusion of an Organizational Conflict of Interest clause."
- (ii) The contractor recognizes that during the term of this contract additional weapon system, equipment or programs may be identified and added to the statement of work of this contract as a result of contract modifications. In such event, the contractor agrees to immediately disclose to the Government information concerning any contract or interest between the contractor and its affiliates and any system supplier if the contract or interest arises during the term of this contract.
- (iii) The contracting officer shall have the sole discretion to determine whether a potential organizational conflict of interest exists concerning any interest or contract which arises or is identified during the term of this contract. The contracting officer may take such steps as are necessary in the best interest of the Government to eliminate potential conflict of interest.

(c) Restrictions on Contracting

- (i) The contractor agrees that during the term of this contract, and for a period of **24 months** thereafter, neither it nor its affiliates shall (1) enter into any contract for supplies, services or materials, related to the work under this contract with the system suppliers; (2) create for themselves any interest in the system suppliers; (3) consult or discuss with the system supplier any aspects of work under this contract; or (4) furnish to the United States Government, either as a prime contractor or as a subcontractor any component of a system it has worked on or had access to under this contract.
- (ii) The contractor further agrees that neither it nor its affiliates will conduct a review nor make recommendations under this contract concerning any item which is the product of work performed by the contractor or its affiliates under any other contract.
- (iii) To the extent that the contractor or its affiliates are required to create a specification or develop recommendations for future work to be competed under this contract or any other contract, the contractor agrees, that during the term of this contract, and for a period of **24 months** thereafter, that neither it nor its affiliates shall enter any contract action for the performance of work resulting from the specification or recommendations.

(d) Non-Disclosure of Proprietary Data

Certain information of a proprietary nature may be submitted to the Government by a system supplier. While performing under this contract, the prime contractor and any subcontractors may receive this information. The prime contractor and any subcontractors agree to use and examine this information exclusively in the performance of this contract and to take the necessary steps to prevent disclosure of such information to any party outside the Government, as long as it remains proprietary. The contractor and the subcontractors agree to indoctrinate their affiliates who will have access to this information as to the proprietary nature of the information and the relationship under which they have possession of the information. Affiliates will also be informed that they may not engage in any other action, venture or employment where this information will be used for profit of any party other than the party furnishing this information. Additionally, the contractor and subcontractor agree to execute agreements to this effect with companies providing proprietary data for performance under this contract. The contractor and subcontractors will restrict access to proprietary information to the minimum number of employees for performance of this contract.

(e) Government Remedy

The contractor agrees that any breach or violation of the warranties, restrictions, disclosures or non-disclosures set forth in this conflict of interest clause shall constitute a material and substantial breach of terms, conditions, and provisions of the contract and that the Government may, in addition to any other remedy available, terminate the contract for default.

CONTRACT ADMINISTRATION PLAN (CAP) FOR FIXED PRICE, INDEFINITE DELIVERY, CONTRACTS

In order to expedite the administration of this contract, the following delineation of duties is provided. The names, addresses and phone numbers for these offices or individuals are included elsewhere in the contract award document. The office or individual designated as having responsibility should be contacted for any questions, clarifications or information regarding the administration function assigned.

1. The Procuring Contract Office (PCO) is responsible for:

- a. All pre-award duties such as solicitation, negotiation and award of contracts.
- b. Any information or questions during the pre-award stage of the procurement.
- c. Freedom of Information inquiries.
- d. Changes in contract terms and/or conditions.
- e. Post award conference.

2. The Contract Administration Office (CAO) is responsible for matters specified in FAR 42.302, except those areas otherwise designated as the responsibility of the Contracting Officer's Representative (COR) or someone else herein.

3. The paying office is responsible for making payment of proper invoices after acceptance is documented.

4. The Ordering Officer is responsible for:

- a. Requesting, obtaining and evaluating proposals for orders to be issued.
- b. Select the most advantageous offer to the Government for individual Task Orders in accordance with contract provisions. Determining that the price /estimated cost of the order is fair and reasonable for the effort proposed.
- c. Obligating the funds by issuance of the delivery order/task order.
- d. Authorizing the contractor to begin performance.
- e. Providing subcontract approval.
- f. Monitoring direct costs on orders issued.

NOTE: The PCO and the Ordering Officer may be the same individual, but in no case shall the COR perform the duties of the Ordering Officer.

5. The Contracting Officer's Representative (COR) is responsible for interface with the contractor and performance of duties such as those set forth below. It is emphasized that only the PCO/CAO has the authority to modify the terms of the contract. In no event will any understanding, agreement, modification, change order, or other matter deviating from the terms of the basic contract between the contractor and any other person be effective or binding on the government. If in the opinion of the contractor an effort outside the scope of the contract is requested, the contractor shall promptly notify the PCO in writing. No action may be taken by the contractor unless the PCO or CAO has issued a contractual change. The COR duties are as follows:

a. Technical Interface

(1) The COR is responsible for all Government technical interface concerning the contractor and furnishing technical instructions to the contractor. These instructions may include: technical advice/recommendations/clarifications of specific details relating to technical aspects of contract requirements; milestones to be met within the general terms of the contract or specific subtasks of the contract; or, any other interface of a technical nature necessary for the contractor to perform the work specified in the contract or order. The COR is the point of contact through whom the

contractor can relay questions and problems of a technical nature to the PCO.

(2) The COR is prohibited from issuing any instruction which would constitute a contractual change. The COR shall not instruct the contractor how to perform. If there is any doubt whether technical instructions contemplated fall within the scope of work, contact the PCO for guidance before transmitting the instructions to the contractor.

b. Contract Surveillance

(1) The COR shall monitor the contractor's performance and progress under the contract. In performing contract surveillance duties, the COR should exercise extreme care to ensure that he/she does not cross the line of personal services. The COR must be able to distinguish between surveillance (which is proper and necessary) and supervision (which is not permitted). Surveillance becomes supervision when you go beyond enforcing the terms of the contract. If the contractor is directed to perform the contract services in a specific manner, the line is being crossed. In such as situation, the COR's actions would be equivalent to using the contractor's personnel as if they were government employees and would constitute transforming the contract into one for personal services.

(2) The COR shall monitor the contractor's performance to see that inefficient or wasteful methods are not being used. If such practices are observed, the COR is responsible for taking reasonable and timely action to alert the contractor and the PCO to the situation.

(3) The COR will take timely action to alert the PCO to any potential performance problems. If performance schedule slippage is detected, the COR should determine the factors causing the delay and report them to the PCO, along with the contractor's proposed actions to eliminate or overcome these factors and recover the slippage. Once a recovery plan has been put in place, the COR is responsible for monitoring the recovery and keeping the PCO advised of progress.

(4) If the Contractor Performance Assessment Reporting System (CPARS) is applicable to the contract you are responsible for completing a Contractor Performance Assessment Report (CPAR) in the CPARS Automated Information System (AIS). The initial CPAR, under an eligible contract, must reflect evaluation of at least 180 days of contractor performance. The completed CPAR, including contractor comments if any, (NOTE: contractors are allowed 30 days to input their comments) should be available in the CPARS AIS for reviewing official (PCO) review no later than 270 days after start of contract performance. Subsequent CPARs covering any contract option periods should be ready at 1-year intervals thereafter.

c. Invoice Review and Approval/Inspection and Acceptance

(1) The COR is responsible for quality assurance of services performed and acceptance of the services or deliverables. The COR shall expeditiously review copies of the contractor's invoices or vouchers, certificate of performance and all other supporting documentation to determine the reasonableness of the billing. In making this determination, the COR must take into consideration all documentary information available and any information developed from personal observations.

(2) The COR must indicate either complete or partial concurrence with the contractor's invoice/voucher by executing the applicable certificate of performance furnished by the contractor.

(3) The COR will provide the PCO and the CAO with copies of acceptance documents such as Certificates of Performance.

(4) Upon completion of all services under the contract, the COR shall work with the Contractor to obtain and execute a final invoice no more than 60 days after completion of contract performance. The COR shall ensure that the invoice is clearly marked as a "Final Invoice."

d. Contract Modifications/Orders Under Indefinite Delivery Contracts.

(1) The COR is responsible (if necessary) for developing the statement of work for tasking orders, change orders, or modifications and for preparing an independent government cost estimate of the effort described in the proposed statement of work.

(2) The COR shall provide available and relevant Past Performance information with each request for new Task Orders. The COR shall review and evaluate the contractor's proposal and furnish comments and recommendations

e. Administrative Duties

(1) The COR is responsible for taking appropriate action on technical correspondence pertaining to the contract and for maintaining files on each contract. This includes all modifications, government cost estimates, contractor invoices/vouchers, certificates of performance, DD 250 forms and contractor's status reports.

(2) The COR shall maintain files on all correspondence relating to contractor performance, whether satisfactory or unsatisfactory, and on trip reports for all government personnel visiting the contractor's place of business for the purpose of discussing the contract.

(3) The COR must take prompt action to provide the PCO with any contractor or technical code request for change, deviation or waiver, along with any supporting analysis or other required documentation.

f. Government Furnished Property. When government property is to be furnished to the contractor, the COR will take the necessary steps to ensure that it is furnished in a timely fashion and in proper condition for use. The COR will maintain adequate records to ensure that property furnished is returned and/or that material has been consumed in the performance of work.

g. Security. The COR is responsible for ensuring that any applicable security requirements are strictly adhered to.

h. Standards of Conduct. The COR is responsible for reading and complying with all applicable agency standards of conduct and conflict of interest instructions.

i. Written Report/Contract Completion Statement.

(1) The COR is responsible for timely preparation and submission to the PCO, of a written, annual evaluation of the contractors performance. The report shall be submitted within 30 days prior to the exercise of any contract option and 60 days after contract completion. The report shall include a written statement that services were received in accordance with the Contract terms and that the contract is now available for close-out. The report shall also include a statement as to the use made of any deliverables furnished by the contractor. For contracts where delivery orders are issued, one consolidated report which addresses all actions under the contract may be submitted.

(2) If the Contractor Performance Assessment Reporting System (CPARS) is applicable to the contract you are responsible for completing a final Contractor Performance Assessment Report (CPAR) in the CPARS with 30 days of contract completion.

(3) The COR is responsible for providing necessary assistance to the Contracting Officer in performing Contract Close-out in accordance with FAR 4.804, Closeout of Contract Files.

7. The Technical Assistant (TA), if appointed, is responsible for providing routine administration and monitoring assistance to the COR. The TA does not have the authority to provide any technical direction or clarification to the contract. Duties that may be performed by the TA are as follows:

- a. Identify contractor deficiencies to the COR.
- b. Review contract/delivery order deliverables, recommend acceptance/rejection, and provide the COR with documentation to support the recommendation.
- c. Assist in preparing the final report on contractor performance for the applicable contract/delivery order in accordance with the format and procedures prescribed by the COR.
- d. Identify contract noncompliance with reporting requirements to the COR.
- e. Evaluate the contractor's proposals for specific delivery orders and identify, for the COR, any potential problems, areas of concern, or issues to be discussed during negotiations.
- f. Review contractor status and progress reports, identify deficiencies to the COR, and provide the COR with recommendations regarding acceptance, rejection, and/or Government technical clarification requests.
- g. Review invoices for the appropriate mix of types and quantities of labor, materials, and other direct costs, and provide the COR with recommendations to facilitate COR certification of the invoice.
- h. Provide the COR with timely input regarding technical clarifications for the statement of work, possible technical direction to provide the contractor, and recommend corrective actions.
- i. Provide detailed written reports of any trip, meeting, or conversation to the COR subsequent to any interface between the TA and contractor.

REIMBURSEMENT OF TRAVEL COST (SEP 2015)

(a) Travel

(1) Area of Travel. Performance under this contract may require travel by contractor personnel. If travel, domestic or overseas, is required, the contractor is responsible for making all needed arrangements for his personnel. This includes but is not limited to the following:

Medical Examinations
Immunization
Passports, visas, etc.
Security Clearances

All contractor personnel required to perform work on any U.S. Navy vessel will have to obtain boarding authorization from the Commanding Officer of the vessel prior to boarding.

(2) Travel Policy. The Government will reimburse the contractor for allowable travel costs incurred by the contractor in performance of the contract and determined to be in accordance with FAR subpart 31.2, subject to the following provisions:

Travel required for tasks assigned under this contract shall be governed in accordance with rules set forth for temporary duty travel in FAR 31.205-46.

(3) Travel. Travel, subsistence, and associated labor charges for travel time are authorized, whenever a task assignment requires work to be accomplished at a temporary alternate worksite.

Travel performed for personal convenience and daily travel to and from work at contractor's facility will not be reimbursed.

(4) Per Diem. Per diem for travel on work assigned under this contract will be reimbursed to employees consistent with company policy, but not to exceed the amount authorized in the Department of Defense Joint Travel Regulations.

(5) Shipboard Stays. Whenever work assignments require temporary duty aboard a Government ship, the contractor will be reimbursed at the per diem rates identified in paragraphs C8101.2C or C81181.3B(6) of the DOD Joint Travel Regulations, Volume 2.

(6) Air/Rail Travel. In rendering the services, the contractor shall be reimbursed for the actual costs of transportation incurred by its personnel not to exceed the cost of tourist class rail, or plane fare, to the extent that such transportation is necessary for the performance of the services hereunder and is authorized by the Ordering Officer. Such authorization by the Ordering Officer shall be indicated in the order or in some other suitable written form.

NOTE: To the maximum extent practicable without the impairment of the effectiveness of the mission, transportation shall be tourist class. In the event that only first class travel is available, it will be allowed, provided justification therefore is fully documented and warranted.

(7) Private Automobile. The use of privately owned conveyance within the continental United States by the traveler will be reimbursed to the contractor at the mileage rate allowed by Joint Travel Regulations. Authorization for the use of privately owned conveyance shall be indicated on the order. Distances traveled between points shall be shown in standard highway mileage guides. Any deviations from distance shown in such standard mileage guides shall be explained by the traveler on his expense sheet.

(8) Car Rental. The contractor shall be entitled to reimbursement for car rental, exclusive of mileage charges, as authorized by each order, when the services are required to be performed outside the normal commuting distance from the contractor's facilities. Car rental for TDY teams will be limited to a rate of one car for every four (4) persons on TDY at one site.

(End of Text)

Status of Force Agreement

It is the contractor's responsibility to review, understand, and comply with all SOFA and country-specific requirements applicable to this contract.

SOFA status defines the benefits received by the contractor and/or the contractor's dependents. These benefits include, but are not limited to, commissary, postal, military banking privileges, on-base education and access to United States military medical facilities. The SOFA status usually defines the prosecution for criminal offenses in the USG OCONUS court system and laws as opposed to the Host Nation judicial system and laws but that will vary by location.

