

Statement of Work (SOW)

Project Title: Security Systems Service Maintenance Agreement

Contracting Agency: Nellis AFB 99th Security Forces

1.0 Background

The Nellis Air Force Base (AFB) 99th Security Forces requires a comprehensive service maintenance agreement for its security systems, which include Closed-Circuit Television (CCTV), Pan-Tilt-Zoom (PTZ) cameras, and other related surveillance equipment. This agreement is necessary to ensure the continued reliability, longevity, and optimal performance of these critical security assets on a 24/7/365 basis.

2.0 Scope of Work

The contractor shall provide all personnel, equipment, tools, and supervision necessary to perform preventive and corrective maintenance services for the government-owned equipment listed in Section 9.0 of this SOW. The primary objective is to conduct regularly scheduled preventive maintenance, identify potential issues, and provide a clear path for resolving equipment failures.

3.0 Period of Performance

The period of performance for this agreement shall be a base plus four option years.

Base	1-Sep-26	31-Aug-27
Option Year 1	1-Sep-27	31-Aug-28
Option Year 2	1-Sep-28	31-Aug-29
Option Year 3	1-Sep-29	31-Aug-30
Option Year 4	1-Sep-30	31-Aug-31

4.0 Place of Performance

All on-site work shall be performed at the following locations on Nellis Air Force Base, Las Vegas, NV 89191:

- 99th Security Gates
- Flight Line PTZs
- Armory Internal System

5.0 Tasks and Requirements

The contractor shall perform the following tasks:

5.1. Scheduled Preventive Maintenance (SPM)

- The contractor shall conduct four (4) quarterly on-site SPM visits each year for the duration of the period of performance.

- SPM visits shall consist of system "tune-ups" to ensure all covered equipment operates within factory specifications.
- Each SPM shall be scheduled a minimum of two (2) weeks in advance with designated on-site contact.
- On-site service hours for SPM visits are Monday through Friday, 7:00 a.m. to 4:00 p.m. local time, excluding federal holidays.

5.2. Corrective Maintenance

- This agreement does not cover the cost of replacement parts or user-replaceable components. The Government is responsible for the procurement of said components.
- If abnormal conditions or malfunctioning equipment are identified during an SPM visit, the contractor shall provide the Government with a detailed description of the issue and a cost estimate for repair.
- Upon Government approval of a repair estimate, the contractor shall perform the necessary corrective actions.
- The contractor shall provide loaner equipment for critical components when possible while repairs are being performed.

5.3. System Documentation

- At the start of the agreement, the contractor shall establish and provide the Government with a complete equipment logbook. The log shall include a list of all covered equipment, their locations, serial numbers, and initial operational status.
- During each SPM visit, the contractor shall update the equipment log with the current status and a description of maintenance rendered.

6.0 Deliverables

The contractor shall provide the following deliverables:

Item	Description	Due Date
1	Quarterly Preventive Maintenance Service	Four (4) times per contract year
2	Updated Equipment Log	Upon completion of each SPM visit
3	(75) Milestone XProtect Care Plus 5-Year Device Licenses	At the start of the Period of Performance

4	Repair Cost Estimates	As needed, upon discovery of abnormal conditions
---	-----------------------	--

7.0 Government Responsibilities

- The Government shall provide the contractor with unrestricted access to the facility and equipment during scheduled SPM visits.
- The Government is responsible for funding and procuring all necessary replacement parts, supplies, and equipment.
- The Government shall not alter, repair, modify, or add to the covered equipment without written notification to and acceptance by the contractor.

8.0 Items Not Covered Under This Agreement

The following are explicitly not included in the fixed-price structure of this SOW:

- Cost of parts and labor for repairs outside the scope of an SPM visit (these are billable as Paid Service Calls).
- Cost of consumable items (e.g., batteries, projector lamps).
- Operational training for Government personnel.
- Transportation and shipping costs for equipment requiring off-site repair.
- Service calls to address issues caused by operator error.

9.0 Covered Equipment List

Manufacturer	Model Number	Serial Number	Qty
Teledata Technologies	Available Service Hours	120 Hours Per (3) Year Period	1
BCDVideo Server 1	BCD218-PVS-216-168T-12	Original 2020 Installation	1
BCDVideo Server 2	BCD218-PVS-216-168T-12	Original 2020 Installation	1
Hanwha Vision	PNM-9320VQP	Original 2020 Installation	6
Hanwha Vision	PNM-9322VQP	Original 2020 Installation	4
Hanwha Vision	XNP-6321H	Original 2020 Installation	15
Hanwha Vision	XNV-8082R	Original 2020 Installation	50
Hanwha Vision	QND-7012R	Confinement	18
Hanwha Vision	QNV-7012R	Confinement	2
Hanwha Vision	XNF-8010RW	Confinement	7

Hanwha Vision	PNM-8082VT	Confinement	4
Hanwha Vision	XNV-8020R	Armory	11
Hanwha Vision	XRN-3210B2	Armory	1
Hanwha Vision	XRN-3210B2	Confinement	1
