

NAVSUP FLEET LOGISTICS CENTER SIGONELLA, ROTA SITE, SPAIN STEVEDORING SERVICES

1. The Contracting Activity is NAVSUP Fleet Logistics Center Sigonella, Rota Site, Spain. This notice is a Request for Information and is strictly for informational purposes. This notice does not commit the US Government to contract for the services described herein. It also does not commit the US Government to pay for any costs incurred by interested parties in preparing their responses to this RFI.
2. Attached to this notice is a Draft Performance Work Statement (PWS). Please note this draft document is subject to change. The comments embedded in the document and highlighted portions are intentional and meant to draw contractor's attention to key areas of the PWS.
3. The Government is seeking interested contractors that are capable of performing Stevedoring Services described in the attached Draft PWS for NAVSUP Fleet Logistics Center Sigonella site Rota, Spain. This effort involves providing services to load and stow subsistence and supplies onboard all SURFLANT U.S. Navy vessels and transient units located in Rota, Spain. The contractor shall provide NAVSUP FLC Sigonella Rota site services to include unload, transport, load and stow all subsistence items and supplies from the staging area on the pier to designated location onboard the ship.
4. The Government is asking interested contractors to review the attached Draft PWS and submit the following:
 - a. A Capability Statement (NTE 2 pages), that outlines your firm's capabilities in this industry. Additionally, include any prior experience performing contracts that are similar in scope in both CONUS and OCONUS locations. Please, make sure to contemplate that the contractor shall be able to provide stevedoring services within 24 hours' notice upon request.
 - b. Submit questions and comments in response to the Draft PWS – please reference the pertinent PWS paragraph for each of your questions/comments.
5. The deadline to submit capability statements and questions/comments is 27 March 2026 at 11:00 AM Local Rota time, Spain. For additional information, please contact Mr. Ivan Moyano at ivan.moyano.ln@us.navy.mil and Ms. Keishla Valenzuela at keishla.a.valenzuela.civ@us.navy.mil.