The resultant contract will have performance locations in OCONUS locations as detailed in the Performance Work Statement. Additional information on traveling outside of the United States can found by accessing the Foreign Clearance Guide located at <https://www.fcg.pentagon.mil/fcg.cfm> and the respective Area of Responsibility (AOR) Geographic Combatant Command (GCC) webpage located at <https://www.acq.osd.mil/asda/dpc/cp/cc/aor.html>.

Synchronized Pre-deployment and Operational Tracker (SPOT) System:

SPOT has been designated as the Joint Enterprise contractor management and accountability system to provide a central source of contingency contractor information. Contractor shall maintain by name accountability within SPOT of all contract personnel assigned to this contract. The Government will use SPOT for oversight and potential source of contractor Letter of Authorization (LOA) for each contractor personnel traveling. Information on registration and use of SPOT may be found at spot.outreach@us.army.mil.

252.204-7021 Contractor Compliance with the Cybersecurity Maturity Model Certification Level Requirements. (Nov 2025)

CONTRACTOR COMPLIANCE WITH THE CYBERSECURITY MATURITY MODEL CERTIFICATION LEVEL REQUIREMENTS (NOV 2025)

(a) *Definitions.* As used in this clause-

"Controlled unclassified information" means information the Government creates or possesses, or information an entity creates or possesses for or on behalf of the Government, that a law, regulation, or Governmentwide policy requires or permits an agency to handle using safeguarding or dissemination controls (32 CFR 2002.4(h)).

"Current" means-

(1) With regard to Conditional Cybersecurity Maturity Model Certification (CMMC) Status-

(i) Not older than 180 days for Conditional Level 2 (Self) assessments and Conditional Level 2 (certified third-party assessment organization (C3PAO)) assessments, with-

(A) No changes in compliance with the requirements at 32 CFR part 170 since the Conditional CMMC Status date (see 32 CFR 170.16 and 170.17); and

(B) A corresponding affirmation of continuous compliance by an affirming official (see 32 CFR 170.4); and

(ii) Not older than 180 days for Conditional Level 3 (Defense Industrial Base Cybersecurity Assessment Center (DIBCAC)) assessments, with-

(A) No changes in compliance with the requirements at 32 CFR part 170 since the Conditional CMMC Status date (see 32 CFR 170.18); and

(B) A corresponding affirmation of continuous compliance by an affirming official;

(2) With regard to Final CMMC Status-

(i) Not older than 1 year for Final Level 1 (Self), with-

(A) No changes in compliance with the requirements at 32 CFR part 170 since the Final CMMC Status date (see 32 CFR 170.15); and

(B) A corresponding affirmation of continuous compliance, not older than 1 year, by an affirming official;

(ii) Not older than 3 years for Final Level 2 (Self) assessments and Final Level 2 (C3PAO) assessments, with-

(A) No changes in compliance with the requirements at 32 CFR part 170 since the Final CMMC Status date (see 32 CFR 170.16 and 170.17); and

(B) A corresponding affirmation of continuous compliance, not older than 1 year, by an affirming official; and

(iii) Not older than 3 years for Final Level 3 (DIBCAC) assessments, with-

(A) No changes in compliance with the requirements at 32 CFR part 170 since the Final CMMC Status date (see 32 CFR 170.18); and

(B) A corresponding affirmation of continuous compliance, not older than 1 year, by an affirming official; and

(3) With regard to affirmation of continuous compliance (32 CFR 170.22), not older than 1 year with no changes in compliance with the requirements at 32 CFR part 170.

"Cybersecurity Maturity Model Certification (CMMC) status" means the result of meeting or exceeding the minimum required score for the corresponding assessment. The potential statuses are as follows:

- (1) Final Level 1 (Self).
- (2) Conditional Level 2 (Self).
- (3) Final Level 2 (Self).
- (4) Conditional Level 2 (C3PAO).
- (5) Final Level 2 (C3PAO).
- (6) Conditional Level 3 (DIBCAC).
- (7) Final Level 3 (DIBCAC).

"Cybersecurity Maturity Model Certification unique identifier (CMMC UID)" means 10 alpha-numeric characters assigned to each CMMC assessment and reflected in the Supplier Performance Risk System (SPRS) for each contractor information system.

"Federal contract information (FCI)" means information, not intended for public release, that is provided by or generated for the Government under a contract to develop or deliver a product or service to the Government. It does not include information provided by the Government to the public, such as on public websites, or simple transactional information, such as information necessary to process payments.

"Plan of action and milestones" means a document that identifies tasks to be accomplished. It details resources required to accomplish the elements of the plan, any milestones in meeting the tasks, and scheduled completion dates for the milestones, as defined in National Institute of Standards and Technology Special Publication 800-115 (32 CFR 170.21).

(b) *Framework.* The Cybersecurity Maturity Model Certification (CMMC) is a framework for assessing a contractor's compliance with applicable information security protections (see 32 CFR part 170).

(c) *Duplication.* The CMMC assessments will not duplicate efforts from any other comparable DoD assessment, except for rare circumstances when a reassessment may be necessary, for example, when there are indications of issues with cybersecurity and/or compliance with CMMC requirements.

(d) *Requirements.* The Contractor shall-

(1)(i) Have and maintain for the duration of the contract a current CMMC status at the following CMMC level, or higher: **CMMC Level 1 (Self)** for all information systems used in performance of the contract, task order, or delivery order that process, store, or transmit FCI or CUI; and

(ii) Consult 32 CFR 170.23 related to the flowdown of the CMMC requirements, and flow down the correct CMMC level to subcontracts and other contractual instruments;

(2) Only process, store, or transmit FCI or CUI on contractor information systems that have a CMMC status at the CMMC level required in paragraph (d)(1) of this clause, or higher;

(3) Complete on an annual basis, and maintain as current, an affirmation, by the affirming official (see 32 CFR 170.4), of continuous compliance with the requirements associated with the CMMC level required in paragraph (d)(1) of this clause in the Supplier Performance Risk System (SPRS) (<https://piee.eb.mil>) for each CMMC UID applicable to each of the contractor information systems that process, store, or transmit FCI or CUI and that are used in performance of the contract;

(4) Ensure all subcontractors and suppliers complete prior to subcontract award, and maintain on an annual basis, an affirmation, by the affirming official (see 32 CFR 170.4), of continuous compliance with the requirements associated with the CMMC level required for the subcontract or other contractual instrument for each of the subcontractor information systems that process, store, or transmit FCI or CUI and that are used in performance of the subcontract; and

(5) If the Contractor has a CMMC Status of Conditional, successfully close out a valid plan of action and milestones (32 CFR 170.21) to achieve a CMMC Status of Final.

(e) *Reporting.* The Contractor shall-

(1) Submit to the Contracting Officer-

(i) The CMMC UID(s) issued by SPRS for contractor information systems that will process, store, or transmit FCI or CUI during performance of the contract; and

(ii) Any changes in the CMMC UIDs generated in SPRS throughout the life of the contract, task order, or delivery order, if applicable;

(2) Enter into SPRS the results of a current self-assessment for each CMMC UID, not covered by a C3PAO assessment or DIBCAC assessment, applicable to each of the contractor information systems that process, store, or transmit FCI or CUI and that are used in performance of the contract; and

(3) Complete in SPRS on an annual basis and maintain as current an affirmation of continuous compliance by the affirming official (see 32 CFR 170.4) for each self-assessment, C3PAO assessment, or DIBCAC assessment required under the contract in SPRS.

(f) *Subcontracts.* The Contractor shall-

(1) Insert the substance of this clause, including this paragraph (f) and excluding paragraph (e)(1), in subcontracts and other contractual instruments, including those for the acquisition of commercial products or commercial services, excluding commercially available off-the-shelf items, if the subcontract or other contractual instrument will contain a requirement to process, store, or transmit FCI or CUI; and

(2) Prior to awarding a subcontract or other contractual instrument, ensure that the subcontractor has a current CMMC certificate or current CMMC status at the CMMC level that is appropriate for the information that is being flowed down to the subcontractor based on the requirements at 32 CFR 170.23.

(End of clause)

252.232-7006 Wide Area WorkFlow Payment Instructions.

(Jan 2023)

WIDE AREA WORKFLOW PAYMENT INSTRUCTIONS (JAN 2023)

(a) *Definitions.* As used in this clause-

"Department of Defense Activity Address Code (DoDAAC)" is a six position code that uniquely identifies a unit, activity, or organization.

"Document type" means the type of payment request or receiving report available for creation in Wide Area WorkFlow (WAWF).

"Local processing office (LPO)" is the office responsible for payment certification when payment certification is done external to the entitlement system.

"Payment request" and "receiving report" are defined in the clause at 252.232-7003, Electronic Submission of Payment Requests and Receiving Reports.

(b) *Electronic invoicing.* The WAWF system provides the method to electronically process vendor payment requests and receiving reports, as authorized by Defense Federal Acquisition Regulation Supplement (DFARS) 252.232-7003, Electronic Submission of Payment Requests and Receiving Reports.

(c) *WAWF access.* To access WAWF, the Contractor shall-

(1) Have a designated electronic business point of contact in the System for Award Management at <https://www.sam.gov>; and

(2) Be registered to use WAWF at <https://wawf.eb.mil/> following the step-by-step procedures for self-registration available at this web site.

(d) *WAWF training.* The Contractor should follow the training instructions of the WAWF Web-Based Training Course and use the Practice Training Site before submitting payment requests through WAWF. Both can be accessed by selecting the "Web Based Training" link on the WAWF home page at <https://wawf.eb.mil/>

(e) *WAWF methods of document submission.* Document submissions may be via web entry, Electronic Data Interchange, or File Transfer Protocol.

(f) *WAWF payment instructions.* The Contractor shall use the following information when submitting payment requests and receiving reports in WAWF for this contract or task or delivery order:

(1) *Document type.* The Contractor shall submit payment requests using the following document type(s):

(i) For cost-type line items, including labor-hour or time-and-materials, submit a cost voucher.

(ii) For fixed price line items-

(A) That require shipment of a deliverable, submit the invoice and receiving report specified by the Contracting Officer.

Not applicable

(B) For services that do not require shipment of a deliverable, submit either the Invoice 2in1, which meets the requirements for the invoice and receiving report, or the applicable invoice and receiving report, as specified by the Contracting Officer.

To be completed in each task order.

(iii) For customary progress payments based on costs incurred, submit a progress payment request.

(iv) For performance based payments, submit a performance based payment request.

(v) For commercial financing, submit a commercial financing request.

(2)) Fast Pay requests are only permitted when Federal Acquisition Regulation (FAR) 52.213-1 is included in the contract.

[Note: The Contractor may use a WAWF "combo" document type to create some combinations of invoice and receiving report in one step.]

(3) *Document routing.* The Contractor shall use the information in the Routing Data Table below only to fill in applicable fields in WAWF when creating payment requests and receiving reports in the system.

Routing Data Table*

<i>Field Name in WAWF</i>	<i>Data to be entered in WAWF</i>

(d) *Comptroller General Examination of Record*. The Contractor shall comply with the provisions of this paragraph (d) if this contract was awarded using other than sealed bid, is in excess of the simplified acquisition threshold, as defined in FAR 2.101, on the date of award of this contract, and does not contain the clause at 52.215-2, Audit and Records-Negotiation.

(1) The Comptroller General of the United States, or an authorized representative of the Comptroller General, shall have access to and right to examine any of the Contractor's directly pertinent records involving transactions related to this contract.

(2) The Contractor shall make available at its offices at all reasonable times the records, materials, and other evidence for examination, audit, or reproduction, until 3 years after final payment under this contract or for any shorter period specified in FAR subpart 4.7, Contractor Records Retention, of the other clauses of this contract. If this contract is completely or partially terminated, the records relating to the work terminated shall be made available for 3 years after any resulting final termination settlement. Records relating to appeals under the disputes clause or to litigation or the settlement of claims arising under or relating to this contract shall be made available until such appeals, litigation, or claims are finally resolved.

(3) As used in this clause, records include books, documents, accounting procedures and practices, and other data, regardless of type and regardless of form. This does not require the Contractor to create or maintain any record that the Contractor does not maintain in the ordinary course of business or pursuant to a provision of law.

(e)

(1) Notwithstanding the requirements of the clauses in paragraphs (a), (b), (c), and (d) of this clause, the Contractor is not required to flow down any FAR clause, other than those in this paragraph (e)(1), in a subcontract for commercial products or commercial services. Unless otherwise indicated below, the extent of the flow down shall be as required by the clause-

52.216-18 Ordering.

(Aug 2020)

Ordering (Aug 2020)

- (a) Any supplies and services to be furnished under this contract shall be ordered by issuance of delivery orders or task orders by the individuals or activities designated in the Schedule. Such orders may be issued from **May 2031 through 15 November 2031 if the option period is exercised.**
- (b) All delivery orders or task orders are subject to the terms and conditions of this contract. In the event of conflict between a delivery order or task order and this contract, the contract shall control.
- (c) A delivery order or task order is considered "issued" when-
- (1) If sent by mail (includes transmittal by U.S. mail or private delivery service), the Government deposits the order in the mail;
- (2) If sent by fax, the Government transmits the order to the Contractor's fax number; or
- (3) If sent electronically, the Government either-

- (i) Posts a copy of the delivery order or task order to a Government document access system, and notice is sent to the Contractor; or
- (ii) Distributes the delivery order or task order via email to the Contractor's email address.
- (d) Orders may be issued by methods other than those enumerated in this clause only if authorized in the contract.
- (End of clause)

52.216-22 Indefinite Quantity.

(Oct 1995)

Indefinite Quantity (Oct 1995)

- (a) This is an indefinite-quantity contract for the supplies or services specified, and effective for the period stated, in the Schedule. The quantities of supplies and services specified in the Schedule are estimates only and are not purchased by this contract.
- (b) Delivery or performance shall be made only as authorized by orders issued in accordance with the Ordering clause. The Contractor shall furnish to the Government, when and if ordered, the supplies or services specified in the Schedule up to and including the quantity designated in the Schedule as the "maximum." The Government shall order at least the quantity of supplies or services designated in the Schedule as the "minimum."
- (c) Except for any limitations on quantities in the Order Limitations clause or in the Schedule, there is no limit on the number of orders that may be issued. The Government may issue orders requiring delivery to multiple destinations or performance at multiple locations.
- (d) Any order issued during the effective period of this contract and not completed within that period shall be completed by the Contractor within the time specified in the order. The contract shall govern the Contractor's and Government's rights and obligations with respect to that order to the same extent as if the order were completed during the contract's effective period; *provided*, that the Contractor shall not be required to make any deliveries under this contract after **365 days beyond the ordering period**.

52.219-14 Limitations on Subcontracting (DEVIATION 2021-O0008)

(Oct 2022) Deviation 2021-O0008 (Feb 2023)

LIMITATIONS ON SUBCONTRACTING (FEB 2023) (DEVIATION 2021-O0008)

- (a) This clause does not apply to the unrestricted portion of a partial set-aside.
- (b) *Definition. Similarly situated entity*, as used in this clause, means a first-tier subcontractor, including an independent contractor, that--
 - (1) Has the same small business program status as that which qualified the prime contractor for the award (e.g., for a small business set-aside contract, any small business concern, without regard to its socioeconomic status); and
 - (2) Is considered small for the size standard under the North American Industry Classification System (NAICS) code the prime contractor assigned to the subcontract.
- (c) *Applicability.* This clause applies only to--
 - (1) Contracts that have been set aside for any of the small business concerns identified in 19.000(a)(3);
 - (2) Part or parts of a multiple-award contract that have been set aside for any of the small business concerns identified in 19.000(a)(3);
 - (3) Contracts that have been awarded on a sole-source basis in accordance with subparts 19.8, 19.13, 19.14, and 19.15;
 - (4) Orders expected to exceed the simplified acquisition threshold and that are--
 - (i) Set aside for small business concerns under multiple-award contracts, as described in 8.405-5 and 16.505(b)(2)(i)(F); or
 - (ii) Issued directly to small business concerns under multiple-award contracts as described in 19.504(c)(1)(ii);
 - (5) Orders, regardless of dollar value, that are--
 - (i) Set aside in accordance with subparts 19.8, 19.13, 19.14, or 19.15 under multiple-award contracts, as described in 8.405-5 and 16.505(b)(2)(i)(F); or
 - (ii) Issued directly to concerns that qualify for the programs described in subparts 19.8, 19.13, 19.14, or 19.15 under multiple-award contracts, as described in 19.504(c)(1)(ii); and
 - (6) Contracts using the HUBZone price evaluation preference to award to a HUBZone small business concern unless the concern waived the evaluation preference.

(d) *Independent contractors.* An independent contractor shall be considered a subcontractor.

(e) *Limitations on subcontracting.* By submission of an offer and execution of a contract, the Contractor agrees that in performance of a contract assigned a North American Industry Classification System (NAICS) code for--

(1) Services (except construction), it will not pay more than 50 percent of the amount paid by the Government for contract performance, excluding certain other direct costs and certain work performed outside the United States (see paragraph (e)(1)(i)), to subcontractors that are not similarly situated entities. Any work that a similarly situated entity further subcontracts will count towards the prime contractor's 50 percent subcontract amount that cannot be exceeded. When a contract includes both services and supplies, the 50 percent limitation shall apply only to the service portion of the contract. The following services may be excluded from the 50 percent limitation:

(i) Other direct costs, to the extent they are not the principal purpose of the acquisition and small business concerns do not provide the service. Examples include airline travel, work performed by a transportation or disposal entity under a contract assigned the environmental remediation NAICS code 562910), cloud computing services, or mass media purchases.

(ii) Work performed outside the United States on awards made pursuant to the Foreign Assistance Act of 1961, or work performed outside the United States required to be performed by a local contractor.

(2) Supplies (other than procurement from a nonmanufacturer of such supplies), it will not pay more than 50 percent of the amount paid by the Government for contract performance, excluding the cost of materials, to subcontractors that are not similarly situated entities. Any work that a similarly situated entity further subcontracts will count towards the prime contractor's 50 percent subcontract amount that cannot be exceeded. When a contract includes both supplies and services, the 50 percent limitation shall apply only to the supply portion of the contract;

(3) General construction, it will not pay more than 85 percent of the amount paid by the Government for contract performance, excluding the cost of materials, to subcontractors that are not similarly situated entities. Any work that a similarly situated entity further subcontracts will count towards the prime contractor's 85 percent subcontract amount that cannot be exceeded;

(4) Construction by special trade contractors, it will not pay more than 75 percent of the amount paid by the Government for contract performance, excluding the cost of materials, to subcontractors that are not similarly situated entities. Any work that a similarly situated entity further subcontracts will count towards the prime contractor's 75 percent subcontract amount that cannot be exceeded.

(f) The Contractor shall comply with the limitations on subcontracting as follows:

(1) For contracts, in accordance with paragraphs (c)(1), (2), (3) and (6) of this clause--

☒ By the end of the base term of the contract and then by the end of each subsequent option period; or

☐ By the end of the performance period for each order issued under the contract.

(2) For orders, in accordance with paragraphs (c)(4) and (5) of this clause, by the end of the performance period for the order.

(g) A joint venture agrees that, in the performance of the contract, the applicable percentage specified in paragraph (e) of this clause will be performed by the aggregate of the joint venture participants.

(1) In a joint venture comprised of a small business protege and its mentor approved by the Small Business Administration, the small business protege shall perform at least 40 percent of the work performed by the joint venture. Work performed by the small business protege in the joint venture must be more than administrative functions.

(2) In an 8(a) joint venture, the 8(a) participant(s) shall perform at least 40 percent of the work performed by the joint venture. Work performed by the 8(a) participants in the joint venture must be more than administrative functions.

(End of clause)

52.216-19 Order Limitations.

(Oct 1995)

Order Limitations (Oct 1995)

(a) *Minimum order.* When the Government requires supplies or services covered by this contract in an amount of less than **\$1.00**, the Government is not obligated to purchase, nor is the Contractor obligated to furnish, those supplies or services under the contract.

(b) *Maximum order.* The Contractor is not obligated to honor--

(1) Any order for a single item in excess of **\$10,000,000.00**;

(2) Any order for a combination of items in excess of **the contract ceiling**; or

(3) A series of orders from the same ordering office within **7 days** that together call for quantities exceeding the limitation in paragraph (b)(1) or (2) of this section.

(c) If this is a requirements contract (*i.e.*, includes the Requirements clause at subsection 52.216-21 of the Federal Acquisition Regulation (FAR)), the Government is not required to order a part of any one requirement from the Contractor if that requirement exceeds the maximum-order limitations in paragraph (b) of this section.

(d) Notwithstanding paragraphs (b) and (c) of this section, the Contractor shall honor any order exceeding the maximum order limitations in paragraph (b), unless that order (or orders) is returned to the ordering office within ____ days after issuance, with written notice stating the Contractor's intent not to ship the item (or items) called for and the reasons. Upon receiving this notice, the Government may acquire the supplies or services from another source.

52.204-24 Representation Regarding Certain Telecommunications and Video Surveillance Services or Equipment. (Nov 2021)

REPRESENTATION REGARDING CERTAIN TELECOMMUNICATIONS AND VIDEO SURVEILLANCE SERVICES OR EQUIPMENT (NOV 2021)

The Offeror shall not complete the representation at paragraph (d)(1) of this provision if the Offeror has represented that it "does not provide covered telecommunications equipment or services as a part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument" in paragraph (c)(1) in the provision at 52.204-26, Covered Telecommunications Equipment or Services-Representation, or in paragraph (v)(2)(i) of the provision at 52.212-3, Offeror Representations and Certifications-Commercial Products or Commercial Services. The Offeror shall not complete the representation in paragraph (d)(2) of this provision if the Offeror has represented that it "does not use covered telecommunications equipment or services, or any equipment, system, or service that uses covered telecommunications equipment or services" in paragraph (c)(2) of the provision at 52.204-26, or in paragraph (v)(2)(ii) of the provision at 52.212-3.

(a) *Definitions.* As used in this provision-

Backhaul, covered telecommunications equipment or services, critical technology, interconnection arrangements, reasonable inquiry, roaming, and substantial or essential component have the meanings provided in the clause 52.204-25, Prohibition on Contracting for Certain Telecommunications and Video Surveillance Services or Equipment.

(b) *Prohibition.*

(1) Section 889(a)(1)(A) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232) prohibits the head of an executive agency on or after August 13, 2019, from procuring or obtaining, or extending or renewing a contract to procure or obtain, any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. Nothing in the prohibition shall be construed to-

(i) Prohibit the head of an executive agency from procuring with an entity to provide a service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or

(ii) Cover telecommunications equipment that cannot route or redirect user data traffic or cannot permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(2) Section 889(a)(1)(B) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232) prohibits the head of an executive agency on or after August 13, 2020, from entering into a contract or extending or renewing a contract with an entity that uses any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. This prohibition applies to the use of covered telecommunications equipment or services, regardless of whether that use is in performance of work under a Federal contract. Nothing in the prohibition shall be construed to-

(i) Prohibit the head of an executive agency from procuring with an entity to provide a service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or

(ii) Cover telecommunications equipment that cannot route or redirect user data traffic or cannot permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(c) *Procedures.* The Offeror shall review the list of excluded parties in the System for Award Management (SAM) (<https://www.sam.gov>) for entities excluded from receiving federal awards for "covered telecommunications equipment or services".

(d) *Representation.* The Offeror represents that-

(1) It ☐ will, ☐ will not provide covered telecommunications equipment or services to the Government in the performance of any contract, subcontract or other contractual instrument resulting from this solicitation. The Offeror shall provide the additional disclosure information required at paragraph (e)(1) of this section if the Offeror responds "will" in paragraph (d)(1) of this section; and

(2) After conducting a reasonable inquiry, for purposes of this representation, the Offeror represents that-

It ☐ does, ☐ does not use covered telecommunications equipment or services, or use any equipment, system, or service that uses covered telecommunications equipment or services. The Offeror shall provide the additional disclosure information required at paragraph (e)(2) of this section if the Offeror responds "does" in paragraph (d)(2) of this section.

(e) *Disclosures.*

(1) Disclosure for the representation in paragraph (d)(1) of this provision. If the Offeror has responded "will" in the representation in paragraph (d)(1) of this provision, the Offeror shall provide the following information as part of the offer:

(i) For covered equipment-

(A) The entity that produced the covered telecommunications equipment (include entity name, unique entity identifier, CAGE code, and whether the entity was the original equipment manufacturer (OEM) or a distributor, if known);

(B) A description of all covered telecommunications equipment offered (include brand; model number, such as OEM number, manufacturer part number, or wholesaler number; and item description, as applicable); and

(C) Explanation of the proposed use of covered telecommunications equipment and any factors relevant to determining if such use would be permissible under the prohibition in paragraph (b)(1) of this provision.

(ii) For covered services-

(A) If the service is related to item maintenance: A description of all covered telecommunications services offered (include on the item being maintained: Brand; model number, such as OEM number, manufacturer part number, or wholesaler number; and item description, as applicable); or

(B) If not associated with maintenance, the Product Service Code (PSC) of the service being provided; and explanation of the proposed use of covered telecommunications services and any factors relevant to determining if such use would be permissible under the prohibition in paragraph (b)(1) of this provision.

(2) Disclosure for the representation in paragraph (d)(2) of this provision. If the Offeror has responded "does" in the representation in paragraph (d)(2) of this provision, the Offeror shall provide the following information as part of the offer:

(i) For covered equipment-

(A) The entity that produced the covered telecommunications equipment (include entity name, unique entity identifier, CAGE code, and whether the entity was the OEM or a distributor, if known);

(B) A description of all covered telecommunications equipment offered (include brand; model number, such as OEM number, manufacturer part number, or wholesaler number; and item description, as applicable); and

(C) Explanation of the proposed use of covered telecommunications equipment and any factors relevant to determining if such use would be permissible under the prohibition in paragraph (b)(2) of this provision.

(ii) For covered services-

(A) If the service is related to item maintenance: A description of all covered telecommunications services offered (include on the item being maintained: Brand; model number, such as OEM number, manufacturer part number, or wholesaler number; and item description, as applicable); or

(B) If not associated with maintenance, the PSC of the service being provided; and explanation of the proposed use of covered telecommunications services and any factors relevant to determining if such use would be permissible under the prohibition in paragraph (b)(2) of this provision.

(End of provision)

INFORMATION REGARDING RESPONSIBILITY MATTERS (OCT 2018)

(a) *Definitions.* As used in this provision-

Administrative proceeding means a non-judicial process that is adjudicatory in nature in order to make a determination of fault or liability (*e.g.*, Securities and Exchange Commission Administrative Proceedings, Civilian Board of Contract Appeals Proceedings, and Armed Services Board of Contract Appeals Proceedings). This includes administrative proceedings at the Federal and State level but only in connection with performance of a Federal contract or grant. It does not include agency actions such as contract audits, site visits, corrective plans, or inspection of deliverables.

Federal contracts and grants with total value greater than \$10,000,000 means-

(1) The total value of all current, active contracts and grants, including all priced options; and

(2) The total value of all current, active orders including all priced options under indefinite-delivery, indefinite-quantity, 8(a), or requirements contracts (including task and delivery and multiple-award Schedules).

Principal means an officer, director, owner, partner, or a person having primary management or supervisory responsibilities within a business entity (*e.g.*, general manager; plant manager; head of a division or business segment; and similar positions).

(b) The offeror ☐ has ☐ does not have current active Federal contracts and grants with total value greater than \$10,000,000.

(c) If the offeror checked "has" in paragraph (b) of this provision, the offeror represents, by submission of this offer, that the information it has entered in the Federal Awardee Performance and Integrity Information System (FAPIS) is current, accurate, and complete as of the date of submission of this offer with regard to the following information:

(1) Whether the offeror, and/or any of its principals, has or has not, within the last five years, in connection with the award to or performance by the offeror of a Federal contract or grant, been the subject of a proceeding, at the Federal or State level that resulted in any of the following dispositions:

(i) In a criminal proceeding, a conviction.

(ii) In a civil proceeding, a finding of fault and liability that results in the payment of a monetary fine, penalty, reimbursement, restitution, or damages of \$5,000 or more.

(iii) In an administrative proceeding, a finding of fault and liability that results in-

(A) The payment of a monetary fine or penalty of \$5,000 or more; or

(B) The payment of a reimbursement, restitution, or damages in excess of \$100,000.

(iv) In a criminal, civil, or administrative proceeding, a disposition of the matter by consent or compromise with an acknowledgment of fault by the Contractor if the proceeding could have led to any of the outcomes specified in paragraphs (c)(1)(i), (c)(1)(ii), or (c)(1)(iii) of this provision.

(2) If the offeror has been involved in the last five years in any of the occurrences listed in (c)(1) of this provision, whether the offeror has provided the requested information with regard to each occurrence.

(d) The offeror shall post the information in paragraphs (c)(1)(i) through (c)(1)(iv) of this provision in FAPIS as required through maintaining an active registration in the System for Award Management, which can be accessed via <https://www.sam.gov> (see 52.204-7).

252.204-7017 Prohibition on the Acquisition of Covered Defense Telecommunications Equipment or Services-Representation. (May 2021)

PROHIBITION ON THE ACQUISITION OF COVERED DEFENSE TELECOMMUNICATIONS EQUIPMENT OR SERVICES-REPRESENTATION (MAY 2021)

The Offeror is not required to complete the representation in this provision if the Offeror has represented in the provision at 252.204-7016, Covered Defense Telecommunications Equipment or Services-Representation, that it "does not provide covered defense telecommunications equipment or services as a part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument."

(a) *Definitions.* "Covered defense telecommunications equipment or services," "covered mission," "critical technology," and "substantial or essential component," as used in this provision, have the meanings given in the 252.204-7018 clause, Prohibition on the Acquisition of Covered Defense Telecommunications Equipment or Services, of this solicitation.

(b) *Prohibition.* Section 1656 of the National Defense Authorization Act for Fiscal Year 2018 (Pub. L. 115-91) prohibits agencies from procuring or obtaining, or extending or renewing a contract to procure or obtain, any equipment, system, or service to carry out covered missions that uses covered defense telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system.

(c) *Procedures.* The Offeror shall review the list of excluded parties in the System for Award Management (SAM) at <https://www.sam.gov> for entities that are excluded when providing any equipment, system, or service to carry out covered missions that uses covered defense telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system, unless a waiver is granted.

(d) *Representation.* If in its annual representations and certifications in SAM the Offeror has represented in paragraph (c) of the provision at 252.204-7016, Covered Defense Telecommunications Equipment or Services-Representation, that it "does" provide covered defense telecommunications equipment or services as a part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument, then the Offeror shall complete the following additional representation:

The Offeror represents that it ☐ will ☐ will not provide covered defense telecommunications equipment or services as a part of its offered products or services to DoD in the performance of any award resulting from this solicitation.

(e) *Disclosures.* If the Offeror has represented in paragraph (d) of this provision that it "will provide covered defense telecommunications equipment or services," the Offeror shall provide the following information as part of the offer:

(1) A description of all covered defense telecommunications equipment and services offered (include brand or manufacturer; product, such as model number, original equipment manufacturer (OEM) number, manufacturer part number, or wholesaler number; and item description, as applicable).

(2) An explanation of the proposed use of covered defense telecommunications equipment and services and any factors relevant to determining if such use would be permissible under the prohibition referenced in paragraph (b) of this provision.

(3) For services, the entity providing the covered defense telecommunications services (include entity name, unique entity identifier, and Commercial and Government Entity (CAGE) code, if known).

(4) For equipment, the entity that produced or provided the covered defense telecommunications equipment (include entity name, unique entity identifier, CAGE code, and whether the entity was the OEM or a distributor, if known).

(End of provision)

252.215-7008 Only One Offer.

(Dec 2022)

ONLY ONE OFFER (DEC 2022)

(a) *Cost or pricing data requirements.* After initial submission of offers, if the Contracting Officer notifies the Offeror that only one offer was received, the Offeror agrees to-

(1) Submit any additional cost or pricing data that is required in order to determine whether the price is fair and reasonable (10 U.S.C. 3705) or to comply with the statutory requirement for certified cost or pricing data (10 U.S.C. 3702 and FAR 15.403-3); and

(2) Except as provided in paragraph (b) of this provision, if the acquisition exceeds the certified cost or pricing data threshold and an exception to the requirement for certified cost or pricing data at FAR 15.403-1(b)(2) through (5) does not apply, certify all cost or pricing data in accordance with paragraph (c) of DFARS provision 252.215-7010, Requirements for Certified Cost or Pricing Data and Data Other Than Certified Cost or Pricing Data, of this solicitation.

(b) *Canadian Commercial Corporation.* If the Offeror is the Canadian Commercial Corporation, certified cost or pricing data are not required. If the Contracting Officer notifies the Canadian Commercial Corporation that additional data other than certified cost or pricing data are required in accordance with DFARS 225.870-4(c), the Canadian Commercial Corporation shall obtain and provide the following:

(1) Profit rate or fee (as applicable).

(2) Analysis provided by Public Works and Government Services Canada to the Canadian Commercial Corporation to determine a fair and reasonable price (comparable to the analysis required at FAR 15.404-1).

(3) Data other than certified cost or pricing data necessary to permit a determination by the U.S. Contracting Officer that the proposed price is fair and reasonable **see addendums to FAR 52.212-1 & FAR 52.212-2.**

(4) As specified in FAR 15.403-3(a)(4), an offeror who does not comply with a requirement to submit data that the U.S. Contracting Officer has deemed necessary to determine price reasonableness or cost realism is ineligible for award unless the head of the contracting activity determines that it is in the best interest of the Government to make the award to that offeror.

(c) *Subcontracts.* Unless the Offeror is the Canadian Commercial Corporation, the Offeror shall insert the substance of this provision, including this paragraph (c), in all subcontracts exceeding the simplified acquisition threshold defined in FAR part 2.

(End of provision)

Addendum to 52.212-1, Instructions to Offerors - Commercial Products and Commercial Services

Addendum to FAR 52.212-1 Instructions to Offerors--Commercial Products and Commercial Services

The Government intends to award a single Firm-Fixed-Price (FFP), Indefinite Delivery, Indefinite Quantity (IDIQ) contract as a result of this solicitation in accordance with FAR Part 12, Acquisition of Commercial Items and FAR Part 15 Contracting by Negotiation. Award will be made to that offeror whose proposal is most advantageous to the Government under the selection criteria set forth in this solicitation. The Government intends to evaluate proposals and award a contract based on initial proposals. Therefore, the offeror's initial proposal should contain the offeror's best terms from a non-price and price standpoint. However, the Government may contact any or all offerors with questions concerning their responses. The Government reserves the right to award a contract to other than the lowest priced offeror; award a contract without exchanges; or award a contract after exchanges, whichever is in the best interest of the Government.

QUESTIONS: Offerors may submit questions regarding clarification of solicitation requirements to **Tierra Watson at tierra.k.watson.civ@us.navy.mil**. It is required that all questions shall be received by **1000 Eastern Time (ET), 17 March 2026**, as time may not permit responses to questions received after that date to be prepared and issued prior to the receipt of proposals.

FOR SUBMISSION OF PROPOSALS:

(1) Proposals shall be submitted electronically no later than the due date of the solicitation via email to **Tierra Watson at tierra.k.watson.civ@us.navy.mil**. Offerors shall comply with the detailed instructions for the format and content of the proposals contained herein; proposals that do not comply may be considered unacceptable and may render the proposal ineligible for award. All electronic files and versions of offerors proposals shall be compatible with the current release of Microsoft Office Suite version 2016. The offeror shall be responsible for ensuring that their electronic proposals are virus-free.

(2) Submissions are page limited to the maximum number of pages as defined below. These page limitations are inclusive of the executive summary and any charts, diagrams, and/or other graphics. Graphics (including tables) in the proposal may use an alternative font with 8 point size type or larger. Each "page" is defined as one sheet, 8 1/2 " x 11", with at least one inch margins on all sides, using a font with a point size of 10 or greater (e.g., "Times New Roman" style with 10 point font). Lines shall, at a minimum, be single-spaced in Microsoft Word with Microsoft Word Normal character spacing. Pages shall be consecutively numbered. Multiple pages, double pages, two-sided pages, or foldouts will count as an equivalent number of 8 1/2" x 11" pages. Offerors are permitted to submit no more than one page for each of the following, which will not be included in the page count: a cover sheet, list of tables, list of acronyms, list of figures, tabs, and dividers. Tables of contents and any compliance matrices may exceed one page, which will not be included in the page count.

GENERAL:

Proposals shall include the following legend on each page:

Source Selection Information See FAR 2.101 and 3.104

PROPOSAL CONTENT:

The offer should contain the following items in addition to other information required by this solicitation: The cover page should indicate the following:

- Title of the proposal
- Volume Number (I or II)
- Proposal Category (Factor/Sub-factor)
- Request for Proposal Number
- Name and Address of Offeror, CAGE Code, SAM Unique Entity ID, and applicable Tax I.D. Number
- Point of Contact name, telephone number, and email address
- Proposal valid for 180 days after solicitation closing

Proposals shall be prepared in two (2) separate volumes as follows:

Volume I: Non-Price Proposal

- Factor I - Facilities Clearance
- Factor II - Technical Approach
 - o Sub-factor I: Staffing Approach
 - o Sub-factor II: Performance and Management Approach
- Factor III - Past Performance

Volume II: Price Proposal

- Factor IV - Price

Table of Contents: The table of contents should provide sufficient detail as to allow the important elements to be easily located.

1. Requirements for Style: Each offeror shall submit a proposal that clearly and concisely describes and defines the contractor's response to the requirements contained in the RFP. Unnecessary elaboration or other presentations beyond that sufficient to present a complete and effective proposal are not desired and may be construed as an indication of the offeror's lack of understanding of cost consciousness. The proposal shall contain all the pertinent information in sufficient detail in the one area of the proposal where it contributes most critically to the discussion of the same information. When necessary, the offeror shall refer to the initial discussion and identify its location within the submitted proposal.

2. Proposal Page Limitations

Volume I - Non-Price Proposal - The following page limitations are established:

Title	Page Limit*
Factor I - Facilities Clearance	No Limit
Factor II - Sub-Factor I: Staffing Approach	10 Pages
Factor II - Sub-Factor II: Performance and Management Approach	10 Pages
Factor III - Past Performance	12 Pages

Pages submitted in excess of the page limitations described above will not be evaluated.

The Facilities Clearance is not page-limited; however, the Facilities Clearance is to be strictly limited to a copy of the verification. Price Proposal information in the Services Price Worksheet shall be submitted in Microsoft Excel format.

* Page limits represent the maximum pages the Government will evaluate and are not construed as de facto standards for the amount of material expected in the proposal.

Volume II - Price Proposal - is not page limited; however, the Price Proposal is to be strictly limited to price information and completed solicitation documents as described in the General Section at the beginning of this text

Title	Page Limit*
Factor IV - Price	No limit

IMPORTANT NOTES:

(1) Offerors shall respond to all requirements of the solicitation document. Offerors are cautioned not to alter the solicitation. Hand-carried proposals are not authorized and will not be accepted.

(2) In the event any person who is not a bona fide employee of the offeror participated in the creation, formulation, or writing of any portion of the proposal, a certificate to this effect shall be included in the proposal which shall be signed by an officer of the offeror. Such certificate shall identify the name of the person who is not a bona fide employee, that person's employment capacity, the name of the person's firm, the relationship of that firm to the offeror, and the portion of the proposal in which the person participated.

Volume I: Non-Price Proposal

Factor I - Facilities Clearance

The offeror shall provide verification that it possesses an active Facility Clearance (FCL) at the Top-Secret level at the time of proposal submission as identified in the PWS. The verification shall be provided via the Defense Counterintelligence and Security Agency's (DCSA) National Industrial Security System (NISS) and obtained no earlier than 30 days prior to the issuance of the solicitation. The Verification request shall include the following: Cage Code, Facility Name, Physical Location, Facility Clearance Status/Level, Status Date/Issue Date, Safeguarding Level, Authorized Access to FCL Limitation, Facility Security Officer, Facility Security Officer Phone Number, DCSA Field Office, and DCSA Officer Phone Number.

Include as an attachment to the solicitation. There is no page limitation

Factor II - Technical Approach:

Sub-Factor I - Staffing Approach

The offeror shall provide a staffing approach that demonstrates the offeror's ability to provide the required support services and hire and retain the appropriate mix of personnel resources with the skill set levels necessary as identified in the PWS. Specifically, offerors shall address the following:

- A proposed methodology for recruitment of personnel meeting the position-dependent experience, certifications, and qualifications delineated in **PWS Sections 8 & 9 (including all subsections in PWS sections 8 & 9)**; the offeror shall detail utilization of the offeror's personnel resources and demonstrated understanding of the skill sets and labor mix required to successfully accomplish the tasks/requirements of the PWS. The offeror shall provide a staffing approach that places a fully qualified workforce available on the period of performance start date, **16 May 2026**.
- An approach to ensure personnel qualifications remain current;
- Methodology for identifying, recruiting, preparing, training, and retention of qualified personnel for performance that demonstrates the offeror's plan to minimize staff turnover. The offeror should provide historical data to substantiate achievements in past recruiting efforts and sustained retention of employees/low employee turnover rates.
- Risks associated with its staffing approach and any risks associated with implementation of its approach to staffing; including a description of any techniques and actions to mitigate such risks and an explanation of whether the techniques and actions identified for risk mitigation have been successfully used by the offeror.
- The offeror shall discuss their methodology of retaining qualified candidates and reducing turnover, and shall provide their historical attrition rates for the past three (3) years for similar work.
- Offerors shall propose a labor mix that demonstrates the ability to successfully execute the full scope of the Performance Work Statement (PWS) within the annual maximum hours specified in the Services Price Worksheet.

NOTE: The above bullets provide guidance for what should be addressed in the staffing approach and are not considered to be subfactors nor should this be considered an all-inclusive list.

Sub-Factor II - Performance and Management Approach

The offeror shall provide a performance and management approach that demonstrates an understanding of, familiarity with, and ability to perform the specific technical requirements and tasks in PWS Section 5 (including all subsections in PWS section 5), to establish to the government that the offeror is capable of fully providing these services at the level of quality required. The offeror's approach shall provide a plan that clearly describes the management controls, techniques, and procedures that will be used to ensure required work is performed in a timely, responsive, professional, and efficient manner and clearly detail how this effort will be managed within the offeror's corporate organizational structure.

Offerors are not limited to any specific performance and management approach as long as the approach taken meets PWS requirements.

The Technical submission is limited to 20 pages (10 pages for Staffing Approach and 10 pages for Performance and Management Approach)

Factor III - Past Performance

To demonstrate its past performance, the offeror shall identify up to three (3) of its most relevant contracts performed within five (5) years of the solicitation issuance date. Those contracts must also reflect one year of completed performance by the issuance date of the solicitation. Offerors shall provide a detailed explanation demonstrating the relevance of the contracts to the requirements of the solicitation.

For purposes of this solicitation, a contract is defined as a single contract or a single task order placed under an IDIQ contract, a Blanket Purchase Agreement (BPA), or a Federal Supply Schedule (FSS). If an offeror submits the IDIQ contract, FSS contract, or BPA itself, as a reference, then the offeror must identify a) the total number of orders awarded to the offeror during the ordering period in the past five (5) years from the solicitation issuance date; and b) the total dollar amount of those orders. The total dollar amount shall be the sum of the orders awarded, not the base contract maximum or ceiling. An "order" is defined as either a delivery order (DO), a task order (TO), technical direction letter (TDL), and/or technical area task (TAT) placed under an IDIQ, a BPA, or an FSS contract. Orders must also meet the recency requirements stated above: each order must be performed within five (5) years of the solicitation issuance date. If an offeror submits an IDIQ contract, an FSS contract, or a BPA itself, as a reference, the ordering period must be at least one (1) year in length and any ordering period prior to the five (5) years before the solicitation issuance date would not be considered. If an IDIQ contract, an FSS contract, or a BPA itself is submitted, as a reference, the offeror shall state the specific experience claimed from the orders (i.e. the offeror shall identify what work was actually completed on the orders and the relevance to this solicitation, as opposed to generically stating that orders were merely awarded). A Past Performance example that does not provide the level of detail required may not be evaluated.

If a proposed subcontractor's past performance is provided as part of the three (3) of its most relevant contracts or efforts, the percentage and type of work to be done by the subcontractor on the solicitation requirement must be stated. The offeror's submittal shall also detail clearly the aspects of the work in the solicitation that the subcontractor is proposed to perform. A Past Performance example which does not detail clearly the aspects of the work in the solicitation that the subcontractor is proposed to perform may not be evaluated.

If the prime offeror or intended subcontractor/partner submits a past performance example in which it served as a subcontractor, the prime/sub/partner shall detail clearly the work that it performed and the magnitude (dollar value) of that subcontracted work only. A Past Performance example that does not differentiate between the overall contract effort and the subcontractor effort may not be evaluated.

The past performance of subcontractors who will be performing major or critical aspects of the solicitation will be considered as highly as a prime contractor's past performance.

Failure of offerors to provide the required information and level of specificity may result in the contract reference not being evaluated.

With respect to joint ventures, the procuring activity will consider work done individually by each member of the joint venture as well as any work done by the joint venture itself previously. Joint venture references must meet the temporal requirements described herein (within five years and a

year of completed performance). Additionally, if a joint venture member submits a past performance reference, the joint venture member shall detail clearly the work that it performed in that effort and the magnitude (dollar value) of that work. A reference that does not differentiate between the overall contract effort and the joint venture member's effort for that reference may not be evaluated. The past performance of a joint venture member who will be performing major or critical aspects of the solicitation will be considered as highly as the joint venture's past performance.

The offeror shall complete a "Past Performance Information Form" for each reference submitted. The form is an attachment to the solicitation.

In addition to the information requested above, offerors shall contact their past performance references and request that each reference complete the Past Performance Report Form and e-mail the completed survey form directly to Tierra Watson at tierra.k.watson.civ@us.navy.mil by the DUE DATE OF THIS SOLICITATION. CPARS may not be submitted in lieu of the Past Performance Report Form. The Government reserves the right to consider past performance report forms received after the due date of the solicitation and to contact references for verification or additional information.

****The Past Performance submission is limited to 12 pages.****

Volume II - Price Proposal

Factor IV - Price:

In addition to the items required in the General Section above, Volume II shall include the following:

- Completed solicitation documents to include signed copies of all amendments, if applicable.
 - For the purpose of preparing a price proposal, the offeror shall assume that the period of performance consists of a five-year ordering period, as well as the potential usage of FAR clause 52.217-8 (6 months), Option to Extend Services. Offerors shall use the periods established in the Schedule.
 - Unless completed in SAM, "Representations, Certifications and Other Statements of Offerors" completed by the offeror.
 - Complete and detailed price breakdown with all supporting documentation.
 - This volume shall also include a completed Services Price Worksheet, submitted in accordance with the following instructions.
- o Separate price information shall be submitted for each year of service, as well as a total summary for the five-year ordering period, as shown in the Services Price Worksheet. Also include pricing for the potential usage of FAR clause 52.217-8, Option to Extend Services. The price for the services shown in this spreadsheet shall include all fully burdened labor required to provide services. The firm-fixed price annual rates proposed in the pricing spreadsheet will be incorporated into the resultant contract and subsequent task orders.

- Offerors shall propose the Government-provided not-to-exceed travel amounts in their price proposals and the Services Price Worksheet. Offerors shall insert the Government estimated travel plug numbers provided in the chart below in their proposed price, in addition to any applicable General and Administrative (G&A) and/or Overhead (OH) rate in accordance with FAR Part 31 in their accounting system. Only G&A and/or OH indirect costs are allowable if an offeror's accounting system automatically applies it, no profit or fee shall be included in the travel costs.

Period	Period of Performance	Travel
Ordering Period	16 MAY 2026 - 15 MAY 2031	\$1,135,622.00
FAR Clause 52.217-8	16 MAY 2031 - 15 NOV 2031	\$127,385.06

NOTE: If no G&A and/or OH are proposed, it will be determined that the offeror does not intend to apply any applicable indirect cost to any travel required.

All price and price supporting information shall be contained in the price proposal. No price information shall be included in any other Volume including cover letters. The offeror is responsible for submitting sufficient information to enable the Government to fully evaluate its price proposal.

****The price submission is not page limited, but is strictly limited to price information.****

In order to be eligible for award, the Offeror shall be a **Service-Disabled Veteran Owned Small Business, under NAICS 541330 exception 2 Engineering Services- Military and Aerospace Equipment and Military Weapons.**

The completion and submission of the above items will constitute an offer (proposal) and will indicate the offeror's unconditional assent to the terms and conditions of this RFP and any attachments hereto. Alternate proposals are not authorized. Objections to any terms and conditions of the RFP will constitute deficiency, which may make the offer unacceptable.

Evaluation - Commercial Products and Commercial Services

FAR Clauses Incorporated by Full Text

52.212-2 Evaluation-Commercial Products and Commercial Services.

(Nov 2021)

Evaluation-Commercial Products and Commercial Services (Nov 2021)

(a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate offers:

See addendums to FAR 52.212-1 & FAR 52.212-2.

(b) *Options.* The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

(c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(End of provision)

Addendum to Evaluation - Commercial Product and Commercial Services

Addendum to 52.212-2, Evaluation--Commercial Products and Commercial Services

The Government intends to award a single Firm-Fixed-Price (FFP), Indefinite Delivery, Indefinite Quantity (IDIQ) contract as a result of this solicitation in accordance with FAR Part 12, Acquisition of Commercial Items and FAR Part 15 Contracting by Negotiation. Award will be made to that offeror whose proposal is most advantageous to the Government under the selection criteria set forth in this solicitation. The Government intends to evaluate proposals and award a contract based on initial proposals. Therefore, the offeror's initial proposal should contain the offeror's best terms from a non-price and price standpoint. However, the Government may contact any or all offerors with questions concerning their responses. The Government reserves the right to award a contract to other than the lowest priced offeror; award a contract without exchanges; or award a contract after exchanges, whichever is in the best interest of the Government.

The Government intends to award a FFP contract to the responsible Offeror whose proposal represents the best value after evaluation in accordance with the factors in the solicitation **by utilizing the Tradeoff Source Selection process**. The Offeror's proposal shall be in the form prescribed by and shall contain a response to each of the areas identified in the addendum to FAR 52.212-1 of the solicitation.

The selection of an offeror for award will be conducted in two (2) phases. Phase I will consist of evaluation of Factor I - Facilities Clearance. Offers receiving an 'Acceptable' rating in Phase I shall move on to Phase II. Offerors receiving a rating of "Unacceptable" for Factor I - Facilities Clearance are considered un-awardable and will not be further evaluated.

Phase II will consist of evaluation of Factor II - Technical Approach; its sub-factors: Sub-factor I - Staffing Approach and Sub-factor II - Performance and Management Approach, Factor III - Past Performance and Factor IV - Price. The evaluation of proposals that move on to Phase II will consider the Non-Price Proposal to be significantly more important than the Price Proposal. Within Phase II, Factor III is more important than Factor II. Within Factor II, the two (2) sub-factors are weighed equally.

Offerors receiving a rating of "Unacceptable" for Factor II, or its sub-factors, are considered un-awardable and will not be further evaluated.

Initially, proposals shall be ranked according to price (from lowest to highest), inclusive of all option pricing. An Offeror's proposed pricing will be determined by adding all extended amounts for the CLINs in RFP Section B.

If the lowest priced Offeror is evaluated to have a Factor I rated as "Acceptable", a Factor II rated as "Outstanding", and a Factor III rated as "Substantial Confidence", that Offeror represents the best value for the Government and the evaluation process stops at this point. Award shall be made to that Offeror without further consideration of any other proposals. However, if the lowest priced Offeror is not evaluated to have a Factor I rated as "Acceptable", a Factor II rated as "Outstanding", and a Factor III rated as "Substantial Confidence", the next-lowest priced Offeror will be evaluated. The evaluation process will continue (in order of price from lowest to highest) until a proposal is evaluated to have a Factor I rated as "Acceptable", a Factor II rated as "Outstanding", and a Factor III rated as "Substantial Confidence". The Government shall then make an integrated best-value award decision between that proposal rated with a Factor I rated as "Acceptable", a Factor II rated as "Outstanding", and a Factor III rated as "Substantial Confidence" and all lower priced awardable proposals.

If no proposals are evaluated with a Factor I rated as "Acceptable", a Factor II rated as "Outstanding", and a Factor III rated as "Substantial Confidence", the Contracting Officer shall make an integrated assessment best-value award decision from among Offerors rated "Acceptable" and "Neutral Confidence" or better.

Although price is not the most important evaluation factor, it has the potential to become more significant during the evaluation process. The degree of importance of price will increase with the degree of equality of the proposals in relation to the other factors on which selection is to be based. The importance of price will also increase when a proposal's price is so significantly high as to diminish the value to the Government that might be gained under the other aspects of the proposal. If, at any stage of the evaluation, all Offerors are determined to have submitted equal, or virtually equal, non-price proposals, price could become the factor in determining which Offeror shall receive the award.

The Government intends to award the contract without exchanges. Accordingly, each Offeror should submit its most favorable terms from a price and non-price standpoint. However, the Government reserves the right to establish a competitive range and conduct exchanges if later determined by the PCO to be necessary.

All proposals will be reviewed for timeliness. If the proposal is received after the closing date and does not meet the criteria for "late proposals" in the solicitation, the proposal will not be opened. Timely proposals will be reviewed for compliance to the solicitation. If the proposal is not compliant to the solicitation, it will not be evaluated and the Offeror will be notified that the proposal is non-responsive.

Volume I: Non-Price Proposal Evaluation Criteria

Phase I

Factor I - Facilities Clearance

Factor I will be evaluated during Phase I and will receive a rating of Acceptable/Unacceptable based on its submission of the verification of its Top-Secret Facilities Clearance Level meeting the requirements as detailed in the addendum to FAR 52.212-1 of the solicitation. This will be evaluated during Phase I on an Acceptable/Unacceptable basis utilizing the "Acceptable/Unacceptable" rating Table below. Offerors receiving an 'Acceptable' rating in Phase I will move on to Phase II. Offerors receiving an 'Unacceptable' rating will be considered un-awardable and will not be further evaluated.

Phase II

Factor II - Technical Approach

The purpose of the technical factor and sub-factors is to assess the offeror's proposed approach to satisfy the Government's requirements. The evaluation of risk is related to the assessment of the offeror's proposed technical submittal. Risk, as it pertains to source selection, is the potential for unsuccessful contract performance. The consideration of risk assesses the degree to which an offeror's proposed approach to achieving the technical factor involves risk of disruption of schedule, increased cost or degradation of performance, the need for increased Government oversight, and the likelihood of unsuccessful contract performance. Risk will be considered in the evaluation of the technical factor and sub-factors.

The Technical Approach factor consists of Sub-factor I, Staffing Approach and Sub-factor II, Performance and Management Approach. Sub-factors are weighted equally and will result in one Technical Approach rating detailed in the rating table identified as "**Combined Technical/Risk Table 2**". Offerors simply providing general statements or paraphrasing/ parroting the PWS in whole or in any part may receive a rating of unacceptable.

Note: A rating of "Marginal" for any factor or sub-factor means that the offeror's proposal is not awardable without a change or changes to the offeror's proposal. A proposal which includes a "Marginal" rating is not eligible for award if award is made on initial offers and will not be further evaluated unless exchanges are in the best interest of the Government. Offerors that receive a "Marginal" rating are considered to be susceptible to correction if the Contracting Officer determines that an exchange is appropriate and said exchange is conducted.

Note: Offerors receiving a rating of "Unacceptable" for any factor or sub-factor will not be considered for an award and will not be further evaluated.

Sub-factor I - Staffing Approach:

The offeror's overall staffing approach will be evaluated on its feasibility, comprehensiveness, and the degree to which the offeror demonstrates its understanding of, and capability to successfully accomplish, the staffing approach requirements listed above in the technical subfactor I in the addendum to FAR 52.212-1 of the solicitation.

Sub-factor II - Performance and Management Approach:

The offeror's proposed performance and management approach will be evaluated on feasibility, its comprehensiveness, and the degree to which the offeror demonstrates its understanding of, and capability to successfully accomplish, the performance and management approach requirements listed above in the technical subfactor II in the addendum to FAR 52.212-1 of the solicitation.

Factor III - Past Performance:

The past performance evaluation factor assesses the degree of confidence the Government has in an offeror's ability to meet the contract's requirements based on the quality of a demonstrated record of recent and relevant performance. There are three aspects to the past performance evaluation: recency, relevancy, and quality. These are combined to establish a single performance confidence assessment rating for each offeror.

Past Performance Recency: Recency is the first aspect of the past performance evaluation and is the time period during which past performance references are considered relevant. Recency is critical to establishing the relevancy of past performance information. For purposes of this solicitation, recent past performance is performance that has taken place within five (5) years as of the issuance date of this solicitation. Performance outside of this stated period will not be considered for evaluation purposes.

Past Performance Relevancy: Regarding relevancy, each past performance reference under each offeror's Past Performance submission will be evaluated to determine its scope and magnitude relative to the instant requirement. The following definitions will apply to this evaluation:

- Scope: Experience in the areas described in **PWS sections 3, and 5 (including all subsections within PWS sections 3 & 5).**
- Magnitude: The measure of the similarity of the dollar value of actually performed work that exists between the PWS and the offeror's referenced contracts during the stated five-year period established by the solicitation. In addition, performance data will only be assessed for those references demonstrating at least one (1) year of completed performance prior to the closing date of this solicitation. If an offeror submits an IDIQ contract, an FSS contract, or a BPA itself, as a reference, only the dollar value of orders actually awarded in the past five (5) years will be considered when assessing magnitude. The base contract maximum or ceiling will not be considered in the magnitude assessment.

The relevancy rating assigned to each past performance reference will be considered in determining the weight to be given to that reference in the overall Past Performance Confidence Assessment. References determined to be "Not Relevant" will not be further considered. Similarly, the quality of performance under a past performance reference that has no relevance to the instant requirement will not be considered in the overall assessment of past performance confidence. In determining the rating for the past performance factor, past performance of greater relevancy will have more influence on the past performance confidence assessment than past performance of lesser relevance.

Past Performance Quality: The third aspect of the past performance evaluation is to establish the overall quality of the offeror's past performance. The Government will review all past performance information collected and determine the quality of the offeror's performance, including general trends and usefulness of the information, and will incorporate this into the performance confidence assessment.

Past Performance Confidence Assessment: The overall assigned rating for past performance will be the Past Performance Confidence Assessment rating, defined in the table below. The assignment of this rating will be based on the overall quality of the recent and relevant past performance and will also consider the source of the information, the context of the data, and general trends in the offeror's performance. The quality of performance under a past performance reference that has no relevance to the instant requirement will not be considered in the overall assessment of past performance confidence. Evaluation will focus only on work already performed. Work yet-to-be performed and work not reflecting one year of completed performance by the solicitation issuance date will not be considered.

If the offeror's past performance is determined to be "Not Relevant" as defined in the solicitation, then the quality of the offeror's past performance will not be evaluated through a confidence assessment and the past performance factor will be rated as "Neutral Confidence." If an offeror's past performance is determined to be relevant, then each past performance reference under the offeror's past performance submission that contributed to the determination of relevance (i.e., each reference that is rated at least somewhat relevant) will be evaluated to determine the quality of the offeror's performance under that reference. The quality of performance on contract references that are rated "Not Relevant" is not evaluated even when the overall past performance is found to be "Relevant".

In the case of offerors for which there is no information on past contract performance or where past contract performance information is not available, the offeror may not be evaluated favorably or unfavorably on the past performance factor. In this case, the offeror's past performance is unknown and assigned a performance confidence rating of "Neutral Confidence." Although an offeror that lacks recent, relevant past performance may not be rated favorably or unfavorably with regard to past performance, the Government may determine that a "Substantial Confidence" or "Satisfactory Confidence" past performance rating provides better value to the Government than a "Neutral Confidence" past performance rating.

In order to evaluate Past Performance, the Government may also utilize existing data sources, including the Contractor Performance Assessment Reporting System (CPARS), the System of Award Management (SAM), the Electronic Subcontract Reporting System (eSRS) or other databases; communication with points of contact in the offeror's customer's organization, which could include private sector requirements and contracts personnel, Administrative Contracting Officers, Defense Contract Performance and Management Agency (DCMA) personnel, Procuring Contracting Officers, Contracting Officer's Representatives, and other Government activity requirements personnel. The Government may verify past performance information. The Government may contact some or all of the references provided, as appropriate, and may collect information through questionnaires, telephone interviews, and existing data sources. The Government reserves the right to obtain information for use in the evaluation of past performance from any and all sources, including sources outside of the Government. This information will be used for the evaluation of past performance.

The past performance factor evaluation and past performance confidence assessment rating is separate and distinct from the contracting officer's responsibility determination. The assessment of the offeror's past performance will be used as a means of evaluating the relative capability of the offeror and other competitors to successfully meet the requirements of the solicitation.

NOTE: A rating of "Limited Confidence" for the past performance factor means that the offeror's proposal is not awardable without a change or changes to the offeror's proposal. A proposal that includes a "Limited Confidence" rating is considered to be susceptible to correction if the contracting officer determines that an exchange (pursuant to FAR 15.306) is appropriate and said exchange is conducted. A rating of "No Confidence" for the past performance factor means that the offeror's proposal is not awardable, is not susceptible to correction, and will not be further evaluated.

Factor IV: Price Proposal

Price proposals will be evaluated on the basis of price reasonableness in accordance with FAR 15.404-1. The Government will evaluate offers for award purposes by adding the total price in the Services Price Worksheet for the ordering period and FAR 52.217-8 option period.

Although Price is considered in a manner that makes it less important than the Non-Price factor, it has the potential to become more significant during the evaluation process. The degree of importance of the price will increase with the degree of equality of the proposals in relation to the other factors on which selection is to be based. The importance of price will also increase when a proposal's price is so significantly high as to diminish the value to the Government that might be gained under the other aspects of the offer. If, at any stage of the evaluation, all offerors are determined to have submitted equal, or virtually equal, or generally equivalent, Non-Price proposals, price could become the factor in determining which offeror receives the award. The contracting officer may evaluate any and all information submitted by the vendor to support the reasonableness of prices proposed. The method of evaluation used by the contracting officer is solely within the discretion of the contracting officer.

Options, to include FAR 52.217-8, will be evaluated pursuant to solicitation provision FAR 52.217-5, Evaluation of Options. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

Evaluation of Travel

The requirement does include travel pricing. The dollar values provided in the addendum to FAR 52.212-1, under Volume II: Factor IV - Price Proposal, in regards to Travel have been predetermined by the acquiring command, and shall be utilized for evaluation purposes in determining the total price for the contract.

Offerors responding to this solicitation are advised that, prior to award, the government may request Offerors to submit information/data to support price reasonableness such as copies of paid invoices for the same or similar items, sales history for the same or similar items, price list with effective date and/or copies of catalog pages along with any applicable discounts. Failure to submit the requested information may result in disqualification of the submitted proposal.

A written notice of award or acceptance of a proposal e-mailed or otherwise furnished to the successful Offeror within the time for acceptance specified in the proposal shall result in a binding contract without further action by either party.

Rating Tables

Technical Acceptable/Unacceptable Ratings Table 1

These ratings will be used in the evaluation of Phase I, Factor I - Facilities Clearance.

Rating	Description

Acceptable	Proposal clearly meets the minimum requirements of the solicitation
Unacceptable	Proposal does not clearly meet the minimum requirements of the solicitation

Combined Technical/Risk Table 2

These ratings will be used in the evaluation of Phase II, Factor II - Technical Approach.

Adjectival Rating	Description
Outstanding	Proposal demonstrates an exceptional approach and understanding of the requirements and contains multiple strengths and/or at least one significant strength, and risk of unsuccessful performance is low.
Good	Proposal indicates a thorough approach and understanding of the requirements and contains at least one strength or significant strength, and risk of unsuccessful performance is low to moderate.
Acceptable	Proposal meets requirements and indicates an adequate approach and understanding of the requirements, and risk of unsuccessful performance is no worse than moderate.
Marginal	Proposal has not demonstrated an adequate approach and understanding of the requirements, and/or risk of unsuccessful performance is high.
Unacceptable	Proposal does not meet requirements of the solicitation and, thus, contains one or more deficiencies and is un-awardable, and/or risk of performance is unacceptably high.

DEFINITIONS:

Strength - an aspect of an offeror's proposal with merit or will exceed specified performance or capability requirements to the advantage of the Government during contract performance.

Significant Strength - an aspect of an offeror's proposal with appreciable merit or will exceed specified performance or capability requirements to the considerable advantage of the Government during contract performance.

Weakness - a flaw in the proposal that increases the risk of unsuccessful contract performance.

Significant Weakness - a flaw that appreciably increases the risk of unsuccessful contract performance.

Deficiency - a material failure of a proposal to meet a Government requirement or a combination of significant weaknesses in a proposal that increases the risk of unsuccessful contract performance to an unacceptable level.

Risk - (as it pertains to source selection) The potential for unsuccessful contract performance. The consideration of risk assesses the degree to which an offeror's proposed approach to achieving the technical factor or sub-factor may involve risk of disruption of schedule, degradation of performance, the need for increased Government oversight, and the likelihood of unsuccessful contract performance.

Uncertainty - aspect of a non-cost/price factor proposal for which the intent of the offer is unclear (e.g., more than one way to interpret the offer or inconsistencies in the proposal indicating that there may have been an error, omission, or mistake)

Past Performance Relevancy Ratings Table 3

These ratings will be used in the evaluation of Phase II, Factor III - Past Performance.

Rating	Description
Very Relevant	Present/past performance effort involved essentially the same scope and magnitude of effort this solicitation requires.
Relevant	Present/past performance effort involved similar scope and magnitude of effort this solicitation requires.
Somewhat Relevant	Present/past performance effort involved some of the scope and magnitude of effort this solicitation requires.
Not Relevant	Present/past performance effort involved little or none of the scope and magnitude of effort this solicitation requires.

Past Performance Confidence Assessment Ratings Table 4

These ratings will be used in the evaluation of Phase II, Factor III - Past Performance.

Rating	Description
Substantial Confidence	Based on the offeror's recent/relevant performance record, the Government has a high expectation that the offeror will successfully perform the required effort.
Satisfactory Confidence	Based on the offeror's recent/relevant performance record, the Government has a reasonable expectation that the offeror will successfully perform the required effort.
Neutral Confidence	No recent/relevant performance record is available or the offeror's performance record is so sparse that no meaningful confidence assessment rating can be reasonably assigned. The offeror may not be evaluated favorably or unfavorably on the factor of past performance.
Limited Confidence	Based on the offeror's recent/relevant performance record, the Government has a low expectation that the offeror will successfully perform the required effort.

No Confidence	Based on the offeror's recent/relevant performance record, the Government has no expectation that the offeror will be able to successfully perform the required effort.

52.204-29 Federal Acquisition Supply Chain Security Act Orders-Representation and Disclosures. (Dec 2023)

FEDERAL ACQUISITION SUPPLY CHAIN SECURITY ACT ORDERS-REPRESENTATION AND DISCLOSURES (DEC 2023)

(a) *Definitions.* As used in this provision, *Covered article*, *FASCSA order*, *Intelligence community*, *National security system*, *Reasonable inquiry*, *Sensitive compartmented information*, *Sensitive compartmented information system*, and *Source* have the meaning provided in the clause 52.204-30, Federal Acquisition Supply Chain Security Act Orders-Prohibition.

(b) *Prohibition.* Contractors are prohibited from providing or using as part of the performance of the contract any covered article, or any products or services produced or provided by a source, if the prohibition is set out in an applicable Federal Acquisition Supply Chain Security Act (FASCSA) order, as described in paragraph (b)(1) of FAR 52.204-30, Federal Acquisition Supply Chain Security Act Orders-Prohibition.

(c) *Procedures.*

(1) The Offeror shall search for the phrase "FASCSA order" in the System for Award Management (SAM)(<https://www.sam.gov>) for any covered article, or any products or services produced or provided by a source, if there is an applicable FASCSA order described in paragraph (b)(1) of FAR 52.204-30, Federal Acquisition Supply Chain Security Act Orders-Prohibition.

(2) The Offeror shall review the solicitation for any FASCSA orders that are not in SAM, but are effective and do apply to the solicitation and resultant contract (see FAR 4.2303(c)(2)).

(3) FASCSA orders issued after the date of solicitation do not apply unless added by an amendment to the solicitation.

(d) *Representation.* By submission of this offer, the offeror represents that it has conducted a reasonable inquiry, and that the offeror does not propose to provide or use in response to this solicitation any covered article, or any products or services produced or provided by a source, if the covered article or the source is prohibited by an applicable FASCSA order in effect on the date the solicitation was issued, except as waived by the solicitation, or as disclosed in paragraph (e).

(e) *Disclosures.* The purpose for this disclosure is so the Government may decide whether to issue a waiver. For any covered article, or any products or services produced or provided by a source, if the covered article or the source is subject to an applicable FASCSA order, and the Offeror is unable to represent compliance, then the Offeror shall provide the following information as part of the offer:

(1) Name of the product or service provided to the Government;

(2) Name of the covered article or source subject to a FASCSA order;

(3) If applicable, name of the vendor, including the Commercial and Government Entity code and unique entity identifier (if known), that supplied the covered article or the product or service to the Offeror;

(4) Brand;

(5) Model number (original equipment manufacturer number, manufacturer part number, or wholesaler number);

(6) Item description;

(7) Reason why the applicable covered article or the product or service is being provided or used;

(f) *Executive agency review of disclosures.* The contracting officer will review disclosures provided in paragraph (e) to determine if any waiver may be sought. A contracting officer may choose not to pursue a waiver for covered articles or sources otherwise subject to a FASCSA order and may instead make an award to an offeror that does not require a waiver.

(DEVIATION 2025-O0003 AND 2025-O0004)

(a) *Definitions.* As used in this provision-

Covered telecommunications equipment or services has the meaning provided in the clause 52.204-25, Prohibition on Contracting for Certain Telecommunications and Video Surveillance Services or Equipment.

Economically disadvantaged women-owned small business (EDWOSB) concern means a small business concern that is at least 51 percent directly and unconditionally owned by, and the management and daily business operations of which are controlled by, one or more women who are citizens of the United States and who are economically disadvantaged in accordance with 13 CFR part 127, and the concern is certified by SBA or an approved third-party certifier in accordance with 13 CFR 127.300. It automatically qualifies as a women-owned small business eligible under the WOSB Program.

Forced or indentured child labor means all work or service-

(1) Exacted from any person under the age of 18 under the menace of any penalty for its nonperformance and for which the worker does not offer himself voluntarily; or

(2) Performed by any person under the age of 18 pursuant to a contract the enforcement of which can be accomplished by process or penalties.

Highest-level owner means the entity that owns or controls an immediate owner of the offeror, or that owns or controls one or more entities that control an immediate owner of the offeror. No entity owns or exercises control of the highest level owner.

Immediate owner means an entity, other than the offeror, that has direct control of the offeror. Indicators of control include, but are not limited to, one or more of the following: ownership or interlocking management, identity of interests among family members, shared facilities and equipment, and the common use of employees.

Inverted domestic corporation, means a foreign incorporated entity that meets the definition of an inverted domestic corporation under 6 U.S.C. 395 (b), applied in accordance with the rules and definitions of 6 U.S.C. 395(c).

Manufactured end product means any end product in product and service codes (PSCs) 1000-9999, except-

- (1) PSC 5510, Lumber and Related Basic Wood Materials;
- (2) Product or Service Group (PSG) 87, Agricultural Supplies;
- (3) PSG 88, Live Animals;
- (4) PSG 89, Subsistence;

- (8) PSC 9610, Ores;
- (9) PSC 9620, Minerals, Natural and Synthetic; and
- (10) PSC 9630, Additive Metal Materials.

Place of manufacture means the place where an end product is assembled out of components, or otherwise made or processed from raw materials into the finished product that is to be provided to the Government. If a product is disassembled and reassembled, the place of reassembly is not the place of manufacture.

Predecessor means an entity that is replaced by a successor and includes any predecessors of the predecessor.

Reasonable inquiry has the meaning provided in the clause 52.204-25, Prohibition on Contracting for Certain Telecommunications and Video Surveillance Services or Equipment.

Restricted business operations means business operations in Sudan that include power production activities, mineral extraction activities, oil-related activities, or the production of military equipment, as those terms are defined in the Sudan Accountability and Divestment Act of 2007 (Pub. L. 110-174). Restricted business operations do not include business operations that the person (as that term is defined in Section 2 of the Sudan Accountability and Divestment Act of 2007) conducting the business can demonstrate-

- (1) Are conducted under contract directly and exclusively with the regional government of southern Sudan;
- (2) Are conducted pursuant to specific authorization from the Office of Foreign Assets Control in the Department of the Treasury, or are expressly exempted under Federal law from the requirement to be conducted under such authorization;
- (3) Consist of providing goods or services to marginalized populations of Sudan;
- (4) Consist of providing goods or services to an internationally recognized peacekeeping force or humanitarian organization;
- (5) Consist of providing goods or services that are used only to promote health or education; or
- (6) Have been voluntarily suspended."Sensitive technology"-

Sensitive technology-

- (1) Means hardware, software, telecommunications equipment, or any other technology that is to be used specifically-
 - (i) To restrict the free flow of unbiased information in Iran; or
 - (ii) To disrupt, monitor, or otherwise restrict speech of the people of Iran; and
- (2) Does not include information or informational materials the export of which the President does not have the authority to regulate or prohibit pursuant to section 203(b)(3) of the International Emergency Economic Powers Act (50 U.S.C. 1702(b)(3)).

Service-disabled veteran-owned small business (SDVOSB) concern means a small business concern-

(1)

(i) Not less than 51 percent of which is owned and controlled by one or more service-disabled veterans or, in the case of any publicly owned business, not less than 51 percent of the stock of which is owned by one or more service-disabled veterans; and

(ii) The management and daily business operations of which are controlled by one or more service-disabled veterans or, in the case of a service-disabled veteran with permanent and severe disability, the spouse or permanent caregiver of such veteran; or

(2) A small business concern eligible under the SDVOSB Program in accordance with 13 CFR part 128 (see subpart 19.14).

(3) *Service-disabled veteran*, as used in this definition, means a veteran as defined in 38 U.S.C. 101(2), with a disability that is service connected, as defined in 38 U.S.C. 101(16), and who is registered in the Beneficiary Identification and Records Locator Subsystem, or successor system that is maintained by the Department of Veterans Affairs' Veterans Benefits Administration, as a service-disabled veteran.

Service-disabled veteran-owned small business (SDVOSB) concern eligible under the SDVOSB Program means an SDVOSB concern that-

(1) Effective January 1, 2024, is designated in the System for Award Management (SAM) as certified by the Small Business Administration (SBA) in accordance with 13 CFR 128.300; or

(2) Has represented that it is an SDVOSB concern in SAM and submitted a complete application for certification to SBA on or before December 31, 2023.

Service-disabled veteran-owned small business (SDVOSB) Program means a program that authorizes contracting officers to limit competition, including award on a sole-source basis, to SDVOSB concerns eligible under the SDVOSB Program.

Small business concern-

(1) Means a concern, including its affiliates, that is independently owned and operated, not dominant in its field of operation, and qualified as a small business under the criteria in 13 CFR part 121 and size standards in this solicitation.

(2) *Affiliates*, as used in this definition, means business concerns, one of whom directly or indirectly controls or has the power to control the others, or a third party or parties control or have the power to control the others. In determining whether affiliation exists, consideration is given to all appropriate factors including common ownership, common management, and contractual relationships. SBA determines affiliation based on the factors set forth at 13 CFR 121.103.

Small disadvantaged business concern, consistent with 13 CFR 124.1001, means a small business concern under the size standard applicable to the acquisition, that-

(1) Is at least 51 percent unconditionally and directly owned (as defined at 13 CFR 124.105) by-

(i) One or more socially disadvantaged (as defined at 13 CFR 124.103) and economically disadvantaged (as defined at 13 CFR 124.104) individuals who are citizens of the United States; and

(ii) Each individual claiming economic disadvantage has a net worth not exceeding the threshold at 13 CFR 124.104(c)(2) after taking into account the applicable exclusions set forth at 13 CFR 124.104(c)(2); and

(2) The management and daily business operations of which are controlled (as defined at 13 CFR 124.106) by individuals, who meet the criteria in paragraphs (1)(i) and (ii) of this definition.

Subsidiary means an entity in which more than 50 percent of the entity is owned-

(1) Directly by a parent corporation; or

(2) Through another subsidiary of a parent corporation

Successor means an entity that has replaced a predecessor by acquiring the assets and carrying out the affairs of the predecessor under a new name (often through acquisition or merger). The term "successor" does not include new offices/divisions of the same company or a company that only changes its name. The extent of the responsibility of the successor for the liabilities of the predecessor may vary, depending on State law and specific circumstances.

Veteran-owned small business concern means a small business concern-

(1) Not less than 51 percent of which is owned and controlled by one or more veterans (as defined at 38 U.S.C. 101(2)) or, in the case of any publicly owned business, not less than 51 percent of the stock of which is owned by one or more veterans; and

(2) The management and daily business operations of which are controlled by one or more veterans.

Women-owned business concern means a concern which is at least 51 percent owned by one or more women; or in the case of any publicly owned business, at least 51 percent of its stock is owned by one or more women; and whose management and daily business operations are controlled by one or more women

Women-owned small business concern means a small business concern-

(1) That is at least 51 percent owned by one or more women; or, in the case of any publicly owned business, at least 51 percent of the stock of which is owned by one or more women; and

(2) Whose management and daily business operations are controlled by one or more women.

Women-owned small business (WOSB) concern eligible under the WOSB Program (in accordance with 13 CFR part 127), means a small business concern that is at least 51 percent directly and unconditionally owned by, and the management and daily business operations of which are controlled by, one or more women who are citizens of the United States, and the concern is certified by SBA or an approved third-party certifier in accordance with 13 CFR 127.300.

(b)

(1) *Annual Representations and Certifications.* Any changes provided by the Offeror in paragraph (b)(2) of this provision do not automatically change the representations and certifications in SAM.

(2) The offeror has completed the annual representations and certifications electronically in SAM accessed through <http://www.sam.gov>. After reviewing SAM information, the Offeror verifies by submission of this offer that the representations and certifications currently posted electronically at FAR 52.212-3, Offeror Representations and Certifications-Commercial Products and Commercial Services, have been entered or updated in the last 12 months, are current, accurate, complete, and applicable to this solicitation (including the business size standard(s) applicable to the NAICS code(s) referenced for this solicitation), at the time this offer is submitted and are incorporated in this offer by reference (see FAR 4.1201), except for paragraphs ____.

[Offeror to identify the applicable paragraphs at (c) through (v) of this provision that the offeror has completed for the purposes of this solicitation only, if any.

These amended representation(s) and/or certification(s) are also incorporated in this offer and are current, accurate, and complete as of the date of this offer.

Any changes provided by the offeror are applicable to this solicitation only, and do not result in an update to the representations and certifications posted electronically on SAM.]

(c) Offerors must complete the following representations when the resulting contract is for supplies to be delivered or services to be performed in the United States or its outlying areas, or when the contracting officer has applied part 19 in accordance with 19.000(b)(1)(ii). [The offeror shall enter the name and unique entity identifier of each party to the joint venture: ____.] Each HUBZone small business concern participating in the HUBZone joint venture shall provide representation of its HUBZone status.

(d) [Reserved]

(e) *Certification Regarding Payments to Influence Federal Transactions (31 http://uscode.house.gov/ U.S.C. 1352).* (Applies only if the contract is expected to exceed \$150,000.) By submission of its offer, the offeror certifies to the best of its knowledge and belief that no Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress or an employee of a Member of Congress on his or her behalf in connection with the award of any resultant contract. If any registrants under the Lobbying Disclosure Act of 1995 have made a lobbying contact on behalf of the offeror with respect to this contract, the offeror shall complete and submit, with its offer, OMB Standard Form LLL, Disclosure of Lobbying Activities, to provide the name of the registrants. The offeror need not report regularly employed officers or employees of the offeror to whom payments of reasonable compensation were made.

(f) *Buy American Certificate.* (Applies only if the clause at Federal Acquisition Regulation (FAR) 52.225-1, Buy American-Supplies, is included in this solicitation.)

(1)

(i) The Offeror certifies that each end product, except those listed in paragraph (f)(2) of this provision, is a domestic end product and that each domestic end product listed in paragraph (f)(3) of this provision contains a critical component.

(ii) The Offeror shall list as foreign end products those end products manufactured in the United States that do not qualify as domestic end products. For those foreign end products that do not consist wholly or predominantly of iron or steel or a combination of both, the Offeror shall also indicate whether these foreign end products exceed 55 percent domestic content, except for those that are COTS items. If the percentage of the domestic content is unknown, select "no".

(iii) The Offeror shall separately list the line item numbers of domestic end products that contain a critical component (see FAR 25.105).

(iv) The terms "commercially available off-the-shelf (COTS) item," "critical component," "domestic end product," "end product," "foreign end product," and "United States" are defined in the clause of this solicitation entitled "Buy American-Supplies."

(iii) The Government will evaluate offers in accordance with the policies and procedures of FAR part 25. For line items covered by the WTO GPA, the Government will evaluate offers of U.S.-made or designated country end products without regard to the restrictions of the Buy American statute. The Government will consider for award only offers of U.S.-made or designated country end products unless the Contracting Officer determines that there are no offers for such products or that the offers for such products are insufficient to fulfill the requirements of the solicitation.

(h) *Certification Regarding Responsibility Matters (Executive Order 12689).* (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals-

- (1) ☐ Are, ☐ are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;
- (2) ☐ Have, ☐ have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;
- (3) ☐ Are, ☐ are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and
- (4) ☐ Have, ☐ have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds the threshold at 9.104-5(a)(2) for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples.*

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).

(i) *Certification Regarding Knowledge of Child Labor for Listed End Products (Executive Order 13126).* [The Contracting Officer must list in paragraph (i)(1) any end products being acquired under this solicitation that are included in the List of Products Requiring Contractor Certification as to Forced or Indentured Child Labor, unless excluded at 22.1503(b).]

(1) *Listed end products.*

Listed End Product	Listed Countries of Origin
==	==
==	==

(2) *Certification.* [If the Contracting Officer has identified end products and countries of origin in paragraph (i)(1) of this provision, then the offeror must certify to either (i)(2)(i) or (i)(2)(ii) by checking the appropriate block.]

(i) ☐

(ii) ☐

(j) *Place of manufacture.* (Does not apply unless the solicitation is predominantly for the acquisition of manufactured end products.) For statistical purposes only, the offeror shall indicate whether the place of manufacture of the end products it expects to provide in response to this solicitation is predominantly-

(1) ☐ In the United States (Check this box if the total anticipated price of offered end products manufactured in the United States exceeds the total anticipated price of offered end products manufactured outside the United States); or

(2) ☐ Outside the United States.

(k) *Certificates regarding exemptions from the application of the Service Contract Labor Standards* (Certification by the offeror as to its compliance with respect to the contract also constitutes its certification as to compliance by its subcontractor if it subcontracts out the exempt services.) [The contracting officer is to check a box to indicate if paragraph (k)(1) or (k)(2) applies.]

(1) ☐ 22.1003-4(c)(1). The offeror ☐ does ☐ does not certify that-

(i) The items of equipment to be serviced under this contract are used regularly for other than Governmental purposes and are sold or traded by the offeror (or subcontractor in the case of an exempt subcontract) in substantial quantities to the general public in the course of normal business operations;

(ii) The services will be furnished at prices which are, or are based on, established catalog or market prices (see FAR 22.1003-4(c)(2)(ii)) for the maintenance, calibration, or repair of such equipment; and

(iii) The compensation (wage and fringe benefits) plan for all service employees performing work under the contract will be the same as that used for these employees and equivalent employees servicing the same equipment of commercial customers.

(2) ☐ 22.1003-4(d)(1). The offeror ☐ does ☐ does not certify that-

(i) The services under the contract are offered and sold regularly to non-Governmental customers, and are provided by the offeror (or subcontractor in the case of an exempt subcontract) to the general public in substantial quantities in the course of normal business operations;

(ii) The contract services will be furnished at prices that are, or are based on, established catalog or market prices (see FAR 22.1003-4(d)(2)(iii));

(iii) Each service employee who will perform the services under the contract will spend only a small portion of his or her time (a monthly average of less than 20 percent of the available hours on an annualized basis, or less than 20 percent of available hours during the contract period if the contract period is less than a month) servicing the Government contract; and

(iv) The compensation (wage and fringe benefits) plan for all service employees performing work under the contract is the same as that used for these employees and equivalent employees servicing commercial customers.

(3) If paragraph (k)(1) or (k)(2) of this clause applies-

(i) If the offeror does not certify to the conditions in paragraph (k)(1) or (k)(2) and the Contracting Officer did not attach a Service Contract Labor Standards wage determination to the solicitation, the offeror shall notify the Contracting Officer as soon as possible; and

(ii) The Contracting Officer may not make an award to the offeror if the offeror fails to execute the certification in paragraph (k)(1) or (k)(2) of this clause or to contact the Contracting Officer as required in paragraph (k)(3)(i) of this clause.

(l) *Taxpayer Identification Number (TIN)* (26 U.S.C. 6109, 31 U.S.C. 7701). (Not applicable if the offeror is required to provide this information to the SAM to be eligible for award.)

(1) All offerors must submit the information required in paragraphs (l)(3) through (l)(5) of this provision to comply with debt collection requirements of 31 U.S.C. 7701(c) and 3325(d), reporting requirements of 26 U.S.C. 6041, 6041A, and 6050M, and implementing regulations issued by the Internal Revenue Service (IRS).

(2) The TIN may be used by the Government to collect and report on any delinquent amounts arising out of the offeror's relationship with the Government (31 U.S.C. 7701(c)(3)). If the resulting contract is subject to the payment reporting requirements described in FAR 4.904, the TIN provided hereunder may be matched with IRS records to verify the accuracy of the offeror's TIN.

(3) *Taxpayer Identification Number (TIN).*

☐ TIN: _____.

☐ TIN has been applied for.

☐ TIN is not required because:

☐ Offeror is a nonresident alien, foreign corporation, or foreign partnership that does not have income effectively connected with the conduct of a trade or business in the United States and does not have an office or place of business or a fiscal paying agent in the United States;

☐ Offeror is an agency or instrumentality of a foreign government;

☐ Offeror is an agency or instrumentality of the Federal Government.

(4) *Type of organization.*

☐ Sole proprietorship;

☐ Partnership;

☐ Corporate entity (not tax-exempt);

☐ Corporate entity (tax-exempt);

☐ Government entity (Federal, State, or local);

☐ Foreign government;

☐ International organization per 26 CFR1.6049-4;

☐ Other ____.

(5) *Common parent.*

☐ Offeror is not owned or controlled by a common parent;

☐ Name and TIN of common parent:

Name ____.

TIN ____.

(m) *Restricted business operations in Sudan.* By submission of its offer, the offeror certifies that the offeror does not conduct any restricted business operations in Sudan.

(n) *Prohibition on Contracting with Inverted Domestic Corporations.*

(1) Government agencies are not permitted to use appropriated (or otherwise made available) funds for contracts with either an inverted domestic corporation, or a subsidiary of an inverted domestic corporation, unless the exception at 9.108-2(b) applies or the requirement is waived in accordance with the procedures at 9.108-4.

(2) *Representation.* The Offeror represents that-

(i) It ☐ is, ☐ is not an inverted domestic corporation; and

(ii) It ☐ is, ☐ is not a subsidiary of an inverted domestic corporation.

(o) *Prohibition on contracting with entities engaging in certain activities or transactions relating to Iran.*

(1) The offeror shall e-mail questions concerning sensitive technology to the Department of State at CISADA106@state.gov.

(2) *Representation and Certifications.* Unless a waiver is granted or an exception applies as provided in paragraph (o)(3) of this provision, by submission of its offer, the offeror-

(i) Represents, to the best of its knowledge and belief, that the offeror does not export any sensitive technology to the government of Iran or any entities or individuals owned or controlled by, or acting on behalf or at the direction of, the government of Iran;

(ii) Certifies that the offeror, or any person owned or controlled by the offeror, does not engage in any activities for which sanctions may be imposed under section 5 of the Iran Sanctions Act; and

(iii) Certifies that the offeror, and any person owned or controlled by the offeror, does not knowingly engage in any transaction that exceeds the threshold at FAR 25.703-2(a)(2) with Iran's Revolutionary Guard Corps or any of its officials, agents, or affiliates, the property and interests in property of which are blocked pursuant to the International Emergency Economic Powers Act (et seq.) (see OFAC's Specially Designated Nationals and Blocked Persons List at <https://www.treasury.gov/resource-center/sanctions/SDN-List/Pages/default.aspx>).

(3) The representation and certification requirements of paragraph (o)(2) of this provision do not apply if-

(i) This solicitation includes a trade agreements certification (e.g., 52.212-3(g) or a comparable agency provision); and

(ii) The offeror has certified that all the offered products to be supplied are designated country end products.

(p) *Ownership or Control of Offeror.* (Applies in all solicitations when there is a requirement to be registered in SAM or a requirement to have a unique entity identifier in the solicitation).

(1) The Offeror represents that it ☐ has or ☐ does not have an immediate owner. If the Offeror has more than one immediate owner (such as a joint venture), then the Offeror shall respond to paragraph (2) and if applicable, paragraph (3) of this provision for each participant in the joint venture.

(2) If the Offeror indicates "has" in paragraph (p)(1) of this provision, enter the following information:

Immediate owner CAGE code: ____.

Immediate owner legal name: ____.

(Do not use a "doing business as" name)

Is the immediate owner owned or controlled by another entity: ☐ Yes or ☐ No.

(3) If the Offeror indicates "yes" in paragraph (p)(2) of this provision, indicating that the immediate owner is owned or controlled by another entity, then enter the following information:

Highest-level owner CAGE code: ____.

Highest-level owner legal name: ____.

(Do not use a "doing business as" name)

(q) *Representation by Corporations Regarding Delinquent Tax Liability or a Felony Conviction under any Federal Law.*

(1) As required by sections 744 and 745 of Division E of the Consolidated and Further Continuing Appropriations Act, 2015 (Pub. L. 113-235), and similar provisions, if contained in subsequent appropriations acts, The Government will not enter into a contract with any corporation that-

(i) Has any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability, where the awarding agency is aware of the unpaid tax liability, unless an agency has considered suspension or debarment of the corporation and made a determination that suspension or debarment is not necessary to protect the interests of the Government; or

(ii) Was convicted of a felony criminal violation under any Federal law within the preceding 24 months, where the awarding agency is aware of the conviction, unless an agency has considered suspension or debarment of the corporation and made a determination that this action is not necessary to protect the interests of the Government.

(2) The Offeror represents that-

(i) It is ☐ is not ☐ a corporation that has any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability; and

(ii) It is ☐ is not ☐ a corporation that was convicted of a felony criminal violation under a Federal law within the preceding 24 months.

(r) *Predecessor of Offeror.* (Applies in all solicitations that include the provision at 52.204-16, Commercial and Government Entity Code Reporting.)

(1) The Offeror represents that it ☐ is or ☐ is not a successor to a predecessor that held a Federal contract or grant within the last three years.

(2) If the Offeror has indicated "is" in paragraph (r)(1) of this provision, enter the following information for all predecessors that held a Federal contract or grant within the last three years (if more than one predecessor, list in reverse chronological order):

Predecessor CAGE code: ____ (or mark "Unknown").

Predecessor legal name: ____.

(Do not use a "doing business as" name).

(s) [Reserved]

(t) [Reserved]

(u)

(1) In accordance with section 743 of Division E, Title VII, of the Consolidated and Further Continuing Appropriations Act, 2015 (Pub. L. 113-235) and its successor provisions in subsequent appropriations acts (and as extended in continuing resolutions), Government agencies are not permitted to use appropriated (or otherwise made available) funds for contracts with an entity that requires employees or subcontractors of such entity seeking to report waste, fraud, or abuse to sign internal confidentiality agreements or statements prohibiting or otherwise restricting such employees or subcontractors from lawfully reporting such waste, fraud, or abuse to a designated investigative or law enforcement representative of a Federal department or agency authorized to receive such information.

(2) The prohibition in paragraph (u)(1) of this provision does not contravene requirements applicable to Standard Form 312 (Classified Information Nondisclosure Agreement), Form 4414 (Sensitive Compartmented Information Nondisclosure Agreement), or any other form issued by a Federal department or agency governing the nondisclosure of classified information.

(3) *Representation.* By submission of its offer, the Offeror represents that it will not require its employees or subcontractors to sign or comply with internal confidentiality agreements or statements prohibiting or otherwise restricting such employees or subcontractors from lawfully reporting waste, fraud, or abuse related to the performance of a Government contract to a designated investigative or law enforcement representative of a Federal department or agency authorized to receive such information (e.g., agency Office of the Inspector General).

(v) *Covered Telecommunications Equipment or Services-Representation.* Section 889(a)(1)(A) and section 889 (a)(1)(B) of Public Law 115-232.

(1) The Offeror shall review the list of excluded parties in the System for Award Management (SAM) (<https://www.sam.gov>) for entities excluded from receiving federal awards for "covered telecommunications equipment or services".

(2) The Offeror represents that-

(i) It ☐ does, ☐ does not provide covered telecommunications equipment or services as a part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument.

(ii) After conducting a reasonable inquiry for purposes of this representation, that it ☐ does, ☐ does not use covered telecommunications equipment or services, or any equipment, system, or service that uses covered telecommunications equipment or services.

☐ Asian-Pacific American (persons with origins from Burma, Thailand, Malaysia, Indonesia, Singapore, Brunei, Japan, China, Taiwan, Laos, Cambodia (Kampuchea), Vietnam, Korea, The Philippines, Republic of Palau, Republic of the Marshall Islands, Federated States of Micronesia, the Commonwealth of the Northern Mariana Islands, Guam, Samoa, Macao, Hong Kong, Fiji, Tonga, Kiribati, Tuvalu, or Nauru).

☐ Subcontinent Asian (Asian-Indian) American (persons with origins from India, Pakistan, Bangladesh, Sri Lanka, Bhutan, the Maldives Islands, or Nepal).

☐ Individual/concern, other than one of the preceding.

52.229-11 Tax on Certain Foreign Procurements-Notice and Representation. (Jun 2020)

TAX ON CERTAIN FOREIGN PROCUREMENTS-NOTICE AND REPRESENTATION (JUN 2020)

(a) *Definitions.* As used in this provision-

Foreign person means any person other than a United States person.

Specified Federal procurement payment means any payment made pursuant to a contract with a foreign contracting party that is for goods, manufactured or produced, or services provided in a foreign country that is not a party to an international procurement agreement with the United States. For purposes of the prior sentence, a foreign country does not include an outlying area.

United States person as defined in 26 U.S.C. 7701(a)(30) means

- (1) A citizen or resident of the United States;
- (2) A domestic partnership;
- (3) A domestic corporation;
- (4) Any estate (other than a foreign estate, within the meaning of 26 U.S.C. 701(a)(31)); and
- (5) Any trust if-
 - (i) A court within the United States is able to exercise primary supervision over the administration of the trust; and
 - (ii) One or more United States persons have the authority to control all substantial decisions of the trust.

(b) Unless exempted, there is a 2 percent tax of the amount of a specified Federal procurement payment on any foreign person receiving such payment. See 26 U.S.C. 5000C and its implementing regulations at 26 CFR 1.5000C-1 through 1.5000C-7.

(c) Exemptions from withholding under this provision are described at 26 CFR 1.5000C-1(d)(5) through (7). The Offeror would claim an exemption from the withholding by using the Department of the Treasury Internal Revenue Service Form W-14, Certificate of Foreign Contracting Party Receiving Federal Procurement Payments, available via the internet at www.irs.gov/w14. Any exemption claimed and self-certified on the IRS Form W-14 is subject to audit by the IRS. Any disputes regarding the imposition and collection of the 26 U.S.C. 5000C tax are adjudicated by the IRS as the 26 U.S.C. 5000C tax is a tax matter, not a contract issue. The IRS Form W-14 is provided to the acquiring agency rather than to the IRS.

(d) For purposes of withholding under 26 U.S.C. 5000C, the Offeror represents that

- (1) ☐ is ☐ is not a foreign person; and
- (2) If the Offeror indicates "is" in paragraph (d)(1) of this provision, then the Offeror represents that-I am claiming on the IRS Form W-14 ☐ a full exemption, or ☐ partial or no exemption [Offeror shall select one] from the excise tax.

(e) If the Offeror represents it is a foreign person in paragraph (d)(1) of this provision, then-

- (1) The clause at FAR 52.229-12, Tax on Certain Foreign Procurements, will be included in any resulting contract; and
- (2) The Offeror shall submit with its offer the IRS Form W-14. If the IRS Form W-14 is not submitted with the offer, exemptions will not be applied to any resulting contract and the Government will withhold a full 2 percent of each payment.

(f) If the Offeror selects "is" in paragraph (d)(1) and "partial or no exemption" in paragraph (d)(2) of this provision, the Offeror will be subject to withholding in accordance with the clause at FAR 52.229-12, Tax on Certain Foreign Procurements, in any resulting contract.

(g) A taxpayer may, for a fee, seek advice from the Internal Revenue Service (IRS) as to the proper tax treatment of a transaction. This is called a private letter ruling. Also, the IRS may publish a revenue ruling, which is an official interpretation by the IRS of the Internal Revenue Code, related statutes, tax treaties, and regulations. A revenue ruling is the conclusion of the IRS on how the law is applied to a specific set of facts. For questions relating to the interpretation of the IRS regulations go to <https://www.irs.gov/help/tax-law-questions>.

(End of provision)

52.233-2 Service of Protest.

(Sep 2006)

Service of Protest (Sept 2006)

(a) Protests, as defined in section 33.101 of the Federal Acquisition Regulation, that are filed directly with an agency, and copies of any protests that are filed with the Government Accountability Office (GAO), shall be served on the Contracting Officer (addressed as follows) by obtaining written and dated acknowledgment of receipt from **Carlton Walton at carlton.t.walton.civ@us.navy.mil**.

(b) The copy of any protest shall be received in the office designated above within one day of filing a protest with the GAO.

252.204-7025 Notice of Cybersecurity Maturity Model Certification Level Requirements.

(Nov 2025)

NOTICE OF CYBERSECURITY MATURITY MODEL CERTIFICATION LEVEL REQUIREMENTS (NOV 2025)

(a) *Definitions.* As used in this provision, "controlled unclassified information (CUI)," "current," "Cybersecurity Maturity Model Certification (CMMC) status," "Cybersecurity Maturity Model Certification unique identifier (CMMC UID)," "Federal contract information (FCI)", and "plan of action and milestones" have the meaning given in the Defense Federal Acquisition Regulation Supplement 252.204-7021, Contractor Compliance With the Cybersecurity Maturity Model Certification Level Requirements, clause of this solicitation.

(b)(1) *Cybersecurity Maturity Model Certification (CMMC) level.* The CMMC level required by this solicitation is: **CMMC Level 1 (Self)**. This CMMC level, or higher (see 32 CFR part 170), is required prior to award for each contractor information system that will process, store, or transmit Federal contract information (FCI) or controlled unclassified information (CUI) during performance of the contract.

(2) The Offeror will not be eligible for award of a contract, task order, or delivery order resulting from this solicitation if the Offeror does not have, for each of the contractor information systems that will process, store, or transmit FCI or CUI and that will be used in performance of a contract resulting from this solicitation-

(i) The current CMMC status entered in the Supplier Performance Risk System (SPRS) (<https://piee.eb.mil>) at the CMMC level required by paragraph (b)(1) of this provision; and

(ii) A current affirmation of continuous compliance with the security requirements identified at 32 CFR part 170 in SPRS.

(c) *Plan of action and milestones.* If the Offeror has a CMMC Status of Conditional, the Offeror shall successfully close out a valid plan of action and milestones (32 CFR 170.21) to achieve a CMMC Status of Final.

(d) *CMMC unique identifiers.* The Offeror shall provide, in the proposal, the CMMC unique identifier(s) (CMMC UIDs) issued by SPRS for each contractor information system that will process, store, or transmit FCI or CUI during performance of a contract, task order, or delivery order resulting from this solicitation. The Offeror also shall update the list when new CMMC UIDs are generated in SPRS. The CMMC UIDs are provided in SPRS after the Offeror enters the results of self-assessment(s) for each such information system.
